All work will be awarded and released through individual project task orders as set forth in Section 1.3 of this Agreement.

Section 1.2 The term “Agreement” shall include this Contract, any and all Task Order Agreements, the Department’s Standard Contract Provisions (Construction and Architectural/Engineering, if applicable), as amended, attached hereto as Exhibit A, all other exhibits attached hereto, and/or any document incorporated by reference.

Section 1.3 Competitive Bidding.

Section 1.3.1 For each project identified and funded by the Department to be competed among pre-qualified contractors that entered into a basic ordering agreements (“BOA”) pursuant to the RFQ, the Department will develop a scope of work. The scope of work will be issued to three (3) or more of the pre-qualified contractors via a Request for Task Order Proposals (“RFTOP(s)”), and each of those contractors may be provided with an opportunity to walk the project with the Department’s representatives in order to better understand and clarify the required work.

Section 1.3.2 The Department contemplates that the scopes of work that will be issued to the pre-qualified contractors during the bidding phase will not include complete drawings. The Parties
acknowledge and agree that the Contractor may be required to complete work on a design-build or design-assist basis or any such other method as described in the RFTOPs.

**Section 1.3.3** The Department will select the contractor to be awarded each such project primarily based on price, but the Department reserves the right to consider non-price factors when making such decisions and will also consider differences in scope and/or proposed finishes, equipment and materials. RFTOPs will detail the award criteria for each project.

**Section 1.3.4** In the event the Contractor is selected for a project, the Contractor shall enter into a Task Order Agreement (“Task Order Agreement”). The Contractor shall not proceed with any work unless and until such Task Order Agreement is fully executed by the Department’s Contracting Officer (“Contracting Officer” or “CO”) and the Contractor is directed to begin work. Before the Department executes the Task Order Agreement, the Contractor must resolve any clean hand compliance matters with relevant authorities including, but not limited, to the District of Columbia Office of Tax and Revenue (“OTR”).

Section 1.3.5 Each contractor will be required to submit, within the time allotted by the Department, a lump sum price, a guaranteed maximum price (“GMP”), or such other pricing as may be requested by the Department for the proposed work (such price, “Task Order Agreement Price”). Absent specific instructions to the contrary, the proposed Task Order Agreement Price should be “all inclusive” and should include sufficient funding to cover all of the Contractor’s costs necessary to complete the project, including, but not limited to, profit, home and field office overhead, supervision, labor, materials, equipment, bonds, insurance and any other professional services as may be required to complete the design and construction, other type of work or to obtain the necessary permits. The Contractor shall be responsible for using the then-current Davis-Bacon wage determination or Service Contract Act (as applicable) when developing its pricing for any given project.

**Section 1.4 Task Order Agreements.** Any and all work performed under any Task Order Agreement issued pursuant hereto shall be governed by the terms and conditions set forth in the BOA. It is contemplated that individual Task Order Agreement shall, in general, contain the following information: (i) a description of the scope of work included in such Task Order Agreement; (ii) a lump sum price, GMP, and/or such other terms of compensation for the work included in the Task Order Agreement’s scope of work; (iii) the Substantial Completion Date for the Task Order Agreement’s scope of work and/or such other schedule requirements for Task Order Agreement; (iv) liquidated damages; (v) name and contact information for the assigned Project Manager; and (vi) any other specific requirements of the scope of work. The Task Order Agreement shall also set forth a general description and requirements of the given project (such description and requirements, the “Project”). The form of Task Order Agreement is attached as Exhibit D.

**Section 1.5 Term of Agreement.** The Agreement shall be effective from the date of
execution by Department’s Contracting Officer subsequent to the Contractor’s execution. through one year from such date (such time period, the “Term”). Any and all work assigned to the Contractor pursuant to a Task Order Agreement issued pursuant to the Agreement must be completed within the Term of the Agreement, and no later than the Substantial Completion Date identified in the individual Task Order Agreement.

APPLICABLE IF LETTER CONTRACT WAS ISSUED: This Agreement shall be effective for one year following the date of execution of the letter contract (“Letter Contract”) by both parties (such time period, the “Term”). It is understood and agreed that certain of the activities described in this Agreement were performed while the Letter Contract was in place, and that upon execution of this Agreement, the terms of the Letter Contract shall merge into and be superseded by this Agreement. For avoidance of doubt, any services provided, or work performed pursuant to the Letter Contract and prior to the date that this Agreement is effective shall be governed by the terms and conditions of this Agreement. Any and all work assigned to the Contractor pursuant to a Task Order Agreement issued pursuant to this Agreement must be completed within the Term of this Agreement, and no later than the Substantial Completion Date identified in the applicable Task Order Agreement.

Section 1.6 Option Year. The Department shall have the right to extend the term of this Agreement for four (4) one-year option periods (each such period, an “Option Year”), the first of which would begin on the date that the base year Term expires and end one year from the date that such Tenn expires; the second of which would begin on the date that Option Year 001 expires and end one year from the date that Option Year 001 expires. the third of which would begin on the date that Option Year 002 expires and end one year from the date that Option Year 002 expires; and the fourth of which would begin on the date that Option Year 003 expires and end one year from the date that Option Year 003 expires. In the event the Department desires to extend the Term of this Agreement pursuant to this Section 1.6, the Department shall provide the Contractor written notice of such election at least thirty (30) days prior to the beginning of the applicable Option Year.

Section 1.7 Standard Task Order Provisions. Unless otherwise expressly stated in a Task Order Agreement, all of the provisions of Article 2 through Article 14 of this Agreement shall be deemed incorporated into each Task Order Agreement as if set forth therein.

Section 1.8 Minimum Value of Agreement. The Contractor shall be entitled to receive a minimum of Fifty Dollars ($50) during the base year and each option year period.

Section 1.9 Not-to-Exceed Maximum Value of Agreement. In addition, this Agreement has an aggregate not-to-exceed amount of Fifteen Million Dollars ($15,000,000) (the “NTE Amount”). It is understood that the Contractor is not authorized to proceed with any work based solely on this Agreement. Any and all work performed under this Agreement shall be authorized by a written Task Order Agreement. In no event shall the Contractor be entitled to recover in the aggregate, pursuant to this Agreement and any and all Task Order Agreements issued pursuant hereto, more than the NTE Amount, unless and until the Department’s Contracting Officer has
authorized the Contractor to exceed the NTE Amount in advance and in writing through a duly executed Change Order to this Agreement. In addition, each Option Year shall have the same value as the base period; thus, for each Option Year exercised by the Department, the minimum value of services will be Fifty Dollars ($50) and an aggregate NTE Amount of Fifteen Million Dollars ($15,000,000). All amounts must be authorized by Task Order Agreements.

It is understood and agreed that the Contract Sum represents the Contractor’s payment to fully complete the Project. The Parties acknowledge and agree that it is their intent to have the Contractor to construct and deliver a fully functional Project as contemplated in the scope of work for the Contract Sum and consistent with the project schedule. In furtherance of such intent, the Contractor hereby assumes the risks associated with and shall be responsible for (i) any changes in market conditions that affect the cost of labor or materials; (ii) coordination issues between any drawings for the Project; (iii) elements of work not shown on the Scope of Work, but which are reasonably inferable from the Scope of Work; (iv) cost associated with acceleration of the work and expediting of materials necessary to meet the Project Schedule which are the result of anything other than an Excusable Delay; and (v) the risk of subcontractor default.

Section 4.3 Risks Assumed by Contractor. By submitting a bid for any project, the Contractor shall be deemed to have thoroughly examined the terms of the RFTOP, the drawings and specifications that may be included with the RFTOP, and shall constitute its acknowledgement that it has been provided with an opportunity to visit the Project site and that such Contractor has had the opportunity to become familiar with local conditions under which the work is to be performed. Further, in submitting any such bid, the Contractor shall be deemed to represent that
it has satisfied itself that it can undertake the work for the stated cost. However, the Contractor shall not exceed the allowance amount specified in each Task Order Agreement without the Contracting Officer’s approval.

Section 4.5 Tax Exempt Status. The Department expects that the Project will qualify as tax-exempt under the applicable laws, and such tax exemption shall be reflected in the Contract Sum.

that the Department shall have the right to enter into a contract with the Subcontractor or supplier for the same price as its subcontract or supply agreement price less amounts already paid, if the Contractor files a voluntary petition in bankruptcy or has an involuntary petition in bankruptcy filed against it;

that the Subcontractor or supplier shall not be entitled to payment for defective or non-conforming work, materials or equipment, and shall be obligated promptly to repair or replace non-conforming work, materials or equipment at its own cost;

Section 5.3 Certified Subcontractors. The Contractor shall not substitute or replace any Subcontractor or supplier certified by the District of Columbia Department of Small and Local Business Development (“DSLBD” or “Department of Small and Local Business Development”) without the Department's Contracting Officer and the Director of DSLBD’s prior written consent.

Before commencing activities, the Contractor shall: (1) take field measurements and verify field conditions; (2) carefully compare this and other information known to the Contractor with the Agreement, Task Order Agreement, and approved design submittals; and (3) promptly report errors, inconsistencies or omissions discovered to the Department. Once work is started, the Contractor assumes the responsibility and costs for the work and the cost of correcting work previously installed.

Section 5.5 Warranty of the Construction Work. The Contractor warrants to the Department that materials and equipment furnished under Task Order Agreement will be of good quality and new and previously unused unless otherwise expressly permitted in writing, and shall be free of manufacturing or other defects and that for the one (1) year period following the Substantial Completion Date the construction work will be free from defects not inherent in the quality required or permitted, and that the work will conform to the Scope of Work and/or any
approved design documents. The Contractor’s warranty excludes remedy for damage or defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. The Contractor and a representative of the Department shall walk the project together eleven (11) months after the Substantial Completion Date to identify any necessary warranty work. In the event the Contractor fails to schedule such a walk, the warranty period shall be extended until such time as the Contractor schedules such a walk.

Section 5.6 Extent of Responsibility and Site Conditions. The Contractor shall be entitled to submit a change request for differing site conditions only to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inhering to work of the character provided for in the Contract (such circumstances, “Differing Site Conditions”). The term Differing Site Conditions shall mean subsurface conditions on or adjacent to the Project site which differ materially from those indicated in the geotechnical reports prepared by the Contractor. The term Differing Site Conditions shall also include unknown physical conditions at the site of an unusual nature which differ materially from those ordinarily encountered and generally recognized as inhering to work of the character provided for in this Contract. Prior to commencing construction, the Contractor shall be required to conduct a thorough review of the Project site and the surrounding area and shall document its findings. In the event the Contractor fails to undertake and document such a thorough review, the Contractor shall be deemed to have known of those conditions which a thorough review would have detected. Any change request related to Differing Site Conditions shall be made pursuant to the Standard Contract Provisions for Construction Contracts.

Section 5.7 Unsafe Materials and Hazardous Materials

Section 5.7.1 The Contractor shall not bring, spill or release onto the site asbestos, Polychlorinated Biphenyls (PCBs), or any other hazardous material that is not customarily used in a facility of the type and similar to the Project, and shall bring to the Department’s attention any specification of such Hazardous Materials in the design documents. If the Contractor believes that anything in the Task Order Agreement would require that it use or bring onto the site asbestos, PCBs, or any Hazardous Material that is not customarily used in a facility of the type and similar to the Project, it shall immediately inform the Department and seek direction before proceeding.

Section 5.7.2 If Hazardous Materials are discovered on the site, the Contractor shall immediately inform the Program Manager and the Department of such discovery. The Contractor shall be entitled to submit a Change Request in accordance with the Standard Contract Provisions for any Hazardous Materials abatement and disposal work. The cost of revising and complying with the plan shall not entitle the Contractor to an increase in the Task Order Agreement Price.

Section 5.12.1.1 Safety Barriers/Fences. As part of its responsibility for Project safety, the Contractor shall install such fences and barriers as may be necessary. The Contractor shall develop a plan that describes the proposed separation and the specific nature of the fences and barriers that will be used.

The Site Logistics Plan shall address: (i) the manner in which the Contractor intends to organize the site; (ii) the location and description of site fences and other safety barricades intended to prevent the public from entering the site; (iii) the location of construction entrances and wheel washing stations; and (iv) parking restrictions and procedures that will apply to the employees of Contractor and its subcontractors.
Section 5.14 Quality Plan (“Quality Plan”). Prior to the start of construction activities, the Contractor shall prepare a Quality Plan. The Quality Plan shall address: (i) the processes employed by the Contractor to ensure quality assurance; (ii) to determine how items are checked for quality and which items need to be checked; (iii) list the specific quality materials used during the project including standards, guidelines, checklist, templates, procedures, user guides and processes; and how the Contractor will handle defective items.

