 Contracting Officer
 District of Columbia Department of General Services
 1250 U Street, NW, 3rd Floor
 Washington, DC 20009

Reference: Invitation for Bid DCAM-19-CS-IFB-0019
 Construction Services for Engine House No. 23 Renovations and Upgrades

Dear Mr. Austin:

On behalf of [INSERT NAME OF BIDDER] (the “Bidder”), I am pleased to submit this bid in response to the Department of General Services’ (the “Department” or “DGS”) Invitation for Bid (the “IFB”) for the Construction Services for the FEMS Engine House No. 23 Renovations and Upgrades. The Bidder has reviewed the IFB and the attachments thereto, any addenda thereto, and the proposed Form of Contract (collectively, the “Bid Documents” or “Contract Documents”) and has conducted such due diligence and analysis as the Bidder, in its sole judgment, has deemed necessary in order to submit its bid in response to the IFB. The Bidder’s bid and the Lump Sum Price are based on the Bid Documents as issued and assume no material alteration of the terms of the Bid Documents. (Collectively, the bid and the Lump Sum Price are referred to as the “Bidder’s Bid”.)

The Bidder’s Bid is as follows:

DESCRIPTION		
Construction Services for FEMS Engine House No. 23 Renovations and Upgrades as described in the Scope of Work and Project Drawings and Specifications (Attachment J.1):		
CLIN		Lump Sum Price
0001	Construction	\$ _____
Allowances	Temporary Kitchen	\$ <u>10,000.00</u>
	Existing Conditions/Permits	\$ <u>40,000.00</u>
	Temporary Housing	\$ <u>700,000.00</u>
	ALLOWANCES TOTAL:	\$ <u>750,000.00</u>

	LUMP SUM PRICE W/ ALLOWANCES:	\$ _____
--	--------------------------------------	----------

The Bidder shall take into a consideration that the allowances are considered additional construction capital used at DGS discretion. Allowances are not intended to cover cost of Base Contract work and reasonably inferred work for said Base Contract work. Contractor’s Base Bid shall include all services, installations, and cost required to complete the project and systems as if there were no Allowances.

LUMP SUM PRICE W/ ALLOWANCES IN WORDS:

Add Alternate	Description	Price
0002		\$ _____

The Bidder shall submit a completed Price Schedule Bid Form (**Exhibit 1**), providing the price for each Division Component, to develop the Bidder’s Lump Sum price. The sum of all the prices for each Division Component must equal the Lump Sum Price for CLIN 0001. In the event of discrepancies between or among the Lump Sum Price and the Price Schedule Bid Form of each Division Component, the Lump Sum Price shall control.

The Bidder’s Bid is based on and subject to the following conditions:

1. The Bidder agrees to hold its bid open for a period of at least one hundred twenty (120) days after the IFB closing date.
2. Assuming the Bidder is selected by the Department and subject only to the changes requested in paragraph 5, the Bidder agrees to enter into a contract with the Department on the terms and conditions described in the Bid Documents within ten (10) days of the notice of the award.
3. Both the Bidder and the undersigned represent and warrant that the undersigned has the full legal authority to submit this bid form and bind the Bidder to the terms of the Bidder’s bid. The Bidder further represents and warrants that no further action or approval must be obtained by the Bidder in order to authorize the terms of the Bidder’s bid.
4. The Bidder and its principal team members hereby represent and warrant that they have not: (i) colluded with any other group or person that is submitting a bid in response to the IFB in order to fix or set prices; (ii) acted in such a manner so as to discourage any other group or person from submitting a bid in response to the IFB; or (iii) otherwise engaged in conduct that would violate applicable anti-trust law.

5. The Bidder hereby certifies that neither it nor any of its team members have entered into any agreement (written or oral) that would prohibit any contractor, subcontractor or subconsultant that is certified by the District of Columbia Office of Department of Small and Local Business Enterprises as a Local, Small, Resident Owned or Disadvantaged Business Enterprise (collectively, “LSDBE Certified Companies”) from participating in the work if another company is awarded the contract.

6. This Form of Offer Letter and Bid Form are being submitted on behalf of [INSERT FULL LEGAL NAME, TYPE OF ORGANIZATION, AND STATE OF FORMATION FOR THE BIDDER].

Sincerely,

(a) Construction: _____ labor hours

(b) Non-Construction: _____ labor hours

7.2 In the table below, please list:

(1) The active contracts your organization currently holds with the Department of General Services, please include the contract number(s) as a part of your response; and

(2) The number of labor hours your organization has allocated to each active contract within the current fiscal year. (Note, if more entries are required, please list an attached addendum to this document).

	Contract Number	Labor Hours Allocated

PART 8: RESPONSE UPDATE REQUIREMENT

8.1 In accordance with the requirement of Section 302(c) of the Procurement Practices Reform Act of 2010 (D.C. Official Code § 2-353.02), the Bidder/Offeror shall update any response provided in Section I of this form during the term of this contract:

(a) Within sixty (60) days of a material change to a response; and

(b) Prior to the exercise of an option year contract.

PART 9: FREEDOM OF INFORMATION ACT (FOIA)

9.1 Indicate whether the Bidder/Offeror asserts that any information provided in response to a question in Section I is exempt from disclosure under the District of Columbia Freedom of Information Act (FOIA), effective March 25, 1977 (D.C. Law 1-96; D.C. Official Code §§ 2-531, et seq.). Include the question number(s) and explain the basis for the claim. (The District will determine whether such information is, in fact, exempt from FOIA at the time of request for disclosure under FOIA.) Yes No

SECTION II. ADDITIONAL REQUIRED BIDDER/OFFEROR CERTIFICATIONS

Instructions for Section II: Section II contains six (6) parts. Part 1 requests information concerning District of Columbia employees. Part 2 applies to the Bidder/Offeror's pricing. Part 3 relates to equal employment opportunity requirements. Part 4 relates to First Source requirements. Part 5 relates to employment eligibility obligations. Part 6 relates to Language Access obligations.

PART 1. DISTRICT EMPLOYEES NOT TO BENEFIT

The Bidder/Offeror certifies that:

1.2 No person listed in clause 13 of the Standard Contract Provisions, "District Employees Not To Benefit", will benefit from this contract.

1.3 The following person(s) listed in clause 13 of the Standard Contract Provisions may benefit from this contract. (For each person listed, attach the affidavit required by clause 13.)

(a) _____

(b) _____

PART 2: INDEPENDENT PRICE DETERMINATION REQUIREMENTS

The Bidder/Offeror certifies that:

2.1 The signature of the Bidder/Offeror is considered to be a certification by the signatory that:

(a) The contract prices have been arrived at independently without, for the purpose of restricting competition, any consultation, communication or agreement with any bidder/offeror or competitor related to:

- (i) Those prices;
- (ii) The intention to submit a bid/proposal; or
- (iii) The methods or factors used to calculate the prices in the contract.

(b) The prices in this contract have not been and will not be knowingly disclosed by the Bidder/Offeror, directly or indirectly, to any other bidder/offeror or competitor before bid/proposal opening unless otherwise required by law; and

(c) No attempt has been made or will be made by the Bidder/Offeror to induce any other concern to submit or not to submit a contract for the purpose of restricting competition.

2.2 The signature on the bid/proposal is considered to be a certification by the signatory that the signatory:

(a) Is the person in the Bidder's/Offeror's organization responsible for determining the prices being offered in this contract, and that the signatory has not participated and will not participate in any action contrary to subparagraphs 2.1(a)(i) through (a)(iii) above; or

(b) Has been authorized, in writing, to act as an agent for the following principal in certifying that the principal has not participated, and will not participate, in any action contrary to subparagraphs 2.1(a)(i) through (a)(iii) above:

[Insert full name of person(s) in the organization responsible for determining the prices offered in this contract and the title of his or her position in the Bidder's/Offeror's organization]

(i) As an authorized agent, certifies that the principals named in subparagraph 2.2(b) above have not participated, and will not participate, in any action contrary to subparagraphs 2.1(a)(i) through (a)(iii) above; and

(ii) As an agent, has not participated and will not participate in any action contrary to subparagraphs 2.1(a)(i) through (a)(iii) above.

2.3 If the Bidder/Offeror deletes or modifies subparagraph 2.1(b) above, the bidder/offeror must furnish with its bid a signed statement setting forth in detail the circumstances of the disclosure.

2.4 The Bidder/Offeror certifies that:

(a) there are no other entities related to it that are responding to or bidding on the subject solicitation or invitation to bid. Related entities include, but are not limited to, any entity that shares management positions, board positions, shareholders, or persons with a financial interest in the Bidder/Offeror.

(b) there are no current or former owners, partners, officers, directors, principals, managers, employees or any persons with a financial interest in the Bidder/Offeror who have a financial interest in the request for proposal or invitation for bid or any asset, tangible or intangible, arising out of any contract or scope of work related to the request for proposal or invitation for bid.

With regards to 2.4 (b), if the Bidder/Offeror has knowledge of such a financial interest, please provide a detailed explanation.

PART 3: EQUAL OPPORTUNITY AND HUMAN RIGHTS OBLIGATIONS

3.1 I hereby certify that I am fully aware of the contents of Mayor's Order 85-85, Mayor's Order 2017-313 and the Office of Human Rights' regulations in Chapter 11 of the DCMR, and agree to comply with them while performing this contract.

PART 4: FIRST SOURCE OBLIGATIONS

4.1 I hereby certify that I am fully aware of the requirements of the Workforce Intermediary Establishment and Reform of the First Source Amendment Act of 2011 (D.C. Law 19-84), and agree to enter into a First Source Employment Agreement with the Department of Employment Services if awarded any contract valued at \$300,000 or more which receives funds or resources from the District, or funds or resources which, in accordance with a federal grant or otherwise, is administered by the District government.

4.2 I certify that the Initial Employment Plan submitted with my bid or proposal is true and accurate.

PART 5: EMPLOYMENT ELIGIBILITY OBLIGATIONS

5.1 I hereby certify that the Bidder/Offeror has verified the identity and employment eligibility of all its employees.

PART 6: LANGUAGE ACCESS OBLIGATIONS

6.1 For contracts where the contracting agency is a "covered entity" or "covered entity with major public contact" as defined in Sections 2(2) and 2(3) of the Language Access Act of 2004 (D.C. Official Code § 2-1931(2) and § 2-1931(3)), I hereby certify that I will comply with Language Access compliance requirements of the contracting agency while performing this contract.

SECTION III. BUY AMERICAN ACT CERTIFICATION

Instructions for Section III: Section III contains one (1) part which should only be completed if goods are being provided that are subject to the requirements of the Buy American Act.

PART 1: BUY AMERICAN ACT COMPLIANCE

SBE Subcontracting Plan Form

SBE SUBCONTRACTING PLAN

INSTRUCTIONS: All construction & non-construction contracts for **government-assisted projects (agency contracts & private project with District subsidy)** over \$250,000, shall require at least 35% of the amount of the contract (total amount of agency contract or total private project development costs) be subcontracted to Small Business Enterprises (SBE), if insufficient qualified SBEs to Certified Business Enterprises (CBE). The SBE Subcontracting Plan must list all SBE and CBE subcontracts at every tier. Once the SBE Subcontracting Plan is submitted for agency contracts, options & extensions, it can only be amended with DSLBD's consent.

SUBMISSION OF SBE SUBCONTRACTING PLAN:

- ▲ For **agency** solicitations - submit to agency with bid/proposal.
- ▲ For **agency** options & extensions - submit to agency before option or extension exercised.
- ▲ For **private projects** - submit to DSLBD, agency project manager and District of Columbia Auditor, with each quarterly report. As private projects may not have awarded all contracts at the time the District subsidy is granted, the SBE Subcontracting Plan may be submitted simultaneously with each quarterly report and list all SBE/CBE subcontracts executed by the time of submission.

CREDIT: For each subcontract listed on the SBE Subcontracting Plan, credit will only be given for the portion of the subcontract performed, at every tier, by a SBE/CBE using *its own organization and resources*. **COPIES OF EACH FULLY EXECUTED SUBCONTRACT WITH SBEs and CBEs (AT EVERY TIER) MUST BE PROVIDED TO RECEIVE CREDIT.**

EXEMPTION: If the **Beneficiary (Prime Contractor or Developer)** is a CBE and will perform the ENTIRE **government-assisted project** with its *own organization and resources* and will NOT subcontract any portion of the services and goods, then the CBE is not required to subcontract 35% to SBEs.

2019 Living Wage Act Notice and Fact Sheet

GOVERNMENT OF THE DISTRICT OF COLUMBIA

Department of Employment Services

MURIEL BOWSER
MAYOR

DR. UNIQUE MORRIS-HUGHES
ACTING DIRECTOR

LIVING WAGE ACT FACT SHEET

The Living Wage Act of 2006, D.C. Official Code §§ 2-220.01 – 2-220.11, provides that District of Columbia government contractors and recipients of government assistance (grants, loans, tax increment financing) in the amount of \$100,000 or more shall pay affiliated employee wages at no less than the current living wage rate.

Effective January 1, 2019, the living wage rate is \$14.50 per hour.

Subcontractors of D.C. government contractors who receive \$15,000 or more from the contract and subcontractors of the recipients of government assistance who receive \$50,000 or more from the assistance are also required to pay their affiliated employees no less than the current living wage rate.

“Affiliated employee” means any individual employed by a recipient who receives compensation directly from government assistance or a contract with the District of Columbia government, including any employee of a contractor or subcontractor of a recipient who performs services pursuant to government assistance or a contract. The term “affiliated employee” does not include those individuals who perform only intermittent or incidental services with respect to the government assistance or contract, or who are otherwise employed by the contractor, recipient or subcontractor.

Exemptions – The following contracts and agreements are exempt from the Living Wage Act:

1. Contracts or other agreements that are subject to higher wage level determinations required by federal law (i.e., if a contract is subject to the Service Contract Act and certain wage rates are lower than the District’s current living wage, the contractor must pay the higher of the two rates);
2. Existing and future collective bargaining agreements, provided that the future collective bargaining agreement results in the employee being paid no less than the current living wage;
3. Contracts for electricity, telephone, water, sewer or other services provided by a regulated utility;
4. Contracts for services needed immediately to prevent or respond to a disaster or imminent threat to public health or safety declared by the Mayor;
5. Contracts or other agreements that provide trainees with additional services including, but not limited to, case management and job readiness services, provided that the trainees do not replace employees subject to the Living Wage Act;
6. An employee, under 22 years of age, employed during a school vacation period, or enrolled as full-time student, as defined by the respective institution, who is in high school or at an accredited institution of higher education and who works less than 25 hours per week; provided that he or she does not replace employees subject to the Living Wage Act;

7. Tenants or retail establishments that occupy property constructed or improved by receipt of government assistance from the District of Columbia; provided, that the tenant or retail establishment did not receive direct government assistance from the District of Columbia;
8. Employees of nonprofit organizations that employ not more than 50 individuals and qualify for taxation exemption pursuant to Section 501 (c) (3) of the Internal Revenue Code of 1954, approved August 16, 1954 (68 A Stat. 163; 26. U.S.C. §501(c)(3));
9. Medicaid provider agreements for direct care services to Medicaid recipients, **provided, that** the direct care service is not provided through a home care agency, a community residence facility, or a group home for persons with intellectual disabilities as those terms are defined in section 2 of the Health-Care and Community Residence Facility, Hospice, and Home Care Licensure Act of 1983; D.C. Official Code § 44-501; and
10. Contracts or other agreements between managed care organizations and the Health Care Safety Net Administration or the Medicaid Assistance Administration to provide health services.

Enforcement

The Department of Employment Services (DOES) Office of Wage-Hour and the D.C. Office of Contracting and Procurement share monitoring responsibilities.

Furthermore, as of November 12, 2015, the US Court of Appeals upheld “The Home Care Final Rule”, issued on October 1, 2013, which had an effective date of January 1, 2015. The Department of Labor issued the Home Care Final Rule to extend overtime protections to home care workers and workers who provide companionship services. Employers within this industry are now subject to recordkeeping provisions.

If you learn that a contractor subject to this law is not paying at least the current living wage, you should report it to the contracting officer. If you believe that your employer is subject to this law and is not paying at least the current living wage, you may file a complaint with the DOES Office of Wage - Hour, located at 4058 Minnesota Avenue, N.E. Suite 3600, Washington, D.C. 20019, call (202) 671-1880, or file your claim on-line: www.does.dc.gov. Go to “File a Claim” tab.

For questions and additional information, contact the Office of Contracting and Procurement at (202) 727-0252 or the Department of Employment Services on (202) 671-1880.

Please note: *This fact sheet is for informational purposes only as required by Section 106 of the Living Wage Act. It should not be relied on as a definitive statement of the Living Wage Act or any regulations adopted pursuant to the law.*

THE LIVING WAGE ACT OF 2006

D.C. Official Code §§ 2-220.01 – 2-220.11

Recipients of new contracts or government assistance shall pay affiliated employees and subcontractors who perform services under the contracts no less than the current living wage.

Effective January 1, 2019, the living wage rate is \$14.50 per hour.

The requirement to pay a living wage applies to:

- All recipients of contracts in the amount of \$100,000 or more, and all subcontractors that receive \$15,000 or more from the funds received by the recipient from the District of Columbia, and
- All recipients of government assistance in the amount of \$100,000 or more, and all subcontractors of these recipients that receive \$50,000 or more from the government assistance received by the recipient from the District of Columbia.

“Contract” means a written agreement between a recipient and the District government.

“Government assistance” means a grant, loan, or tax increment financing that result in a financial benefit from an agency, commission, instrumentality, or other entity of the District government.

“Affiliated employee” means any individual employed by a recipient who received compensation directly from government assistance or a contract with the District of Columbia government, including employees of the District of Columbia, any employee of a contractor or subcontractor of a recipient who performs services pursuant to government assistance or contract. The term “affiliated employee” does not include those individuals who perform only intermittent or incidental services with respect to the contract or government assistance or who are otherwise employed by the contractor, recipient, or subcontractor.

Certain exemptions apply: 1) contracts or agreements subject to wage determinations required by federal law which are higher than the wage required by this Act; 2) Existing and future collective bargaining agreements, provided that the future agreements results in employees being paid no less than the current living wage; 3) contracts performed by regulated utilities; 4) contracts for services needed immediately to prevent or respond to a disaster or imminent threat declared by the Mayor; 5) contracts awarded to recipients that provide trainees with services, including but not limited to case management and job readiness services, provided the trainee does not replace employees; 6) employees under 22 years of age employed during a school vacation period, or enrolled as a full-time student who works less than 25 hours per week; 7) tenants or retail establishments that occupy property constructed or improved by government assistance, provided there is no receipt of direct District government assistance; 8) employees of nonprofit organizations that employ not more than 50 individuals and qualify for 501(c)(3) status; 9) Medicaid provider agreements for direct care services to Medicaid recipients, **provided, that** the direct care service is not provided through a home care agency, a community residence facility, or a group home for persons with intellectual disabilities as those terms are defined in section 2 of the Health-Care and Community Residence Facility, Hospice, and Home Care Licensure Act of 1983; D.C. Official Code § 44-501; and 10) contracts or agreements between managed care organizations and the Health Care Safety Net Administration or the Medicaid Assistance Administration to provide health services.

Home Care Final Rule: The Department of Labor extended overtime protections to home care workers and workers who provide companionship services. Employers within this industry are now subject to recordkeeping provisions.

Each recipient and subcontractor of a recipient shall provide this notice to each affiliated employee covered by this notice, and shall also post this notice in a conspicuous site in its place of business.

All recipients and subcontractors shall retain payroll records created and maintained in the regular course of business under District of Columbia law for a period of at least 3 years.

To file a claim, visit: Department of Employment Services , Office of Wage-Hour, 4058 Minnesota Avenue, NE, Suite 3600, Washington, D.C. 20019; call: (202) 671-1880; or file your claim on-line: does.dc.gov. Go to “File a Claim” tab.

U.S. Department of Labor Davis Bacon Wage Determination

"General Decision Number: DC20190002 09/13/2019

Superseded General Decision Number: DC20180002

State: District of Columbia

Construction Type: Building

County: District of Columbia Statewide.

BUILDING CONSTRUCTION PROJECTS (does not include single family homes or apartments up to and including 4 stories).

Note: Under Executive Order (EO) 13658, an hourly minimum wage of \$10.60 for calendar year 2019 applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2015. If this contract is covered by the EO, the contractor must pay all workers in any classification listed on this wage determination at least \$10.60 per hour (or the applicable wage rate listed on this wage determination, if it is higher) for all hours spent performing on the contract in calendar year 2019. If this contract is covered by the EO and a classification considered necessary for performance of work on the contract does not appear on this wage determination, the contractor must pay workers in that classification at least the wage rate determined through the conformance process set forth in 29 CFR 5.5(a)(1)(ii) (or the EO minimum wage rate, if it is higher than the conformed wage rate). The EO minimum wage rate will be adjusted annually. Please note that this EO applies to the above-mentioned types of contracts entered into by the federal government that are subject to the Davis-Bacon Act itself, but it does not apply to contracts subject only to the Davis-Bacon Related Acts, including those set forth at 29 CFR 5.1(a)(2)-(60). Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of ""identifiers"" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than ""SU"" or ""UAVG"" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the ""SU"" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

This First Source Employment Agreement (Agreement), in accordance with Workforce Intermediary Establishment and Reform of the First Source Amendment Act of 2011 (D.C. Official Code §§ 2-219.01 – 2.219.05), and relevant provisions of the Apprenticeship Requirements Amendment Act of 2004 (D.C. Official Code § 2-219.03 and § 32-1431) is a required agreement between the District of Columbia Department of Employment Services (DOES) and EMPLOYER.

