

**DETERMINATION AND FINDINGS
FOR
SOLE SOURCE EXTENSION OF A COMPETITIVELY AWARDED CONTRACT
BEYOND FIVE YEARS**

Agency: Department of General Services (“DGS” or the “Department”)

Contract No.: DCAM-21-NC-RFP-0006

Caption: Parking Lot Management Services – Multiple Lots

Contractor(s): U Street Parking, Inc.

FINDINGS

1. AUTHORIZATION:

D.C. Official Code §§ 2-351.04(28) and 2-354.04; 27 DCMR §§ 1304.1, 2000, and 2005

2. MINIMUM NEED:

The Department requires the continued engagement of the incumbent Contractor to provide the provision of Parking Lot Management Services for Multiple Lots by *U Street Parking Inc.* during the Period of Performance from October 1, 2026, through September 30, 2027. The District reserves the right to extend the contract in three-month increments, as needed, throughout the Period of Performance from October 1, 2026, through September 30, 2027.

3. ESTIMATED FAIR AND REASONABLE PRICE:

\$551,762.96 for a 12-month period, equivalent to \$45,980.27 per month or \$137,940.74 for each three-month period.

4. FACTS WHICH JUSTIFY A SOLE SOURCE EXTENSION OF CONTRACT:

I. New Strategic Direction for the Parking Lot - The District is currently evaluating various options for the future management and operation of the Parking Lot. The District is considering alternative approaches that may provide operational and financial benefits to the District, including potential changes to the current service delivery model. Because, the District is actively evaluating its long-term strategy for the Parking Lot, it is not presently in a position to establish the scope, duration,

and requirements of a future competitive procurement without first completing its evaluation.

- II. Operational Continuity of Essential Services - Continuous operation of the Parking Lot is necessary to support District operations and residents. An interruption in services could adversely affect business operations in that area, enforcement, and accessibility. Maintaining uninterrupted services during the District's evaluation is therefore necessary.
- III. Incumbent Expertise and Efficiency- The incumbent contractor has established knowledge of the Parking Lot's operations, systems, and requirements and can continue services without the transition period required for a new vendor. Continued service will minimize operational disruption during the District's evaluation.

5. MARKET RESEARCH

Market research indicates that continuing with the incumbent is financially advantageous to the District, as the contractor has agreed to maintain the existing OY4 rates. The proposed three-month extension provides flexibility while the District evaluates its long-term strategy and avoids the potential costs and inefficiencies associated with transitioning to a new vendor at this time.

6. CERTIFICATION BY THE CHIEF OPERATING OFFICER:

I hereby certify to the best of my knowledge and belief that all of my statements regarding the conditions, service needs and urgency, are true, correct, and complete and that the information given herein is true and accurate. Moreover, I understand that making a false statement is punishable by criminal penalties pursuant to D.C. Official Code § 22-2405 et sq. (2001). I understand that any information I give may be investigated as allowed by law or regulation.