Section 5.15 RESERVED

Section 5.16 Salvaged and Stored Items. The Contractor shall be responsible for salvaging and storing all items as identified by the Department in accordance with all applicable District laws and regulations, after notifying the Department and receiving the Department’s permission to proceed.

Section 5.17 Sediment and Erosion Control. The Contractor shall be responsible for installing sediment and erosion control measures, inclusive of, but not limited to: silt fencing, inlet protection, stabilized construction entrances, and other control measures.

Section 5.18 Cutting and Patching. The Contractor shall be responsible for cutting, fitting or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting and patching shall be restored to the condition existing prior to the cutting, fitting and patching. The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Department or separate contractors by cutting, patching or otherwise altering such construction, or by excavation.

Section 5.19 Correction of Work.

Section 5.19.1 The Department shall be at liberty to object and to require the Contractor to remove forthwith from the Project site and the work and to promptly replace the superintendent, any foreman, technical assistant, laborer, agent, representative, or other person used by the Contractor in or about the execution or maintenance of the work, who in the sole opinion of the Department is misconducting himself, or is incompetent or negligent in the proper performance of his duties, or whose performance in the work is otherwise considered by the Department to be undesirable or unsatisfactory, and such person shall not be again employed upon the project without the written permission of the Department.

Section 5.19.2 The Contractor shall promptly correct work rejected by Department for failing to conform to the requirements of the Scope of Work or any approved design document or applicable law or regulations whether observed before or after the project’s completion and whether or not fabricated, installed or completed, and shall correct any work found to be not in accordance with the requirements within a period of one (1) year from the date of Final Completion or by terms of an applicable special warranty required by the Task Order.
Section 5.19.3 If during the guarantee or warranty period, any material, equipment or system requires corrective Work because of defects in materials or workmanship, the Contractor shall commence corrective work within forty-eight (48) hours after receiving the notice and work diligently until corrective work is completed; provided, however, if such notice is received on the day before a weekend or a holiday, the Contractor will commence corrective work on the next business day. If Contractor does not, in accordance with the terms and provisions of the contract documents, commence all corrective work within forty-eight (48) hours or if the Contractor commences such work but does not pursue it in an expeditious manner, the Department may either notify the bonding company (if any) to have such work and/or obligations performed at no additional cost to Department or may perform such Work and/or obligations and charge the costs thereof to the Contractor.

Section 5.20 Manufacturer’s Warranties.

Section 5.20.1 The Contractor warrants that all manufacturers’ or other warranties on all labor, materials and equipment furnished by the Contractor or a Subcontractor or supplier shall run directly to or will be specifically assigned to the Department on demand or upon Project completion without demand. In the event any issue or defect which would be covered by any warranty arises but is not addressed by the grantor of the warranty, the Contractor shall be required to act as the guarantor of the obligations under the warranty and to perform under the terms of the warranty.

Section 5.20.2 The Contractor warrants that the installation of all materials and equipment shall be in strict accordance with the manufacturers’ requirements or specifications.

Section 5.21 Close-Out and Training. The Contractor shall also provide the Department with a complete set of its Project files, including, but not limited to, shop drawings, product manuals, warranties, etc., prepared by the Contractor or its subcontractors along with any other documentation that may reasonably be requested by the Department or its Program Manager and/or Project Manager, at close out so as to assist the Department in operating the building. In addition, if the Project includes work on heating or cooling systems, at the beginning of the first heating and cooling season following turnover of the Project, the Contractor shall be available to assist with, and train the building engineers and staff in the start-up of the building systems for the new weather cycle.

Section 5.22 Schedule Update. The Contractor shall submit bi-weekly schedule updates which shall reflect actual conditions of the Project progress as of the date of the update. The update shall reflect the actual progress of construction, identify developing delays, regardless of their cause, and reflect the Contractor's best projection of the actual date by which the Substantial Completion and Final Completion of the Project will be achieved. Via a narrative
statement (not merely a critical path method schedule), the Contractor shall identify the causes of any potential delay and state what, in the Contractor’s judgment, must be done to avoid or reduce that delay. The Contractor shall point out, in its narrative, changes that have occurred since the last update, including those related to major changes in the scope of work, activities modified since the last update, revised projections of durations, progress and completion, revisions to the schedule logic or assumptions, and other relevant changes. Any significant variance from the previous schedule or update shall also be identified in a narrative, together with the reasons for the variance and its impact on Project completion. All schedule updates shall be in Primavera 6 format. The Department may make reasonable requests during the Project for changes to the format or for further explanation of information provided. Submission of updates showing that Substantial Completion or Final Completion of the Project will be achieved later than the applicable scheduled completion date shall not constitute requests for extension of time and shall not operate to change the scheduled completion date. The Department’s receipt of, and lack of objection to, any schedule update showing Substantial Completion or Final Completion later than the dates agreed upon in the Project Schedule shall not be regarded as the Department’s agreement that the Contractor may have an extension of time, or as a waiver of any of the Department’s rights, but merely as the Contractor’s representation that, as a matter of fact, Substantial Completion or Final Completion of the Project may not be completed by the agreed upon date in the Project Schedule. Changes to the scheduled completion dates may be made only in the circumstances and only by the methods set forth in the Task Order Agreement.

Section 5.23 Acceleration. Subject to the terms of this Section, the Department shall have the right to direct the Contractor to accelerate the work if, in the reasonable judgment of Department, the Contractor fails to: (i) supply a sufficiency of workers or to deliver the materials or equipment with such promptness as to prevent the delay in the progress of the work; or (ii) the progress of the work materially falls behind the projections contained in the then currently approved Project Schedule. In the event that the Department or its Program Manager determine that either of the events specified in the preceding sentence have occurred, the Department shall provide the Contractor with written notice of such event and the Contractor shall be required to provide the Department with a corrective action plan that is reasonably designed to address the concerns raised in such notice within three (3) days after receipt of such notice. If the Department and the Contractor are unable to agree on the terms of such corrective action plan within five (5) calendar days after the issuance of the notice (i.e. with forty eight (48) hours after the receipt of the proposed corrective action plan), the Department shall have the right to direct such acceleration as the Department, in its reasonable judgment, deems necessary. Provided the notice provisions of this Section are complied with, the cost of any acceleration directed under this Section shall not justify an adjustment to the Task Order Agreement Price or the Substantial Completion Date. The Contractor hereby acknowledges that this provision is a material inducement upon which the Department has relied in entering into the Contract; and represents and warrants that it has included sufficient funding in its Task Order Agreement Price in order to comply with the requirements of this Section.
ARTICLE 6
SUBSTANTIAL AND FINAL COMPLETION/CLAIMS FOR ADDITIONAL TIME

Section 6.1 Time is of the essence of this Agreement.

Section 6.2 The Contractor shall substantially complete a project no later than the date identified in each Task Order Agreement (“Substantial Completion Date”). For purposes of this requirement, the term “Substantially Complete” shall mean that all of the following have occurred: (1) the Work has been completed with only minor punch list items remaining to be completed; (2) any and all required permits or approvals related to the Work have been obtained; (3) all operating and maintenance manuals, training videotapes and warranties required by the Contract have been delivered to the Department; (4) any supplemental training session required by each Task Order Agreement for operating or maintenance personnel have been completed; (5) all clean-up required by each Task Order Agreement has been completed; and (6) the project is ready for the Department to use it for its intended purpose. “Minor punch list items” are defined for this purpose as items that, in the aggregate, can be completed within thirty (30) days without interfering with the Department's normal use of the Project. Final Completion shall mean the point at which Substantial Completion has been achieved, all punch list items noted at Substantial Completion have been completed and all documents the Contractor is required to deliver to the Department as a condition to receiving final payment have been received. Work is defined as the construction and services required by the Contract, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor’s obligations. The work may constitute the whole or a part of the project. Final Completion Date is 30 days from the Substantial Completion Date or as defined in each individual Task Order Agreement.

Section 6.3 The Contractor will perform the work so that it shall achieve Substantial Completion by the Substantial Completion Date. Unless the failure to achieve Substantial Completion by the Substantial Completion Date is a result of an Excusable Delay, as defined in Section 6.3 of this Agreement, the delay shall be deemed Non-Excusable and the Contractor shall not be entitled to an extension of the Substantial Completion Date or for further compensation. Without limiting the generality of the foregoing, delays for the following reasons shall be regarded as Non-Excusable and shall not entitle the Contractor to an extension of time:

(1) Delays due to job site labor disputes, work stoppages, or suspensions of work;

(2) Delays due to adverse weather, unless the Contractor establishes that the adverse weather was of a nature and duration in excess of averages established by data from the U.S. Department of Commerce, National Oceanic and Atmospheric Administration for the Project locale for the ten (10) years preceding the effective date of the Agreement;

(3) Delays due to the failure of the Contractor or Subcontractors or material suppliers at any tier to perform in timely or proper fashion, without regard to concepts of
negligence or fault;

(4) Delays due to Site conditions whether known or unknown as of the effective date of the Agreement, foreseeable or unforeseeable at that time, naturally occurring or man-made; provided, however, that delays due to Differing Site Conditions or hazardous materials remediation shall be deemed an Excusable Delay;

(5) Delays in completing the preconstruction activities, unless the result of a delay by the Department or its Program Manager beyond the timeframes set forth herein or in the Task Order Agreement, or an event of force majeure; or

(6) Delays due to design submissions as described in Section 3.4.

Section 6.4 The Contractor shall be entitled to an adjustment in the Substantial Completion Date due to an Excusable Delay. The term “Excusable Delay” shall mean:

(1) Delays due to adverse weather other than those that are classified as a Non-Excusable delay;

(2) Delays due to acts of God, war, unavoidable casualties, civil unrest, and other similar causes of delay that are beyond the control of the Contractor; provided, however, that in no event shall a Non-Excusable delay or the action of the Contractor, or any of its employees, agents, Subcontractors or material suppliers be deemed an Excusable Delay; or

(3) Delays caused by Differing Site Conditions or hazardous materials remediation.

In addition to the foregoing, a delay shall be deemed to be an Excusable Delay only to the extent that such delay: (i) warrants an extension in the Substantial or Final Completion Date; (ii) has not been caused by the Contractor or any of its employees, agents, Subcontractors or material suppliers; (iii) is of a duration of not less than three (3) days; (iv) is on Project’s critical path; and is in addition to any time contingency periods set forth in the critical path.

Section 6.5 If the Contractor wishes to make a claim for an increase in the Agreement time, written notice as provided herein shall be given. The Contractor’s claim shall include an estimate of the cost and of the probable effect of delay on the progress of the Work. In the case of continuing delay, only one claim is necessary.

ARTICLE 7
PAYMENT PROVISIONS

Section 7.1 Compensation. The Contractor shall be paid its compensation in a series of progress payments and a final payment. Progress payments shall be based on a Schedule of Values that is agreed upon by the Parties as well as the Project Manager and/or the Program.
Manager’s good faith estimate of the level of completion for each component of the Schedule of Values.

Section 7.2 Schedule of Values ("Schedule of Values"). The Contractor shall prepare a Schedule of Values that breaks down the Task Order Agreement Price for the various parts of the Work. The Schedule of Values shall be maintained in such a manner to provide a breakdown of the Task Order Agreement Price in enough detail to facilitate continued evaluation of applications for payment and progress reports. Large subcontracts shall be broken into several line items where, in the opinion of the Project Manager and/or the Program Manager, such detail is necessary to properly track the progress of the Work. The proposed schedule of values shall also include separate line items for each part of the Work if so required by the Project Manager and/or the Program Manager. The Contractor and the Project Manager and/or the Program Manager shall meet as necessary to maintain the Schedule of Values for the Project in a manner acceptable to the Project Manager and/or the Program Manager. No progress payments shall be made unless the then current Schedule of Values is acceptable to the Project Manager and/or the Program Manager.

Section 7.3 Retention. The Department shall withhold from each progress payment an amount equal to ten percent (10%) of each progress payment. Once Substantial Completion has occurred, the Department will reduce the retention being withheld to an amount that is equal to Two Hundred percent (200%) of the Program Manager’s good faith estimate of the remaining Work.

Section 7.4 Documents Required with Application for Payment. Each Application for Payment shall be accompanied by the Contractor’s job cost ledgers in a form satisfactory to the Department, the subcontractors’ and suppliers’ Applications for Payment on a form acceptable to the Department, and such other supporting documentation as the Department may reasonably request.