EMPLOYER, which includes the Beneficiary and all contractors and subcontractors, is working on a contract or project that has received:

D.C. Government assistance valued between \$300,000 and \$5 million dollars, required to make a good faith effort to ensure that 51% of all new hires are District residents. (D.C. Official Code § 2-219(e)(1)(A))

D.C. Government assistance valued at \$5 million or more, required to have the following percentage of hours worked in each classification by DC residents; 20% of journey worker hours; 60% of apprentice hours; 51% of skilled laborer hours; 70% of common laborer hours for all jobs created by the Project. (D.C. Official Code §2-219.03 (1A)(A))

DOES is the first source for recruitment, referral, and placement of new hires or employees for all jobs created by the Government Assisted Project or Contract (Project).

The Parties agree to the terms and conditions of the Agreement as follows:

I. DEFINITIONS

The following definitions shall govern the terms used in this Agreement.

- A. **Apprentice** means a worker who is employed to learn an apprenticeable occupation under the terms and conditions of approved apprenticeship standards.
- B. **Beneficiary** means:
 - 1. The signatory to a contract executed by the Mayor which involves any District of Columbia government funds, or funds which, in accordance with a federal grant or otherwise, the District government administers and which details the number and description of all jobs created by a government-assisted Project for which the beneficiary is required to use the First Source Register;
 - 2. A recipient of a District government economic development action including contracts, grants, loans, tax abatements, land transfers for redevelopment, or tax increment financing that results in a financial benefit of \$300,000 or more from an agency, commission, instrumentality, or other entity of the District government, including a financial or banking institution which serves as the repository for \$1 million or more of District of Columbia funds.
- C. **Contracting Agency** means any District of Columbia agency that awarded a government assisted Project totaling \$300,000 or more.
- D. **Direct labor costs** means all costs, including wages and benefits, associated with the hiring and employment of personnel assigned to a process in which payroll expenses are traced to the units of output and are included in the cost of goods sold.
- E. **EMPLOYER** means any entity awarded a government assisted Project totaling \$300,000 or more, including all individual contractor and subcontractor entities at any tier who work on the Project.
- F. **First Source Employer Portal** is a website consisting of a connected group of static and dynamic web pages with the ability for Employers to enter data using the internet. The website is accessible by a Uniform Resource Locator (URL) and is maintained by DOES. The website provides reporting information to First Source EMPLOYERS.
- G. **First Source Register** means the DOES Automated Applicant Files, which consists of the names of DC residents registered with DOES.
- H. **Good faith effort** means an EMPLOYER has exhausted all reasonable means to comply with any affirmative action, hiring, or contractual goal(s) pursuant to the First Source law and Agreement.
- I. **Government-assisted project or contract (Project)** means any construction or non-construction Project that receives funds or resources, valued at \$300,000 or more, from the District of Columbia, or funds or resources which, in accordance with a federal grant or otherwise, the District of Columbia government administers, including contracts, grants, loans, tax abatements or exemptions, land transfers, land disposition and development agreements, tax increment financing, or any combination of the aforementioned.

- J. **Hard to employ** means a District of Columbia resident who is confirmed by DOES as:
1. An ex-offender who has been released from prison within the last 10 years;
 2. A participant of the Temporary Assistance for Needy Families program;
 3. A participant of the Supplemental Nutrition Assistance Program;
 4. Living with a permanent disability verified by the Social Security Administration or District vocational rehabilitation program;
 5. Unemployed for 6 months or more in the last 12-month period;
 6. Homeless;
 7. A participant or graduate of the Transitional Employment Program established by [§ 32-1331](#); or
 8. An individual who qualified for inclusion in the Work Opportunity Tax Credit Program as certified by the Department of Employment Services.
- K. **Indirect labor costs** means all costs, including wages and benefits, that are part of operating expenses and are associated with the hiring and employment of personnel assigned to tasks other than producing products.
- L. **Jobs** means any union and non-union managerial, non-managerial, professional, nonprofessional, technical or nontechnical position including: clerical and sales occupations, service occupations, processing occupations, machine trade occupations, bench work occupations, structural work occupations, agricultural, fishery, forestry, and related occupations, and any other occupations as the Department of Employment Services may identify in the Dictionary of Occupational Titles, United States Department of Labor.
- M. **New Hire:** Individual(s) newly hired by the EMPLOYER to perform work on a government assisted Project.
- N. **Transfer:** Existing EMPLOYER employee who has been moved from one Project to another Project.
- O. **Journeyman** means a worker who has attained a level of skill, abilities and competencies recognized within an industry as having mastered the skills and competencies required for the occupation.
- P. **Revised Employment Plan** means a document prepared and submitted by the EMPLOYER that includes the following:
1. A projection of the total number of hours to be worked on the Project by trade;
 2. A projection of the total number of journey worker hours, by trade, to be worked on the Project and the total number of journey worker hours, by trade, to be worked by DC residents;
 3. A projection of the total number of apprentice hours, by trade, to be worked on the Project and the total number of apprentice hours, by trade, to be worked by DC residents;
 4. A projection of the total number of skilled laborer hours, by trade, to be worked on the Project and the total number of skilled laborer hours, by trade, to be worked by DC residents;
 5. A projection of the total number of common laborer hours to be worked on the

Project and the total number of common laborer hours to be worked by DC residents;

6. A timetable outlining the total hours worked by trade over the life of the Project and an associated hiring schedule;
7. Descriptions of the skill requirements by job title or position, including industry-recognized certifications required for the different positions;
8. A strategy to fill the hours required to be worked by DC residents pursuant to this paragraph, including a component on communicating these requirements to contractors and subcontractors and a component on potential community outreach partnerships with the University of the District of Columbia, the University of the District of Columbia Community College, the Department of Employment Services, Jointly Funded Apprenticeship Programs, the District of Columbia Workforce Intermediary, or other government-approved, community-based job training providers;
9. A remediation strategy to ameliorate any problems associated with meeting these hiring requirements, including any problems encountered with contractors and subcontractors;
10. The designation of a senior official from the EMPLOYER(S) or general contractor who will be responsible for implementing the hiring and reporting requirements;
11. Descriptions of the health and retirement benefits that will be provided to DC residents working on the Project;
12. A strategy to ensure that District residents who work on the Project receive ongoing employment and training opportunities after they complete work on the job for which they were initially hired and a review of past practices in continuing to employ DC residents from one Project to the next;
13. A strategy to hire graduates of District of Columbia Public Schools, District of Columbia public charter schools, and community-based job training providers, and hard-to-employ residents; and
14. A disclosure of past compliance with the Workforce Act and the Davis-Bacon Act, where applicable, and the bidder or offeror's general DC resident hiring practices on projects or contracts completed within the last 2 years.

Q. Tier Subcontractor means any subcontractor selected by the primary contractor to perform portion(s) or all work related to the trade or occupation area(s) on a Project subject to this First Source Agreement.

R. Washington Metropolitan Statistical Area means the District of Columbia; Virginia Cities of Alexandria, Fairfax, Falls Church, Fredericksburg, Manassas, and Manassas Park; the Virginia Counties of Arlington, Clarke, Fairfax, Fauquier, Loudon, Prince William, Spotsylvania, Stafford, and Warren; the Maryland Counties of Calvert, Charles, Frederick, Montgomery and Prince Georges; and the West Virginia County of Jefferson.

S. Workforce Intermediary Pilot Program means the intermediary between employers and training providers to provide employers with qualified DC resident job applicants. See DC Official Code § 2-219.04b.

II. GENERAL TERMS

- A. Subject to the terms and conditions set forth herein, DOES will receive the Agreement from the Contracting Agency no less than 7 calendar days in advance of the Project start date. No work associated with the relevant Project can begin until the Agreement has been accepted by DOES.
- B. The Beneficiary and/or EMPLOYER shall require all Project contractors and subcontractors, under a Project receiving government assistance or benefits valued at \$300,000 or more, to enter into an Agreement with DOES.
- C. Agreement will take effect once beneficiary/Employer awarded contract and start work on the government assisted Project and no work can begin prior to execution of the Agreement and will be fully effective through the duration, any extension or modifications of the Project and until such time as construction is complete and a certificate of occupancy is issued.
- D. If an EMPLOYER began work prior to the execution of a First Source Employment Agreement, the EMPLOYER shall cease work on the Project and sign a First Source Employment Agreement to be bound by the applicable First Source Employment Agreement requirements, retroactively, from the start of work throughout the duration of the contract.
- E. DOES will provide recruitment, referral, and placement services to the EMPLOYER, subject to the limitations in this Agreement.
- F. DOES and the EMPLOYER agree that, for purposes of this Agreement, new hires and jobs created for the Project (both union and nonunion) include all of EMPLOYER'S job openings and vacancies in the Washington Metropolitan Statistical Area created for the Project as a result of internal promotions, terminations, and expansions of the EMPLOYER'S workforce, as a result of this Project.
- G. This Agreement includes apprentices as defined in D.C. Official Code §§ 32-1401-1431.

DOES will make every effort to work within the terms of all collective bargaining agreements to which the EMPLOYER is a party. The EMPLOYER will provide DOES with written documentation that the EMPLOYER has provided the representative of any collective bargaining unit involved with this Project a copy of this Agreement and has requested comments or objections. If the representative has any comments or objections, the EMPLOYER will promptly provide them to DOES.

The EMPLOYER who contracts with the District of Columbia government to perform construction, renovation work, or information technology work with a single contract, or cumulative contracts, of at least \$500,000, within a 12-month period will be required to register an apprenticeship program with the District of Columbia Apprenticeship Council as required by DC Code 32-1431.

- H. If, during the term of this Agreement, the EMPLOYER should transfer possession of all or a portion of its business concerns affected by this Agreement to any other party by lease, sale, assignment, merger, or otherwise this First Source Agreement shall remain in full force and effect and transferee shall remain subject to all provisions herein. In addition, the EMPLOYER as a condition of transfer shall:
 - 1. Notify the party taking possession of the existence of this EMPLOYER'S First Source Employment Agreement.
 - 2. Notify DOES within 7 business days of the transfer. This notice will include the

name of the party taking possession and the name and telephone of that party's representative.

- I. The EMPLOYER and DOES may mutually agree to modify this Agreement. Any modification shall be in writing, signed by the EMPLOYER and DOES and attached to the original Agreement.
- J. To the extent that this Agreement is in conflict with any federal labor laws or governmental regulations, the federal laws or regulations shall prevail.

III. TRAINING

- A. DOES and the EMPLOYER may agree to develop skills training and on-the-job training programs as approved by DOES; the training specifications and cost for such training will be mutually agreed upon by the EMPLOYER and DOES and will be set forth in a separate Training Agreement.

IV. RECRUITMENT

- A. The EMPLOYER shall complete the attached Revised Employment Plan that will include the information outlined in Section I.P.
- B. The EMPLOYER shall register and post all job vacancies with the Job Bank Services of DOES at www.dcnetworks.org a minimum of 10 days. Should you need assistance posting job vacancies, please contact Job Bank Services at (202) 698-6001.
- C. The EMPLOYER shall notify DOES of all new jobs created for the Project within at least 7 business days (Monday - Friday) of the EMPLOYERS' identification/creation of the new jobs. The Notice of New Job Creation shall include the number of employees needed by job title, qualifications and specific skills required to perform the job, hiring date, rate of pay, hours of work, duration of employment, and a description of the work to be performed. This must be done before using any other referral source.
- D. Job openings to be filled by internal promotion from the EMPLOYER'S current workforce shall be reported to DOES for placement and referral, if the job is newly created. EMPLOYER shall provide DOES a Notice of New Job Creation that details such promotions in accordance with Section IV.C.
- E. The EMPLOYER will submit to DOES, prior to commencing work on the Project, a list of Current Employees that includes the name, social security number, and residency status of all current employees, including apprentices, trainees, and laid-off workers who will be employed on the Project. All EMPLOYER information reviewed or gathered, including social security numbers, as a result of DOES' monitoring and enforcement activities will be held confidential in accordance with all District and federal confidentiality and privacy laws and used only for the purposes that it was reviewed or gathered.

V. REFERRAL

- A. DOES will screen applicants through carefully planned recruitment and training events and provide the EMPLOYER with a list of qualified applicants according to the number of employees needed by job title, qualifications and specific skills required to perform the job, hiring date, rate of pay, hours of work, duration of employment, and a description of the work to be performed as supplied by the EMPLOYER in its Notice of New Job Creation set forth above in Section IV.C.

- B. DOES will notify the EMPLOYER of the number of applicants DOES will refer, prior to the anticipated hiring dates.

VI. PLACEMENT

- A. EMPLOYER shall in good faith, use reasonable efforts to select its new hires or employees from among the qualified applicants referred by DOES. All hiring decisions are made by the EMPLOYER.
- B. In the event that DOES is unable to refer qualified applicants meeting the EMPLOYER'S established qualifications, within 7 business days (Monday - Friday) from the date of notification from the EMPLOYER, the EMPLOYER will be free to directly fill remaining positions for which no qualified applicants have been referred. However, the EMPLOYER shall still be required to meet the First Source hiring requirements or hours worked percentages for all jobs created by the Project.
- C. After the EMPLOYER has selected its employees, DOES is not responsible for the employees' actions and the EMPLOYER hereby releases DOES, and the Government of the District of Columbia, the District of Columbia Municipal Corporation, and the officers and employees of the District of Columbia from any liability for employees' actions.

VII. REPORTING REQUIREMENTS

- A. EMPLOYER with a single contract valued at \$300,000 or more on a Project that received government assistance totaling between \$300,000 and \$5,000,000, a provision that at least 51% of the new employees hired to work on the Project shall be District residents.
- B. EMPLOYER shall register in the First Source Online Registration and Reporting System for electronic submission of all monthly Contract Compliance data, weekly certified payrolls and any other documents required by DOES for reporting and monitoring.
- C. EMPLOYER shall submit to the Department of Employment Services each month following the start of the Project a hiring compliance report for the Project that includes the:
 - 1. Number of new job openings created/available;
 - 2. Number of new job openings listed with DOES, or any other District Agency;
 - 3. Number of DC residents hired for new jobs;
 - 4. Number of employees transferred to the Project;
 - 5. Number of DC residents transferred to the Project;
 - 6. Direct or indirect labor cost associated with the project;
 - 7. Each employee's name, job title, social security number, hire date, residence, and referral source; and
 - 8. Workforce statistics throughout the entire project tenure.
- D. EMPLOYER with a single contract valued at \$300,000 or more on a Project that received government assistance totaling \$5 million or more shall meet the following hours worked percentages for **all** jobs created by the Project:
 - 1. At least 20% of journey worker hours by trade shall be performed by DC residents;
 - 2. At least 60% of apprentice hours by trade shall be performed by DC residents;
 - 3. At least 51% of the skilled laborer hours by trade shall be performed by DC residents; and
 - 4. At least 70% of common laborer hours shall be performed by DC residents.

- E. EMPLOYERS shall provide the following cumulative statistics, that will be used to create the monthly report, by uploading certified payrolls or payroll data into the LCPtracker reporting system:
1. Number of journey worker hours worked by DC residents by trade;
 2. Number of hours worked by all journey workers by trade;
 3. Number of apprentice hours worked by DC residents by trade;
 4. Number of hours worked by all apprentices by trade;
 5. Number of skilled laborer worker hours worked by DC residents by trade;
 6. Number of hours worked by all skilled laborers by trade;
 7. Number of common laborer hours worked by DC residents by trade; and
 8. Number of hours worked by all common laborers by trade.
- F. EMPLOYER may “double count” hours for the “hard to employ” up to 15% of total hours worked by DC Residents; however, a collective bargaining agreement shall not be a basis for waiver of this requirement.
- G. For construction Projects that are not subject to Davis-Bacon law in which certified payroll records do not exist, EMPLOYER shall submit monthly documents of workers employed on the Project to DOES, including DC residents and all employment classifications of hours worked.
- H. EMPLOYER may also be required to provide verification of hours worked or hiring percentages of DC residents, such as internal payroll records for construction Projects that are not subject to Davis-Bacon.
- I. Monthly, EMPLOYER shall submit weekly certified payrolls from all subcontractors at any tier working on the Project to the Contracting Agency. EMPLOYER is also required to make payroll records available to DOES as a part of compliance monitoring, upon request at job sites.

VIII. FINAL REPORT AND GOOD FAITH EFFORTS

- A. With the submission of the final request for payment from the Contracting Agency, the Beneficiary and/or EMPLOYER shall:
1. Report to DOES its compliance with the hiring or hours worked percentage requirements for all jobs created by the Project, and report the hours that DC residents worked for each trade classifications in each area of the Project; or
 2. Submit to DOES a request for a waiver of the hiring or hours worked percentage requirements for all jobs created by the Project that will include the following documentation:
 - a. Documentation supporting EMPLOYER’S good faith effort to comply;
 - b. Referrals provided by DOES and other referral sources; and
 - c. Advertisement of job openings listed with DOES and other referral sources.
- B. DOES may waive or partially waive the hiring or hours worked percentage requirements for jobs created by the Project, and/or the required hours of DC residents for each trade classifications, if DOES finds that the Beneficiary or EMPLOYER, including its contractors or subcontractors:
1. DOES certified that Beneficiary or Employer demonstrated a good faith effort to comply, as set forth in Section VIII.C.; or

2. Is located outside the Washington Metropolitan Statistical Area, and none of the contract work is performed inside the Washington Metropolitan Statistical Area;
 3. The beneficiary published each job opening or part-time work needed for 7 calendar days in a District newspaper of city-wide circulation; and
 4. The DOES certified that there are insufficient eligible applicants from the First Source Register that possess the skills required by the positions, or the eligible applicants are not available for part-time work or do not have a means to travel to the onsite jobs; or
 5. Beneficiary/Employer entered into a special workforce development training or placement arrangement with DOES or with the District of Columbia Workforce Intermediary.
- C. DOES shall consider documentation of the following when making a determination of a good-faith effort to comply:
1. DOES has certified that there are insufficient number of District residents in the labor market possessing the skills required by the EMPLOYER for the positions created as a result of the Project.
 2. Whether the EMPLOYER posted the jobs on the DOES job website for a minimum of 10 calendar days;
 3. Whether the EMPLOYER advertised each job opening in a District newspaper with city-wide circulation for a minimum of 7 calendar days;
 4. Whether the EMPLOYER advertised each job opening in special interest publications and on special interest media for a minimum of 7 calendar days;
 5. Whether the EMPLOYER hosted informational/recruiting or hiring fairs;
 6. Whether the EMPLOYER contacted churches, unions, and/or additional Workforce Development Organizations;
 7. Whether the EMPLOYER interviewed employable candidates;
 8. Whether the EMPLOYER created or participated in a workforce development program approved by DOES;
 9. Whether the EMPLOYER created or participated in a workforce development program approved by the District of Columbia Workforce Intermediary;
 10. Whether the EMPLOYER substantially complied with the relevant monthly reporting requirements set forth in this section;
 11. Whether the EMPLOYER has submitted and substantially complied with its most recent employment plan that has been approved by DOES; and
 12. Any additional documented efforts.

IX. MONITORING

- A. DOES is the District agency authorized to monitor and enforce the requirements of the Workforce Intermediary Establishment and Reform of the First Source Amendment Act of 2011 (D.C. Official Code §§ 2 219.01 – 2.219.05), and relevant provisions of the Apprenticeship Requirements Amendment Act of 2004 (D.C. Official Code § 2-219.03 and § 32-1431). As a part of monitoring and enforcement, DOES may require and EMPLOYER shall grant access to Project sites, employees, and documents.
- B. EMPLOYER’S noncompliance with the provisions of this Agreement may result in the imposition of penalties.
- C. All EMPLOYER information reviewed or gathered, including social security numbers, as a result of DOES’ monitoring and enforcement activities will be held confidential in accordance with all District and federal confidentiality and privacy laws and used only for the purposes that it was reviewed or gathered.
- D. DOES shall monitor all Projects as authorized by law. DOES will:
 - 1. Review all contract controls to determine if the Beneficiary or EMPLOYER, including any Contractors or Subcontractors, are subject to the Workforce Intermediary Establishment and Reform of the First Source Amendment Act of 2011.
 - 2. Notify stakeholders and company officials and establish meetings to provide technical assistance involving the First Source Process.
 - 3. Make regular construction site visits to determine if the Prime or Subcontractors’ workforce is in concurrence with the submitted Agreement and Monthly Compliance Reports.
 - 4. Inspect and copy certified payroll, personnel records and any other records or information necessary to ensure the required workforce utilization is in compliance with the First Source Law.
 - 5. Conduct desk reviews of *Monthly Compliance Reports*.
 - 6. Educate EMPLOYERS about additional services offered by DOES, such as On-the-Job training programs and tax incentives for EMPLOYERS who hire from certain categories.
 - 7. Monitor and complete statistical reports that identify the overall project, contractor, and subcontractors’ hiring or hours worked percentages.
 - 8. Provide formal notification of non-compliance with the required hiring or hours worked percentages, or any alleged breach of the First Source Law to all contracting agencies, and stakeholders. ***(Please note: EMPLOYERS are granted 30 days to correct any alleged deficiencies stated in the notification.)***

X. PENALTIES

- A. Willful Breach of the Agreement by the EMPLOYER, failure to submit the contract compliance reports, deliberate submission of falsified data may result in DOES imposing a fine of 5% of the total amount of the direct and indirect labor costs of the Project, in addition to other penalties provided by law. Failure to meet the required hiring requirements or failure to receive good faith waiver may result in the Department of Employment Services

imposing a penalty equal to 1/8 of 1% of the total amount of the direct and indirect labor costs of the Project for each percentage by which the beneficiary fails to meet the hiring requirements.

- B. EMPLOYERS who have been found in violation 2 times or more over a 10 year period may be debarred and/or deemed ineligible for consideration for Projects for a period of 5 years.
- C. Within 90 days of a Determination of a Penalty, the Beneficiary or Employer may appeal the violations or fines by filing a complaint with the Contract Appeals Board in accordance with D.C. Code §2-360.03 and §2-360.04.

