The District through its authorized Contracting Officers reserves the right to make changes in quantities and any other alterations in the work in accordance with Article 4, Paragraph C of the Standard Contract Provisions for Construction Contracts as further detailed in Exhibit J.1 of this IFB.

#### B.5.2
If the alterations or changes in quantities significantly change per **Section [B.5.1]** the character of the Work under the Contract, whether or not changed by any such different quantities or alterations, an adjustment, excluding loss of anticipated profits, will be made to the Contract. Any adjustment for an increase or decrease in price shall apply only to that portion in excess of 125 percent of the original Contract item quantity, or in case of a decrease below 75 percent, to the actual amount of Work performed. For the avoidance of confusion, no adjustment in price shall be made if the Contract quantities increase/decrease by 25 percent of the original Contract quantities or less. This does not apply when an item of the Work is deleted in its entirety.

The contractor’s entire monthly pay request can be held up if it includes work by subcontractors not on the approved subcontracting plan. The Department will not accept nor pay any mark-up to subcontractor cost for providing services.

The Department may make reasonable requests during the overall Project and each individual site Project, for changes to the format or for further explanation of information provided. Submission of updates showing that Substantial Completion or Final Completion of the individual Site Projects will be achieved later than the applicable scheduled completion date shall not constitute requests for extension of time and shall not operate to change the scheduled completion date. The Department’s receipt of, and lack of objection to, any schedule update showing Substantial Completion or Final Completion later than the dates agreed upon in the Site Project Schedule shall not be regarded as the Department’s agreement that the Contractor may have an extension of time, or as a waiver of any of the Department’s rights, but merely as the Contractor’s representation that, as a matter of fact, Substantial Completion or Final Completion of the Project may not be completed by the agreed upon date in the Site Project Schedule. Changes to the scheduled completion dates may be made only in the circumstances and only by the method of a Contract Modification, Change Order or Change Directive bilaterally executed by the CO.

The office should be equipped with telephone lines, a fax machine, email, access to the internet and such other equipment and supplies as are necessary to fulfill the work required under this Contract.

C.9 SUBSTANTIAL AND FINAL COMPLETION/CLAIMS FOR ADDITIONAL TIME

C.9.1 Time is of the essence for the services associated under this Contract.

C.9.2 The Contractor shall substantially complete each Site Project no later than the date identified in the Project Schedule (“Substantial Completion Date”). For purposes of this requirement, the term “Substantially Complete” shall mean that all of the following have occurred: (1) the work has been completed with only minor punch list items remaining to be completed; (2) any and all required permits or approvals related to the work have been obtained; (3) all operating and maintenance annuals, training videotapes and warranties required by the Contract have been delivered to the Department; (4) any supplemental training session required for operating or maintenance personnel have been completed; (5) all clean-up required has been completed; and (6) the individual sites fire alarm system is ready for the Department to use it for its intended purpose. “Minor punch list items” are defined for this purpose as items that, in the aggregate, can be completed within thirty (30) days without interfering with the Department's normal use.

C.9.3 Final Completion shall mean the point at which Substantial Completion has been achieved, all punch list items noted at Substantial Completion have been completed and all documents the Contractor is required to deliver to the Department as a condition to receiving final payment have been received. Work is defined as the construction and services required by the Contract, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the
Contractor to fulfill the Contractor’s obligations. The work may constitute the whole or a part of the project. Final Completion Date is 30 days from the Substantial Completion Date or as defined in the Project Schedule.

C.9.4

The Contractor will perform the work so that it shall achieve Substantial Completion by the Substantial Completion Date. Unless the failure to achieve Substantial Completion by the Substantial Completion Date is a result of an Excusable Delay, as defined in Section [C.9.5], the delay shall be deemed Non-Excusable, and the Contractor shall not be entitled to an extension of the Substantial Completion Date or for further compensation. Without limiting the generality of the foregoing, delays for the following reasons shall be regarded as Non-Excusable and shall not entitle the Contractor to an extension of time:

(1) Delays due to job site labor disputes, work stoppages, or suspensions of work;
(2) Delays due to adverse weather, unless the Contractor establishes that the adverse weather was of a nature and duration in excess of averages established by data from the U.S. Department of Commerce, National Oceanic and Atmospheric Administration for the Project locale for the ten (10) years preceding the effective date of the Contract;
(3) Delays due to the failure of the Contractor or Subcontractors or material suppliers at any tier to perform in timely or proper fashion, without regard to concepts of negligence or fault;
(4) Delays due to Site conditions whether known or unknown as of the effective date of the Contract, foreseeable or unforeseeable at that time, naturally occurring or man-made; provided, however, that delays due to Differing Site Conditions or hazardous materials remediation shall be deemed an Excusable Delay;
(5) Delays in completing the preconstruction activities, unless the result of a delay by the Department or the Program Manager beyond the timeframes set forth herein, or an event of force majeure; or

C.9.5

The Contractor shall be entitled to an adjustment in the Substantial Completion Date due to an Excusable Delay. The term "Excusable Delay" shall mean:

The additional insured status under the Contractor’s and its subcontractors’ Commercial General Liability insurance policies shall be effected using the ISO Additional Insured Endorsement form CG 20 10 11 85 (or CG 20 10 07 04 and CG 20 37 07 04) or such other endorsement or combination of endorsements providing coverage at least as broad and approved by the CO in writing. All of the Contractor’s and its subcontractors’ liability policies (except for workers’ compensation and professional liability insurance) shall be endorsed using ISO form CG 20 01 04 13 or its equivalent so as to indicate that such policies provide primary coverage (without any right of contribution by any other insurance, reinsurance or self-insurance, including any deductible or retention, maintained by an Additional Insured) for all claims against the additional insured arising out of the performance of this Statement of Work by the Contractor or its subcontractors, or anyone for whom the Contractor or its subcontractors may be liable. These policies shall include a separation of insureds clause applicable to the additional insured.

If the Contractor and/or its subcontractors maintain broader coverage and/or higher limits than the minimums shown below, the District requires and shall be entitled to the broader coverage and/or the higher limits maintained by the Grantee and subcontractors.

(“ISO”) form CG 00 01 04 13 (or another occurrence-based form with coverage at least as broad and approved by the CO in writing), covering liability for all ongoing and completed operations of the Contractor, including ongoing and completed operations under all subcontracts, and covering claims for bodily injury, including without limitation sickness, disease or death of any persons, injury to or destruction of property, including loss of use resulting therefrom, personal and advertising injury, and including coverage for liability arising out of an Insured Contract (including the tort liability of another assumed in a contract) and acts of terrorism (whether caused by a foreign or domestic source). Such coverage shall have limits of liability of not less than $1,000,000 each occurrence, a $2,000,000 general aggregate (including a per location or per project aggregate

5. **Environmental Liability Insurance** - The Contractor shall provide evidence satisfactory to the CO of pollution legal liability insurance covering losses caused by pollution conditions that arise from the ongoing or completed operations of the Contractor. Completed operations coverage shall remain in effect for at least ten (10) years after completion of the work. Such insurance shall apply to bodily injury, property damage (including loss of use of damaged property or of property that has been physically injured), cleanup costs, liability, and cleanup costs while in transit, and defense (including costs and expenses incurred in the investigation, defense and settlement of claims). There shall be neither an exclusion nor a sublimit for mold-related claims. The minimum limits required under this paragraph shall be equal to the greater of (i) the limits set forth in the Contractor’s pollution legal liability policy or (ii) $1,000,000 per occurrence and $2,000,000 in the annual aggregate. If such coverage is written on a claims-made basis, the Contractor warrants that any retroactive date applicable to coverages under the policy precedes the Contractor’s performance of any work under the Contract and that continuous coverage will be maintained or an extended reporting period will be exercised for at least ten (10) years after completion. The Contractor also must furnish to the Owner certificates of insurance evidencing pollution legal liability insurance maintained by the transportation and disposal site operators(s) used by the Contractor for losses arising from facility(ies) accepting, storing, or disposing hazardous materials or other waste as a result of the Contractor’s operations. 7. **Commercial Umbrella or Excess Liability** - The Contractor shall provide evidence satisfactory to the CO of commercial umbrella or excess liability insurance with minimum limits equal to the greater of (i) the limits set forth in the Contractor’s umbrella or excess liability policy or (ii) $5,000,000 per
occurrence and $5,000,000 in the annual aggregate, following the form and in excess of all liability policies. All liability coverages must be scheduled under the umbrella and/or excess policy.