Section 7.5 Timely Payment of Subcontractors. Within seven (7) days of receiving any payment from the Department including amounts attributable to Work performed, or materials or equipment supplied, by a Subcontractor or supplier, the Contractor shall either pay the Subcontractor or supplier for its proportionate share of the amount paid to the Contractor for the Subcontractor’s or supplier’s Work or materials or equipment, or notify the Department and the Subcontractor or supplier, in writing, of the Contractor’s intention to withhold all or part of the payment and state the reason for the withholding. All monies paid to the Contractor under the Agreement shall be used first to pay amounts due to Subcontractors or suppliers supplying labor or materials for the Project and only money remaining after such payments are made may be retained by the Contractor. Monies paid by joint check shall be deemed to have been paid fully to the Subcontractor or supplier named as a joint payee, unless the Department agrees otherwise in writing. Any interest paid to Subcontractors or suppliers because the Contractor has failed to pay them in timely fashion shall not entitle the Contractor to a Change Order.

Section 7.6 Lien Waivers. Each Application for Payment shall be accompanied by
Section 7.7 Submission. On the twenty-fifth (25th) day of each month the Contractor shall submit to the Department (with a copy to the Program Manager) an Application for Payment, which Application for Payment shall cover the entire month during which the Application for Payment is submitted.

Section 7.8 Right to Withhold Payments. The Department will notify the Contractor within fifteen (15) days after receiving any Application for Payment of any defect in the Application for Payment or the Contractor’s performance which may result in the Department’s declining to pay all or a part of the requested amount. The Department may withhold payment from the Contractor, in whole or part, as appropriate, if:

1. the Work is defective and such defects have not been remedied; or
2. the Department has determined that the Contractor's progress has fallen behind the Project Schedule, and the Contractor fails, within ten (10) calendar days of the Department's written demand, to provide the Department with a realistic and acceptable plan to recover the delays; or
3. the Contractor has failed to pay Subcontractors or suppliers promptly or has made false or inaccurate certifications that payments to Subcontractors or suppliers are due or have been made; or
4. any mechanic's lien has been filed against the Department, the site or any portion thereof or interest therein, or any improvements on the site, even though the Department has paid all undisputed amounts due to the Contractor, and the Contractor, upon notice, has failed to remove the lien, by bonding it off or otherwise, within ten (10) calendar days; or
5. the Contractor is otherwise in substantial breach of this Agreement.

Section 7.9 Payment Not Acceptance. Payment of any progress payment or final payment shall not constitute acceptance of Work that is defective or otherwise fails to conform to the Agreement, or a waiver of any rights or remedies the Department may have with respect to defective or nonconforming Work.

ARTICLE 8
INDEMNIFICATION

Section 8.1 Indemnification shall be governed by the terms of the Department’s Standard Contract Provisions (Construction Contract) attached as Exhibit A.

ARTICLE 9
CHANGES CLAUSE

Section 9.1 Changes Authorized. The Department may, without invalidating this
Agreement or any Task Order Agreement issued pursuant to this Agreement, and without notice to or approval of any surety, order changes in the Work released through any Task Order Agreement, including additions, deletions or modifications. Any such change must be conveyed by the Department to the Contractor via written Change Directive or Change Order.

Section 9.2 Executed Change Directive/Change Order Required. Only a written Change Directive or Change Order, executed by the Department’s Contracting Officer, may make changes to the Agreement. In particular, but without limitation, a written Change Directive or Change Order executed by the Department is the only means by which changes may be made to the Substantial or Final Completion Date, or the Contract Sum.

Section 9.3 Department-Initiated Changes. If the Department wishes to make a change in the Work or to accelerate the Work, it will execute and issue to the Contractor a written Change Directive, either directing the Contractor to proceed at once with the changed Work or directing it to not to proceed, but to inform the Department, in writing, of the amount, if any, by which the Contractor believes that Substantial or Final Completion Date and/or the Contract Sum should be adjusted to take the Change Order or Change Directive into account.

Section 9.4 Notice of Change Event. The Contractor must give the Department written notice of any Change Event within ten (10) calendar days of the date on which the Contractor knew, or reasonably should have known, of the Change Event. To the extent available, the notice must state the nature of the Change Event and describe, generally, all changes in the Contract to which the Contractor believes it is entitled. Such notice is an express condition precedent to any claim or request for adjustment to the Substantial or Final Completion Date, or the Contract Sum arising from the Change Event and, if the notice is not given within the required time, the Contractor will have waived the right to any adjustment to the Substantial or Final Completion Date or the Contract Sum arising from the Change Event.

Section 9.5 Detailed Change Request. Within twenty (20) days after giving notice of a change event, the Contractor shall submit a written change request describing, in reasonable detail, all adjustments it seeks to the Substantial or Final Completion Date or the Contract Sum as a result of the Change Event. The change request shall include the same information as described in Section 9.4 with respect to any Contract changes the Contractor seeks due to the Change Event, and the amount of any requested adjustment to the Contract Sum shall be limited in accordance with Section 9.4.

Section 9.6 Reserved

Section 9.7 Failure to Agree. If the Contractor claims entitlement to a change in the Agreement, and the Department does not agree that any action or event has occurred to justify any change in time or compensation, or if the Parties fail to agree upon the appropriate amount of the adjustment in time or compensation, the Department will unilaterally make such changes, if any, to the Agreement, as it determines to be appropriate pursuant to the Agreement. The Contractor
shall proceed with the Work and the Department's directives, without interruption or delay, and shall make a claim as provided in Article 13 of this Agreement, if needed. Failure to proceed due to a dispute over a change request shall constitute a material breach of the Agreement and entitle the Department to all available remedies for such breach, including, without limitation, termination for default.

Section 9.8 Department’s Designated Representative. The Department designates the individual(s) identified in Exhibit B as its representative with express authority to bind the Department with respect to all matters requiring the Department’s approval or authorization. Subject to the limitations on their authority specified in Exhibit B, these representative(s) shall have the exclusive authority to make decisions on behalf of the Department concerning estimates and schedules, construction budgets, changes in the Work, and execution of Change Orders or Change Directives, and shall render such decisions promptly and furnish information expeditiously, so as to avoid unreasonable delay in the services or performance of the Work by the Contractor. In order for the Department to effectively manage the Project and assure that the Contractor does not receive conflicting instructions regarding the Work, the Design-Builder shall promptly notify the Department’s representative upon receiving any instructions or other communication in connection with the Contractor’s work from any employee of the Department or other purported agent of the Department other than the Department’s designated representative.
ARTICLE 10
LIQUIDATED DAMAGES

Section 10.1 If the Contractor fails to achieve Substantial Completion by the Substantial Completion Date as specified in each Task Order Agreement, the Parties acknowledge and agree that the actual damage to the Department for the delay will be impossible to determine, and in lieu thereof, the Contractor shall pay to the Department, as fixed and liquidated delay damages in the amount specified in the Task Order Agreement for failure to meet the Substantial Completion Date. The Contractor and the Department agree that the liquidated damages do not constitute, and shall not be deemed, a penalty but represent a reasonable approximation of the damages to the Department associated with a delay in the Project. In the event the Contractor fails to meet the Substantial Completion Date as defined in each individual Task Order Agreement, the Contractor consents to a termination for default.

ARTICLE 11
INSURANCE AND BONDS

Section 11.1 Insurance Requirements shall be obtained from the Office of Risk Management (“ORM”) and incorporated in within each RFTOP.

Section 11.2 Performance Bond and Payment Bond.

Section 11.2.1 Trade Subcontractor Bonds

All trade subcontractors shall provide a payment and performance bond having a penal value equal to One Hundred Percent (100%) of the cost of the trade subcontract for any subcontract valued at One Hundred Thousand Dollars ($100,000) or more. All such bonds shall be written on a dual-obligee basis.

Section 11.2.2 Contractor’s Payment and Performance Bond

For each Task Order Agreement valued at One Hundred Thousand Dollars ($100,000) or more, the Contractor shall, before the Task Order Agreement is executed, as applicable, provide to the Department a payment bond and performance bond, each with a penal sum equal to the Contract Sum of the Task Order Agreement. Such bond shall remain in full force and effect until Final Completion is achieved and the Department shall be able to draw upon such bond regardless of the amount paid by the Department to the Contractor, even if such amount exceeds the penal value of such bond.
ARTICLE 12

Section 12.2.1 If the Prime Contractor is required by law to subcontract under the Task Order, it must submit a subcontracting plan for at least (50%) of the dollar volume of the contract in accordance with D.C. Official Code § 2–218.91. The subcontracting plan shall be submitted as part of the Proposal. Each subcontracting plan shall include the following:

(b) A current certification number of the small or certified business enterprise;
(c) The scope of work to be performed by each subcontractor; and
(d) The price that the Prime contractor will pay each subcontractor.

Section 12.2.2 Copies of Subcontracts

Section 12.2.3 Subcontracting Plan Compliance Reporting

Neither the Prime Contractor nor its subcontractor may remove a subcontractor or tier-subcontractor if such subcontractor or tier-subcontractor is certified as a Local Small Disadvantaged Business Enterprise (“LSDBE”) business unless the Department approves of such removal, in writing. The Department may condition its approval upon the Prime Contractor developing a plan that is, in the Department’s sole and absolute judgment, adequate to maintain the level of LSDBE participation on the Project.

Section 12.2.7 Residency Hiring Requirements for Contractors and Subcontractors

Section 12.2.7.1 For Task Order Agreements for services in the amount of $300,000 or more, the Contractor shall comply with the First Source Employment Agreement Act of 1984, as amended, D.C. Official Code § 2-219.01 et seq. (“First Source Act”).

ARTICLE 14
MISCELLANEOUS PROVISIONS

Section 14.1 Extent of Contract. The Agreement, which includes this Contract and the other documents incorporated herein by reference, represents the entire and integrated agreement between the Department and Contractor and supersedes all prior negotiations representations or agreements, either written or oral. The Agreement may be amended only by written instrument signed by both the Department and Contractor. All of the documents comprising the Agreement should be read as complementary, so that what is called for by one is called for by all. Ambiguities shall be construed in favor of a broader scope of work, as the intent of the Agreement is, with specific identified exceptions, to require the Contractor to assume entire responsibility for the Project. If there is any inconsistency among the documents comprising the Agreement, the order of precedence among them is as follows, with the first listed document having the highest priority: the Agreement and its Modifications; Change Orders and Exhibits (any Change Order issued and executed by the Department shall supersede those portions of earlier dated contract documents to which it pertains); Task Order Agreements and Exhibits; Standard Contract Provisions (any missing term in the Agreement, however, shall be addressed in accordance with the Standard Contract Provisions); Contractor’s Offer/Award Form; and Sections A & B of the RFQ.

Section 14.2 Ownership And Use of Documents. The drawings, specifications and other documents prepared by the Contractor’s architect/engineer, and copies thereof furnished to the Contractor, are for use solely with respect to Task Order Agreement’s project. They are not to be used by the Contractor, subcontractors, sub-subcontractors or suppliers on other projects, or for additions to the Task Order Agreement’s project outside the Task Order Agreement’s scope of the work, without the specific written consent of the Department and the architect/engineer.

Section 14.3 Governing Law. The Contract shall be governed by and construed in accordance with the laws of the District of Columbia, without regard to its conflict of laws principles.

Section 14.4.3 Domestic Component. A component shall be considered to have been “mined, produced, or manufactured in the United States” regardless of its source, in fact, if the article, material or supply in which it is incorporated was manufactured in the United States and the component is of a class or kind determined by the Government to be not mined, produced or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

No act, delay, or course of conduct by the Department shall be deemed to constitute the Department's waiver, which may be effected only by an express written waiver signed by the Department.

Section 14.14 **Remedies Cumulative.** Unless specifically provided to the contrary in the Agreement, all remedies set forth in the Agreement are cumulative and not exclusive of any other remedy the Department may have, including, without limitation, at law or in equity. The Department may take any recourse available to it under the law for violations of this anti-kickback provision.

The Contractor may request a waiver to permit the assignment of such matters to former Department personnel on a case-by-case basis. The Contractor shall include in every subcontract a provision substantially similar to this section so that such provisions shall be binding upon each Subcontractor or vendor.

Section 14.21.1 If it is found, after notice and hearing, by the Department that gratuities (in the form of entertainment, gifts, payment, offers of employment or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any official, employee or agent of the Department or the District with a view toward securing the Agreement or any other contract or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performance of the Agreement, the Department may, by written notice to the Contractor, terminate the right of the Contractor to proceed under the Agreement and may pursue such other rights and remedies provided by law and under the Agreement.

c. That requires the subcontractor to furnish reports as discussed in **Section 14.24.5** of this Contract.