I hereby certify that I have the authority to bind the EMPLOYER to this Agreement from the start of work on the Project, throughout the duration of the Project, and agree to all terms and conditions herein.

Bid Guaranty Certification

Certification Letter for Cashier’s Check or Irrevocable Letter of Credit

Offerors who submit a cashier’s check or an irrevocable letter of credit (“Alternate Bid Security”) in lieu of a bid bond must also submit this certification, properly notarized, with their proposal. By executing this document, Offeror acknowledges that, if awarded this contract, Offeror shall be required to post promptly a payment and performance bond equal to the full value of the contract. In the event Offeror fails to post such payment and performance bond, the Offeror understands and agrees that; (i) the Department shall draw upon the Alternate Bid Security as liquidated damages; (ii) the award and or contract shall be terminated; (iii) for a period of two (2) years thereafter, the Department will not accept from such Offeror Alternate Bid Security in lieu of a bid bond; and (iv) the Offeror hereby waives the right to protest the termination of any such award or contract. The Offeror further acknowledges and agrees that the damages the Department would experience in the event such award or contract are terminated due to the Offeror’s failure to post a payment and performance bond are difficult to determine and that the value of the Alternate Bid Security represents a reasonable estimate of the damages the Department would incur.

Within DGS, the Director is the Chief Contracting Officer. The Director may make delegations of procurement authority to additional contracting officers within DGS.
- D. "Contract Documents" or "Contract" as used herein means Addenda, Contract Form, Standard Contract Provisions, Instructions to Bidders, General Provisions, Labor Provisions, Performance and Payment Bonds, Specifications, Special Provisions, Contract Drawings, approved written Change Orders and Agreements required to acceptably complete the Contract, including authorized extensions thereof.

ARTICLE 2. SPECIFICATIONS AND DRAWINGS—The Contractor shall keep on the work site a copy of Contract drawings and specifications and shall at all times give the Contracting Officer access thereto. Anything mentioned in the specifications and not shown on the Contract drawings, or shown on the Contract drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

There shall be no change orders or equitable adjustments for work related to items appearing in either the Contract drawing or specifications.

All Contract requirements are equally binding. Each Contract requirement, whether or not omitted elsewhere in the Contract, is binding as though occurring in any or all parts of the Contract. In case of discrepancy:

- 1. The Contracting Officer shall be promptly notified in writing of any error, discrepancy or omission, apparent or otherwise.
- 2. Applicable Federal, State, and Municipal Code requirements have priority over: the Contract form, General Provisions, Change Orders, Addenda, Contract drawings, Special Provisions and Specifications.
- 3. The Contract form, Standard Contract Provisions, General Provisions and Labor Provisions have priority over: Change Orders, Addenda, Contract drawings, Special Provisions and Specifications.
- 4. Change Orders have priority over: Addenda, Contract drawings and Specifications.
- 5. Addenda have priority over: Contract drawings, Special Provisions and Specifications. A later dated Addendum has priority over earlier dated Addenda.
- 6. Special Provisions have priority over: Contract drawings and other specifications.

7. Shown and indicated dimensions have priority over scaled dimensions.
8. Original scale drawings and details have priority over any other different scale drawings and details.
9. Large scale drawings and details have priority over small scale drawings and details.
10. Any adjustment by the Contractor without a prior determination by the Contracting Officer shall be at his own risk and expense. The Contracting Officer will furnish from time to time such detail drawings and other information as he may consider necessary, unless otherwise provided.

ARTICLE 3. CHANGES

- A. DESIGNATED CHANGE ORDERS**—The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make any change in the work within the general scope of the Contract, including but not limited to changes
1. In the Contract drawings and specifications;
 2. In the method or manner of performance of the work;
 3. In the Government furnished facilities, equipment, materials or services; or
 4. Directing acceleration in the performance of the work.

Nothing provided in this Article shall excuse the Contractor from proceeding with the prosecution of the work so changed.

- B. OTHER CHANGE ORDERS**—Any other written order or an oral order (which term as used in this Section (B) shall include direction, instruction, interpretation, or determination) from the Contracting Officer which causes any such change, shall be treated as a Change Order under this Article, provided that the Contractor gives the Contracting Officer written notice stating the date, circumstances and sources of the order and that the Contractor regards the order as a Change Order.
- C. GENERAL REQUIREMENTS**—Except as herein provided, no order, statement or conduct of the Contracting Officer shall be treated as a change under this Article or entitle the Contractor to an equitable adjustment hereunder. If any change under this Article causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this Contract whether or not changed by any order, an equitable adjustment shall be made and the Contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under (B) above shall be allowed for any cost incurred more than 20 days before the Contractor gives written notice as therein required unless this 20 days is extended by the Contracting Officer and provided further, that in case of defective drawings and specifications, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with such defective drawings and specifications.

If the Contractor intends to assert a claim for an equitable adjustment under this Article, he must, within 30 days after receipt of a written Change Order under (A) above or the furnishing of a written notice under (B) above, submit to the Contracting Officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the Contracting Officer. The statement of claim hereunder may be included in the notice under (B) above.

With respect to the notification requirements hereunder, time is of the essence. A failure to provide timely notice constitutes waiver of the claim. No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under the Contract.

D. CHANGE ORDER BREAKDOWN—Contract prices shall be used for Change Order work where work is of similar nature; no other costs, overhead or profit will be allowed.

Where Contract prices are not appropriate and the nature of the change is known in advance of construction, the parties shall attempt to agree on a fully justifiable price adjustment and/or adjustment of completion time.

When Contract prices are not appropriate, or the parties fail to agree on equitable adjustment, or in processing claims, equitable adjustment for Change Order work shall be per this Article and Article 4 and shall be based upon the breakdown shown in following subsections 1. through 7. The Contractor shall assemble a complete cost breakdown that lists and substantiates each item of work and each item of cost.

1. **Labor**—Payment will be made for direct labor cost plus indirect labor cost such as insurance, taxes, fringe benefits and welfare provided such costs are considered reasonable. Indirect costs shall be itemized and verified by receipted invoices. If verification is not possible, up to 18 percent of direct labor costs may be allowed. In addition, up to 20 percent of direct plus indirect labor costs may be allowed for overhead and profit.
2. **Bond**—Payment for additional bond cost will be made per bond rate schedule submitted to the Office of Contracting and Procurement with the executed Contract.
3. **Materials**—Payment for cost of required materials will be F.O.B. destination (the job site) with an allowance for overhead and profit.
4. **Rented Equipment**—Payment for required equipment rented from an outside company that is neither an affiliate of, nor a subsidiary of, the Contractor will be based on receipted invoices which shall not exceed rates given in the current edition of the Rental Rate Blue Book for Construction Equipment published by Data Quest. If actual rental rates exceed manual rates, written justification shall be furnished to the Contracting Officer for consideration. No additional allowance will be made for overhead and profit. The Contractor shall submit written certification to the Contracting Officer that any required rented equipment is neither owned by nor rented from the Contractor or an affiliate of or subsidiary of the Contractor.
5. **Contractor's Equipment**— Payment for required equipment owned by the Contractor or an affiliate of the Contractor will be based solely on an hourly rate derived by dividing the current appropriate monthly rate by 176 hours. No payment will be made under any circumstances for repair costs, freight and transportation charges, fuel, lubricants, insurance, any other costs and expenses, or overhead and profit. Payment for such equipment made idle by delays attributable to the Government will be based on one-half the derived hourly rate under this subsection.
6. **Miscellaneous**—No additional allowance will be made for general superintendence, use of small tools and other costs for which no specific allowance is herein provided.

- 7. Subcontract Work**—Payment for additional necessary subcontract work will be based on applicable procedures in 1. through 6., to which total additional subcontract work up to an additional 10 percent may be allowed for the Contractor's overhead and profit.

ARTICLE 4. EQUITABLE ADJUSTMENT OF CONTRACT TERMS

The Contractor is entitled to an equitable adjustment of the contract terms whenever the following situations develop:

A. DIFFERING SITE CONDITIONS:

1. During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the contract, are encountered at the site, the Contractor, upon discovering such conditions, shall promptly notify the Contracting Officer in writing of the specific differing conditions before they are disturbed and before the affected work is performed.
2. Upon written notification, the Contracting Officer will investigate the conditions, and if he/she determines that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, an adjustment, excluding loss of anticipated profits, will be made and the contract modified in writing accordingly. The Contracting Officer will notify the Contractor of his/her determination whether or not an adjustment of the contract is warranted.
3. No contract adjustment which results in a benefit to the Contractor will be allowed unless the Contractor has provided the required written notice; a failure to notify the Contracting Officer of the changed conditions prior to work being disturbed by said conditions shall constitute a permanent waiver of all right to compensation related to the changed conditions by the Contractor.
4. No contract adjustment will be allowed under this clause for any effects caused on unchanged work.

B. SUSPENSION OF WORK ORDERED BY THE CONTRACTING OFFICER:

1. If the performance of all or any portion of the work is suspended or delayed by the Contracting Officer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the construction industry) and the Contractor believes that additional compensation and/or contract time is due as a result of such suspension or delay, the Contractor shall submit to the Contracting Officer in writing a request for equitable adjustment within seven (7) calendar days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment.
2. Upon receipt, the Contracting Officer will evaluate the Contractor's request. If the Contracting Officer agrees that the cost and/or time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control or and not the fault of the contractor, its suppliers, or subcontractors at any approved tier, and not caused by weather, the Contracting Officer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The Contracting Officer will notify the Contract of his/her determination whether or not an adjustment of the contract is warranted.
3. No contract adjustment will be allowed unless the Contractor has submitted the request for adjustment within the time prescribed; a failure to submit a request for adjustment in the time

prescribed shall constitute waiver of all right to compensation related to the suspension of work by the Contractor.

4. No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided for or excluded under any other term of condition of this contract.

C. SIGNIFICANT CHANGES IN THE CHARACTER OF WORK:

1. The Contracting Officer reserves the right to make, in writing, at any time during the work, such changes in quantities and such alterations in the work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the contract nor release the surety, and the Contractor agrees to perform the work as altered.
2. If the alterations or changes in quantities significantly change the character of the work under the contract, whether or not changed by any such different quantities or alterations, an adjustment, excluding loss of anticipated profits, will be made to the contract. The basis for the adjustment shall be agreed upon prior to the performance of the work. If a basis cannot be agreed upon, then an adjustment will be made either for or against the Contractor in such amount as the Contracting Officer may determine to be fair and reasonable.
3. If the alterations or changes in quantities significantly change the character of the work to be performed under the contract, the altered work will be paid for as provided elsewhere in the contract.
4. The term "significant change" shall be construed to apply only to the following circumstances:
 - a. When the character of the work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or
 - b. When an item of work is increased in excess of 125 percent or decreased below 75 percent of the original contract quantity. Any allowance for an increase in quantity shall apply only to that portion in excess of 125 percent of original contract item quantity, or in the case of a decrease below 75 percent, to the actual amount of work performed.

ARTICLE 5. TERMINATION

TERMINATION GENERALLY-Termination, whether for default or convenience, is not a Government claim. The Contracting Officer may terminate a contract for default, in whole or in part, if the termination is in the best interests of the Government, and the Contractor does any of the following:

- (a) Fails to deliver the goods or complete the work or services within the time specified in the contract or any modification;
- (b) Fails to make sufficient progress on contract performance so as to endanger performance of the contract within the time specified or in the manner specified in the contract;
- (c) Fails or refuses to go forward with the work in accordance with the direction of the Contracting Officer;
- (d) Expresses through word or conduct an intention not to complete the work in accordance with the directions of the Contracting Officer;
- (e) Fails to perform any of the other provisions of the contract;
- (f) Materially deviates from the representations and capabilities set forth in the Contractor's response to the solicitation.

A termination for default is a final decision of a Contracting Officer. In order to contest a termination for default, the Contractor must submit a certified request to convert the termination for default to a termination for convenience with all documents supporting such conversion and comply with all contract

provisions and laws relating to terminations for convenience, including the submission of a certified termination for convenience settlement proposal. The submission of the certified request for conversion to a termination for convenience and certified termination settlement proposal to the Contracting Officer must occur prior to 90 days from the date of the Contracting Officer's final decision.

DELAYS—If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in the Contract, or any extension thereof, or fails to complete said work within specified time, the Government may, by written notice to the Contractor, terminate his right to proceed with the work or such part of the work involving the delay. In such event the Government may take over the work and prosecute the same to completion, by contract or otherwise, and may take possession of and utilize in completing the work such materials, appliances, and plant as may have been paid for by the Government or may be on the site of the work and necessary therefore. Whether or not the Contractor's right to proceed with the work is terminated, he and his sureties shall be liable for any liability to the Government resulting from his refusal or failure to complete the work within the specified time.

If fixed and agreed liquidated damages are provided in the Contract and if the Government does not so terminate the Contractor's right to proceed, the resulting damage will consist of such liquidated damages until the work is completed and accepted.

The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:

1. The delay in the completion the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of God, acts of the public enemy, acts of the Government in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, climatic conditions beyond the normal which could be anticipated, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers (the term subcontractors or suppliers shall mean subcontractors or suppliers at any tier); and
2. The Contractor, within 72 hours from the beginning of any such delay, (unless the Contracting Officer grants a further period of time before the date of final payment under the Contract) notifies the Contracting Officer in writing of the causes of delay.

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time far completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties, subject only to appeal as provided in Article 7 herein.

If, after notice of termination of the Contractor's right to proceed under the provisions of this Article, it is determined for any reason that the Contractor was not in default under the provisions of this Article, or that the delay was excusable under the provisions of this Article, the rights and obligations of the parties shall be in accordance with Article 6 herein. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of Article 7 herein.

The rights and remedies of the Government provided in this Article are in addition to any other rights and remedies provided by law or under the Contract.

The Government may, by written notice, terminate the Contract or a portion thereof as a result of an Executive Order of the President of the United States with respect to the prosecution of war or in the interest of national defense. When the Contract is so terminated, no claim for loss of anticipated profits will be permitted.

ARTICLE 6. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT

- A.** The performance of work under the Contract may be terminated by the Government in accordance with this Article in whole, or in part, whenever the Contracting Officer shall determine that such termination is in the best interest of the Government. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of work under the Contract is terminated, and the date upon which such termination becomes effective.
- B.** After receipt of a Notice of Termination, and except as otherwise directed by the Contracting Officer, the Contractor shall:
1. Stop work under the Contract on the date and to the extent specified in the Notice of Termination.
 2. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the Contract as is not terminated.
 3. Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination.
 4. Assign to the Government, in the manner, at the times, and to the extent directed by the Contracting Officer, all of the right, title and interest of the Contractor under the orders and subcontracts so terminated, in which case the Government shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.
 5. Settle all outstanding liabilities and all claims arising out of such termination of orders or subcontracts, with the approval or ratification of the Contracting Officer to the extent he may require, which approval or ratification shall be final for all purposes of this Article.
 6. Transfer title to the Government and deliver in the manner, at the times, and to the extent, if any, directed by the Contracting Officer
 - a. The fabricated or unfabricated parts, work in progress, completed work, supplies, and other material procured as a part of, or acquired in connection with, the performance of the work terminated by the Notice of Termination, and
 - b. The completed, or partially completed plans, drawings information and other property which, if the Contract had been completed, would have been required to be furnished to the Government.
 7. Use his best efforts to sell, in the manner, at the terms, to the extent, and at the price or prices directed or authorized by the Contracting Officer, any property of the types referred to in 6 above provided, however, that the Contractor:
 - a. Shall not be required to extend credit to any purchaser, and
 - b. May acquire any property under the conditions prescribed and at a price or prices approved by the Contracting Officer, and
 - c. Provided further, that the proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by the Government to the Contractor under the Contract or shall otherwise be credited to the price or cost of the work covered by the Contract or paid in such other manner as the Contracting Officer may direct.

8. Complete performance of such part of the work as shall not have been terminated by the Notice of Termination.
9. Take such action as may be necessary, or as the Contracting Officer may direct, for the protection and preservation of the property related to the Contract which is in the possession of the Contractor and in which the Government has or may acquire an interest.
10. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any delay in determining or adjusting the cost, or any item of reimbursable cost, under this Article.
11. "Plant clearance period" means, for each particular property classification (such as raw materials, purchased parts and work in progress) at any one plant or location, a period beginning with the effective date of the termination for convenience and ending 90 days after receipt by the Contracting Officer of acceptable inventory schedules covering all items of that particular property classification in the termination inventory at that plant or location, or ending on such later date as may be agreed to by the Contracting Officer and the Contractor. Final phase of a plant clearance period means that part of a plant clearance period which occurs after the receipt of acceptable inventory schedules covering all items of the particular property classification at the plant or location.

At any time after expiration of the plant clearance period, as defined above, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of any or all items of termination inventory not previously disposed of, exclusive of items the disposition of which has been directed or authorized by the Contracting Officer, and may request the Government to remove such items or enter into a storage agreement covering them. Not later than 15 days thereafter, the Government will accept title to such items and remove them or enter into a storage agreement covering the same; provided, that the list submitted shall be subject to verification by the Contracting Officer upon removal of the items or, if the items are stored, within 45 days from the date of submission of the list, and any necessary adjustments to correct the list as submitted, shall be made prior to final settlement.

- C. After receipt of a Notice of Termination, the Contractor shall submit to the Contracting Officer his termination claim, in the form with the certification prescribed by the Contracting Officer. Such claim shall be submitted promptly but in no event later than 90 days from the effective date of termination, unless one or more extensions in writing are granted by the Contracting Officer upon request of the Contractor made in writing within such 90 day period or authorized extension thereof. In the event the Contractor was terminated for default and it asserts that it is entitled to a termination for convenience, its certified request for the conversion of the default termination to one for convenience and its certified termination settlement proposal must be submitted to the Contracting Officer prior to the expiration of 90 days from the date of the default termination. With respect to a termination for convenience, if the Contracting Officer determines that the facts justify such action, he may receive and act upon any such termination claim at any time after such 90 day period or extension thereof. Nothing herein shall be construed to extend the time for the submission of a claim hereunder for a defaulted Contractor beyond 90 days from the date of the default termination. Upon failure of the Contractor to submit his termination claim within the time allowed, the Contracting Officer may, subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination and shall thereupon pay to the Contractor the amount so determined.
- D. Subject to the provisions of C above, and subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, the Contractor and Contracting

Officer may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination of work pursuant to this Article, which amount or amounts may include a reasonable allowance for profit on work done; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further reduced by the Contract price of work not terminated. The Contract shall be amended accordingly, and the Contractor shall be paid the agreed amount. Nothing in E below prescribing the amount to be paid to the Contractor in the event of failure of the Contractor and the Contracting Officer to agree upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this Article, shall be deemed to limit, restrict or otherwise determine or effect the amount or amounts which may be agreed upon to be paid to the Contractor pursuant to this paragraph.

- E.** In the event of the failure of the Contractor and the Contracting Officer to agree as provided in D above upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this Article, the Contracting Officer shall, subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him, the amount, if any, due the Contractor by reason of the termination and shall pay to the Contractor the amounts determined by the Contracting Officer, as follows, but without duplication of any amounts agreed upon in accordance with D above:
1. With respect to all Contract work performed prior to the effective date of the Notice of Termination, the total (without duplication of any items) of:
 - a. The cost of such work;
 - b. The cost of settling and paying claims arising out of the termination of work under subcontracts or orders as provided in B 5. above, exclusive of the amounts paid or payable on account of supplies or materials delivered or services furnished by the subcontractor prior to the effective date of the Notice of Termination of work under the Contract, which amounts shall be included in the cost on account of which payment is made under E1.a. above; and
 - c. A sum, as profit on E.1.a. above, determined by the Contracting Officer to be fair and reasonable; provided however, that if it appears that the Contractor would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed under this subparagraph and an appropriate adjustment shall be made reducing the amount of the settlement to reflect the indicated rate of loss; and provided further that profit shall be allowed only on preparations made and work done by the Contractor for the terminated portion of the Contract but may not be allowed on the Contractor's settlement expenses. Anticipatory profits and consequential damages will not be allowed. Any reasonable method may be used to arrive at a fair profit, separately or as part of the whole settlement.
 2. The reasonable cost of the preservation and protection of property incurred pursuant to B.9; and any other reasonable cost incidental to termination of work under the Contract including expense incidental to the determination of the amount due to the Contractor as the result of the termination of work under the Contract.
- F.** The total sum to be paid to me Contractor under E.1. above shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further

reduced by the Contract price of work not terminated. Except for normal spoilage, and except to the extent that the Government shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the Contractor under E.1. above, the fair value, as determined by the Contracting Officer, of property which is destroyed, lost, stolen or damaged so as to become undeliverable to the Government, or to a buyer pursuant to B.7 above.

- G.** The Contractor shall have the right of appeal, under Article 7 herein, from any determination made by the Contracting Officer under C. or E. above, except that, if the Contractor has failed to submit his claim within the time provided in C above and has failed to request extension of such time, he shall have no such right of appeal. In any case where the Contracting Officer has made a determination of the amount due under C. or E. above, the Government shall pay to the Contractor the following:
1. If there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the Contracting Officer, or
 2. If an appeal had been taken, the amount finally determined on such appeal.
- H.** In arriving at the amount due the Contractor under this Article there shall be deducted:
1. all unliquidated advance or other payments on account theretofore made to the Contractor, applicable to the terminated portion of the Contract;
 2. any claim which the Government may have against the Contractor in connection with the Contract; and
 3. the agreed price for, or the proceeds of sale of, any materials, supplies or other things kept by the Contractor or sold, pursuant to the provisions of this Article and not otherwise recovered by or credited to the Government.
- I.** If the termination hereunder be partial, prior to the settlement of the terminated portion of the Contract, the Contractor may file with the Contracting Officer a request in writing for an equitable adjustment of the price or prices specified in the Contract relating to the continued portion of the Contract (the portion not terminated by the Notice of Termination), and such equitable adjustment as may be agreed upon shall be made at such price or prices; however, nothing contained herein shall limit the right of the Government and the Contractor to agree upon the amount or amounts to be paid to the Contractor for the completion of the continued portion of the Contract when said Contract does not contain an established Contract price for such continued portion.
- J.** The Government may from time to time, under such terms and conditions as it may prescribe, make partial payments against costs incurred by the Contractor in connection with the terminated portion of the Contract whenever in the opinion of the Contracting Officer the aggregate of such payments shall be within the amount to which the Contractor will be entitled hereunder. If the total of such payments is in excess of the amount finally agreed or determined to be due under this Article, such excess Shall be payable by the Contractor to the Government upon demand, together with interest computed at the rate of 6 percent per annum for the period from the date such excess is received by the Contractor to the date on which such excess is repaid to the Government; provided however, that no interest shall be charged with respect to any such excess payment attributable to a reduction in the Contractor's claim by reason of retention or other disposition of termination inventory until ten days after the date of such retention or disposition, or such later date as determined by the Contracting Officer by reason of the circumstances.

