2. MINIMUM NEED:

The Department of General Services (DGS) has an immediate need for Collins Elevator Services, Inc. to provide Emergency Elevator and Wheelchair Lift Maintenance, Repair and Maintenance Services for facilities located in Aggregate Group B of the District in accordance with Chapter 47 of title 27 of the DCMR Section 4719 and PPRA Sec. 405 (d); *Emergency Procurements*.

3. ESTIMATED FAIR AND REASONABLE PRICE:

The estimated fair and reasonable price is up to \$52,087.50

4. FACTS WHICH JUSTIFY AN EMERGENCY PROCUREMENT:

In accordance with the D.C. Official Code §2-354.05, 27 DCMR 4719 and Title 21 DCMR, Chapter 20, the purpose of this emergency procurement is to prevent an imminent threat to public health, welfare and property; also, to prevent a dangerous environment for residents, employees, students and visitors of Facilities located in Aggregate Group B of the District. It is the mission and the responsibility of the Department of General Services to provide Elevator and Wheelchair Lift Maintenance,

Repair and Maintenance Services for facilities owned and operated by the District government; these responsibilities include providing Elevator and Wheelchair Lift Maintenance, Repair and Maintenance Services located in Aggregate Group B at District Government owned and operated facilities. (D.C. Code § 10-551.01(b) (4), the Department of General Services Establishment Act of 2011.)

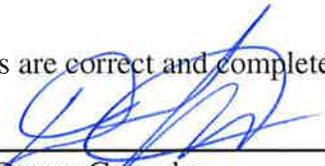

An Emergency Contract with Collins Elevator Services, Inc. is needed in order to prevent life threatening situations. A new contract cannot be competitively bid and awarded in time to have a contractor in place to provide the required Elevator and Wheelchair Lift Maintenance, Repair and Maintenance Services.

The Contractor referenced above is the only vendor who can meet the District's minimum need for Elevator and Wheelchair Lift Maintenance, Repair and Maintenance Services at this time and the estimated cost to the District is fair and reasonable based on DGS' historical data on similar services. Moreover a competitive procurement process is not practicable under these circumstances and a new contract could not be competitively bid and awarded in time to have a service contractor in place to provide the required services. As previously stated failure to provide Elevator and Wheelchair Lift Maintenance and Repair Services may result in creating life threatening situations for residents, employees, students and visitors in Facilities located in Aggregate Group B of the District.