**Section 14.24.8** The Inspector General, District of Columbia Auditor, or Director shall be entitled to audit the books and records of a contractor or any subcontractor under any negotiated contract or subcontract, other than a firm fixed-price contract, to the extent that the books and records relate to the performance of the contract or subcontract. Books and records shall be maintained by the Contractor for a period of three (3) years from the date of final payment under the prime contract and by the subcontractor for a period of three (3) years from the date of final payment under the subcontract, unless a shorter period is otherwise authorized in writing. The Inspector General, District of Columbia Auditor, or Director may, at reasonable times, inspect the part of the place of business of a contractor or any subcontractor which is related to the performance of any contract awarded or to be awarded by the District.
Section 14.25 **Warranties and Representations**

**Section 14.25.1** All disclosures, representations, warranties, and certifications the Contractor makes in its proposal in response to the RFQ shall remain binding and in effect throughout the term of the Contract. The Contractor reaffirms that all such disclosures, representations, warranties, and certifications are true and correct.

**Section 14.25.2** If any disclosure, representation, warranty or certification the Contractor has made or makes pursuant to the RFQ or the Contract, including, without limitation, representations concerning the Contractor’s construction or design experience and qualifications, claims or litigation history or financial condition, is materially inaccurate, that shall constitute a material breach of the Contract, entitling the Department to all available remedies.

**Section 14.25.3** The terms and conditions of Section 14.25 shall apply during both the preconstruction and construction and design management phases.

**Section 14.26 Responsibility for Agents and Contractors.** At all times and during both the preconstruction and construction phases, the Contractor shall be responsible to the Department for any and all acts and omissions of the Contractor’s agents, employees, Subcontractors, Sub-Subcontractors, material suppliers, and laborers, and the agents and employees of the Subcontractors, Sub-Subcontractors, material suppliers, and laborers performing or supplying Work in connection with the Project. This Section 14.26 shall apply during both the preconstruction and construction phases.

**Section 14.27 Independent Contractor.** The Contractor and the Contractor’s employees: (1) shall perform the services specified herein as independent contractors, not as employees or agent of the District, or joint venture or partner with the District; (2) shall be responsible for their own management and administration of the work required and bear sole responsibility for complying with any and all technical, schedule, financial requirements or constraints attendant to the performance of this Agreement and any subsequent Task Order Agreement; (3) shall be free from supervision or control by any government employee with respect to the manner or method of performance of the service specified; but (4) shall, pursuant to the government’s right and obligation to inspect, accept or reject work, comply with such general direction of the CO, or the duly authorized representative of the CO as is necessary to ensure accomplishment of the objectives of this Agreement and any Task Order Agreement. The Contractor shall have exclusive authority to manage, direct, and control the Work, and shall be responsible for all construction means, methods, techniques, sequences, and procedures, as well as for Project safety.

**Section 14.28 Non-Discrimination in Employment Provisions.**

14.28.1 District of Columbia Human Rights Act
a. The Contractor shall not discriminate in any manner against any employee or applicant for employment that would constitute a violation of the District of Columbia Human Rights Act, effective December 13, 1977, as amended (D.C. Law 2-38; D.C. Official Code § 2-1401.01 et seq.) (“Act”, as used in this clause). The Contractor shall include a similar clause in all subcontracts, except subcontracts for standard commercial supplies or raw materials. In addition, the Contractor agrees, and any subcontractor shall agree, to post in conspicuous places, available to employees and applicants for employment, a notice setting forth the provisions of this non-discrimination clause as provided in section 251 of the Act.

b. Pursuant to Mayor’s Order 85-85, (6/10/85), Mayor’s Order 2002-175 (10/23/02), Mayor’s Order 2011-155 (9/9/11) and the rules of the Office of Human Rights, Chapter 11 of Title 4 of the D.C. Municipal Regulations, the following clauses apply to the Agreement:

1. The Contractor shall not discriminate against any employee or applicant for employment because of race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, family responsibilities, matriculation, political affiliation, or physical handicap.

2. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, family responsibilities, matriculation, political affiliation, or physical handicap. The affirmative action shall include, but not be limited to, the following:

   i. Employment, upgrading, or transfer;
   ii. Recruitment or recruitment advertising;
   iii. Demotion, layoff, or termination;
   iv. Rates of pay, or other forms of compensation; and
   v. Selection for training and apprenticeship.

3. Unless otherwise permitted by law and directed by the Department, the Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Department setting forth the provisions of paragraphs 1 and 2 of Section 14.28.1(b) of this Agreement, concerning non-discrimination and affirmative action.

4. The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment pursuant to the non-discrimination requirements set forth in Section 14.28.1.

5. The Contractor agrees to send to each labor union or representative of workers with which it has a collective bargaining agreement, or other contract or understanding, a notice to be provided by the Department, advising each labor union or workers' representative of the Contractor’s commitments under this Section 14.28.1, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
6. The Contractor agrees to permit access by the Department to all books, records and accounts pertaining to its employment practices for purposes of investigation to ascertain compliance with this Section 14.28.1, and to require under terms of any subcontractor agreement each subcontractor to permit access of the subcontractors, books, records, and accounts for such purposes.

7. The Contractor shall include in every subcontract this Section 14.28.1, so that such provisions shall be binding upon each subcontractor or vendor.

8. The Contractor shall take such action with respect to any subcontract as the CO may direct as a means of enforcing these provisions, including sanctions for noncompliance; provided, however, that in the event the Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the Department, the Contractor may request the District to enter into such litigation to protect the interest of the District.

Section 14.28.2 PREGNANT WORKERS FAIRNESS

a. The Contractor shall comply with the Protecting Pregnant Workers Fairness Act of 2016, D.C. Official Code § 32-1231.01 et seq. (PPWF Act).

b. The Contractor shall not:

1. Refuse to make reasonable accommodations to the known limitations related to pregnancy, childbirth, related medical conditions, or breastfeeding for an employee, unless the Contractor can demonstrate that the accommodation would impose an undue hardship;

2. Take an adverse action against an employee who requests or uses a reasonable accommodation in regard to the employee's conditions or privileges of employment, including failing to reinstate the employee when the need for reasonable accommodations ceases to the employee's original job or to an equivalent position with equivalent:
   i. Pay;
   ii. Accumulated seniority and retirement;
   iii. Benefits; and
   iv. Other applicable service credits;

3. Deny employment opportunities to an employee, or a job applicant, if the denial is based on the need of the employer to make reasonable accommodations to the known limitations related to pregnancy, childbirth, related medical conditions, or breastfeeding;

4. Require an employee affected by pregnancy, childbirth, related medical conditions, or breastfeeding to accept an accommodation that the employee chooses not to accept if the employee does not have a known limitation related to pregnancy, childbirth, related medical conditions, or breastfeeding or the accommodation is not necessary for the employee to perform her duties;

5. Require an employee to take leave if a reasonable accommodation can be provided; or
6. Take adverse action against an employee who has been absent from work as a result of a pregnancy-related condition, including a pre-birth complication.

c. The Contractor shall post and maintain in a conspicuous place a notice of rights in both English and Spanish and provide written notice of an employee's right to a needed reasonable accommodation related to pregnancy, childbirth, related medical conditions, or breastfeeding pursuant to the PPWF Act to:

   a. New employees at the commencement of employment;
   b. Existing employees; and
   c. An employee who notifies the employer of her pregnancy, or other condition covered by the PPWF Act, within 10 days of the notification.

d. The Contractor shall provide an accurate written translation of the notice of rights to any non-English or non-Spanish speaking employee.

e. Violations of the PPWF Act shall be subject to civil penalties as described in the PPWF Act.

4.28.3 UNEMPLOYED ANTI-DISCRIMINATION

b. The Contractor shall not:

   1. Fail or refuse to consider for employment, or fail or refuse to hire, an individual as an employee because of the individual's status as unemployed; or
   2. Publish, in print, on the Internet, or in any other medium, an advertisement or announcement for any vacancy in a job for employment that includes:
      i. Any provision stating or indicating that an individual's status as unemployed disqualifies the individual for the job; or
      ii. Any provision stating or indicating that an employment agency will not consider or hire an individual for employment based on that individual's status as unemployed.

c. Violations of the Unemployed Anti-Discrimination Act shall be subject to civil penalties as described in the Anti-Discrimination Act.

Section 14.29 The Quick Payment Act

Section 14.29.1 Interest Penalties to Contractors

Section 14.29.1.1 The District will pay interest penalties on amounts due to the Contractor under the Quick Payment Act, D.C. Official Code §2-221.01 et seq., as amended, for the period beginning on
the day after the required payment date and ending on the date on which payment of the amount is made. Interest shall be calculated at the rate of 1.5% per month. No interest penalty shall be paid if payment for the completed delivery of the item of property or service is made on or before the required payment date. The required payment date shall be:

a. The date on which payment is due under the terms of the Contract;
b. Not later than 7 calendar days, excluding legal holidays, after the date of delivery of meat or meat food products;
c. Not later than 10 calendar days, excluding legal holidays, after the date of delivery of a perishable agricultural commodity; or
d. 30 calendar days, excluding legal holidays, after receipt of a proper invoice for the amount of the payment due, if a specific date on which payment is due is not established by contract;

Section 14.29.1.2 Any amount of an interest penalty which remains unpaid at the end of any 30-day period shall be added to the principal amount of the debt and thereafter interest penalties shall accrue on the added amount.

Section 14.29.1.3 No interest penalty shall be due to the Contractor if payment for the completed delivery of goods or services is made on or after:

a. 3rd day after the required payment date for meat or a meat food product;
b. 5th day after the required payment date for an agricultural commodity; or
c. 15th day after any other required payment date in the case of any other item.

Section 14.29.2 Payments to Subcontractors

Section 14.29.2.1 The Contractor must take one of the following actions within seven (7) days of receipt of any amount paid to the Contractor by the District for work performed by any subcontractor under this contract:

a. Pay the subcontractor for the proportionate share of the total payment received from the District that is attributable to the subcontractor for work performed under the Contract; or
b. Notify the Contracting Officer and the subcontractor, in writing, of the Contractor’s intention to withhold all or part of the subcontractor’s payment and state the reason for the nonpayment.

Section 14.29.2.2 The Contractor must pay any subcontractor or supplier interest penalties on amounts due to the subcontractor or supplier beginning on the day after the payment is due and ending on the date on which the payment is made. Interest shall be calculated at the rate of 1.5% per month. No interest penalty shall be paid on the following if payment for the completed delivery of the item of property or service is made on or before:

a. The 3rd day after the required payment date for meat or a meat product;

-50-
b. The 5th day after the required payment date for an agricultural commodity; or
c. The 15th day after the required payment date for any other item.

Section 14.29.2.3 Any amount of an interest penalty which remains unpaid by the Contractor at the end of any 30-day period shall be added to the principal amount of the debt to the subcontractor and thereafter interest penalties shall accrue on the added amount.

Section 14.29.2.4 A dispute between the Contractor and subcontractor relating to the amounts or entitlement of a subcontractor to a payment or a late payment interest penalty under the Quick Payment Act does not constitute a dispute to which the District of Columbia is a party. The District may not be interpledged in any judicial or administrative proceeding involving such a dispute.

Section 14.29.3 Subcontractor Quick Payment Clause Flow-Down Requirements

Section 14.29.3.1 The Contractor shall include in each subcontract under this Contract a provision requiring the subcontractor to include in its contract with any lower-tier subcontractor or supplier the payment and interest clauses required under paragraphs (1) and (2) of D.C. Official Code §2-221.02(d).

Section 14.30 Confidentiality of Information. The Contractor shall keep all information relating to any employee or customer of the District in absolute confidence and shall not use the information in connection with any other matters; nor shall it disclose any such information to any other person, firm or corporation, in accordance with the District and federal laws governing the confidentiality of records. In the course of the Contractor’s performance of the work, the Department may make available to the Contractor information that the Department designates as trade secrets or other confidential engineering, technical and business information. As long as, and to the extent that, such information remains confidential and available to others only with the consent of the Department, or is not generally available to the public from other sources, the Contractor shall maintain such information in strict confidence and shall not disclose any such information to others (including its employees or subcontractors), except to the extent necessary to enable the Contractor to carry out the projects. The Contractor shall similarly obligate any and all persons to whom such information is necessarily disclosed to maintain the information in strict confidence. The Contractor agrees that, in the event of any breach of this confidentiality obligation, the Department shall be entitled to equitable relief, including injunctive relief or specific performance, in addition to all other rights or remedies otherwise available.