- K. Unless otherwise provided in the Contract or by applicable statute, the Contractor, from the effective date of termination and for a period of three years after final settlement under the Contract, shall preserve and make available to the Government at all reasonable times at the office of the Contractor, but without direct charge to the Government, all his books, records, documents and other evidence bearing on the costs and expenses of the Contractor under the Contract and relating to the work terminated hereunder, or, to the extent approved by the Contracting Officer, photographs and other authentic reproductions thereof.

ARTICLE 7. DISPUTES

A. All disputes arising under or relating to this contract shall be resolved as provided herein.

B. Claims by a Contractor against the Government.

(1) Claim, as used in Section B of this clause, means a written assertion by the Contractor seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.

(a) All claims by a Contractor against the Government arising under or relating to a contract shall be in writing and shall be submitted to the Contracting Officer for a decision.

(b) Within 120 days after receipt of a claim, the Contracting Officer shall issue a decision, whenever possible taking into account factors such as the size and complexity of the claim and the adequacy of the information in support of the claim provided by the Contractor.

(c) Any failure by the Contracting Officer to issue a decision on a contract claim within the required time period shall be deemed to be a denial of the claim and shall authorize the commencement of an appeal on the claim as otherwise provided.

(d) (1) If a Contractor is unable to support any part of his or her claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Contractor, the Contractor shall be liable to the Government for an amount equal to the unsupported part of the claim in addition to all costs to the Government attributable to the cost of reviewing that part of the Contractor's claim.

(2) Liability under this section shall be determined within 6 years of the commission of the misrepresentation of fact or fraud.

(e) All cost data, pricing data, and task data of claims hereunder must be certified as accurate, complete, required, and necessary to the best of the Contractor's knowledge and belief. Further, all task or work data in the claim must be described therein to the smallest unit of work or task. The Contracting Officer may require any additional certifications, descriptions or explanations of the claim.

(f) The parties agree that time is of the essence and all claims hereunder must be presented to the Contracting Officer for a final decision within thirty (30) days of the occurrence of the circumstances giving rise to such claim or within thirty (30) days of when the Contractor knew or should have known of the circumstances giving rise to such claim, otherwise compensation for that claim is waived.

(g) The parties agree that there shall be no claims for unabsorbed home office overhead.

(2) The Contractor's claim shall contain at least the following:

(a) A description of the claim and the amount in dispute;

(b) Any data or other information in support of the claim;

(c) A brief description of the Contractor's efforts to resolve the dispute prior to filing the claim; and

(d) The Contractor's request for relief or other action by the Contracting Officer.

(e) The certification of the accuracy, completeness, requirement, and necessity of all aspects of the claim.

(3) The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor.

(4) Pending final decision of an appeal, action, or final settlement, a Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

C. Claims by the Government against a Contractor

(a) Claim as used in Section C of this clause, means a written demand or written assertion by the Government, including the Contracting Officer, seeking, as a matter of right, the payment of money in a sum certain, the adjustment of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. Nothing herein shall be construed to require the Government to notify the Contractor prior to the issuance of the Contracting Officer's final decision.

(b) (1) All claims by the Government against a Contractor arising under or relating to a contract shall be decided by the Contracting Officer, who shall issue a decision in writing and furnish a copy of the decision to the Contractor.

(2) The decision shall be supported by reasons and shall inform the Contractor of his or her rights. Specific findings of fact shall not be required.

(3) This clause shall not authorize the Contracting Officer to settle, compromise, pay, or otherwise adjust any claim involving fraud.

(4) The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor.

(5) Pending final decision of an appeal, action, or final settlement, the Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

ARTICLE 8. PAYMENTS TO CONTRACTOR—Unless otherwise provided in the Contract, the Government will pay the contract price or prices as hereinafter provided in accordance with Government regulations.

The Government will make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates approved by the Contracting Officer. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the work, in such detail as requested, to provide a basis for determining progress payments. In the preparation of estimates the Contracting Officer, at his discretion, may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site may also be taken into consideration:

1. If such consideration is specifically authorized by the Contract;
2. If the Contractor furnishes satisfactory evidence that he has acquired title to such material, that it meets Contract requirements and that it will be utilized on the work covered by the Contract; and
3. If the Contractor furnishes to the Contracting Officer an itemized list.

The Contracting Officer at his/her discretion shall cause to be withheld retention in an amount sufficient to protect the interest of the Government. Unless otherwise agreed, the amount shall not exceed ten percent (10%) of the partial payment. However, if the Contracting Officer, at any time after 50 percent of the work has been completed, finds that satisfactory progress is being made, he may authorize any of the remaining progress payments to be made in full or may retain from such remaining partial payments less than 10 percent thereof. Also, whenever work is substantially complete, the Contracting Officer, if he considers the amount retained to be in excess of the amount adequate for the protection of the Government, at his discretion, may release to the Contractor all or a portion of such excess amount. Furthermore, on completion and acceptance of each separate building, public work, or other division of the Contract, on which the price is stated separately in the Contract, payment may be made therefore without retention of a percentage, less authorized deductions.

All material and work covered by progress payments made shall thereupon become the sole property of the Government, but this provision shall not be construed as relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work, or as waiving the right of the Government to require the fulfillment of all of the terms of the Contract.

Upon completion and acceptance of all work, the amount due the Contractor under the Contract shall be paid upon presentation at a properly executed voucher and after the Contractor shall have furnished the Government with a release, if required, of all claims against the Government arising by virtue of the Contract, other than claims in stated amounts as may be specifically excepted by the Contractor from the operation of the release.

ARTICLE 9. TRANSFER OR ASSIGNMENT—Unless otherwise provided by law, neither the Contract nor any interest therein may be transferred or assigned by the Contractor to any other party without the written consent of the Contracting Officer nor without the written acceptance by the surety on the performance and payment bond securing the Contract of the assignee as the Contractor and the principal on such bond; and any attempted transfer or assignment not authorized by this Article shall constitute a breach of the Contract and the Government may for such cause terminate the right of the Contractor to proceed in the same manner as provided in Article 5 herein, and the Contractor and his sureties shall be liable to the Government for any excess cost occasioned the Government thereby.

ARTICLE 10. MATERIAL AND WORKMANSHIP

- A. GENERAL**—Unless otherwise specifically provided in the Contract, all equipment, material and articles incorporated in the work covered by the Contract shall be new and of the most suitable grade for the purpose intended. Unless otherwise specifically provided in the Contract, reference to any equipment, material, article or patented process, by trade name, make or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition., and the Contractor may use any equipment, material, article or process which, in the judgment of the Contracting Officer, is equivalent to that named unless otherwise specified. The Contractor shall furnish to the Contracting Officer for his approval the name of the manufacturer, the model number, and other identifying data and information respecting the performance, capacity, nature and rating of the mechanical and other equipment which the Contractor contemplates incorporating in the work. Machinery and equipment shall be in proper condition. When required by the Contract or when called for by the Contracting Officer, the Contractor shall furnish to the Contracting Officer for approval full information concerning the material or articles which he contemplates incorporating in the work. When so directed, samples shall be submitted for approval at the Contractor's expense, with all shipping charges prepaid. Machinery, equipment, material, and articles installed or used without required approval shall be at the risk of subsequent rejection and subject to satisfactory replacement at Contractor's expense.
- B. SURPLUS MATERIALS USE**—Whenever specified in the Contract or authorized by the Contracting Officer that materials become the property of the Contractor, which by reference or otherwise shall include disposal of materials, it is understood that the Contractor accepts such materials "as is" with no further expense or liability to the Government. If such material specified in the Contract will have a potential or real interest of value, the Contractor shall make allowance in the Contract to show such value.
- C. GOVERNMENT MATERIAL**—No materials furnished by the Government shall be applied to any other use, public or private, than that for which they are issued to the Contractor. The full amount of the cost to the Government of all materials furnished by the Government to the Contractor and for which no charge is made, which are not accounted for by the Contractor to the satisfaction of the Contracting Officer, will be charged against the Contractor and his sureties and may be deducted from any monies due the Contractor, and this charge shall be in addition to and not in lieu of any other liabilities of the Contractor whether civil or criminal. Materials furnished by the Government for which a charge is made at a rate mentioned in the specifications will be delivered to the Contractor upon proper requisitions therefore and will be charged to his account.
- D. Plant** —The Contractor shall at all times employ sufficient tools and equipment for prosecuting the various classes of work to full completion in the manner and time required. The Contractor shall at all times perform work in sufficient light and shall provide proper illumination, including

lighting required for night work as directed, as a Contract requirement. All equipment, tools, formwork and staging used on the project shall be of sufficient size and in proper mechanical and safe condition to meet work requirements, to produce satisfactory work quality and to prevent injury to persons, the project or adjacent property. When methods and equipment are not prescribed in the Contract, the Contractor is free to use tools, methods and equipment that he satisfactorily demonstrates will accomplish the work in conformity with Contract requirements.

If the Contractor desires to use a method or type of tool or equipment other than specified in the Contract, he shall request approval to do so; the request shall be in writing and shall include a full description of proposed methods, tools and equipment and reason for the change or substitution. Approval of substitutions and changed methods will be on condition that the Contractor will be fully responsible for producing work meeting Contract requirements. If after trial use of the substituted methods, tools and equipment, the Contracting Officer determines that work produced does not meet Contract requirements, the Contractor shall complete remaining work with specified methods, tools and equipment.

- E. CAPABILITY OF WORKERS-** All work under the Contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require the Contractor to remove from the work any such employees as the Contracting Officer deems incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment on the work is deemed by the Contracting Officer to be contrary to the public interest. Such request will be in writing:
- F. CONFORMITY OF WORK AND MATERIALS**—All work performed and materials and products furnished shall be in conformity, within indicated tolerances, with lines, grades, cross sections, details, dimensions, material and construction requirements shown or intended by the drawings and specifications.

When materials, products or work cannot be corrected, written notice of rejection will be issued. Rejected materials, products and work shall be eliminated from the project and acceptably replaced at Contractor's expense. The Contracting Officer's failure to reject any portion of the project shall not constitute implied acceptance nor in any way release the Contractor from Contract requirements.

- G. UNAUTHORIZED WORK AND MATERIALS**—Work performed or materials ordered or furnished for the project deviating from requirements and specifications without written authority, will be considered unauthorized and at Contractor's expense. The Government is not obligated to pay for unauthorized work. Unauthorized work and materials may be ordered removed and replaced at Contractor's expense.

ARTICLE 11. INSPECTION AND ACCEPTANCE—Except as otherwise provided in the Contract, inspection and test by the Government of material and workmanship required by the Contract shall be made at reasonable times and at the site of the work, unless the Contracting Officer determines that such inspection or test of material which is to be incorporated in the work shall be made at the place of production, manufacture or shipment of such material. To the extent specified by the Contracting Officer at the time of determining to make off-site inspection or test, such inspection or test shall be conclusive as to whether the material involved conforms to Contract requirements. Such off-site inspection or test shall not relieve the Contractor of responsibility for damage to or loss of the material prior to acceptance, nor in any way affect the continuing rights of the Government after acceptance of the completed work under the terms of the last paragraph of this Article, except as herein above provided.

The Contractor shall, without charge, replace any material and correct any workmanship found by the Government not to conform to Contract requirements and specifications, unless in the public interest the Government consents to accept such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises at Contractor's expense.

If the Contractor does not promptly replace rejected material or correct rejected workmanship, the Government:

1. May, by contract or otherwise, replace such material and correct such workmanship and charge the cost thereof to the Contractor, or
2. May terminate the Contractor's right to proceed in accordance with Article 5 herein.

The Contractor shall furnish promptly, without additional cost to the Government, all facilities, labor and material reasonably needed for performing such safe and convenient inspection and test as may be required by the Contracting Officer. All inspections and tests by the Government shall be performed in such manner as not unnecessarily to delay the work. Special, full size, and performance tests shall be performed as described in the Contract. The Contractor shall be charged with any additional cost of inspection when material and workmanship are not ready for inspection at the time specified by the Contractor.

Should it be considered necessary or advisable by the Contracting Officer at any time before acceptance of the work, either in part or in its entirety, to make an examination of work completed, by removing or tearing out same, the Contractor shall, on request, promptly furnish all necessary facilities, labor and material to do same. If such work is found to be defective or nonconforming in any material respect, due to the fault of the Contractor or his subcontractors, he shall defray all the expenses of such examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the Contract, an equitable adjustment shall be made in the Contract price to compensate the Contractor for the additional services involved in such examination and reconstruction and, if completion of the work has been delayed thereby, he shall, in addition, be granted an equitable extension of time.

Unless otherwise provided in the Contract, acceptance by the Government will be made as promptly as practicable after completion and inspection of all work required by the Contract. Acceptance shall be final and conclusive except as regards to latent defects, deficiencies, non-conforming work, fraud, or such gross mistakes as may amount to fraud, or as regards the Government's rights under any warranty or guaranty, or as otherwise provided herein.

ARTICLE 12. SUPERINTENDENCE BY CONTRACTOR—The Contractor shall give his personal superintendence to the performance of the work or have a competent foreman or superintendent, satisfactory to the Contracting Officer, on the work site at all times during progress, with authority to act for him.

ARTICLE 13. PERMITS AND RESPONSIBILITIES—The Contractor shall, without expense to the Government, be responsible for obtaining any necessary licenses, certificates and permits, and for complying with any applicable Federal, State, and Municipal laws, codes and regulations, in connection with the prosecution of the work. He shall be similarly responsible for all damages to persons or property that occurs as a result of his fault or negligence. He shall take proper safety, health and environmental precautions to protect the work, the workers, the public, and the property of others. He shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire construction work, except for any completed unit of construction thereof which theretofore may have been accepted.

ARTICLE 14. INDEMNIFICATION—

- A. The Contractor shall indemnify and save harmless the Government and all of its officers, agents and servants against any and all claims or liability arising from or based on, or as a consequence or result of, any act, omission or default of the Contractor, his employees, or his subcontractors, in the performance of, or in connection with, any work required, contemplated or performed under the Contract.

- B. Disputes between the Contractor and any subcontractors, material suppliers, or any other third parties over payments allegedly owed by the Contractor to a third party shall be resolved exclusively between the Contractor and the third party; the Contractor shall permit no pass-through suits to be brought against the Government by a third party in the Contractor's name. However, nothing herein shall be construed to prevent the Contractor from paying a subcontractor's claim and seeking a timely equitable adjustment hereunder.

ARTICLE 15. PROTECTION AGAINST TRESPASS—Except as otherwise expressly provided in the Contract, the Contractor is authorized to refuse admission either to the premises or to the working space covered by the Contract to any person whose admission is not specifically authorized in writing by the Contracting Officer.

ARTICLE 16. CONDITIONS AFFECTING THE WORK

- A. **GENERAL**—The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions which can affect the work and the cost thereof. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the work as specified without additional expense to the Government. The Government assumes no responsibility for any understanding or representation concerning conditions made by any of its officers or agents prior to the execution of the Contract, unless such understanding or representation by the Government is expressly stated in the Contract.
- B. **WORK AND STORAGE SPACE**—Available work and storage space designated by the Government shall be developed as required by the Contract or restored at completion of the project by the Contractor to a condition equivalent to that existing prior to construction. No payment will be made for furnishing or restoration of any work and storage space. If no area is designated or the area designated is not sufficient for the Contractor's operations, he shall obtain necessary space elsewhere at no expense or liability to the Government.
- C. **WORK ON SUNDAYS, LEGAL HOLIDAYS AND AT NIGHT**—No work shall be done at any time on Sundays or legal holidays or on any other day before 7 a.m. or after 7 p.m., except with the written permission of the Contracting Officer and pursuant to the requirements of the Police Requirements of the Government.
- D. **EXISTING FEATURES**—Subsurface and topographic information including borings data, utilities data and other physical data contained in the Contract or otherwise available, are not intended as representations or warranties but are furnished as available information. The Government assumes no expense or liability for the accuracy of, or interpretations made from, existing features. The Contractor shall be responsible for reasonable consideration of existing features above and below ground which may affect the project.
- E. **UTILITIES AND VAULTS**—The Contractor shall take necessary measures to prevent interruption of service or damage to existing utilities within or adjacent to the project. It shall be the Contractor's responsibility to determine exact locations of all utilities in the field.

For any underground utility or vault encountered, the Contractor shall immediately notify the Contracting Officer and take necessary measures to protect the utility or vault and maintain the service until relocation by owner is accomplished. No additional payment will be made for the encountering of these obstructions.

In case of damage to utilities by the Contractor, either above or below ground, the Contractor shall restore such utilities to a condition equivalent to that which existed prior to the damage by repairing, rebuilding or otherwise restoring as may be directed, at the Contractor's sole expense.

Damaged utilities shall be repaired by the Contractor or, when directed by the Contracting Officer, the utility owner will make needed repairs at the Contractor's expense.

No compensation, other than authorized time extensions, will be allowed the Contractor for protective measures, work interruptions, changes in construction sequence, changes in methods of handling excavation and drainage or changes in types of equipment used, made necessary by existing utilities, imprecise utility or vault information or by others performing work within or adjacent to the project.

- F. SITE MAINTENANCE**—The Contractor shall maintain the project site in a neat and presentable manner throughout the course of all operations, and shall be responsible for such maintenance until final acceptance by the Government. Trash containers shall be furnished, maintained and emptied by the Contractor to the satisfaction of the Contracting Officer. Excavated earthwork, stripped forms and all other materials and debris not scheduled for reuse in the project shall be promptly removed from the site.

The Contracting Officer may order the Contractor to clean up the project site at any stage of work at no added expense to the Government. If the Contractor fails to comply with this order, the Contracting Officer may require the work to be done by others and the costs will be charged to the Contractor.

Upon completion of all work and prior to final inspection, the Contractor shall clean up and remove from the project area and adjacent areas all excess materials, equipment, temporary structures, and refuse, and restore said areas to an acceptable condition.

- G. PRIVATE WORK**—Except as specifically authorized by the Contracting Officer, the Contractor shall not perform any private work abutting Government projects with any labor, materials, tools, equipment, supplies or supervision scheduled for the Contract until all work under the Contract has been completed. Contract materials used for any unauthorized purpose shall be subtracted from Contract amount.
- H. GOVERNMENT NOISE CONTROL ACT OF 1977**—The contractor shall be in strict compliance with [D.C. Law 2-53, Government of Columbia Noise Control Act of 1977 and all provisions thereof. Effective March 16, 1978. 24 D.C.Register 5293.] (Or relevant local law)

ARTICLE 17. OTHER CONTRACTS—The Government may undertake or award other contracts for additional work and the Contractor shall fully cooperate with such other contractors and Government employees and carefully coordinate his own work with such additional work as may be directed by the Contracting Officer. It is the duty of the Contractor to coordinate its activities with all third parties, including, but not limited to utilities, who may affect the Contract work hereunder. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor or by Government employees. The Government assumes no liability, other than authorized time extensions, for Contract delays and damages resulting from delays and lack of progress by others. The Contractor shall make no claim against the Government for delay or damages resulting from the actions of third parties, including, but limited to utilities.

ARTICLE 18. PATENT INDEMNITY—Except as otherwise provided, the Contractor agrees to indemnify the Government and its officers, agents, and employees against liability, including costs and expenses, for infringement upon any Letters Patent of the United States (except Letters Patent issued upon an application which is now or may hereafter be, for reasons of national security, ordered by the Federal Government to be kept classified or otherwise withheld from issue) arising out of the performance of the Contract or out of the use or disposal, by or for the account of the Government, of supplies furnished or construction work performed hereunder.

ARTICLE 19. ADDITIONAL BOND SECURITY—If any surety upon any bond furnished in connection with the Contract becomes unacceptable to the Government, or if any such surety fails to furnish reports

as to his financial condition from time to time as requested by the Government, the Contractor shall promptly furnish such additional security as may be required from time to time to protect the interests of the Government and of persons supplying labor or materials in the prosecution of the work contemplated by the Contract. Provided that upon the failure of the Contractor to furnish such additional security within ten (10) days after written notice so to do, all payments under the Contract will be withheld until such additional security is furnished.

ARTICLE 20. COVENANT AGAINST CONTINGENT FEES—The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the Government shall have the right to terminate the Contract without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

ARTICLE 21. APPOINTMENT OF ATTORNEY—The Contractor does hereby irrevocably designate and appoint the Clerk of the Superior Court of the Government and his successors in office as the true and lawful attorney of the Contractor for the purpose of receiving service of all notices and processes issued by any court in the Government, as well as service of all pleadings and other papers, in relation to any action or legal proceeding arising out of or pertaining to the Contract or the work required or performed hereunder.

