GOVERNMENT OF THE DISTRICT OF COLUMBIA DEPARTMENT OF GENERAL SERVICES

Addendum No. 2

To INVITATION FOR BIDS NO. DCAM-19-CS-IFB-0024 MODERNIZATION OF DISTRICT DEPARTMENT OF TRANSPORATION (DDOT) MATERIALS TESTING LAB

Issued: April 3, 2019

This Addendum No. 2 is issued and hereby published on the DGS website on April 3, 2019. Except as modified hereby, the Invitation for Bids ("IFB") remains unmodified.

Item #1: The due date for bids is hereby extended to Wednesday, April 10, 2019 at 2:00 pm.

Item #2: The bid opening date is hereby extended to Wednesday, April 10, 2019 at 2:30 pm

located at 1250 U Street, NW, Washington, DC 20009, Adams Morgan Conference

Room 3rd Floor.

Item #3: The Questions and Answers are hereby attached to this Addendum as (Exhibit 1).

Franklin Austin

Contracting Officer

Date: 4/3/2019

- End of Addendum No. 2-

Exhibit 1

DCAM-19-CS-IFB-0024 - MODERNIZATION OF DISTRICT DEPARTMENT OF TRANSPORTATION (DDOT) MATERIALS TESTING LAB

1. If an offeror does not have a LEED certified construction project completed within the past 5 years, will the offeror be disqualified from further consideration? If the offeror in this case is not disqualified, what is the impact on the grading of their evaluation in the bidding process? 2. Can you confirm or provide the list of items including quantities that will need to be relocated to the swing space? 3. Will the GC be responsible for providing the items on the following schedules: a. FF&E Schedule (p. 45 on Final BID SET Document) b. Lab FF&E Schedule (p. 45 on Final BID SET Document) c. Equipment Schedule (p. 47 on Final BID SET Document) c. Equipment Schedule (p. 47 on Final BID SET Document) 4. After a detailed review of this project, we have deep concern that the 9-month duration is too short by as much as 50 percent. We have completed an objective schedule that shows this project being complete in 14 months, and would be glad to share this schedule with you (on request). However, we are unable to develop a realistic 9-month timeline. Does the city intend to stay with this 9-month schedule and the \$1000-per-day in liquidated damages? Can a longer schedule be considered? 5. This project involves well over a dozen different trade subcontractors. The bid due date of April 2nd creates a very short timeframe for the General Contractor to responsibly grather price quotes and to foster competition among trade subcontractors. The bid due setded effectively mandates that responses to pre-bid questions, needed for pricing, will likely be published only a day or so before the due date. We respectfully request an additional 10 working days to responsibly prepare a competitive proposal for this project. 6. Demolition Keynote 6 on drawing D1.2 indicates to remove portions of the existing vault walls as needed, does shoring and underpinning work needs to be done in the adjacent areas? If so, please provide the necessary		
disqualified, what is the impact on the grading of their evaluation in the bidding process? 2. Can you confirm or provide the list of items including quantities that will need to be relocated to the swing space? 3. Will the GC be responsible for providing the items on the following schedules: a. FF&E Schedule (p. 45 on Final BID SET Document) b. Lab FF&E Schedule (p. 45 on Final BID SET Document) c. Equipment Schedule (p. 45 on Final BID SET Document) c. Equipment Schedule (p. 47 on Final BID SET Document) c. Equipment Schedule (p. 47 on Final BID SET Document) c. Equipment Schedule (p. 47 on Final BID SET Document) c. Equipment Schedule (p. 47 on Final BID SET Document) d. After a detailed review of this project, we have deep concern that the 9-month duration is too short by as much as 50 percent. We have completed an objective schedule that shows this project being complete in 14 months, and would be glad to share this schedule with you (on request). However, we are unable to develop a realistic 9-month timeline. Does the city intend to stay with this 9-month schedule and the \$1000-per-day in liquidated damages?