Section 14.31 FREEDOM OF INFORMATION ACT (“FOIA”)

The District of Columbia Freedom of Information Act, at D.C. Official Code § 2-532 (a-3), requires the District to make available for inspection and copying any record produced or collected pursuant to a District contract with a private contractor to perform a public function, to the same extent as if the record were maintained by the agency on whose behalf the contract is made. If the Contractor receives a request for such information, the Contractor shall immediately send the request to the PM designated in each Task Order Agreement who will provide the request to the FOIA Officer for the
agency with programmatic responsibility in accordance with the D.C. Freedom of Information Act. If the agency with programmatic responsibility receives a request for a record maintained by the Contractor pursuant to the Contract, the PM will forward a copy to the Contractor. In either event, the Contractor is required by law to provide all responsive records to the PM within the timeframe designated by the PM. The FOIA Officer for the agency with programmatic responsibility will determine the releasability of the records. The District will reimburse the Contractor for the costs of searching and copying the records in accordance with D.C. Official Code §2-532 and Chapter 4 of Title 1 of the D.C. Municipal Regulations.

**Section 14.32 AMERICANS WITH DISABILITIES ACT OF 1990 (“ADA”)**

During the performance under this Agreement, the Contractor and any of its subcontractors shall comply with the ADA. The ADA makes it unlawful to discriminate in employment against a qualified individual with a disability. See 42 U.S.C. §12101 et seq.

**Section 14.33 CONTRACTS IN EXCESS OF ONE MILLION DOLLARS**

Any contract in excess of $1,000,000 shall not be binding or give rise to any claim or demand against the District until approved by the Council of the District of Columbia and signed by the Contracting Officer.

**Section 14.34 COVID-19 Vaccination Certification Requirement For District Contractors And Grantees In Accordance With Mayor’s Order 2021-099 (“Order”)**

14.34.1 All District government contractors and grantees shall ensure that each of their employees, agents, and subcontractors who provide goods or perform services in person in District of Columbia facilities or worksites, or who have in-person contact with other persons in order to complete their work under the contract or grant have been either: (i) fully vaccinated against COVID-19, or (ii) granted one of the exemptions identified this Order by the contractor or grantee, are undergoing weekly COVID-19 testing and only reporting to the workplace when such test result is negative, and are wearing masks while working.

14.34.2 Each District government agency under the administrative control of the Mayor with procurement authority independent of the Chief Procurement Officer, and each grant-making agency may issue change orders, enter into amendments to grant agreements or grant award notifications, and include terms in new contracts, grant agreements, or grant award notifications that include the requirement set forth in Section 14.34.1.

14.34.3 Contractors and grantees shall be responsible for ensuring compliance with this Order by their employees, agents, and subcontractors, and failure to do so may result in adverse consequences. Each District government contractor and grantee shall, at the request of the District government, provide to the District government a certification of its compliance with this requirement.
14.34.4 Nothing in this Order shall be deemed to prevent contractors or grantees from imposing stronger vaccination requirements on their employees, agents, or subcontractors, subject to applicable federal and local laws and regulations.

14.34.5 Contractors or grantees may be required to demonstrate further proof of vaccination, exemption documentation, and/or COVID-19 test results upon request of the City Administrator, the relevant agency’s contracting office, or other investigative authorities.

14.34.6 Limitation. This Order does not vest any rights in constituents to have government services delivered by fully vaccinated employees, contractors, interns, or grantees, nor does it vest any rights in employees, contractors, interns, or grantees to interact only with fully vaccinated colleagues. Employees, contractors, interns, grantees, colleagues, and constituents are not entitled to know whether someone is at work because they have certified that they have been fully vaccinated or because they have obtained an exemption from the vaccination requirement imposed by this Order.

14.34.7 Privacy. Completed vaccination certification forms and exemption requests shall be treated as private records exempt from disclosure under section 204(a)(2) of the Freedom of Information Act of 1976, effective March 29, 1977, D.C. Law 1-96; D.C. Official Code § 2-534(a)(2); however, the information included on those forms and requests may be used internally for verification, staffing, payroll, and assignments, and as any other operational needs may require, consistent with local and federal laws and regulations.

Section 14.35 Media Releases. Neither the Contractor, its employees, agents or subcontractors or material suppliers shall make any press release or similar media release related to any project unless such press release have been discussed with the Department prior to its issuance.

IN WITNESS WHEREOF, the Parties have executed this Agreement for On-call General Construction Projects (Solicitation Number DCAM-21-CS-RFQ-0001) as of the date last written below.

Exhibit A

The Department’s Standard Contract Provisions
(Construction Contract) and (Architectural Engineering)
ARTICLE 1. DEFINITIONS

A. “Government” as used herein means the District of Columbia Department of General Services, (DGS) that is a party to a contract.

B. “Executive” as used herein means the elected head of the Government as set forth in [Public Law 93-198 dated December 24, 1973, Title 4, Part B, Section 422(1)] (Or relevant local law).

C. “Contracting Officer” as used herein means the Government official authorized to execute and administrate the Contract on behalf of the Government. Within DGS, the Director is the Chief Contracting Officer. The Director may make delegations of procurement authority to additional contracting officers within DGS.

ARTICLE 2. SPECIFICATIONS AND DRAWINGS—The Contractor shall keep on the work site a copy of Contract drawings and specifications and shall at all times give the Contracting Officer access thereto. Anything mentioned in the specifications and not shown on the Contract drawings, or shown on the Contract drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

There shall be no change orders or equitable adjustments for work related to items appearing in either the Contract drawing or specifications.

All Contract requirements are equally binding. Each Contract requirement, whether or not omitted elsewhere in the Contract, is binding as though occurring in any or all parts of the Contract. In case of discrepancy:

1. The Contracting Officer shall be promptly notified in writing of any error, discrepancy or omission, apparent or otherwise.

4. Change Orders have priority over: Addenda, Contract drawings and Specifications.

5. Addenda have priority over: Contract drawings, Special Provisions and Specifications. A later dated Addendum has priority over earlier dated Addenda.

7. Shown and indicated dimensions have priority over scaled dimensions.

8. Original scale drawings and details have priority over any other different scale drawings and details.

9. Large scale drawings and details have priority over small scale drawings and details.

10. Any adjustment by the Contractor without a prior determination by the Contracting Officer shall be at his own risk and expense. The Contracting Officer will furnish from time to time such detail drawings and other information as he may consider necessary, unless otherwise provided.

ARTICLE 3. CHANGES

A. DESIGNATED CHANGE ORDERS—The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make any change in the work within the general scope of the Contract, including but not limited to changes

1. In the Contract drawings and specifications;

2. In the method or manner of performance of the work;

3. In the Government furnished facilities, equipment, materials or services; or

4. Directing acceleration in the performance of the work.

Nothing provided in this Article shall excuse the Contractor from proceeding with the prosecution of the work so changed.

B. OTHER CHANGE ORDERS—Any other written order or an oral order (which term as used in this Section (B) shall include direction, instruction, interpretation, or determination) from the Contracting Officer which causes any such change, shall be treated as a Change Order under this Article, provided that the Contractor gives the Contracting Officer written notice stating the date, circumstances and sources of the order and that the Contractor regards the order as a Change Order.

C. GENERAL REQUIREMENTS—Except as herein provided, no order, statement or conduct of the Contracting Officer shall be treated as a change under this Article or entitle the Contractor to an equitable adjustment hereunder. If any change under this Article causes an increase or decrease in the Contractor’s cost of, or the time required for, the performance of any part of the work under this Contract whether or not changed by any order, an equitable adjustment shall be made and the Contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under (B) above shall be allowed for any cost
incurred more than 20 days before the Contractor gives written notice as therein required unless this 20 days is extended by the Contracting Officer and provided further, that in case of defective drawings and specifications, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with such defective drawings and specifications.

If the Contractor intends to assert a claim for an equitable adjustment under this Article, he must, within 30 days after receipt of a written Change Order under (A) above or the furnishing of a written notice under (B) above, submit to the Contracting Officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the Contracting Officer. The statement of claim hereunder may be included in the notice under (B) above.
With respect to the notification requirements hereunder, time is of the essence. A failure to provide timely notice constitutes waiver of the claim. No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under the Contract.

**D. CHANGE ORDER BREAKDOWN**—Contract prices shall be used for Change Order work where work is of similar nature; no other costs, overhead or profit will be allowed.

Where Contract prices are not appropriate and the nature of the change is known in advance of construction, the parties shall attempt to agree on a fully justifiable price adjustment and/or adjustment of completion time.

When Contract prices are not appropriate, or the parties fail to agree on equitable adjustment, or in processing claims, equitable adjustment for Change Order work shall be per this Article and Article 4 and shall be based upon the breakdown shown in following subsections 1. through 7. The Contractor shall assemble a complete cost breakdown that lists and substantiates each item of work and each item of cost.

1. **Labor**—Payment will be made for direct labor cost plus indirect labor cost such as insurance, taxes, fringe benefits and welfare provided such costs are considered reasonable. Indirect costs shall be itemized and verified by receipted invoices. If verification is not possible, up to 18 percent of direct labor costs may be allowed. In addition, up to 20 percent of direct plus indirect labor costs may be allowed for overhead and profit.

2. **Bond**—Payment for additional bond cost will be made per bond rate schedule submitted to the Office of Contracting and Procurement with the executed Contract.

3. **Materials**—Payment for cost of required materials will be F.O.B. destination (the job site) with an allowance for overhead and profit.

4. **Rented Equipment**—Payment for required equipment rented from an outside company that is neither an affiliate of, nor a subsidiary of, the Contractor will be based on receipted invoices which shall not exceed rates given in the current edition of the Rental Rate Blue Book for Construction Equipment published by Data Quest. If actual rental rates exceed manual rates, written justification shall be furnished to the Contracting Officer for consideration. No additional allowance will be made for overhead and profit. The Contractor shall submit written certification to the Contracting Officer that any required rented equipment is neither owned by nor rented from the Contractor or an affiliate of or subsidiary of the Contractor.

5. **Contractor’s Equipment**— Payment for required equipment owned by the
Contractor or an affiliate of the Contractor will be based solely on an hourly rate derived by dividing the current appropriate monthly rate by 176 hours. No payment will be made under any circumstances for repair costs, freight and transportation charges, fuel, lubricants, insurance, any other costs and expenses, or overhead and profit. Payment for such equipment made idle by delays attributable to the Government will be based on one-half the derived hourly rate under this subsection.

6. **Miscellaneous**—No additional allowance will be made for general superintendence, use of small tools and other costs for which no specific allowance is herein provided.
7. **Subcontract Work**—Payment for additional necessary subcontract work will be based on applicable procedures in 1. through 6., to which total additional subcontract work up to an additional 10 percent may be allowed for the Contractor’s overhead and profit.

**ARTICLE 4. EQUITABLE ADJUSTMENT OF CONTRACT TERMS**

The Contractor is entitled to an equitable adjustment of the contract terms whenever the following situations develop:

**A. DIFFERING SITE CONDITIONS:**

1. During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the contract, are encountered at the site, the Contractor, upon discovering such conditions, shall promptly notify the Contracting Officer in writing of the specific differing conditions before they are disturbed and before the affected work is performed.

2. Upon written notification, the Contracting Officer will investigate the conditions, and if he/she determines that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, an adjustment, excluding loss of anticipated profits, will be made and the contract modified in writing accordingly. The Contracting Officer will notify the Contractor of his/her determination whether or not an adjustment of the contract is warranted.

3. No contract adjustment which results in a benefit to the Contractor will be allowed unless the Contractor has provided the required written notice; a failure to notify the Contracting Officer of the changed conditions prior to work being disturbed by said conditions shall constitute a permanent waiver of all right to compensation related to the changed conditions by the Contractor.

4. No contract adjustment will be allowed under this clause for any effects caused on unchanged work.

**B. SUSPENSION OF WORK ORDERED BY THE CONTRACTING OFFICER:**

1. If the performance of all or any portion of the work is suspended or delayed by the Contracting Officer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the construction industry) and the Contractor believes that additional compensation and/or contract time is due as a result of such suspension or delay, the Contractor shall submit to the Contracting Officer in writing a request for equitable adjustment within seven (7) calendar days of receipt of the notice to resume work. The request shall set forth the reasons and support for
such adjustment.

2. Upon receipt, the Contracting Officer will evaluate the Contractor’s request. If the Contracting Officer agrees that the cost and/or time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control or and not the fault of the contractor, its suppliers, or subcontractors at any approved tier, and not caused by weather, the Contracting Officer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The Contracting Officer will notify the Contractor of his/her determination whether or not an adjustment of the contract is warranted.

3. No contract adjustment will be allowed unless the Contractor has submitted the request for adjustment within the time prescribed; a failure to submit a request for adjustment in the time
prescribed shall constitute waiver of all right to compensation related to the suspension of work by the Contractor.

4. No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided for or excluded under any other term of condition of this contract.