The Contractor expressly agrees that the validity of any service upon the said Clerk as herein authorized shall not be affected either by the fact that the Contractor was personally within the District of Columbia and otherwise subject to personal service at the time of such service upon the said Clerk or by the fact that the Contractor failed to receive a copy of such process, notice, pleading or other paper so served upon the said Clerk, provided that said Clerk shall have deposited in the United States mail, certified and postage prepaid, a copy of such process, notice, pleading or other papers addressed to the Contractor at the address stated in the Contract.

ARTICLE 22. GRATUITIES AND GOVERNMENT EMPLOYEES NOT TO BENEFIT

- A. If it is found by the Department that gratuities (in the form of entertainment, gifts, payment, offers of employment or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any official, employee or agent of the District with a view toward securing the Contract or any other contract or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performance of the Contract, the Department may, by written notice to the Contractor, terminate the right of the Contractor to proceed under the Contract without liability and may pursue such other rights and remedies provided by law and under the Contract.
- B. In the event the Contract is terminated as provided above, the Department shall be entitled:
 - 1. to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the Contract by the Contractor; and
 - 2. as a penalty in addition to any other damages to which it may be entitled by law, to exemplary damages in an amount (as determined by the Department) which shall be not less than ten times the costs incurred by the Contractor in providing any such gratuities to any such officer or employee.
- C. Unless a determination is made as provided herein, no officer or employee of the Government will be admitted to any share or part of this contract or to any benefit that may arise therefrom, and any contract made by the Contracting Officer or any Government employee authorized to execute contracts in which they or an employee of the Government will be personally interested shall be

void, and no payment shall be made thereon by the Government or any officer thereof, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit. A Government employee shall not be a party to a contract with the Government and will not knowingly cause or allow a business concern or other organization owned or substantially owned or controlled by the employee to be a party to such a contract, unless a written determination has been made by the head of the procuring agency that there is a compelling reason for contracting with the employee, such as when the Government's needs cannot reasonably otherwise be met. [DC Procurement Practices Act of 1985, D.C. Law 6-85, D.C. Official Code, section 2-310.01, and Chapter 18 of the DC Personnel Regulations] (Or relevant local law). The Contractor represents and covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. The Contractor further covenants not to employ any person having such known interests in the performance of the contract.

ARTICLE 23. WAIVER—No Governmental waiver of any breach of any provision of the Contract shall operate as a waiver of such provision or of the Contract or as a waiver of subsequent or other breaches of the same or any other provision of the Contract; nor shall any action or non-action by the Contracting Officer or by the Government be construed as a waiver of any provision of the Contract or of any breach thereof unless the same has been expressly declared or recognized as a waiver by the Contracting Officer or the Government in writing.

ARTICLE 24. BUY AMERICAN.

The Contractor shall comply with the provisions of the Buy American Act (41 U.S.C. § 10a), including, but not limited to, the purchase of steel.

- A. AGREEMENT**—In accordance with the Buy American Act (41 USC 10a-10d), and Executive Order 10582, December 17, 1954 (3 CFR, 1954-58 Comp., p. 230), as amended by Executive Order 11051, September 27, 1962 (3 CFR, 1059—63 Comp., p. 635), the Contractor agrees that only domestic construction material will be used by the Contractor, subcontractors, material men and suppliers in the performance of the Contract, except for non-domestic material listed in the Contract.
- B. DOMESTIC CONSTRUCTION MATERIAL**—“Construction material” means any article, material or supply brought to the construction site for incorporation in the building or work. An unmanufactured construction material is a “domestic construction material” if it has been mined or produced in the United States. A manufactured construction material is a “domestic construction material” if it has been manufactured in the United States and if the cost of its components which have been mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. “Component” means any article, material, or supply directly incorporated in a construction material. -
- C. DOMESTIC COMPONENT**—A component shall be considered to have been “mined, produced, or manufactured in the United States” regardless of its source, in fact, if the article, material or supply in which it is incorporated was manufactured in the United States and the component is of a class or kind determined by the Government to be not mined, produced or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.
- D. FOREIGN MATERIAL** – When steel materials are used in a project a minimal use of foreign steel is permitted. The cost of such materials cannot exceed one-tenth of one percent of the total project cost, or \$2,500,000, whichever is greater.

ARTICLE 25. TAXES

- A. FEDERAL EXCISE**—Materials, supplies and equipment are not subject to the Federal Manufacturer's Excise Tax, if they are furnished or used in connection with the Contract provided that title to such materials, supplies and equipment passes to the Government under the Contract. The Contractor shall in such cases furnish his subcontractors and suppliers with a purchaser's certificate in the form prescribed by the U.S. Internal Revenue Service.
- B. SALES AND USE TAXES**—Materials which are physically incorporated as a permanent part of real property are not subject to Government Sales and Use Tax. The Contractor shall, when purchasing such materials, furnish his suppliers with a Contractor's Exempt Purchase Certificate in the form prescribed in the Sales and Use Tax Regulations of the Government. Where the Contractor, subcontractor or material man has already paid the Sales and Use Tax on material, as prescribed above, the Sales and Use Tax Regulations of the Government permit the Contractor, subcontractor or material man to deduct the sales or use tax on the purchase price of the same on his next monthly return as an adjustment. However, the Contractor, subcontractor or material man must satisfy the Chief Financial Officer for the Government that no sum in reimbursement of such tax was included in the Contract or else that the Government has received a credit under the Contract in an amount equal to such tax.

Government Sales and Use Tax shall be paid on any material and supplies, including equipment rentals, which do not become a physical part of the finished project. [See Government of Columbia Sales and Use Tax Administration Ruling No. 6] (Or relevant local law).

The Contractor, subcontractor, or material supplier shall provide proof of compliance with the provisions of [D.C. Law 9-260] (Or relevant local law), as amended, codified in [D.C. Code 46-103] (Or relevant local law), Employer Contributions, prior to award.

The Contractor, subcontractor, or material supplier shall provide proof of compliance with the applicable tax filing and licensing requirements set forth in [D.C. Code, Title 47, Taxation and Fiscal Affairs] (Or relevant local law), prior to contract award.

ARTICLE 26. SUSPENSION OF WORK—The Contracting Officer may order the Contractor in writing to suspend, delay or interrupt all or any part of the work for such period of time as he may determine to be appropriate for the convenience of the Government.

If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Contracting Officer in the administration of the Contract, or by his failure to act within the time specified in the Contract (or if no time is specified, within a reasonable time), an adjustment will be made for an increase in the cost of performance of the Contract (excluding profit) necessarily caused by such unreasonable suspension, delay or interruption and the Contract modified in writing accordingly. However, no adjustment will be made under this Article for any suspension, delay or interruption to the extent:

1. That performance would have been so suspended, delayed or interrupted by any other cause, including the fault or negligence of the contractor, or
2. For which an equitable adjustment is provided or excluded under any other provision of the Contract.

No claim under this Article shall be allowed:

1. For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall not apply as to a claim resulting from a suspension order), and

2. Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension, delay, or interruption, but not later than the date of final payment under the Contract.

ARTICLE 27. SAFETY PROGRAM

- A. GENERAL**—In order to provide safety controls for the protection of the life and health of Government and Contract employees and the general public; prevention of damage to property, materials, supplies, and equipment; and for avoidance of work interruptions in the performance of the Contract, the Contractor shall comply with all applicable Federal and local laws governing safety, health and sanitation including the Safety Standards, Rules and Regulations issued by the American National Standards, U. S. Department of Labor, U. S. Department of Health and Human Services, [D.C. Minimum Wage and Industrial Safety Board] (Or relevant local law) and the latest edition of “Manual of Uniform Traffic Control Devices” issued by the Federal Highway Administration.

The Contractor shall also take or cause to be taken such additional safety measures as the Contracting Officer may determine to be reasonably necessary.

The Contractor shall designate one person to be responsible for carrying out the Contractor's obligation under this Article.

The Contractor shall maintain an accurate record of all accidents resulting in death, injury, occupational disease, and/or damage to property, materials, supplies, and equipment incident to work performed under the Contract. Copies of these reports shall be furnished to the Contracting Officer within two working days after occurrence.

The Contracting Officer will notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately take corrective action. Such notice, when delivered to the Contractor or his representative at the site of the work, shall be deemed sufficient for the purpose. If the Contractor fails or refuses to comply promptly, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. No part of the time lost due to any such stop orders shall be made the subject of claim for extension of time or for excess costs or damages by the Contractor.

This Article is applicable to all subcontractors used under the Contract and compliance with these provisions by the subcontractors will be the responsibility of the Contractor.

(In Contracts involving work of short duration or of non-hazardous character, the following Section B. will be deleted by Special Provision)

- B. CONTRACTOR'S PROGRAM SUBMISSION**—Prior to commencement of the work, the Contractor shall:
1. Submit in writing to the Contracting Officer for his approval his program for complying with this Article for accident prevention.
 2. Meet with the Contracting Officer's Safety Representative after submission of the above program to develop a mutual understanding relative to the administration of the overall safety program.

ARTICLE 28. RETENTION OF RECORDS—Unless otherwise provided in the Contract, or by applicable statute, the Contractor, from the effective date of Contract completion and for a period of three years after final settlement under the Contract, shall preserve and make available to the Government at all

reasonable times at the office of the Contractor but without direct charge to the Government, all his books, records, documents, and other evidence bearing on the costs and expenses of the Contractor under the Contract.

ARTICLE 29. RECOVERY OF DEBTS OWED THE GOVERNMENT---The Contractor hereby agrees that the Government may use all or any portion of any payment, consideration or refund due the Contractor under the Contract to satisfy, in whole or part, any debt due the Government.

ARTICLE 30. ADMINISTRATIVE LIQUIDATED DAMAGES---In addition to any other liquidated damages provided for in the Contract, the Contractor hereby agrees that the Government may assess administrative liquidated damages for the Contractor's failure to submit when due any deliverable required by the Contract. Unless otherwise prescribed by the Contracting Officer, the rate of the administrative liquidated damages shall be \$250 per day until the required deliverable is received and accepted by the Government. The Government's remedies for failure to comply with the Contract terms and conditions are cumulative and not exclusive. Nothing herein shall be construed to limit the Government's ability to terminate the Contractor for the failure to submit Contract deliverables when due.

ARTICLE 31. ANTI-COMPETITIVE PRACTICES AND ANTI-KICKBACK PROVISIONS.

- A. The Contractor recognizes the need for markets to operate competitively and shall observe and shall comply with all applicable law, rules, and regulations prohibiting anti-competitive practices. The Contractor shall not engage, directly or indirectly, in collusion or other anti-competitive practices that reduces or eliminates competition or restrains trade. The Department shall report to the appropriate authority any activity that evidences a violation of the antitrust laws, and take such other further action to which it is entitled or obligated under the law.
- B. The Contractor shall observe and comply with all applicable law, rules, and regulations prohibiting kickbacks and, without limiting the foregoing, Contractor shall not (i) provide or attempt to provide or offer to provide any kickback; (ii) solicit, accept, or attempt to accept any kickback; or (iii) include, directly or indirectly, the amount of any kickback in the contract price charged by Contractor or a Subcontractor of the Construction Manager to the Department. The Contractor shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in this subparagraph in its own operations and direct business relationships. The Department may take any recourse available to it under the law for violations of this anti-kickback provision.
- C. The Contractor represents and warrants that it did not, directly or indirectly, engage in any collusive or other anti-competitive behavior in connection with the bid, negotiation or award of the Contract. Further, the Contractor represents and warrants that it will not either directly or indirectly, engage in any collusive or other anti-competitive behavior in connection with the performance and administration of the Contract. In the event the Department determines that there has been a violation of these provisions, it may terminate the contract without liability.

ARTICLE 32. NON-DISCRIMINATION IN EMPLOYMENT PROVISIONS.

- A. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, family responsibilities, matriculation, political affiliation, or physical handicap. The affirmative action shall include, but not be limited to, the following:
 - 1. Employment, upgrading, or transfer;
 - 2. Recruitment or recruitment advertising;
 - 3. Demotion, layoff, or termination;

4. Rates of pay, or other forms of compensation; and
 5. Selection for training and apprenticeship.
- B.** Unless otherwise permitted by law and directed by the Department, the Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Department setting forth the provisions of this Section concerning non-discrimination and affirmative action.
- C.** The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment pursuant to the non-discrimination requirements set forth in this Section.
- D.** The Contractor agrees to send to each labor union or representative of workers with which it has a collective bargaining agreement, or other contract or understanding, a notice to be provided by the Department, advising each labor union or workers' representative of the Contractor's commitments under this Section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- E.** The Contractor agrees to permit access by the Department to all books, records and accounts pertaining to its employment practices for purposes of investigation to ascertain compliance with this Section, and shall post copies of the notices in conspicuous places available to employees and applicants for employment.
- F.** The Contractor shall include in every subcontract the equal opportunity clauses of this Section so that such provisions shall be binding upon each Subcontractor or vendor.
- G.** The Contractor shall take such action with respect to any Subcontractor as the Contracting Officer may direct as a means of enforcing these provisions, including sanctions for non-compliance.

ARTICLE 33. ETHICAL STANDARDS FOR DEPARTMENT'S EMPLOYEES AND FORMER EMPLOYEES

The Department expects the Contractor to observe the highest ethical standards and to comply with all applicable law, rules, and regulations governing ethical conduct or conflicts of interest. Neither the Contractor, nor any person associated with the Contractor, shall provide (or seek reimbursement for) any gift, gratuity, favor, entertainment, loan or other thing of value to any employee of the District or the Department not in conformity with applicable law, rules or regulations. The Contractor shall not engage the services of any person or persons in the employment of the Department or the District for any Work required, contemplated or performed under the Contract. The Contractor may not assign to any former Department or District employee or agent who has joined the Contractor's firm any matter on which the former employee, while in the employ of the Department, had material or substantial involvement in the matter. The Contractor may request a waiver to permit the assignment of such matters to former Department personnel on a case-by-case basis. The Contractor shall include in every subcontract a provision substantially similar to this section so that such provisions shall be binding upon each Subcontractor or vendor.

ARTICLE 34. CONSTRUCTION. The Contract shall be construed fairly as to all parties and not in favor of or against any party, regardless of which party prepared the Contract.

ARTICLE 35. SURVIVAL. All agreements warranties, and representations of the Contractor contained in the Contract or in any certificate or document furnished pursuant to the Contract shall survive termination or expiration of the Contract.

ARTICLE 36. REMEDIES CUMULATIVE. Unless specifically provided to the contrary in the Contract, all remedies set forth in the Contract are cumulative and not exclusive of any other remedy the Government may have, including, without limitation, at law or in equity. The Government's rights and

remedies will be exercised at its sole discretion, and shall not be regarded as conferring any obligation on the Government's to exercise those rights or remedies for the benefit of the Contractor or any other person or entity.

ARTICLE 37. ENTIRE AGREEMENT; MODIFICATION. The Contract supersedes all contemporaneous or prior negotiations, representations, course of dealing, or agreements, either written or oral. No modifications to the Contract shall be effective against the Department unless made in writing signed by both the Department and the Contractor, unless otherwise expressly provided to the contrary in the Contract. Nothing herein shall be construed to limit the Department's right to issue unilateral modifications to the contract.

ARTICLE 38. SEVERABILITY. In the event any one or more of the provisions contained in this Contract shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Contract, and in lieu of each such invalid, illegal or unenforceable provision, there shall be added automatically as a part of this Contract a provision as similar in terms to such invalid, illegal or unenforceable provision as may be possible and be valid, legal and enforceable; each part of this Contract is intended to be severable.

ARTICLE 39. FORCE MAJEURE---If the Contractor, because of Force Majeure, is rendered wholly or partly unable to perform its obligations when due under this Contract, the Contractor may be excused from whatever performance is affected by the Force Majeure to the extent so affected. In order to be excused from its performance obligations under this Contract by reason of Force Majeure, within 72 hours of the occurrence or event, the Contractor must provide the Contracting Officer written notice of its inability to perform as well as a description of the force majeure and its effect on Contract performance. The Contracting Officer will have the right to cause the inspection of the work site to determine the validity of the Contractor's assertion of its inability to perform. If the Contracting Officer agrees that the Contractor is wholly or partly unable to perform its obligations under the Contract a decision will be issued indicating the extent to which the Contractor is excused from its performance obligations. In no event will the Contractor be entitled to money damages from the Government due to force majeure.

**District of Columbia District of General Services
Released October 2018
Standard Contract Provisions
General Provisions
(Architectural & Engineering Services Contract)**

ARTICLE 1. DEFINITIONS

- A.** "Architect-Engineer" means the individual, individuals, and or firm identified as the "Architect-Engineer" in the preamble of Contract executed by and between the District and the Architect-Engineer for the Project.
- B.** "Change Order" means a document signed by the District and the Architect-Engineer to authorize an addition, deletion or revision in the services, the Architect-Engineer's cost of, or the time required for, the performance of any part of the services under the Contract, issued on or after the Effective Date of the Contract.
- C.** "Contract" means the written contract for professional services between the District and the Architect-Engineer, including all exhibits, Standard Contract Provisions, and any duly executed amendments.
- D.** "Contracting Officer" means the District official authorized to execute and administrate the Contract on behalf of the District. Within DGS, the Director is the Chief Contracting Officer. The Director may make delegations of procurement authority to additional contracting officers within DGS.
- E.** "District" means the District of Columbia, Department of General Services, (the "Department" or "DGS"), a party to the Contract.
- F.** "Project" means the District's project identified in the Contract, of which Architect-Engineer's services under the Contract as a party.
- G.** "Scope of Services" means any and all work done in any and all phases of the Project, pursuant to and as set forth by the Department in the Contract.
- H.** "Day or Days" All references to day or days in these Standard Contract Provisions will be counted based on calendar days not business days.

ARTICLE 2. GENERAL

- A.** The Contracting Officer shall have authority to take any action provided for herein on behalf of the District, including approval, certifications, vouchers, acceptance and changes within the Scope of Services.
- B.** The Architect-Engineer's period of performance shall commence on the effective date as agreed and as specified in the Scope of Services or in each task order issued by the Contracting Officer and ends on the date all required services are satisfactorily completed in accordance with the terms of the Contract and Project close-out documents and all deliverables are delivered to the District.
- C.** All services shall be prosecuted under the direction of a principal officer or responsible representative of the Architect-Engineer, approved by the Contracting Officer. The design of architectural, civil, structural, mechanical, plumbing, electrical, or other engineering features of the Project shall be accomplished in accordance with the terms of the Contract and reviewed and certified in accordance with applicable District of Columbia regulations by architects or engineers registered to practice in the District of Columbia in the particular professional field involved.

D. The Architect-Engineer shall furnish sufficient technical, supervisory and administrative personnel to ensure the efficient prosecution of the services in accordance with the approved Project Schedule.

E. The Architect-Engineer agrees that duly authorized representatives of the District shall have access at all reasonable times to inspect and make copies of all notes, designs, drawings, specifications or other technical or non-technical data, including but not limited to payroll of company personnel, pertaining to the services performed under the Contract.

F. The standard of care. The Architect-Engineer, its consultants and subcontractors shall perform the services consistent with the professional skill and care ordinarily provided by members of the same profession currently practicing under similar or same circumstances in the same or similar locality of the Project. The standard of care shall not be altered by the application, interpretation, or construction of this or any other provision of these Standard Contract Provisions or the Contract.

ARTICLE 3. PROGRESS SCHEDULES AND REPORTS

A. Generally. In addition to the requirements set forth in the Scope of Services and the requirements set forth elsewhere in the Contract, the Architect-Engineer shall furnish progress reports monthly, biweekly and with each payment request, describing accomplishments, decisions and overall progress made during the period covered by the report and including the most recent Project Schedule and as set forth in more detail in this Article 3.

B. Monthly Reports. The Architect-Engineer shall provide written reports to the District, at a minimum on a monthly basis on the progress of the Project, including, but not limited to, a baseline schedule and schedule updates with narrative demonstrating the critical path of the services in Primavera format in the latest available version or as designated by the Contracting Officer. The monthly written reports shall also include, at a minimum, the services accomplished, problems encountered, cost updates, an economic inclusion report, cash flow updates, quality assurance reports and other similar relevant data as the District may reasonably require.

C. Biweekly Updates. The Architect-Engineer shall also provide written update reports to the District on a biweekly basis, which shall reflect actual conditions of Project progress as of the date of the update. The update shall reflect the actual progress of designs or construction, as the case may be, identify developing delays, regardless of their cause, and reflect the Architect-Engineer's best projection of the actual date by which Substantial Completion and Final Completion of the Project will be achieved. Via a narrative statement (not merely a critical path method schedule), the Architect-Engineer shall identify the causes of any potential delay and state what, in the Architect-Engineer's judgment, must be done to avoid or reduce that delay. The Architect-Engineer shall point out, in its narrative, changes that have occurred since the last update, including those related to major changes in the Scope of Services, activities modified since the last update, revised projections of durations, progress and completion, revisions to the schedule logic or assumptions, and other relevant changes. Any significant variance from the previous schedule or update shall also be identified in a narrative, together with the reasons for the variance and its impact on Project completion. All schedule updates shall be in the latest version of Primavera format and reasonably acceptable to the District. The District may make reasonable requests during the Project for changes to the format or for further explanation of information provided. Submission of updates showing that Substantial Completion or Final Completion of the Project will be achieved later than the applicable scheduled completion date shall not constitute requests for extension of time and shall not operate to change the scheduled completion date. The District's receipt of, and lack of objection to, any schedule update showing Substantial Completion or Final Completion later than 4 the dates agreed upon shall not be regarded as the District's agreement that the Architect-Engineer may have an extension of time, or as a waiver of any of the District's rights, but merely as the Architect-Engineer's representation that, in the Architect-Engineer's best projection, Substantial Completion or Final Completion of the Project may not be completed by the agreed upon date. Changes to the scheduled completion dates may be made only in the circumstances and only by the methods set forth in the Contract.

