HOW TO APPLY FOR A PERMIT

ONE-TIME PERMITS

- Applications for one-time permitted uses are due 30 calendar days before the date of use.
- Many one-time permitted uses will be approved at the time of application.
- Some events, especially larger community events, may require additional information and documentation including but not limited to a letter of support from the local ANC, letter of support from MPD, parking plan, security plan and certain licenses from other DC Agencies such as the Department of Health. These applications will not be approved until a Permit Officer has reviewed the request and ensured that all appropriate documentation has been provided.
- **A permit is not finalized until an application is submitted, processed, paid in full and requested additional documentation is received.**

SEASONAL PERMITS

- Permit applications are collected during a "Permit Window" (usually two weeks long) and may not be requested for a period longer than 16 weeks.
- All applications during a "Permit Window" are considered to have come in at the same time, and are therefore approved by Priority of Use:
  - DPR sponsored activities
  - Partners with written agreement
  - Athletic programs organized by DC Public Schools, District Public Charter School, or the DC State Athletic Association for competitive league pay (games only)
  - Youth non-profit organizations, including schools, principally serving District residents
  - Adult non-profit organizations principally serving District residents
  - Other organizations, groups, or individuals for private use that are based in the District; and then others