C. SIGNIFICANT CHANGES IN THE CHARACTER OF WORK:

1. The Contracting Officer reserves the right to make, in writing, at any time during the work, such changes in quantities and such alterations in the work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the contract nor release the surety, and the Contractor agrees to perform the work as altered.

2. If the alterations or changes in quantities significantly change the character of the work under the contract, whether or not changed by any such different quantities or alterations, an adjustment, excluding loss of anticipated profits, will be made to the contract. The basis for the adjustment shall be agreed upon prior to the performance of the work. If a basis cannot be agreed upon, then an adjustment will be made either for or against the Contractor in such amount as the Contracting Officer may determine to be fair and reasonable.

3. If the alterations or changes in quantities significantly change the character of the work to be performed under the contract, the altered work will be paid for as provided elsewhere in the contract.

4. The term “significant change” shall be construed to apply only to the following circumstances:
   
   a. When the character of the work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or

   b. When an item of work is increased in excess of 125 percent or decreased below 75 percent of the original contract quantity. Any allowance for an increase in quantity shall apply only to that portion in excess of 125 percent of original contract item quantity, or in the case of a decrease below 75 percent, to the actual amount of work performed.

ARTICLE 5. TERMINATION

TERMINATION GENERALLY-Termination, whether for default or convenience, is not a Government claim. The Contracting Officer may terminate a contract for default, in whole or in part, if the termination is in the best interests of the Government, and the Contractor does any of the following:
(a) Fails to deliver the goods or complete the work or services within the time specified in the contract or any modification;
(b) Fails to make sufficient progress on contract performance so as to endanger performance of the contract within the time specified or in the manner specified in the contract;
(c) Fails or refuses to go forward with the work in accordance with the direction of the Contracting Officer;
(d) Expresses through word or conduct an intention not to complete the work in accordance with the directions of the Contracting Officer;
(e) Fails to perform any of the other provisions of the contract;
(f) Materially deviates from the representations and capabilities set forth in the Contractor’s response to the solicitation.

A termination for default is a final decision of a Contracting Officer. In order to contest a termination for default, the Contractor must submit a certified request to convert the termination for default to a termination for convenience with all documents supporting such conversion and comply with all contract
provisions and laws relating to terminations for convenience, including the submission of a certified termination for convenience settlement proposal. The submission of the certified request for conversion to a termination for convenience and certified termination settlement proposal to the Contracting Officer must occur prior to 90 days from the date of the Contracting Officer’s final decision.

**DELAWS**—If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in the Contract, or any extension thereof, or fails to complete said work within specified time, the Government may, by written notice to the Contractor, terminate his right to proceed with the work or such part of the work involving the delay. In such event the Government may take over the work and prosecute the same to completion, by contract or otherwise, and may take possession of and utilize in completing the work such materials, appliances, and plant as may have been paid for by the Government or may be on the site of the work and necessary therefore. Whether or not the Contractor’s right to proceed with the work is terminated, he and his sureties shall be liable for any liability to the Government resulting from his refusal or failure to complete the work within the specified time.

If fixed and agreed liquidated damages are provided in the Contract and if the Government does not so terminate the Contractor’s right to proceed, the resulting damage will consist of such liquidated damages until the work is completed and accepted.

The Contractor’s right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:

1. The delay in the completion the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of God, acts of the public enemy, acts of the Government in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, climatic conditions beyond the normal which could be anticipated, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers (the term subcontractors or suppliers shall mean subcontractors or suppliers at any tier); and

2. The Contractor, within 72 hours from the beginning of any such delay, (unless the Contracting Officer grants a further period of time before the date of final payment under the Contract) notifies the Contracting Officer in writing of the causes of delay.

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties, subject only to appeal as provided in Article 7 herein.

If, after notice of termination of the Contractor’s right to proceed under the provisions of this Article, it is determined for any reason that the Contractor was not in default under the provisions
of this Article, or that the delay was excusable under the provisions of this Article, the rights and obligations of the parties shall be in accordance with Article 6 herein. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of Article 7 herein.

The rights and remedies of the Government provided in this Article are in addition to any other rights and remedies provided by law or under the Contract.

The Government may, by written notice, terminate the Contract or a portion thereof as a result of an Executive Order of the President of the United States with respect to the prosecution of war or in the interest of national defense. When the Contract is so terminated, no claim for loss of anticipated profits will be permitted.

**ARTICLE 6. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT**
A. The performance of work under the Contract may be terminated by the Government in accordance with this Article in whole, or in part, whenever the Contracting Officer shall determine that such termination is in the best interest of the Government. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of work under the Contract is terminated, and the date upon which such termination becomes effective.

B. After receipt of a Notice of Termination, and except as otherwise directed by the Contracting Officer, the Contractor shall:

1. Stop work under the Contract on the date and to the extent specified in the Notice of Termination.

2. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the Contract as is not terminated.

3. Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination.

4. Assign to the Government, in the manner, at the times, and to the extent directed by the Contracting Officer, all of the right, title and interest of the Contractor under the orders and subcontracts so terminated, in which case the Government shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

5. Settle all outstanding liabilities and all claims arising out of such termination of orders or subcontracts, with the approval or ratification of the Contracting Officer to the extent he may require, which approval or ratification shall be final for all purposes of this Article.

6. Transfer title to the Government and deliver in the manner, at the times, and to the extent, if any, directed by the Contracting Officer:
   a. The fabricated or unfabricated parts, work in progress, completed work, supplies, and other material procured as a part of, or acquired in connection with, the performance of the work terminated by the Notice of Termination, and
   b. The completed, or partially completed plans, drawings information and other property which, if the Contract had been completed, would have been required to be furnished to the Government.

7. Use his best efforts to sell, in the manner, at the terms, to the extent, and at the price or prices directed or authorized by the Contracting Officer, any property of the types referred to in 6 above provided, however, that the
Contractor:

a. Shall not be required to extend credit to any purchaser, and

b. May acquire any property under the conditions prescribed and at a price or prices approved by the Contracting Officer, and

c. Provided further, that the proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by the Government to the Contractor under the Contract or shall otherwise be credited to the price or cost of the work covered by the Contract or paid in such other manner as the Contracting Officer may direct.
8. Complete performance of such part of the work as shall not have been terminated by the Notice of Termination.

9. Take such action as may be necessary, or as the Contracting Officer may direct, for the protection and preservation of the property related to the Contract which is in the possession of the Contractor and in which the Government has or may acquire an interest.

10. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any delay in determining or adjusting the cost, or any item of reimbursable cost, under this Article.

11. “Plant clearance period” means, for each particular property classification (such as raw materials, purchased parts and work in progress) at any one plant or location, a period beginning with the effective date of the termination for convenience and ending 90 days after receipt by the Contracting Officer of acceptable inventory schedules covering all items of that particular property classification in the termination inventory at that plant or location, or ending on such later date as may be agreed to by the Contracting Officer and the Contractor. Final phase of a plant clearance period means that part of a plant clearance period which occurs after the receipt of acceptable inventory schedules covering all items of the particular property classification at the plant or location.

At any time after expiration of the plant clearance period, as defined above, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of any or all items of termination inventory not previously disposed of, exclusive of items the disposition of which has been directed or authorized by the Contracting Officer, and may request the Government to remove such items or enter into a storage agreement covering them. Not later than 15 days thereafter, the Government will accept title to such items and remove them or enter into a storage agreement covering the same; provided, that the list submitted shall be subject to verification by the Contracting Officer upon removal of the items or, if the items are stored, within 45 days from the date of submission of the list, and any necessary adjustments to correct the list as submitted, shall be made prior to final settlement.

C. After receipt of a Notice of Termination, the Contractor shall submit to the Contracting Officer his termination claim, in the form with the certification prescribed by the Contracting Officer. Such claim shall be submitted promptly but in no event later than 90 days from the effective date of termination, unless one or more extensions in writing are granted by the Contracting Officer upon request of the Contractor made in writing within such 90 day period or authorized extension thereof. In the event the Contractor was terminated for default and it asserts that it is entitled to a termination for convenience, its certified request for the conversion of the default termination to one for convenience and its certified termination settlement proposal must be submitted to the Contracting Officer prior to the expiration of 90 days from the date of the default termination. With respect to a termination for convenience, if the Contracting Officer determines that the facts justify such action, he may receive and act upon any such termination claim at any time after such 90 day period or extension thereof. Nothing herein shall be construed to extend the time for
the submission of a claim hereunder for a defaulted Contractor beyond 90 days from the date of the default termination. Upon failure of the Contractor to submit his termination claim within the time allowed, the Contracting Officer may, subject to any review required by the Government’s procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination and shall thereupon pay to the Contractor the amount so determined.

D. Subject to the provisions of C above, and subject to any review required by the Government’s procedures in effect as of the date of execution of the Contract, the Contractor and Contracting
Officer may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination of work pursuant to this Article, which amount or amounts may include a reasonable allowance for profit on work done; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further reduced by the Contract price of work not terminated. The Contract shall be amended accordingly, and the Contractor shall be paid the agreed amount. Nothing in E below prescribing the amount to be paid to the Contractor in the event of failure of the Contractor and the Contracting Officer to agree upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this Article, shall be deemed to limit, restrict or otherwise determine or effect the amount or amounts which may be agreed upon to be paid to the Contractor pursuant to this paragraph.

E. In the event of the failure of the Contractor and the Contracting Officer to agree as provided in D above upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this Article, the Contracting Officer shall, subject to any review required by the Government’s procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him, the amount, if any, due the Contractor by reason of the termination and shall pay to the Contractor the amounts determined by the Contracting Officer, as follows, but without duplication of any amounts agreed upon in accordance with D above:

1. With respect to all Contract work performed prior to the effective date of the Notice of Termination, the total (without duplication of any items) of:

   a. The cost of such work;

   b. The cost of settling and paying claims arising out of the termination of work under subcontracts or orders as provided in B 5. above, exclusive of the amounts paid or payable on account of supplies or materials delivered or services furnished by the subcontractor prior to the effective date of the Notice of Termination of work under the Contract, which amounts shall be included in the cost on account of which payment is made under E1.a. above; and

   c. A sum, as profit on E.1.a. above, determined by the Contracting Officer to be fair and reasonable; provided however, that if it appears that the Contractor would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed under this subparagraph and an appropriate adjustment shall be made reducing the amount of the settlement to reflect the indicated rate of loss; and provided further that profit shall be allowed only on preparations made and work done by the Contractor for the terminated portion of the Contract but may not be allowed on the Contractor’s settlement expenses. Anticipatory profits and consequential damages will not be allowed. Any

Standard Contract Provisions - Page 17 of 24
reasonable method may be used to arrive at a fair profit, separately or as part of the whole settlement.

2. The reasonable cost of the preservation and protection of property incurred pursuant to B.9; and any other reasonable cost incidental to termination of work under the Contract including expense incidental to the determination of the amount due to the Contractor as the result of the termination of work under the Contract.

F. The total sum to be paid to me Contractor under E.1. above shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further
reduced by the Contract price of work not terminated. Except for normal spoilage, and except to the extent that the Government shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the Contractor under E.1. above, the fair value, as determined by the Contracting Officer, of property which is destroyed, lost, stolen or damaged so as to become undeliverable to the Government, or to a buyer pursuant to B.7 above.

G. The Contractor shall have the right of appeal, under Article 7 herein, from any determination made by the Contracting Officer under C. or E. above, except that, if the Contractor has failed to submit his claim within the time provided in C above and has failed to request extension of such time, he shall have no such right of appeal. In any case where the Contracting Officer has made a determination of the amount due under C. or E. above, the Government shall pay to the Contractor the following:

1. If there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the Contracting Officer, or

2. If an appeal had been taken, the amount finally determined on such appeal.

H. In arriving at the amount due the Contractor under this Article there shall be deducted:

1. all unliquidated advance or other payments on account theretofore made to the Contractor, applicable to the terminated portion of the Contract;

2. any claim which the Government may have against the Contractor in connection with the Contract; and

3. the agreed price for, or the proceeds of sale of, any materials, supplies or other things kept by the Contractor or sold, pursuant to the provisions of this Article and not otherwise recovered by or credited to the Government.

I. If the termination hereunder be partial, prior to the settlement of the terminated portion of the Contract, the Contractor may file with the Contracting Officer a request in writing for an equitable adjustment of the price or prices specified in the Contract relating to the continued portion of the Contract (the portion not terminated by the Notice of Termination), and such equitable adjustment as may be agreed upon shall be made at such price or prices; however, nothing contained herein shall limit the right of the Government and the Contractor to agree upon the amount or amounts to be paid to the Contractor for the completion of the continued portion of the Contract when said Contract does not contain an established Contract price for such continued portion.