D. Condition Precedent to Payment. All payments to Architect-Engineer are contingent upon satisfactory performance of the terms and conditions set forth in the Contract as determined by the Contracting Officer. Requisitions for payment shall be accompanied by a Project Progress Report which shall include the information set forth in this Article 3 and a statement indicating the percentage of completion of all required services for the Project.

ARTICLE 4. RESPONSIBILITY OF THE ARCHITECT-ENGINEER

A. Quality. The Architect-Engineer shall be responsible for the professional quality, technical accuracy and the coordination of all designs, drawing, specifications, and other services furnished. The Architect-Engineer shall, without additional compensation correct or revise any errors or deficiencies in its designs, drawings, specification and other services.

B. Scope of Services. The Architect-Engineer shall accomplish the design services required pursuant to the Scope of Services or under each task order. The services, as set forth in the Contract, shall include but are not limited to the services required to enable the District to award the related construction contract pursuant to standard District procedures, for the construction of the facilities designed at a price that does not exceed the estimated construction contract price set forth in the Contract.

1. If bids or proposals are not solicited within 180 days following the District's acceptance of the services to be provided under the Scope of Services or task order, the Architect-Engineer shall, prepare an estimate of constructing the design submitted and such estimate will be used in lieu of bids or proposals to determine compliance with the funding limitation.

2. If the bids or proposals for the construction contract received exceed such estimated price, the Architect-Engineer shall perform such redesign and other services as are necessary to permit contract award within such funding limitation. Such redesign services shall be performed at no increase in the price of the Contract. However, the Architect-Engineer shall not be required to perform such additional services at no cost to the District if the unfavorable bids or proposals are the results of unforeseeable causes beyond the control and without the fault and negligence of the Architect-Engineer.

C. Designing to Budget. The Architect-Engineer shall promptly advise the Contracting Officer if the Architect-Engineer finds that the Project design will exceed or is likely to exceed the funding limitations and the Architect-Engineer is unable to design a usable facility within these limitations. Upon receipt of such information, the Contracting Officer will review the Architect-Engineer's revised estimate of construction cost. The Contracting Officer may, if he determines that the estimated construction contract price set forth in the Scope of Services or task order is so low that award of a construction contract not in excess of such estimate is improbable, authorize a change in the scope, quality or type of materials, or both, as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth elsewhere in the Contract or he may adjust such estimated construction contract price.

D. Project Management and Inspection Entity. In the event the Contract requires the Architect-Engineer to provide construction period services, the Architect-Engineer shall also, at intervals of no less than once per week or as set forth in the Scope of Services, be responsible for:

1. *Visits to Site and Observation of Construction.* An Architect-Engineer representative who is knowledgeable of the Project and competent in each discipline that has trade activities and stages of construction being performed shall visit the site at the agreed-to intervals to observe as an experienced and qualified design professional the progress and quality of the various aspects of the contractor's work. Based on information obtained during such visits and on such observations, the Architect-Engineer shall endeavor to determine whether such work is proceeding in accordance with the Contract Documents and shall keep the District informed of the general progress of the work in relation to the overall schedule. The Architect-Engineer shall document the site visit in writing and shall submit his findings in accordance with the report requirements set forth in Article 3 herein.

2. Inspections of Work in Progress by the Architect-Engineer. During his periodic visits to the site to observe the work in progress, the Architect-Engineer shall, as a minimum, spot check the work installed and in progress to determine compliance with the requirements of the Contract Documents and the codes and installation/workmanship standards listed therein. Defective and noncompliant work observed during such visits shall be noted in the Architect-Engineer's reports and pointed out to the Contracting Officer and Program Manager. The Architect-Engineer shall identify for the Project Manager any specific checks or inspections to be made. The results of these inspections shall be made a part of the Project's daily log and reports. The Architect-Engineer shall document the inspection in writing.

3. Supplemental Inspections and Tests. For work not in compliance with the Contract Documents, the Architect-Engineer shall, with the District's approval, require additional or supplemental inspection or testing. The Architect-Engineer shall receive and review all certificates of inspections, tests and approvals required by laws, rules, regulations, ordinances, codes, orders or the Contract Documents and shall determine whether, in its opinion as an Architect-Engineer, their content complies with the requirements of each. The Architect-Engineer shall also determine whether the results certified indicate compliance with the Contract Documents. The Architect-Engineer shall document the inspection in writing.

4. Defective Work. During its site visits and based on its observation during such visits, the Architect-Engineer may disapprove the contractor's work, or any portion thereof, while the work is in progress if Architect-Engineer believes that such work does not conform to the Contract Documents or the approved shop drawings or other submittals. The Architect-Engineer may also recommend that the District reject any work that the Architect-Engineer believes will not result in a completed Project that conforms generally to the Contract Documents or that it believes will prejudice the integrity of the design as reflected in the Contract Documents. The Architect-Engineer shall document the defective work in writing.

E. Code and Regulatory Compliance. The Architect-Engineer is responsible for designing the project and administering the construction phase of the Project in accordance with applicable District of Columbia Codes and other regulatory requirements applicable to the Project. Nothing contained herein shall be construed as relieving the Architect-Engineer, any other professional design consultant, or any contractor, supplier or other participant from any professional or legal responsibility for performance. Reviews, comments and approvals by the Department of General Services and its divisions, or any employee or official of the District, in no way absolve any other person, firm or corporation involved in the Project from their full responsibilities under the applicable laws, codes and professional practice as required in projects for the District of Columbia. Lack of comment by a District of Columbia reviewer does not relieve the Architect-Engineer from designing to meet the applicable code or Architect-Engineer Manual requirements or applicable regulations related to water, sewer, fire department service, and other utilities.

1. Additional Costs. If the correction of a code or regulatory violation results in a Change Order during construction, any additional costs incurred shall be borne by the party responsible for the violation. The District shall bear only the costs attributable to the actual code or regulation required enhancement of the Project.

2. Code Interpretation. If the Architect-Engineer believes that a code or a regulation is unclear as to meaning, the Architect-Engineer shall request a written opinion as to the applicable interpretation from the applicable regulatory agency, as appropriate. The Architect-Engineer shall be entitled to rely on the written opinion, if any, received from such agency.

F. As-Built Drawings. At completion of the Project, the Architect-Engineer shall prepare a full set of record drawings showing the "as-built" condition of the Project and including the locations of all utilities based on his own records and upon information supplied by the Construction Manager, Contractor or Design-Builder, as applicable, on which the Architect-Engineer may rely. These drawings will consist of the original working drawings and the original of supplemental drawings and details modified to show the "as built" conditions both in paper, tracings, and electronic media.

"As-built" drawings shall be turned over to the District as a condition precedent to Substantial Completion; final payment of the Architect-Engineer's fees shall not be due until the building is accepted by the District, the final Application for Payment is made, in acceptable form, to and accepted by the District, and record drawings and "as-built" drawings in the form of paper, tracings, and electronic media in the form of Compact Discs in latest version of AutoCAD. The District reserves the right to occupy the building, or portions thereof, prior to final acceptance.

G. No Waiver. Neither the District's review, approval or acceptance of, nor payment for, any of the services required under the Contract shall be construed to operate as a waiver or any rights under the Contract or of any cause of action arising out of the performance of the Contract, and the Architect-Engineer shall be and remain liable to the District in accordance with applicable law for all damages to the District caused by the Architect-Engineer's negligent or intentionally wrongful act, omission or default while performing any of the services under the Contract.

H. Remedies Inclusive. The rights and remedies of the District and the Architect-Engineer provided for under the Contract are in addition to any other rights and remedies provided by law.

ARTICLE 5. PAYMENTS

A. Invoices. The Architect-Engineer shall submit an invoice to the District, along with District required documentation. The invoice shall generally itemize the various phases or parts of the Total Contract Amount, the value of the various phases or parts, the previously invoiced and approved amounts for payment, and the amount of the current invoice. The invoice shall also include a certification statement signed by the Architect-Engineer stating that the Architect-Engineer has paid its consultants, subcontractors and suppliers their individual proportional share of all previous payments, including interest if applicable, received from the District in accordance with the terms of the Architect-Engineer's subcontract with such persons or companies and these Standard Contract Provisions. Invoices for reimbursables shall include documentation of costs for which reimbursement is sought. Invoices for Architect-Engineer Services being performed on an hourly rate basis shall show the technical classifications, names of the persons performing the Architect-Engineer services, man hours expended, marked up hourly rates for the classification, and the extended cost amount.

B. Invoice Disputes. Unless there is a dispute about the compensation due the Architect-Engineer, including, but not limited to, claims by the District against the Architect-Engineer, then within thirty (30) days after receipt by the District of the Architect-Engineer's acceptable invoice, which shall be considered the invoice receipt date, the District shall pay to the Architect-Engineer the amount approved less any retainage and less any prior payments or advances made to Architect-Engineer. The date on which payment is due shall be referred to as the "payment date."

C. Frequency. Invoices prepared the Architect-Engineer relating to the amount and value of work and services performed by the Architect-Engineer under the Contract shall be made periodically (not more often than monthly) and sent to the District for payment, accompanied by such documentation and supporting data as may be required by the Contracting Officer.

D. Retainage. Upon approval of such invoice amounts by the Contracting Officer and presentation of proper documentation by the Architect-Engineer, payment of the invoice amount as determined above less agreed upon retainage and all previous payments shall be made in accordance with the Quick Payment Act, D.C. Official Code §2-221.01 *et seq.* Unless otherwise provided for in the Contract, the retained payment percentage shall be 5%, provided, however, that if the Contracting Officer determines that the work is Substantially Complete and that the amount of retained percentages is in excess of the amount considered by him to be adequate for the protection of the District, he may in his discretion release to the Architect-Engineer such excess amount.

E. Final Payment. Upon the satisfactory completion of the Architect-Engineer's services and formal notification of its final acceptance by the Contracting Officer, the Architect-Engineer shall be paid the unpaid balance of any money due hereunder, including retained percentages. Prior to such final payment under the Contract or prior to settlement upon termination of the Contract and as a condition precedent thereto, the Architect-Engineer shall execute and deliver to the Contracting

Officer a release of all claims against the District arising under or by virtue of the Contract other than such claims, if any, as may be specifically excepted by the Architect-Engineer from the operation of the release in stated amounts to be set forth therein.

F. Document Ownership. All drawings, designs, specifications and other Architect-Engineer deliverables first produced solely for the District in the performance of the Contract, or in contemplation thereof, and all as-built drawings produced after completion of the work shall be and remain the sole property of the District and may be used on any other work without additional cost to the District. With respect thereto, the Architect-Engineer agrees not to assert any rights or to establish any claim under the design patent or copyright laws and not to publish or reproduce such matter in whole or in part or in any manner or form or authorize others so to do without the written consent of the District, until such time as the District may have released such matter to the public. Further, with respect to any architectural design which the District desires to protect by applying for and prosecuting a design patent application or otherwise, the Architect-Engineer agrees to furnish the Contracting Officer such duly executed instruments and other papers (prepared by the District) as are deemed necessary to vest in the District the rights granted it under this clause. The Architect-Engineer agrees to furnish and provide access to the originals or copies of all such materials on the request of the Contracting Officer for a period of three (3) years after completion for the project.

G. Corrections of Work Post-Payment. Notwithstanding the acceptance and approval by the District of any services performed or provided by the Architect-Engineer, the Architect-Engineer shall be responsible for the professional quality, technical accuracy and the coordination of all services furnished by the Architect-Engineer under the Contract. The Architect-Engineer shall, without additional compensation, correct or revise any errors or deficiencies or omissions in the Architect-Engineer's services.

H. Payment Not Waiver. The District's review, approval or acceptance of, or payment for, any of the Materials and Services required under the Contract shall not constitute any representation, warranty or guaranty by the District as to the substance or quality of the matter reviewed, approved or accepted and shall not be construed to operate as a waiver or estoppel of any of the District's rights or privileges under the Contract or of any cause of action arising out of the performance of the Contract. No person or firm shall rely in any way on such review, approval or acceptance by the District. The Architect-Engineer shall be and remain liable in accordance with Applicable Law for all damages to the District caused by the Architect-Engineer. Review, approval or acceptance by the District or the Contracting Officer under the Contract shall not constitute approval otherwise required by any of the District departments, boards, commissions, or other regulatory agencies in the exercise of their independent regulatory authority.

I. Errors and Omissions. Without limiting the Architect-Engineer's responsibility set forth above, such responsibility, by way of illustration shall include the following: If any error or omission in the Construction Documents submitted by the Architect-Engineer requires a change in the Scope of Services or any portion thereof, the Architect-Engineer shall promptly complete such change at no additional cost to the District.

J. Compensation Disputes. Disputes regarding the compensation due the Architect-Engineer may include, but are not limited to, the amount due, the value or percentage of the Architect-Engineer Services completed, defects or deficiencies in the Architect-Engineer Services, quality of the Architect-Engineer Services, compliance with the Contract Documents, completion itself, or negligent performance of professional services on the part of the Architect-Engineer. In the event of disputes, payment shall be mailed on or before the Payment Date for amounts and Architect-Engineer Services not in dispute, subject to any setoffs claimed by the District.

K. Adjustments. All prior payments, whether based on estimates or otherwise, may be corrected and adjusted in any payment and shall be corrected and adjusted in the final payment. In the event that any invoice by the Architect-Engineer contains a defect or impropriety which would prevent payment by the Payment Date, the District shall notify the Architect-Engineer in writing of such

defect or impropriety within ten (10) days after the invoice receipt date. Any disputed amounts determined by the District to be payable to the Architect-Engineer shall be due thirty (30) days from the date the dispute is resolved. Interest shall be paid by the District in accordance with the Quick Payment Act, D.C. Official Code §2-221.01 *et seq.*

L. Payments to Subcontractors. The Architect-Engineer shall make a payment to each of its Consultants and Subcontractors, not later than seven (7) calendar days after receipt of amounts paid to the Architect-Engineer by the District, in an amount equal to the proportionate share of the total payment, including any interest, received from the District attributable to the Architect-Engineer Services performed by Consultants and Subcontractors less a retainage of not more than five percent (5%) if provided for in the applicable subcontract, said retainage being the same money, not additional money, retained by the District from the payment to the Architect-Engineer.

ARTICLE 6. CHANGES

A. Generally. The Contracting Officer may at any time by written order make changes within the general scope of the Contract to the Scope of Services to be performed under each task order. If such changes cause an increase or decrease in the Architect-Engineer's cost of or time required for performance of any service under the Contract, or both, upon approval of the Contracting Officer, an equitable adjustment shall be made and the Contract shall be modified in writing by the Contracting Officer accordingly. Any claim of the Architect-Engineer for adjustment under this clause must be made in writing to the Contracting Officer within ten (10) days from the date of receipt by the Architect-Engineer of the notification of change unless the Contracting Officer grants a further period of time before the date of final payment under this Contract. If the Architect-Engineer requests changes to the Scope of Services, the Architect-Engineer must demonstrate to the satisfaction of the District that the changes are necessary and not due to the acts or omissions of the Architect-Engineer. Generally, the time of performance of the Contract and/or any task order may be extended for the administrative convenience of the District or for other purposes whenever the Contracting Officer determines such action will not be a cause for additional fee or other related cost.

B. Additional Compensation. Compensation to the Architect-Engineer beyond the monetary limits set forth in the Contract shall only be made if and when a Change Order to the Contract is duly executed by the Parties. Nothing herein shall limit the District's ability to make changes to the Contract unilaterally.

C. Designated Change Orders. The Contracting Officer may, at any time, by written order designated or indicated to be a change order, make any changes in the work within the general scope of the Contract, including but not limited to changes:

1. In the Contract drawings and specifications;
2. In the method or manner of performance of the services;
3. In the District furnished facilities, equipment, materials or services; or
4. Directing acceleration in the performance of the services.

Nothing provided in this Article shall excuse the Architect-Engineer from proceeding with the prosecution of the services so changed.

D. Other Change Orders. Any other written order or an oral order (which term as used in this Section shall include direction, instruction, interpretation, or determination) from the Contracting Officer which causes any such change, shall be treated as a Change Order under this Article, provided that the Architect-Engineer gives the Contracting Officer written notice stating the date, circumstances and sources of the order and that the Architect-Engineer regards the order as a Change Order.

E. General Requirements. Except as herein provided, no order, statement or conduct of the Contracting Officer shall be treated as a change under this Article or entitle the Architect-Engineer to an equitable adjustment hereunder. If any change under this Article causes an increase or decrease in the Architect-Engineer's cost of, or the time required for, the performance

of any part of the services under the Contract whether or not changed by any order, an equitable adjustment shall be made and the Contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under (B) above shall be allowed for any cost incurred more than thirty (30) days before the Architect-Engineer gives written notice as therein required unless this thirty (30) day period is extended by the Contracting Officer and provided further, that in case of defective drawings and specifications, the equitable adjustment shall include any increased cost reasonably incurred by the Architect- Engineer in attempting to comply with such defective drawings and specifications.

1. If the Architect-Engineer intends to assert a claim for an equitable adjustment under this Article, the Architect-Engineer must, within thirty (30) days after receipt of a written Change Order under (A) above or the furnishing of a written notice under (D) above, submit to the Contracting Officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the Contracting Officer. The statement of claim hereunder may be included in the notice under (D) above.

2. With respect to the notification obligations of the Architect-Engineer hereunder, time is of the essence. A failure to provide timely notice constitutes waiver of the claim. No claim by the Architect-Engineer for an equitable adjustment hereunder shall be allowed if asserted after final payment under the Contract.

F. Change Order Breakdown. Contract prices shall be used for Change Order work where the services, as changed, are of similar nature; no other costs, overhead or profit will be allowed.

1. Where Contract prices are not appropriate and the nature of the change is known in advance of construction, the parties shall attempt to agree on a fully justifiable adjustment of the Architect-Engineer's compensation and time for performance.

2. When Contract prices are not appropriate, or the parties fail to agree on equitable adjustment, or in processing claims, equitable adjustment for Change Order work shall be per this Article and Article 7 and shall be based upon the breakdown shown in following subsections a) through g). The Architect-Engineer shall assemble a complete cost breakdown that lists and substantiates each item of work and each item of cost.

a) *Labor*—Payment will be made for direct labor cost plus indirect labor cost such as insurance, taxes, fringe benefits and welfare provided such costs are considered reasonable by the District. Indirect costs shall be itemized and verified by receipted invoices. If verification is not possible, up to 18 percent of direct labor costs may be allowed. In addition, up to 20 percent of direct plus indirect labor costs may be allowed for overhead and profit.

b) *Rented Equipment*—Payment for required equipment rented from a third party company that is neither an affiliate of, nor a subsidiary of, the Architect-Engineer will be based on receipted invoices, which shall not exceed rates given in the current edition of the Rental Rate Blue Book for Construction Equipment published by Data Quest. If actual rental rates exceed manual rates, written justification shall be furnished to the Contracting Officer for consideration. No additional allowance will be made for overhead and profit. The Architect-Engineer shall submit written certification to the Contracting Officer that any required rented equipment is neither owned by nor rented from the Architect-Engineer or an affiliate of or subsidiary of the Architect- Engineer.

c) *Architect-Engineer's Equipment*—Payment for required equipment owned by the Architect-Engineer or an affiliate of the Architect-Engineer will be based solely on an hourly rate derived by dividing the current appropriate monthly rate by 176 hours. No payment will be made under any circumstances for repair costs, freight and transportation charges, fuel, lubricants, insurance, any other costs and expenses, or overhead and profit. Payment for such equipment made idle by delays attributable to the District will be based on one-half the derived hourly rate under this subsection.

d) *Miscellaneous*—No additional allowance will be made for general superintendence, use of small tools and other costs for which no specific allowance is herein provided.

e) *Subcontract Work*—Payment for additional necessary subcontract work will be based on applicable procedures in a) through f), to which total additional subcontract work, up to an additional 10 percent, may be allowed for the Architect-Engineer's overhead and profit.

G. Significant Changes in Character of Services.

1. The Contracting Officer reserves the right to make, in writing, at any time during the performance of services, such changes in quantities and such alterations in the services as are necessary to satisfactorily complete the Project. Such changes in quantities and alterations shall not invalidate the Contract, and the Architect-Engineer agrees to perform the services as altered.

2. If the alterations or changes in quantities significantly change the character of the services under the Contract, whether or not changed by any such different quantities or alterations, an adjustment, excluding loss of anticipated profits, will be made to the Contract. The basis for the adjustment shall be agreed upon prior to the performance of the services. If a basis cannot be agreed upon, then an adjustment will be made either for or against the Architect-Engineer in such amount as the Contracting Officer may determine to be fair and reasonable.

3. If the alterations or changes in quantities significantly change the character of the services to be performed under the Contract, the altered services will be paid for as provided elsewhere in the Contract.

4. The term "significant change" shall be construed to apply only to the following circumstances:

a. When the character of the services as altered differs materially in kind or nature from that involved or included in the original proposed construction; or

b. When an item of work is increased in excess of 125 percent or decreased below 75 percent of the original Contract quantity. Any allowance for an increase in quantity shall apply only to that portion in excess of 125 percent of original Contract item quantity, or in the case of a decrease below 75 percent, to the actual amount of services performed.

5. If the parties fail to agree upon the adjustment to be made, the dispute shall be processed as provided in Article 10 hereof entitled "Disputes". Nothing provided in this section shall excuse the Architect-Engineer from proceeding with the prosecution of services so changed.

ARTICLE 7. EQUITABLE ADJUSTMENT OF CONTRACT TERMS

The Architect-Engineer is entitled to an equitable adjustment of the contract terms whenever the following situations develop:

A. Differing Site Conditions.

1. During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the Contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the Contract, are encountered at the site, the Architect-Engineer, upon discovering such conditions, shall promptly notify the Contracting Officer in writing of the specific differing conditions before they are disturbed and before the affected work is performed.

2. Upon written notification, the Contracting Officer will investigate the conditions, and if he/she determines that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, or both, an adjustment, excluding loss of anticipated profits, will be made and the Contract modified in writing accordingly. The Contracting Officer will notify the Architect-Engineer of his/her determination whether or not an adjustment of the Contract is warranted.

3. No contract adjustment which results in a benefit to the Architect-Engineer will be allowed unless the Architect-Engineer has provided the required written notice; a failure to notify the Contracting Officer of the changed conditions prior to work being disturbed by said conditions shall constitute a permanent waiver of all right to compensation related to the changed conditions by the Architect-Engineer.

4. No contract adjustment will be allowed under this clause for any effects caused on unchanged work.

B. Suspension of Work Ordered by Contracting Officer.

1. If the performance of all or any portion of the work is suspended or delayed by the Contracting Officer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the nature of the services) and the Architect-Engineer believes that additional compensation or contract time, or both, is due as a result of such suspension or delay, the Architect-Engineer shall submit to the Contracting Officer in writing a request for equitable adjustment within ten (10) days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment.

2. Upon receipt, the Contracting Officer will evaluate the Architect-Engineer's request. If the Contracting Officer agrees that the cost or time required for the performance of the Contract, or both, has increased as a result of such suspension and the suspension was caused by conditions beyond the control or and not the fault of the Architect-Engineer or its consultants or subcontractors at any approved tier, and not caused by weather, the Contracting Officer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The Contracting Officer will notify the Architect-Engineer of his/her determination whether or not an adjustment of the Contract is warranted.

3. No contract adjustment will be allowed unless the Architect-Engineer has submitted the request for adjustment within the time prescribed; a failure to submit a request for adjustment in the time prescribed shall constitute waiver of all right to compensation related to the suspension of work by the Architect-Engineer.

ARTICLE 8. TERMINATION

A. Termination for Default. Termination, whether for default or convenience is not a Government claim. The Contracting Officer may terminate the Contract, or any task order issued thereunder by the Contracting Officer, for default, in whole or in part, if the termination is in the best interests of the Government, and the Architect-Engineer does any of the following:

1. Fails to complete the Services within the time specified in the Contract or any modification (including task orders);

2. Fails to make sufficient progress on contract performance so as to endanger performance of the Contract (including any task order) within the time specified or in the manner specified in the Contract;

3. Fails or refuses to go forward with the services in accordance with the direction of the Contracting Officer;

4. Expresses through word or conduct an intention not to complete the services in accordance with the directions of the Contracting Officer;

5. Fails to perform any of the other provisions of the Contract (or any task order);
6. Materially deviates from the representations and capabilities set forth in the Architect-Engineer's response to the solicitation.

B. Final Decision of Contracting Officer. A termination for default is a final decision of the Contracting Officer. In order to contest a termination for default, the Architect-Engineer must submit a certified request to convert the termination for default to a termination for convenience with all documents supporting such conversion and comply with all Contract provisions and laws relating to terminations for convenience, including the submission of a certified termination for convenience settlement proposal. The submission of the certified request for conversion to a termination for convenience and certified termination settlement proposal to the Contracting Officer must occur prior to ninety (90) days from the date of the Contracting Officer's final decision.

C. Delays. If the Architect-Engineer refuses or fails to prosecute the services, or any separable part thereof, with such diligence as will provide for its completion within the time specified in the Contract, or any extension thereof, or fails to complete said services within the specified time, the District may, by written notice to the Architect-Engineer, terminate its right to proceed with the services or such part of the services involving the delay. In such event, the District may take over the services and prosecute the same to completion, by contract or otherwise, and may take possession of and utilize in completing the services such materials as may have been paid for by the District. Whether or not the Architect-Engineer's right to proceed with the services are terminated, the Architect-Engineer shall be liable for any liability to the District resulting from the Architect-Engineer's refusal or failure to complete the services within the specified time.

1. If fixed and agreed liquidated damages are provided in the Contract and if the District does not so terminate the Architect-Engineer's right to proceed, the resulting damage will consist of such liquidated damages until the services are completed and accepted.

2. The Architect-Engineer's right to proceed shall not be so terminated nor the Architect-Engineer charged with resulting damage if:

- a) The delay in the completion the services arises from unforeseeable causes beyond the control and without the fault or negligence of the Architect-Engineer, including but not restricted to acts of God, acts of the public enemy, acts of the District in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the District, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, climatic conditions beyond the normal which could be anticipated, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Architect-Engineer and such consultants or subcontractors at any tier; and

- b) The Architect-Engineer, within 72 hours from the beginning of any such delay, (unless the Contracting Officer grants a further period of time before the date of final payment under the Contract) notifies the Contracting Officer in writing of the causes of delay.

3. The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the services when, in his/her judgment, the findings of fact justify such an extension, and his/her findings of fact shall be final and conclusive on the parties, subject only to appeal as provided in Article 7 herein.

4. If, after notice of termination of the Architect-Engineer's right to proceed under the provisions of this Article, it is determined for any reason that the Architect-Engineer was not in default under the provisions of this Article, or that the delay was excusable under the provisions of this Article, the rights and obligations of the parties shall be in accordance with Article 6 herein. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of Article 7 herein.

5. The rights and remedies of the District provided in this Article are in addition to any other rights and remedies provided by law or under the Contract.

6. The District may, by written notice, terminate the Contract or a portion thereof as a result of an Executive Order of the President of the United States with respect to the prosecution of war or in the interest of national defense. When the Contract is so terminated, no claim for loss of anticipated profits will be permitted.

D. Opportunity to Cure. Notwithstanding the foregoing sections A and C, the Contract will not terminate as a result of the failure to perform if the Architect-Engineer begins, immediately upon receipt of such notice, to correct its failure to perform and proceeds diligently to cure such failure with no more than ten (10) days of receipt thereof. The Contracting Officer in its sole discretion, but is not obligated to, may extend the period to cure if the Department finds a legitimate reason for the extension.

E. Termination for Convenience of the District Government

1. The performance of services under the Contract, or any task order issued thereunder by the Contracting Officer, may be terminated by the District in accordance with this Article, in whole or in part, whenever the Contracting Officer shall determine that such termination is in the best interest of the District. Any such termination shall be effected by delivery to the Architect-Engineer of a Notice of Termination specifying the extent to which performance of services under the Contract (or task order) is terminated, and the date upon which such termination becomes effective.

2. After receipt of a Notice of Termination, and except as otherwise directed by the Contracting Officer, the Architect-Engineer shall:

a) Stop work under the Contract (or task order) on the date and to the extent specified in the Notice of Termination.

b) Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the services under the Contract (or task order) as is not terminated.

c) Terminate all orders and subcontracts to the extent that they relate to the performance of the services terminated by the Notice of Termination.

d) Assign to the District, in the manner, at the times, and to the extent directed by the Contracting Officer, all of the right, title and interest of the Architect-Engineer under the orders and subcontracts so terminated, in which case the District shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

e) Settle all outstanding liabilities and all claims arising out of such termination of orders or subcontracts, with the approval or ratification of the Contracting Officer to the extent he/she may require, which approval or ratification shall be final for all purposes of this Article.

f) Transfer title to the District and deliver in the manner, at the times, and to the extent, if any, directed by the Contracting Officer completed, or partially completed plans, drawings, information and other property which, if the Contract (or task order) had been completed, would have been required to be furnished to the District.

g) Complete performance of such part of the services as shall not have been terminated by the Notice of Termination.

h) Take such action as may be necessary, or as the Contracting Officer may direct, for the protection and preservation of the property related to the Contract that is in the possession of the Architect-Engineer and in which the District has or may acquire an interest.

i) The Architect-Engineer shall proceed immediately with the performance of the above obligations notwithstanding any delay in determining or adjusting the cost, or any item of reimbursable cost, under this Article.

3. After receipt of a Notice of Termination, the Architect-Engineer shall submit to the Contracting Officer its termination claim, in the form with the certification prescribed by the Contracting Officer. Such claim shall be submitted promptly but in no event later than ninety (90) days from the effective date of termination, unless one or more extensions in writing are granted by the Contracting Officer upon request of the Architect-Engineer made in writing within such ninety (90)-day period or authorized extension thereof. In the event the Architect-Engineer was terminated for default and it asserts that it is entitled to a termination for convenience, its certified request for the conversion of the default termination to one for convenience and its certified termination settlement proposal must be submitted to the Contracting Officer prior to the expiration of ninety (90) days from the date of the default termination. With respect to a termination for convenience, if the Contracting Officer determines that the facts justify such action, he/she may receive and act upon any such termination claim at any time after such ninety (90)-day period or extension thereof. Nothing herein shall be construed to extend the time for the submission of a claim hereunder for a defaulted Architect-Engineer beyond ninety (90) days from the date of the default termination. Upon failure of the Architect-Engineer to submit his termination claim within the time allowed, the Contracting Officer may, subject to any review required by the District's procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him/her, the amount, if any, due to the Architect-Engineer by reason of the termination and shall thereupon pay to the Architect-Engineer the amount so determined.

4. Subject to the provisions of Section 3 above, and subject to any review required by the District's procedures in effect as of the date of execution of the Contract, the Architect-Engineer and Contracting Officer may agree upon the whole or any part of the amount or amounts to be paid to the Architect-Engineer by reason of the total or partial termination of services pursuant to this Article, which amount or amounts may include a reasonable allowance for profit on services completed; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further reduced by the Contract price of any services not terminated. The Contract shall be amended accordingly, and the Architect-Engineer shall be paid the agreed amount. Nothing in Section 5 below prescribing the amount to be paid to the Architect-Engineer in the event of failure of the Architect-Engineer and the Contracting Officer to agree upon the whole amount to be paid to the Architect-Engineer by reason of the termination of services pursuant to this Article, shall be deemed to limit, restrict or otherwise determine or effect the amount or amounts which may be agreed upon to be paid to the Architect-Engineer pursuant to this paragraph.

5. In the event of the failure of the Architect-Engineer and the Contracting Officer to agree as provided in Section 4 above upon the whole amount to be paid to the Architect-Engineer by reason of the termination of services pursuant to this Article, the Contracting Officer shall, subject to any review required by the District's procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him/her, the amount, if any, due the Architect-Engineer by reason of the termination and shall pay to the Architect-Engineer the amounts determined by the Contracting Officer, as follows, but without duplication of any amounts agreed upon in accordance with Section 4 above:

a) With respect to all Contract work performed prior to the effective date of the Notice of Termination, the total (without duplication of any items) of:

i) The cost of such services;

ii) The cost of settling and paying claims arising out of the termination of services under subcontracts or orders as provided in Section 2(e) above, exclusive of the amounts paid or payable on account of supplies or materials delivered or services

furnished by the subcontractor prior to the effective date of the Notice of Termination of work under the Contract, which amounts shall be included in the cost on account of which payment is made under on Section 5(a)(i) above; and

iii) A sum, as profit on Section 5(a)(i) above, determined by the Contracting Officer to be fair and reasonable; provided however, that if it appears that the Architect-Engineer would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed under this subparagraph and an appropriate adjustment shall be made reducing the amount of the settlement to reflect the indicated rate of loss; and provided further that profit shall be allowed only on preparations made and services performed by the Architect-Engineer for the terminated portion of the Contract (or task order) but may not be allowed on the Architect-Engineer's settlement expenses. Anticipatory profits and consequential damages shall not be allowed. Any reasonable method may be used to arrive at a fair profit, separately or as part of the whole settlement.

b) The reasonable cost of the preservation and protection of property incurred pursuant to Section 2(i); and any other reasonable cost incidental to termination of services under the Contract including expense incidental to the determination of amount due to the Architect-Engineer as the result of the termination of work under the Contract.

6. The total sum to be paid to the Architect-Engineer under Section 5(a) above shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further reduced by the Contract price of services not terminated. Except for normal spoilage, and except to the extent that the District shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the Architect-Engineer under Section 5(a) above, the fair value, as determined by the Contracting Officer, of property which is destroyed, lost, stolen or damaged so as to become undeliverable to the District

7. The Architect-Engineer shall have the right of appeal, under Article 9 herein, from any determination made by the Contracting Officer under Sections 3 or 5, above, except that, if the Architect-Engineer has failed to submit its claim within the time provided in Section 3 above and has failed to request extension of such time, the Architect-Engineer shall have no such right of appeal. In any case where the Contracting Officer has made a determination of the amount due under Sections 3 or 5, above, the District shall pay to the Architect-Engineer the following:

a) If there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the Contracting Officer, or

b) If an appeal had been taken, the amount finally determined on such appeal.

8. In arriving at the amount due the Architect-Engineer under this Article there shall be deducted:

a) all unliquidated advance or other payments on account theretofore made to the Architect-Engineer, applicable to the terminated portion of the Contract (or task order);

b) any claim which the District may have against the Architect-Engineer in connection with the Contract; and

c) the agreed price for, or the proceeds of sale of, any materials, supplies or other things kept by the Architect-Engineer or sold, pursuant to the provisions of this Article and not otherwise recovered by or credited to the District.

9. If the termination hereunder be partial, prior to the settlement of the terminated portion of the Contract (or task order), the Architect-Engineer may file with the Contracting Officer a request in writing for an equitable adjustment of the price or prices specified in the Contract relating to the continued portion of the Contract (the portion not terminated by the Notice

of Termination), and such equitable adjustment as may be agreed upon shall be made at such price or prices; however, nothing contained herein shall limit the right of the District and the Architect-Engineer to agree upon the amount or amounts to be paid to the Architect-Engineer for the completion of the continued portion of the Contract when said Contract does not contain an established Contract price for such continued portion.

10. The District may from time to time, under such terms and conditions as it may prescribe, make partial payments against costs incurred by the Architect-Engineer in connection with the terminated portion of the Contract (or task order) whenever in the opinion of the Contracting Officer the aggregate of such payments shall be within the amount to which the Architect-Engineer will be entitled hereunder. If the total of such payments is in excess of the amount finally agreed or determined to be due under this Article, such excess shall be payable by the Architect-Engineer to the District upon demand, together with interest in accordance with the Quick Payment Act, D.C. Official Code §2-221.01 *et seq.*

11. Unless otherwise provided in the Contract or by applicable statute, the Architect-Engineer, from the effective date of termination and for a period of three (3) years after final settlement under the Contract, shall preserve and make available to the District at all reasonable times at the office of the Architect-Engineer, but without direct charge to the District, all its books, records, documents and other evidence bearing on the costs and expenses of the Architect-Engineer under the Contract and relating to the services terminated hereunder, or, to the extent approved by the Contracting Officer, photographs and other authentic reproductions thereof.

12. By virtue of a Termination for Convenience, the Architect-Engineer shall not become entitled to payment for defective services, deficient services, rejected services, or services not in accordance with the plans or specifications set forth in the Contract.

ARTICLE 9. DISPUTES

A. Generally. All disputes arising under or relating to the Contract shall be resolved as provided herein.

B. Claims by the Architect-Engineer against the District.

1. Claim, as used in this Section B of Article 9, means a written assertion by the Architect-Engineer seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to the Contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.

a) All claims by the Architect-Engineer against the District arising under or relating to the Contract shall be in writing and shall be submitted to the Contracting Officer for a decision.

b) Within 120 days after receipt of a claim, the Contracting Officer shall issue a decision, whenever possible taking into account factors such as the size and complexity of the claim and the adequacy of the information in support of the claim provided by the Architect-Engineer.

c) Any failure by the Contracting Officer to issue a decision on a Contract claim within the required time period shall be deemed to be a denial of the claim and shall authorize the commencement of an appeal on the claim as otherwise provided.

i) If the Architect-Engineer is unable to support any part of its claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Architect-Engineer, the Architect-Engineer shall be

liable to the District for an amount equal to the unsupported part of the claim in addition to all costs to the District attributable to the cost of reviewing that part of the Architect-Engineer's claim.

ii) Liability under this section shall be determined within six (6) years of the commission of the misrepresentation of fact or fraud.

d) All cost data, pricing data, and task data of claims hereunder must be certified as accurate, complete, required, and necessary to the best of the Architect-Engineer's knowledge and belief. Further, all task or work data in the claim must be described therein to the smallest unit of work or task. The Contracting Officer may require any additional certifications, descriptions or explanations of the claim.

e) The parties agree that time is of the essence and all claims hereunder must be presented to the Contracting Officer for a final decision within thirty (30) days of the occurrence of the circumstances giving rise to such claim or within thirty (30) days of when the Architect-Engineer knew or should have known of the circumstances giving rise to such claim, otherwise compensation for that claim is waived.

f) The parties agree that there shall be no claims for unabsorbed home office overhead.

2. The Architect-Engineer's claim shall contain at least the following:

a) A description of the claim and the amount in dispute;

b) Any data or other information in support of the claim;

c) A brief description of the Architect-Engineer's efforts to resolve the dispute prior to filing the claim; and

d) The Architect-Engineer's request for relief or other action by the Contracting Officer.

e) The certification of the accuracy, completeness, requirement, and necessity of all aspects of the claim.

3. The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Architect-Engineer.

4. Pending final decision of an appeal, action, or final settlement, the Architect-Engineer shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

C. Claims by the District Against the Architect-Engineer.

1. Claim as used in this Section C of Article 9, means a written demand or written assertion by the District, including the Contracting Officer, seeking, as a matter of right, the payment of money in a sum certain, the adjustment of contract terms, or other relief arising under or relating to the Contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. Nothing herein shall be construed to require the District to notify the Architect-Engineer prior to the issuance of the Contracting Officer's final decision.

2.

a) All claims by the District against the Architect-Engineer arising under or relating to a contract shall be decided by the Contracting Officer, who shall issue a decision in writing and furnish a copy of the decision to the Architect-Engineer.

b) The decision shall be supported by reasons and shall inform the Architect-Engineer of its rights. Specific findings of fact shall not be required.

3. This clause shall not authorize the Contracting Officer to settle, compromise, pay, or otherwise adjust any claim involving fraud.
4. The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Architect-Engineer.
5. Pending final decision of an appeal, action, or final settlement, the Architect-Engineer shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.
6. The Contracting Officer may enter into a voluntary exclusion agreement with the Architect-Engineer in order to settle any claim or dispute between the parties.

ARTICLE 10. RETENTION AND EXAMINATION OF RECORDS

Unless otherwise provided in the Contract, or by applicable statute, the Architect-Engineer, from the effective date of Contract completion and for a period of three (3) years after final settlement under the Contract, shall preserve and make available to the District at all reasonable times at the office of the Architect-Engineer but without direct charge to the District, all its books, records, documents, and other evidence bearing on the costs and expenses of the Architect-Engineer under the Contract.

ARTICLE 11. COVENANT AGAINST CONTINGENT FEES

The Architect-Engineer warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Architect-Engineer for the purpose of securing business. For breach or violation of this warranty, the District shall have the right to terminate the Contract without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

ARTICLE 12. OFFICIALS NOT TO BENEFIT

A. District Employees Not To Benefit. Unless a determination is made as provided herein, no officer or employee of the District will be admitted to any share or part of the Contract or to any benefit that may arise therefrom, and any contract made by the Contracting Officer or any District employee authorized to execute contracts in which they or an employee of the District will be personally interested shall be void, and no payment shall be made thereon by the District or any officer thereof, but this provision shall not be construed to extend to the Contract if made with a corporation for its general benefit. A District employee shall not be a party to a contract with the District and will not knowingly cause or allow a business concern or other organization owned or substantially owned or controlled by the employee to be a party to such a contract, unless a written determination has been made by the head of the procuring agency that there is a compelling reason for contracting with the employee, such as when the District's needs cannot reasonably otherwise be met in accordance with DC Procurement Practices Act of 1985, D.C. Law 6-85, D.C. Official Code, section 2-310.01, and Chapter 18 of the DC Personnel Regulations. The Architect-Engineer represents and covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. The Architect-Engineer further covenants not to employ any person having such known interests in the performance of the Contract.

B. Anti-Competitive Practices and Anti-Kickback Provisions.

1. The Architect-Engineer recognizes the need for markets to operate competitively and shall observe and shall comply with all applicable law, rules, and regulations prohibiting anticompetitive practices. The Architect-Engineer shall not engage, directly or indirectly, in collusion or other anti-competitive practices that reduces or eliminates competition or restrains trade. The District shall report to the appropriate authority any activity that evidences a violation of the antitrust laws, and take such other further action to which it is entitled or obligated under the law.

2. The Architect-Engineer shall observe and comply with all applicable law, rules, and regulations prohibiting kickbacks and, without limiting the foregoing, Architect-Engineer shall not (i) provide or attempt to provide or offer to provide any kickback; (ii) solicit, accept, or attempt to accept any kickback; or (iii) include, directly or indirectly, the amount of any kickback in the contract price charged by Architect-Engineer or a Subcontractor of the Architect-Engineer to the District. The Architect-Engineer shall have in place and follow reasonable procedures designed to prevent and detect possible violations described in this subparagraph in its own operations and direct business relationships. The District may take any recourse available to it under the law for violations of this anti-kickback provision.

ARTICLE 13. CONFLICT OF INTEREST AND ETHICS

A. Former Employees Generally. Pursuant to Public Law 95-521, as amended, no former employee of the United States District or the District of Columbia:

1. Shall knowingly represent the Architect-Engineer before any District agency through personal appearance or communication in connection with a matter involving specific parties to the Contract where the former District employee participated personally and substantially in this matter while employed with the District.

2. Shall within two (2) years after terminating District employment knowingly represent the Architect-Engineer before any District agency through personal appearance or communication in connection with a matter involving specific parties to the Contract where the matter was pending under the official responsibility of the former employee within one (1) year prior to termination of District service.

B. Former Senior Employees. Pursuant to Public Law 95-591, as amended, no former senior level officer or former senior level employee of the United States District or the District of Columbia District named in or designated by the Contracting Officer of the Office of District Ethics under Section 207(d) of Title 18 USC:

1. Shall, within two (2) years after terminating District employment knowingly represent or aid counsel, advise, consult or assist in representing any other person by personal presence at any formal or informal appearance before any District agency in connection with a matter involving specific parties where the former employee participated personally aid substantially in that matter while employed with the District.