J. The Government may from time to time, under such terms and conditions as it may prescribe, make partial payments against costs incurred by the Contractor in connection with the terminated portion of the Contract whenever in the opinion of the Contracting Officer the aggregate of such payments shall be within the amount to which the Contractor will be entitled hereunder. If the total of such
payments is in excess of the amount finally agreed or determined to be due under this Article, such excess Shall be payable by the Contractor to the Government upon demand, together with interest computed at the rate of 6 percent per annum for the period from the date such excess is received by the Contractor to the date on which such excess is repaid to the Government; provided however, that no interest shall be charged with respect to any such excess payment attributable to a reduction in the Contractor’s claim by reason of retention or other disposition of termination inventory until ten days after the date of such retention or disposition, or such later date as determined by the Contracting Officer by reason of the circumstances.
K. Unless otherwise provided in the Contract or by applicable statute, the Contractor, from the effective date of termination and for a period of three years after final settlement under the Contract, shall preserve and make available to the Government at all reasonable times at the office of the Contractor, but without direct charge to the Government, all his books, records, documents and other evidence bearing on the costs and expenses of the Contractor under the Contract and relating to the work terminated hereunder, or, to the extent approved by the Contracting Officer, photographs and other authentic reproductions thereof.

ARTICLE 7. DISPUTES

A. All disputes arising under or relating to this contract shall be resolved as provided herein.

B. Claims by a Contractor against the Government.

(1) Claim, as used in Section B of this clause, means a written assertion by the Contractor seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.

(a) All claims by a Contractor against the Government arising under or relating to a contract shall be in writing and shall be submitted to the Contracting Officer for a decision.

(b) Within 120 days after receipt of a claim, the Contracting Officer shall issue a decision, whenever possible taking into account factors such as the size and complexity of the claim and the adequacy of the information in support of the claim provided by the Contractor.

(c) Any failure by the Contracting Officer to issue a decision on a contract claim within the required time period shall be deemed to be a denial of the claim and shall authorize the commencement of an appeal on the claim as otherwise provided.

(d) (1) If a Contractor is unable to support any part of his or her claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Contractor, the Contractor shall be liable to the Government for an amount equal to the unsupported part of the claim in addition to all costs to the Government attributable to the cost of reviewing that part of the Contractor’s claim.

(2) Liability under this section shall be determined within 6 years of the commission of the misrepresentation of fact or fraud.

(e) All cost data, pricing data, and task data of claims hereunder must be certified as accurate, complete, required, and necessary to the best of the Contractor’s knowledge and belief. Further, all task or work data in the claim must be described therein to the smallest unit of work or task. The Contracting Officer may require any additional certifications, descriptions or explanations of the claim.

(f) The parties agree that time is of the essence and all claims hereunder must be presented to the Contracting Officer for a final decision within thirty (30) days of the occurrence of the circumstances giving rise to such claim or within thirty (30) days of when the Contractor knew or should have known of the circumstances giving rise to such claim, otherwise compensation for that claim is waived.

(g) The parties agree that there shall be no claims for unabsorbed home office overhead.

(2) The Contractor’s claim shall contain at least the following:

(a) A description of the claim and the amount in dispute;
(b) Any data or other information in support of the claim;
(c) A brief description of the Contractor’s efforts to resolve the dispute prior to filing the claim; and
(d) The Contractor’s request for relief or other action by the Contracting Officer.
(e) The certification of the accuracy, completeness, requirement, and necessity of all aspects of the
claim.

(3) The decision of the Contracting Officer shall be final and not subject to review
unless an administrative appeal or action for judicial review is timely commenced by the Contractor.

(4) Pending final decision of an appeal, action, or final settlement, a Contractor shall
proceed diligently with performance of the contract in accordance with the decision of the
Contracting Officer.

C. Claims by the Government against a Contractor
(a) Claim as used in Section C of this clause, means a written demand or written assertion by the Government, including the Contracting Officer, seeking, as a matter of right, the payment of money in a sum certain, the adjustment of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. Nothing herein shall be construed to require the Government to notify the Contractor prior to the issuance of the Contracting Officer’s final decision.

(b) (1) All claims by the Government against a Contractor arising under or relating to a contract shall be decided by the Contracting Officer, who shall issue a decision in writing and furnish a copy of the decision to the Contractor.

(2) The decision shall be supported by reasons and shall inform the Contractor of his or her rights. Specific findings of fact shall not be required.

(3) This clause shall not authorize the Contracting Officer to settle, compromise, pay, or otherwise adjust any claim involving fraud.

(4) The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor.

(5) Pending final decision of an appeal, action, or final settlement, the Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

ARTICLE 8. PAYMENTS TO CONTRACTOR—Unless otherwise provided in the Contract, the Government will pay the contract price or prices as hereinafter provided in accordance with Government regulations.

The Government will make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates approved by the Contracting Officer. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the work, in such detail as requested, to provide a basis for determining progress payments. In the preparation of estimates the Contracting Officer, at his discretion, may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site may also be taken into consideration:

1. If such consideration is specifically authorized by the Contract;

2. If the Contractor furnishes satisfactory evidence that he has acquired title to such material, that it meets Contract requirements and that it will be utilized on the work covered by the Contract; and

3. If the Contractor furnishes to the Contracting Officer an itemized list.

The Contracting Officer at his/her discretion shall cause to be withheld retention in an amount sufficient to protect the interest of the Government. Unless otherwise agreed, the amount shall not exceed ten percent (10%) of the partial payment. However, if the Contracting Officer, at any time after 50 percent of the work has been completed, finds that satisfactory progress is being made, he may authorize any of the remaining progress payments to be made in full or may retain from such remaining partial payments less than 10 percent thereof. Also, whenever work is
substantially complete, the Contracting Officer, if he considers the amount retained to be in excess of the amount adequate for the protection of the Government, at his discretion, may release to the Contractor all or a portion of such excess amount. Furthermore, on completion and acceptance of each separate building, public work, or other division of the Contract, on which the price is stated separately in the Contract, payment may be made therefore without retention of a percentage, less authorized deductions.

All material and work covered by progress payments made shall thereupon become the sole property of the Government, but this provision shall not be construed as relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work, or as waiving the right of the Government to require the fulfillment of all of the terms of the Contract.
Upon completion and acceptance of all work, the amount due the Contractor under the Contract shall be paid upon presentation at a properly executed voucher and after the Contractor shall have furnished the Government with a release, if required, of all claims against the Government arising by virtue of the Contract, other than claims in stated amounts as may be specifically excepted by the Contractor from the operation of the release.

**ARTICLE 9. TRANSFER OR ASSIGNMENT**—Unless otherwise provided by law, neither the Contract nor any interest therein may be transferred or assigned by the Contractor to any other party without the written consent of the Contracting Officer nor without the written acceptance by the surety on the performance and payment bond securing the Contract of the assignee as the Contractor and the principal on such bond; and any attempted transfer or assignment not authorized by this Article shall constitute a breach of the Contract and the Government may for such cause terminate the right of the Contractor to proceed in the same manner as provided in Article 5 herein, and the Contractor and his sureties shall be liable to the Government for any excess cost occasioned the Government thereby.

**ARTICLE 10. MATERIAL AND WORKMANSHIP**

**A. GENERAL**—Unless otherwise specifically provided in the Contract, all equipment, material and articles incorporated in the work covered by the Contract shall be new and of the most suitable grade for the purpose intended. Unless otherwise specifically provided in the Contract, reference to any equipment, material, article or patented process, by trade name, make or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition, and the Contractor may use any equipment, material, article or process which, in the judgment of the Contracting Officer, is equivalent to that named unless otherwise specified. The Contractor shall furnish to the Contracting Officer for his approval the name of the manufacturer, the model number, and other identifying data and information respecting the performance, capacity, nature and rating of the mechanical and other equipment which the Contractor contemplates incorporating in the work. Machinery and equipment shall be in proper condition. When required by the Contract or when called for by the Contracting Officer, the Contractor shall furnish to the Contracting Officer for approval full information concerning the material or articles which he contemplates incorporating in the work. When so directed, samples shall be submitted for approval at the Contractor’s expense, with all shipping charges prepaid. Machinery, equipment, material, and articles installed or used without required approval shall be at the risk of subsequent rejection and subject to satisfactory replacement at Contractor’s expense.

**B. SURPLUS MATERIALS USE**—Whenever specified in the Contract or authorized by the Contracting Officer that materials become the property of the Contractor, which by reference or otherwise shall include disposal of materials, it is understood that the Contractor accepts such materials “as is” with no further expense or liability to the Government. If such material specified in the Contract will have a potential or real interest of value, the Contractor shall make allowance in the Contract to show such value.
C. **GOVERNMENT MATERIAL**—No materials furnished by the Government shall be applied to any other use, public or private, than that for which they are issued to the Contractor. The full amount of the cost to the Government of all materials furnished by the Government to the Contractor and for which no charge is made, which are not accounted for by the Contractor to the satisfaction of the Contracting Officer, will be charged against the Contractor and his sureties and may be deducted from any monies due the Contractor, and this charge shall be in addition to and not in lieu of any other liabilities of the Contractor whether civil or criminal. Materials furnished by the Government for which a charge is made at a rate mentioned in the specifications will be delivered to the Contractor upon proper requisitions therefore and will be charged to his account.

D. **Plant**—The Contractor shall at all times employ sufficient tools and equipment for prosecuting the various classes of work to full completion in the manner and time required. The Contractor shall at all times perform work in sufficient light and shall provide proper illumination, including
lighting required for night work as directed, as a Contract requirement. All equipment, tools, formwork and staging used on the project shall be of sufficient size and in proper mechanical and safe condition to meet work requirements, to produce satisfactory work quality and to prevent injury to persons, the project or adjacent property. When methods and equipment are not prescribed in the Contract, the Contractor is free to use tools, methods and equipment that he satisfactorily demonstrates will accomplish the work in conformity with Contract requirements.

If the Contractor desires to use a method or type of tool or equipment other than specified in the Contract, he shall request approval to do so; the request shall be in writing and shall include a full description of proposed methods, tools and equipment and reason for the change or substitution. Approval of substitutions and changed methods will be on condition that the Contractor will be fully responsible for producing work meeting Contract requirements. If after trial use of the substituted methods, tools and equipment, the Contracting Officer determines that work produced does not meet Contract requirements, the Contractor shall complete remaining work with specified methods, tools and equipment.

E. CAPABILITY OF WORKERS- All work under the Contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require the Contractor to remove from the work any such employees as the Contracting Officer deems incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment on the work is deemed by the Contracting Officer to be contrary to the public interest. Such request will be in writing:

F. CONFORMITY OF WORK AND MATERIALS—All work performed and materials and products furnished shall be in conformity, within indicated tolerances, with lines, grades, cross sections, details, dimensions, material and construction requirements shown or intended by the drawings and specifications.

When materials, products or work cannot be corrected, written notice of rejection will be issued. Rejected materials, products and work shall be eliminated from the project and acceptably replaced at Contractor’s expense. The Contracting Officer’s failure to reject any portion of the project shall not constitute implied acceptance nor in any way release the Contractor from Contract requirements.

G. UNAUTHORIZED WORK AND MATERIALS—Work performed or materials ordered or furnished for the project deviating from requirements and specifications without written authority, will be considered unauthorized and at Contractor’s expense. The Government is not obligated to pay for unauthorized work. Unauthorized work and materials may be ordered removed and replaced at Contractor’s expense.

ARTICLE 11. INSPECTION AND ACCEPTANCE—Except as otherwise provided in the Contract, inspection and test by the Government of material and workmanship required by the Contract shall be made at reasonable times and at the site of the work, unless the Contracting Officer determines that such inspection or test of material which is to be incorporated in the work shall be made at the place of production, manufacture or shipment of such material. To the extent specified by the Contracting Officer at the time of determining to make off-site
inspection or test, such inspection or test shall be conclusive as to whether the material involved conforms to Contract requirements. Such off-site inspection or test shall not relieve the Contractor of responsibility for damage to or loss of the material prior to acceptance, nor in any way affect the continuing rights of the Government after acceptance of the completed work under the terms of the last paragraph of this Article, except as herein above provided.