2. Shall, within one (1) year after terminating District employment knowingly act as an agent or attorney for or otherwise represent anyone in any formal or informal appearance before or with the intent to influence make any written or oral communication on behalf of anyone to his or her former District or agency or any of its officers or employees or (2) in connection with any particular District matter, whether or not involving a specific party which is pending before such District or agency or in which it has a direct and substantial interest.

C. Conflict of Interest. The Architect-Engineer represents and warrants that neither it nor any of its directors, officers, members, partners or employees, has any interest nor shall they acquire any interest, directly or indirectly, which would or may conflict in any manner or degree with the performance or rendering of the services herein provided. The Architect-Engineer represents and warrants that, in the performance of the Contract, no person having such interest or possible interest shall be employed by it. No elected official or other officer or employee of the District, nor any person whose salary is payable, in whole or in part, from the District Treasury, shall participate in any decision relating to the Contract which affects his/her personal interest or the interest of any corporation, partnership or association in which he/she is, directly or indirectly, interested; nor shall any such person have any interest, direct or indirect, in the Contract or in the proceeds thereof.

D. No Kick-Backs. The Architect-Engineer shall not offer or receive any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor in connection with the Contract. The Architect-Engineer shall not confer on any public employee having official responsibility for the Contract any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value.

E. No Contractor Employment. No official or employee of the District of Columbia whose duties as such official or employee include matters relating to or affecting the subject matter of the Contract shall, during the pendency and term of the Contract and/while serving as an official or employee of the District of Columbia, become or be an employee of the Architect-Engineer or any entity that is a subcontractor on the Contract.

ARTICLE 14. DISMISSALS AND REPLACEMENT OF KEY PERSONNEL

A. Dismissals by the District. Should the continued employment of any person or persons in the Architect-Engineer's organization under the Contract be deemed by the Contracting Officer to be prejudicial to the interests of the District, such person or persons shall be immediately removed from the work hereunder. The Architect-Engineer shall make every effort in the selection of its employees and in the prosecution of the work under the Contract to safeguard all drawings and specifications and to prevent the theft conversion or unauthorized use of the same.

B. Replacement of Key Personnel. No substitutions for Key Personnel shall be permitted unless approved by the Contracting Officer. Any proposed replacement for Key Personnel must possess qualifications substantially similar to those of the Key Personnel being replaced and are subject to the prior written approval of the Contracting Officer. In addition, at the Contracting Officer's request at any time, the Architect-Engineer shall remove any Key Personnel or other personnel and substitute another employee of the Architect-Engineer or its subcontractors reasonably satisfactory to the Contracting Officer. The Contracting Officer may request such substitution at any time, in his/her sole discretion.

C. Liquidated Damages. In order to maintain project continuity the District expects that the Architect-Engineer will assign the same project managers to all phases of the Project and that such personnel will be available to oversee and coordinate the services throughout the Project. Accordingly, the Architect-Engineer's designated Key Personnel shall be subject to liquidated damages for their removal or reassignment by the Architect-Engineer. In each instance where the Architect-Engineer removes or reassigns one of its Key Personnel (but excluding instances where such personnel become unavailable due to death, disability, or separation from the employment of the Architect-Engineer or any affiliate of the Architect-Engineer) without the prior written consent of the Contracting Officer, the Architect-Engineer shall pay to the District an amount set forth in the Contract as liquidated damages and not a penalty, to reimburse the District for its administrative costs arising from the Architect-Engineer's failure to provide the Key Personnel. The foregoing liquidated damage amount shall not bar recovery of any other damages, costs or expenses other than the District's internal administrative costs. In addition, the District shall have the right, to be exercised in its sole discretion, to remove, replace or to reduce the Scope of Services of the Architect-Engineer in the event that a member of the Key Personnel has been removed or replaced by the Architect-Engineer without the consent of the District. In the event the District exercises the right to remove, replace or to reduce the Scope of Services of the Architect-Engineer, the District shall have the right to enforce the terms of the Contract and to keep-in-place those members of the Architect-Engineer's team not removed or replaced and the remaining members shall complete the services required under the Contract in conjunction with the new members of the Architect-Engineer's team approved by the District.

ARTICLE 15. COMPLIANCE WITH FEDERAL AND DISTRICT OF COLUMBIA LAWS AND REGULATIONS

A. Generally. The Architect-Engineer shall at all times exercise the professional skill and care required by Section 2.F of these Standard Contract Provisions in observing and complying with all laws, codes, regulations, orders and decree set forth by any department, agency or branch of the United States District, and the District of Columbia applicable to the services.

B. Equal Opportunity: Non-Discrimination in Employment. During the performance of the Contract the Architect-Engineer shall comply with the provisions of Mayor's Order 85-85 as implemented by Title 4, Chapter 11 – Equal Employment Opportunity Requirements in Contracts, 33 DCR 4952 (August 15, 1986).

C. Buy American Act.

1. *Agreement*—In accordance with the Buy American Act (41 USC 10a-10d), and Executive Order 10582, December 17, 1954 (3 CFR, 1954-58 Comp., p. 230), as amended by Executive Order 11051, September 27, 1962 (3 CFR, 1059—63 Comp., p. 635), the Architect-Engineer agrees that only domestic construction material will be used by the Architect-Engineer, subcontractors, material men and suppliers in the performance of the Contract, except for non-domestic material listed in the Contract.

2. *Domestic Construction Material*—“Construction material” means any article, material or supply brought to the construction site for incorporation in the building or work. An unmanufactured construction material is a “domestic construction material” if it has been mined or produced in the United States. A manufactured construction material is a “domestic construction material” if it has been manufactured in the United States and if the cost of its components which have been mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. “Component” means any article, material, or supply directly incorporated in a construction material.

3. *Domestic Component*—A component shall be considered to have been “mined, produced, or manufactured in the United States” regardless of its source, in fact, if the article, material or supply in which it is incorporated was manufactured in the United States and the component is of a class or kind determined by the District to be not mined, produced or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

4. *Foreign Material* – When steel materials are used in a project a minimal use of foreign steel is permitted. The cost of such materials cannot exceed one-tenth of one percent of the total project cost, or \$2,500,000, whichever is greater.

D. Service Contract Act. The Architect-Engineer agrees that the work performed under this Contract shall be subject to the Service Contract Act (41 U.S.C. 351 *et seq.*). The wage rates applicable to this Project shall be attached as an exhibit to the Contract. The Architect-Engineer further agrees that it and all of its subcontractors shall comply with the regulations implementing the Service Contract Act and such regulations are hereby incorporated by reference.

E. False Claims Act. The Architect-Engineer shall be governed by all laws and regulations prohibiting false or fraudulent statements and claims made to the government, including the prescriptions set forth in District of Columbia Code §22-2405 and §§2-381.01 *et seq.*

ARTICLE 16. APPOINTMENT OF ATTORNEY

The Architect-Engineer does hereby irrevocably designate and appoint the Clerk of the Superior Court of the District and his successors in office as the true and lawful attorney of the Architect-Engineer for the purpose of receiving service of all notices and processes issued by any court in the District, as well as service of all pleadings and other papers, in relation to any action or legal proceeding arising out of or pertaining to the Contract or the work required or performed hereunder. The Architect-Engineer expressly agrees that the validity of any service upon the said Clerk as herein authorized shall not be affected either by the fact that the Architect-Engineer was personally within the District of Columbia and otherwise subject to personal service at the time of such service upon the said Clerk or by the fact that the Architect-Engineer failed to receive a copy of such process, notice, pleading or other paper so served upon the said Clerk, provided that said Clerk shall have deposited in the United States mail, certified and postage prepaid, a copy of such process, notice, pleading or other papers addressed to the Architect-Engineer at the address stated in the Contract.

ARTICLE 17. INDEMNIFICATION

A. Violation of Laws, Regulations, Specifications, and Breach of Contract. If the Architect-Engineer violates any laws, regulations, codes or industry standards relating to the Project, the Architect-Engineer shall take prompt action to correct or abate such violation and shall indemnify

and hold the District of Columbia and its officials, officers, agents, and employees, the Department and its consultants, representatives, agents, servants and employees harmless against any and all claims or liability, damages, fines, penalties, third party claims, suits, awards, actions, causes of action or judgments, including but not limited to reasonable attorney's fees and costs incurred thereunder, arising from or based on the violation of any such law, code, regulation, codes or industry standards, order or decree in performance of the Contract services whether by the Architect-Engineer, an employee or agent of the Architect-Engineer, any person, firm or corporation employee engaged by the Architect-Engineer or contractually associated with the Architect-Engineer in the performance of or in connection with the Services contemplated or performed under the Contract.. If the Architect-Engineer breaches the terms of this Contract, including the solicitation, letter contract, standard contract provisions, directives, specifications, manufacturer's specifications, and the RFP, the Architect-Engineer shall indemnify and hold the Department and its consultants, representatives, agents, servants and employees harmless against any damages, fines, penalties, claims, suits, awards, actions, causes of action or judgments, including but not limited to reasonable attorney's fees and costs incurred thereunder, that result from such breach.

B. Professional Services. To the fullest extent permitted by law, the Architect-Engineer shall defend, indemnify and hold harmless the Department and the Department's consultants and agents and employees from and against claims, damages, losses and expenses, including but not limited to reasonable attorneys' fees, arising out of or resulting from performance of the services, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Architect-Engineer, a consultant or subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder.

C. Non-Professional Services. In addition, other than claims arising out of the performance of professional services, the Architect-Engineer shall defend, indemnify and hold harmless the Department, its representatives, consultants, officers, agents, servants and employees, from and against claims, liabilities, demands, losses, damages, judgments, costs, or expenses, including reasonable attorneys' fees and expenses recoverable under applicable law, to the extent such claims are caused by acts or omissions of the Architect-Engineer, a consultant or subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder or arising out of the Contract services, provided that, such claims arise out of non-professional services required under the Contract.

D. Third Party Disputes. Disputes between the Architect-Engineer and any subcontractors, material suppliers, or any other third parties over payments allegedly owed by the Architect-Engineer to a third party shall be resolved exclusively between the Architect-Engineer and the third party; the Architect-Engineer shall permit no pass-through suits to be brought against the District by a third party in the Architect-Engineer's name. However, nothing herein shall be construed to prevent the Architect-Engineer from paying a subcontractor's claim and seeking a timely equitable adjustment hereunder.

ARTICLE 18. SUBCONTRACTORS AND/OR OUTSIDE ASSOCIATES AND CONSULTANTS

A. Prior Consent Required. Except as otherwise provided in this Section 18 (A), the Architect-Engineer shall not delegate or enter into any Subcontracts for the performance of its obligations under the Contract, in whole or in part, without on each occasion obtaining the prior written consent of the Contracting Officer. Any subcontractors and/or outside associates or consultants required by the Architect-Engineer in connection with the Services covered by the Contract shall be limited to such individuals or firms as were specifically identified in the Architect-Engineer's written proposal and approved by the District during negotiations. Any proposed changes in such subcontractors, associates, or consultants shall be subject to the prior written approval of the Contracting Officer.

B. Requests. The Architect-Engineer shall submit to the Contracting Officer copies of all proposed subcontract(s) to be entered into by the Architect-Engineer, along with the Architect-Engineer's written request for the District's consent. All such subcontracts must specify that:

1. work performed by the subcontractor shall be in accordance with the terms of the Contract;
2. nothing contained in such subcontract shall be construed to impair the rights of the District under the Contract;
3. the District's consent to or approval of any subcontract shall not create any obligation of the District to any subcontractor;
4. nothing contained in such subcontract, or under the Contract, shall create any obligation of the District to any subcontractor;
5. the District shall be expressly designated a third party beneficiary of the subcontract;
6. upon request by the District (at the District's sole option) and upon receipt of written notice from the District stating that the Contract between the District and the Architect-Engineer has been terminated, the subcontractor agrees that it will continue to perform its obligations under the subcontract for the benefit of the District in accordance with the terms and conditions of the Contract, provided the District pays the subcontractor for the services rendered and materials provided by the subcontractor from and after the date of the termination of the Contract between the District and the Architect-Engineer at the same rate or in the same amount as set forth in the subcontract for services and materials after such date of termination;
7. the subcontractor shall be bound by the same requirements as the Architect-Engineer including confidentiality, maintenance and preservation of records, and audit by government representatives, under the Contract; and
8. the subcontractor agrees (i) to assign and transfer to the District all of its rights to sales and use tax which may be refunded as a result of a claim for refund for any materials purchased in connection with the subcontract or the Contract, (ii) that, other than as directed by the District, it will not file a claim for refund for any sales or use tax which is the subject of this assignment; and (iii) that the District, in its own name or in the name of subcontractor, may file a claim for a refund of any sales or use tax covered by the assignment.

C. No Relief of Obligations. No permitted subcontract shall relieve the Architect-Engineer of any obligation under the Contract. The Architect-Engineer shall be as fully responsible for the acts and omissions of its subcontractors or persons either directly or indirectly employed by them, as it is for the acts and omissions of the Architect-Engineer or persons directly or indirectly employed by the Architect-Engineer.

D. No Effect. Any purported subcontract in violation of this Section or of any other section in the Contract shall be of no force and effect.

E. Right to Reject. The District may, in its sole discretion, reject any or all bids and proposals received by the Architect-Engineer from any subcontractor for any portion of the services, and may require the Architect-Engineer to obtain new or revised bids or proposals or subcontractors.

F. Incorporation by Reference. Any agreement the Architect-Engineer makes with a subcontractor, outside associate or consultant shall incorporate specifically or by reference thereto, each and every provision of the Contract, these Standard Contract Provisions, the Attachment(s) and Appendices hereto, and if applicable, the District's Standard Contract Provisions for Construction Contracts.

ARTICLE 19. WAIVER

No waiver by the District or the Architect-Engineer of any breach of any provision of the Contract shall operate as a waiver of such provision or of the Contract or as a waiver of subsequent or other breaches of the same or any other provision of the Contract; nor shall any action or non-action by the Contracting Officer or by the District or the Architect-Engineer be construed as a waiver of any provision of the Contract or of any breach thereof unless the same has been expressly declared or recognized as a waiver by the Contracting Officer or the District or the Architect-Engineer, as applicable, in writing.

ARTICLE 20. PATENTED AND PROPRIETARY ITEMS

A. Prior Approval Required. The Architect-Engineer shall not, without the prior written approval of the Contracting Officer, specify for the Project, or necessarily imply the required use of any article, product, material, fixture or form of construction, the use of which is covered by a patent, or which is otherwise exclusively controlled by a particular firm or group of firms.

B. Indemnity. The Architect-Engineer shall be liable to and hereby agrees to defend, indemnify and hold harmless the District against any claim, action cost or judgment against the District for patent infringement, trademark violation, copyright violation or infringement of rights in technical data, in any systems, graphs, charts, designs, drawings or specifications furnished by the Architect-Engineer in the performance of the Contract.

ARTICLE 21. TRANSFER OR ASSIGNMENT OF CONTRACT

A. Prior Consent Required. Unless otherwise provided by law, neither the Contract nor any interest therein may be transferred or assigned by the Architect-Engineer to any other party without the written consent of the Contracting Officer; and any attempted transfer or assignment not authorized by this Article shall constitute a breach of the Contract and the District may for such cause terminate the Contract for default and terminate the right of the Architect-Engineer to proceed in the same manner as provided in Article 8.B. herein, and the Architect-Engineer shall be liable to the District for any excess cost occasioned the District thereby.

B. Monies. The Architect-Engineer shall not assign any right to any monies to be paid under the Contract, without on each occasion obtaining the prior written consent of the Contracting Officer. In no case shall approval by the District of the assignment of any monies to be paid under the Contract relieve the Architect-Engineer from its obligations hereunder or change the remaining terms of the Contract. Any purported assignment in violation of this Article shall be of no effect.

C. Applicability in Case of Bankruptcy or Insolvency. A receiver or trustee in any federal or state bankruptcy, insolvency or other proceedings shall comply with the requirements set forth in the Standard Contract Provisions.

D. Obligation of Architect-Engineer. The Architect-Engineer acknowledges that the Services are the obligation of the Architect-Engineer and the District shall have no obligation to accept performance by a third party without the Contracting Officer's prior and express written consent.

E. Failure to Obtain Consent. Failure to obtain the previous written consent of the Contracting Officer to such an assignment, transfer or conveyance, shall justify, at the option of the Contracting Officer, the revocation and annulment of the Contract. The District shall thereupon be relieved and discharged from any further liability and obligation to the Architect-Engineer, his assignees or transfers, and the Architect-Engineer and his assignees shall forfeit and lose all monies theretofore earned under the Contract, except so much as may be required to pay the Architect-Engineer's employees.

F. Assignment by the District. This Contract may be assigned by the District to any corporation, agency or instrumentality of the District having authority to accept such assignment.

ARTICLE 22. QUALIFICATIONS

A. Signatory Authority and Qualifications. The Architect-Engineer hereby warrants that the signature or signatures herein before affixed are duly authorized further the Architect-Engineer warrants as a true statement any and all statements of qualification with respect to but not limited to professional status premises, employees experience and financial standing such as may be set forth in documents furnished by the Architect-Engineer or required by the District for the purpose of securing the District's consent to enter into the Contract. Misrepresentation shall be cause for termination for default of the Contract and such other action as may be appropriate including with limitation suspension and debarment and civil or criminal penalties.

B. Good Standing. If the Architect-Engineer is an entity, the Architect-Engineer is either: (1) a notfor-profit corporation or other entity determined to be tax exempt pursuant to section 501(c) of the Internal Revenue Code by the Internal Revenue Service; or (2) a business corporation, partnership or other business entity duly organized, validly existing and in good standing under the laws of the state of its incorporation or organization. The Architect-Engineer shall also be duly licensed, qualified and in good standing in the District of Columbia. The Architect-Engineer's loss of good standing is grounds for Termination for Default without liability upon the Department.

C. Authority to Act. The Architect-Engineer has full legal power and authority to enter and perform the Contract and provide the Services without resulting in a default under or a breach or violation of (1) the Architect-Engineer's certificate or articles of incorporation or bylaws or other organizational documents, if applicable; (2) any applicable law, or any license, permit or other instrument or obligation to which the Architect-Engineer is now a party or by which the Architect-Engineer may be bound or affected; and (3) the Architect-Engineer's tax exempt status, if applicable.

D. Legal Obligation. The Contract has been duly authorized, executed and delivered by the District and the Architect-Engineer, by and through persons authorized to execute the Contract on their respective behalf, and constitutes the legal, valid and binding obligation of the District and the Architect-Engineer, enforceable against the District and the Architect-Engineer in accordance with its terms.

E. No Litigation Preventing Performance. There is no litigation, claim, consent order, settlement agreement, investigation, challenge or other proceeding pending or threatened against the Architect-Engineer, its properties or business, or any individuals acting on the Architect-Engineer's behalf, including, without limitation, subcontractors, which seek to enjoin or prohibit the Architect-Engineer from entering into or performing its obligations under the Contract.

F. Requisite Licensure and Qualifications. The Architect-Engineer and all of the entities and individuals acting on the Architect-Engineer's behalf, including, without limitation, consultants and subcontractors, in connection with the Services under the Contract, possess and, at all times during the term of the Contract, shall possess all licenses, certifications, qualifications, or other credentials as required in accordance with all applicable laws, regulations and the terms of the Contract, to perform the Services. The Architect-Engineer shall provide the District with copies of all licenses, credentials, and/or certifications specified in this Section within five (5) days of request by the District.

ARTICLE 23. ARCHITECT-ENGINEER'S WARRANTY AGAINST DEBARMENT

The Architect-Engineer certifies that it is not currently (i) debarred, suspended or excluded, (ii) a party to a voluntary exclusion agreement, or (iii) otherwise enjoined from submitting bids or proposals on contracts for the type of services covered by the Contract, nor is the Architect-Engineer an agent of any person or entity that is currently so debarred, suspended, excluded or otherwise enjoined.

ARTICLE 24. RECOVERY OF DEBTS OWED THE GOVERNMENT

The Architect-Engineer hereby agrees that the Department may use all or any portion of any payment, consideration or refund due the Architect-Engineer under the Contract to satisfy, in whole or part, any debt due the District.

ARTICLE 25. ADMINISTRATIVE LIQUIDATED DAMAGES

In addition to any other liquidated damages provided for in the Contract, the Architect-Engineer hereby agrees that the Government may assess administrative liquidated damages for the Architect-Engineer's failure to submit when due any deliverable required by the Contract. Unless otherwise prescribed by the Contracting Officer, the rate of the administrative liquidated damages shall be \$250 per day until the required deliverable is received and accepted by the Department. The Department's remedies for failure to comply with the Contract terms and conditions are cumulative and not exclusive. Nothing herein shall be construed to limit the Department's ability to terminate the Architect-Engineer for the failure to submit Contract deliverables when due.

ARTICLE 26. FORCE MAJEURE

If the Architect-Engineer, because of Force Majeure, is rendered wholly or partly unable to perform its obligations when due under this Contract, the Architect-Engineer may be excused from whatever performance is affected by the Force Majeure to the extent so affected. In order to be excused from its performance obligations under this Contract by reason of Force Majeure, within 72 hours of the occurrence or event, the Architect-Engineer must provide the Contracting Officer written notice of its inability to perform as well as a description of the Force Majeure and its effect on Contract performance. The Contracting Officer will have the right to cause the inspection of the work site to determine the validity of the Architect-Engineer's assertion of its inability to perform. If the Contracting Officer agrees that the Architect-Engineer is wholly or partly unable to perform its obligations under the Contract a decision will be issued indicating the extent to which the Architect-Engineer is excused from its performance obligations. In no event will the Contractor be entitled to money damages from the Department due to Force Majeure.