The Contractor shall, without charge, replace any material and correct any workmanship found by the Government not to conform to Contract requirements and specifications, unless in the public interest the Government consents to accept such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises at Contractor’s expense.
If the Contractor does not promptly replace rejected material or correct rejected workmanship, the Government:

1. May, by contract or otherwise, replace such material and correct such workmanship and charge the cost thereof to the Contractor, or

2. May terminate the Contractor’s right to proceed in accordance with Article 5 herein.

The Contractor shall furnish promptly, without additional cost to the Government, all facilities, labor and material reasonably needed for performing such safe and convenient inspection and test as may be required by the Contracting Officer. All inspections and tests by the Government shall be performed in such manner as not unnecessarily to delay the work. Special, full size, and performance tests shall be performed as described in the Contract. The Contractor shall be charged with any additional cost of inspection when material and workmanship are not ready for inspection at the time specified by the Contractor.

Should it be considered necessary or advisable by the Contracting Officer at any time before acceptance of the work, either in part or in its entirety, to make an examination of work completed, by removing or tearing out same, the Contractor shall, on request, promptly furnish all necessary facilities, labor and material to do same. If such work is found to be defective or nonconforming in any material respect, due to the fault of the Contractor or his subcontractors, he shall defray all the expenses of such examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the Contract, an equitable adjustment shall be made in the Contract price to compensate the Contractor for the additional services involved in such examination and reconstruction and, if completion of the work has been delayed thereby, he shall, in addition, be granted an equitable extension of time.

Unless otherwise provided in the Contract, acceptance by the Government will be made as promptly as practicable after completion and inspection of all work required by the Contract. Acceptance shall be final and conclusive except as regards to latent defects, deficiencies, non-conforming work, fraud, or such gross mistakes as may amount to fraud, or as regards the Government’s rights under any warranty or guaranty, or as otherwise provided herein.

ARTICLE 12. SUPERINTENDENCE BY CONTRACTOR—The Contractor shall give his personal superintendence to the performance of the work or have a competent foreman or superintendent, satisfactory to the Contracting Officer, on the work site at all times during progress, with authority to act for him.

ARTICLE 13. PERMITS AND RESPONSIBILITIES—The Contractor shall, without expense to the Government, be responsible for obtaining any necessary licenses, certificates and permits, and for complying with any applicable Federal, State, and Municipal laws, codes and regulations, in connection with the prosecution of the work. He shall be similarly responsible for all damages to persons or property that occurs as a result of his fault or negligence. He shall take proper safety, health and environmental precautions to protect the work, the workers, the public, and the property of others. He shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire construction work, except for any
ARTICLE 14. INDEMNIFICATION—

A. The Contractor shall indemnify and save harmless the Government and all of its officers, agents and servants against any and all claims or liability arising from or based on, or as a consequence or result of, any act, omission or default of the Contractor, his employees, or his subcontractors, in the performance of, or in connection with, any work required, contemplated or performed under the Contract.
B. Disputes between the Contractor and any subcontractors, material suppliers, or any other third parties over payments allegedly owed by the Contractor to a third party shall be resolved exclusively between the Contractor and the third party; the Contractor shall permit no pass-through suits to be brought against the Government by a third party in the Contractor’s name. However, nothing herein shall be construed to prevent the Contractor from paying a subcontractor’s claim and seeking a timely equitable adjustment hereunder.

ARTICLE 15. PROTECTION AGAINST TRESPASS—Except as otherwise expressly provided in the Contract, the Contractor is authorized to refuse admission either to the premises or to the working space covered by the Contract to any person whose admission is not specifically authorized in writing by the Contracting Officer.

ARTICLE 16. CONDITIONS AFFECTING THE WORK

A. GENERAL—The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions which can affect the work and the cost thereof. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the work as specified without additional expense to the Government. The Contractor shall be responsible for reasonable consideration of existing features above and below ground which may affect the project.

E. UTILITIES AND VAULTS—The Contractor shall take necessary measures to prevent
interruption of service or damage to existing utilities within or adjacent to the project. It shall be the Contractor’s responsibility to determine exact locations of all utilities in the field.

For any underground utility or vault encountered, the Contractor shall immediately notify the Contracting Officer and take necessary measures to protect the utility or vault and maintain the service until relocation by owner is accomplished. No additional payment will be made for the encountering of these obstructions.

In case of damage to utilities by the Contractor, either above or below ground, the Contractor shall restore such utilities to a condition equivalent to that which existed prior to the damage by repairing, rebuilding or otherwise restoring as may be directed, at the Contractor’s sole expense.
Damaged utilities shall be repaired by the Contractor or, when directed by the Contracting Officer, the utility owner will make needed repairs at the Contractor’s expense.

No compensation, other than authorized time extensions, will be allowed the Contractor for protective measures, work interruptions, changes in construction sequence, changes in methods of handling excavation and drainage or changes in types of equipment used, made necessary by existing utilities, imprecise utility or vault information or by others performing work within or adjacent to the project.

F. Contract materials used for any unauthorized purpose shall be subtracted from Contract amount.

ARTICLE 17. OTHER CONTRACTS—The Government may undertake or award other contracts for additional work and the Contractor shall fully cooperate with such other contractors and Government employees and carefully coordinate his own work with such additional work as may be directed by the Contracting Officer. It is the duty of the Contractor to coordinate its activities with all third parties, including, but not limited to utilities, who may affect the Contract work hereunder. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor or Government employees. The Government assumes no liability, other than authorized time extensions, for Contract delays and damages resulting from delays and lack of progress by others. The Contractor shall make no claim against the Government for delay or damages resulting from the actions of third parties, including, but limited to utilities.
ARTICLE 18. PATENT INDEMNITY—Except as otherwise provided, the Contractor agrees to indemnify the Government and its officers, agents, and employees against liability, including costs and expenses, for infringement upon any Letters Patent of the United States (except Letters Patent issued upon an application which is now or may hereafter be, for reasons of national security, ordered by the Federal Government to be kept classified or otherwise withheld from issue) arising out of the performance of the Contract or out of the use or disposal, by or for the account of the Government, of supplies furnished or construction work performed hereunder.

Provided that upon the failure of the Contractor to furnish such additional security within ten (10) days after written notice so to do, all payments under the Contract will be withheld until such additional security is furnished.

ARTICLE 20. COVENANT AGAINST CONTINGENT FEES—The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the Government shall have the right to terminate the Contract without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

ARTICLE 21. APPOINTMENT OF ATTORNEY—The Contractor does hereby irrevocably designate and appoint the Clerk of the Superior Court of the Government and his successors in office as the true and lawful attorney of the Contractor for the purpose of receiving service of all notices and processes issued by any court in the Government, as well as service of all pleadings and other papers, in relation to any action or legal proceeding arising out of or pertaining to the Contract or the work required or performed hereunder.

The Contractor expressly agrees that the validity of any service upon the said Clerk as herein authorized shall not be affected either by the fact that the Contractor was personally within the District of Columbia and otherwise subject to personal service at the time of such service upon the said Clerk or by the fact that the Contractor failed to receive a copy of such process, notice, pleading or other paper so served upon the said Clerk, provided that said Clerk shall have deposited in the United States mail, certified and postage prepaid, a copy of such process, notice, pleading or other papers addressed to the Contractor at the address stated in the Contract.

ARTICLE 22. GRATUITIES AND GOVERNMENT EMPLOYEES NOT TO BENEFIT

A. gratuities to any such officer or employee.

C. Unless a determination is made as provided herein, no officer or employee of the
Government will be admitted to any share or part of this contract or to any benefit that
may arise therefrom, and any contract made by the Contracting Officer or any
Government employee authorized to execute contracts in which they or an employee of
the Government will be personally interested shall be
void, and no payment shall be made thereon by the Government or any officer thereof, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit. A Government employee shall not be a party to a contract with the Government and will not knowingly cause or allow a business concern or other organization owned or substantially owned or controlled by the employee to be a party to such a contract, unless a written determination has been made by the head of the procuring agency that there is a compelling reason for contracting with the employee, such as when the Government’s needs cannot reasonably otherwise be met. [DC Procurement Practices Act of 1985, D.C. Law 6-85, D.C. Official Code, section 2-310.01, and Chapter 18 of the DC Personnel Regulations] (Or relevant local law). B. DOMESTIC CONSTRUCTION MATERIAL—"Construction material” means any article, material or supply brought to the construction site for incorporation in the building or work. An unmanufactured construction material is a “domestic construction material” if it has been mined or produced in the United States. A manufactured construction material is a “domestic construction material” if it has been manufactured in the United States and if the cost of its components which have been mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. “Component” means any article, material, or supply directly incorporated in a construction material. -

The Contractor shall, when purchasing such materials, furnish his suppliers with a Contractor’s Exempt Purchase Certificate in the form prescribed in the Sales and Use Tax Regulations of the Government. Where the Contractor, subcontractor or material man has already paid the Sales and Use Tax on material, as prescribed above, the Sales and Use Tax Regulations of the Government permit the Contractor, subcontractor or material man to deduct the sales or use tax on the purchase price of the same on his next monthly return as an adjustment. However, the Contractor, subcontractor or material man must satisfy the Chief Financial Officer for the Government that no sum in reimbursement of such tax was included in the Contract or else that the Government has received a credit under the Contract in an amount equal to such tax.

Government Sales and Use Tax shall be paid on any material and supplies, including equipment rentals, which do not become a physical part of the finished project. [See Government of Columbia Sales and Use Tax Administration Ruling No. 6] (Or relevant local law).

If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Contracting Officer in the administration of the Contract, or by his failure to act within the time specified in the Contract (or if no time is specified, within a reasonable time), an adjustment will be made for an increase in the cost of performance of the Contract (excluding profit) necessarily caused by such unreasonable suspension, delay or interruption and the Contract modified in writing accordingly. However, no adjustment will be made under this Article for any suspension, delay or interruption to the extent:

1. That performance would have been so suspended, delayed or interrupted by any
other cause, including the fault or negligence of the contractor, or

2. For which an equitable adjustment is provided or excluded under any other provision of the Contract.

No claim under this Article shall be allowed:

1. For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall no apply as to a claim resulting from a suspension order), and

Copies of these reports shall be furnished to the Contracting Officer within two working days after occurrence.

The Contracting Officer will notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately take corrective action. Such notice, when delivered to the Contractor or his representative at the site of the work, shall be deemed sufficient for the purpose. If the Contractor fails or refuses to comply promptly, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. No part of the time lost due to any such stop orders shall be made the subject of claim for extension of time or for excess costs or damages by the Contractor.

This Article is applicable to all subcontractors used under the Contract and compliance with these provisions by the subcontractors will be the responsibility of the Contractor.

**ARTICLE 30. ADMINISTRATIVE LIQUIDATED DAMAGES**—In addition to any other liquidated damages provided for in the Contract, the Contractor hereby agrees that the Government may assess administrative liquidated damages for the Contractor’s failure to submit when due any deliverable required by the Contract. Unless otherwise prescribed by the Contracting Officer, the rate of the administrative liquidated damages shall be $250 per day until the required deliverable is received and accepted by the Government. The Government’s remedies for failure to comply with the Contract terms and conditions are cumulative and not exclusive. Nothing herein shall be construed to limit the Government’s ability to terminate the Contractor for the failure to submit Contract deliverables when due.

The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, family responsibilities, matriculation, political affiliation, or physical handicap. SBE SUBCONTRACTING PLAN

INSTRUCTIONS: All construction & non-construction contracts for government-assisted projects (agency contracts & private project with District subsidy) over $250,000, shall require at least 35% of the amount of the contract (total amount of agency contract or total private project development costs) be subcontracted to Small Business Enterprises (SBE), if insufficient qualified SBEs to Certified Business Enterprises (CBE). The SBE Subcontracting Plan must list all SBE and CBE subcontracts at every tier. Once the SBE Subcontracting Plan is submitted for agency contracts, options & extensions, it can only be amended with DSLBD’s consent.

SUBMISSION OF SBE SUBCONTRACTING PLAN:
- For agency solicitations - submit to agency with bid/proposal.
- For agency options & extensions - submit to agency before option or extension exercised.
- For private projects - submit to DSLBD, agency project manager and District of Columbia Auditor, with each quarterly report. As private projects may not have awarded all contracts at the time the District subsidy is granted, the SBE Subcontracting Plan may be submitted simultaneously with each quarterly report and list all SBE/CBE subcontracts executed by the time of submission.

CREDIT: For each subcontract listed on the SBE Subcontracting Plan, credit will only be given for the portion of the subcontract performed, at every tier, by a SBE/CBE using its own organization and resources. COPIES OF EACH FULLY EXECUTED SUBCONTRACT WITH SBEs and CBEs (AT EVERY TIER) MUST BE PROVIDED TO RECEIVE CREDIT.

EXEMPTION: If the Beneficiary (Prime Contractor or Developer) is a CBE and will perform the ENTIRE government-assisted project with its own organization and resources and will NOT subcontract any portion of the services and goods, then the CBE is not required to subcontract 35% to SBEs.
