GOVERNMENT OF THE DISTRICT OF COLUMBIA
DEPARTMENT OF GENERAL SERVICES

REQUEST FOR QUALIFICATIONS
SMALL GENERAL CONSTRUCTION PROJECTS

Solicitation Number: DCAM-19-CS-RFQ-0001

This solicitation is designated only for certified small business enterprise ("SBE") contractors under the provisions of the “Small and Certified Business Enterprise Development and Assistance Act of 2014”, D.C. Official Code § 2-218.01 et seq., as amended. ONLY contractors that are certified by the District of Columbia Department of Small and Local Business Development ("DSLBD") as a SBE are eligible.

February 08, 2019

Solicitation: Open until all requirements have been fulfilled (further deadlines for Statement of Qualification (SOQ) Submissions will be posted on the DGS website)

Department of General Services
Capitol Hill Conference Room
1250 U Street, NW, 4th Floor
Washington, DC 20009
Executive Summary

The District of Columbia (“District”) Department of General Services (“Department” or “DGS”) is issuing this Request for Qualifications (“RFQ”) to solicit Statements of Qualifications (“SOQs”) from those entities (“Offerors”) interested in contracting to perform general construction services for various District owned properties within the DGS construction portfolio and maintenance facility locations (“Project Locations”). The Department will use this RFQ to establish a capacity pipeline for current and future construction projects (as more fully described in Section B.1) by pre-qualifying qualified General Contractors, trade subcontractors and other related services from which to solicit price proposals.

The projects will be released through the issuance of competitive task orders pursuant to indefinite delivery/indefinite quantity (“IDIQ”) type contracts or Basic Ordering Agreements (“BOA(s)”). These services will generally include a range of general construction and facility maintenance projects for such Project Locations (which include schools; parks and recreation facilities; municipal buildings; fire and police stations; short-term family housing; tenant fit-out type work; small park/playground work; pools; and any other public locations).

Offeror’s SOQs must meet all requirements established by this RFQ and all Offerors must hold the applicable license requirements as determined by the District’s Department of Consumer and Regulatory Affairs. Failure to meet an RFQ requirement may render an Offeror’s SOQ non-responsive while the extent to which an Offeror meets or exceeds evaluation criteria will be rated by the Department’s evaluation team (“Evaluation Team”) and be reflective of the Department’s Evaluation Team’s scoring of Offeror’s SOQs Submissions.

A.1. Project Delivery Method

A.1.1 The goal of this RFQ is to establish a roster of pre-qualified contractors that can quickly compete for general construction projects as they arise. Each such contractor will be required to enter into a BOA that will set forth the general terms and conditions of the process as well as establish the method by which Task Orders (“Task Order(s)”) for specific work will be competed and issued. Offerors should note, however, that the BOA will not authorize any specific work or constitute a guarantee that any work will be assigned to a contractor. All work will be awarded and released through individual project Task Orders.

A.1.2 The Form of the BOA (“Form of Contract”) will be issued by addendum. Offerors should carefully review the Form of Contract when submitting their SOQ Submission. Offerors should note, however, that the Form of Contract will not authorize any specific work or constitute a guarantee that any work will be assigned to a contractor. To the extent there are any inconsistencies between this RFQ and the Form of Contract, the Form of Contract shall prevail. Offerors are further advised that they are required to submit their SOQ Submissions premised upon entering into a contract that is substantially similar to the Form of Contract and that any proposed changes to the Form of Contract must be clearly identified and described in their SOQ Submission.
A.1.3 The term of the IDIQ type BOAs will be for a period of one (1) base year with an option to extend for four (4) additional one (1) year option periods.

A.1.4 Section B below provides more detail; however, work will be assigned as follows: As projects are identified and funded by the Department, a narrative scope of work will be drafted for each such project. Typically, the narrative scope of work will not include complete drawings, and as such, contractors should be prepared to complete the work as further described in the Request for Task Order Proposal (“RFTOP”) for each project. The narrative scope of work will be issued to three (3) or more of the contractors and each of those contractors will be provided with an opportunity to walk the project with the Department’s representatives in order to better understand and clarify the work. Each such contractor will then be required to submit a lump sum price Guaranteed Maximum Price (“GMP”) and/or such other type of compensation for the proposed work. The specific method of compensation will be specified in the RFTOP. The amount of time that contractors will be required to submit proposals under the RFTOP will depend on the specifics of each individual project. The Department will select the contractor to be awarded each such project primarily based on price proposals, however the Department reserves the right to consider non-price factors when making such decisions and will also consider differences in scope and/or proposed finishes, equipment and materials. Task Orders will detail the award criteria for each project.

A.2.1 Contract Documents

As stated, the resulting contract(s) will be a BOA(s) and shall generally consist of: (i) Offer/Award Form; (ii) Sections A, B, C, G and H of this RFQ; (iii) the DGS Standard Contract Provisions for Construction contracts and DGS Standard Contract Provisions for Architectural and Engineering services contracts, included here as Attachment C; and (iv) such other exhibits and attachments as are incorporated into the RFQ (all such documents are referred to as “Contract Documents”).

A.2.2 Attachments

The following attachments are specifically made a part of, and incorporated into, this RFQ:

- Attachment A - Past Performance Evaluation Form
- Attachment B - Tax Affidavit
- Attachment D - Bidder-Offeror Certification Form to be provided by Addendum
- Attachment E - 2019 Living Wage Act Notice and Fact Sheet
- Attachment F - EEO Policy Statement
- Attachment G - Form of Payment and Performance Bond
Attachment H - Form of Contract (Basic Ordering Agreement) to be provided by Addendum

A.3 Contractor’s Compensation

The BOA shall merely set forth the basic parameters of the program and shall not constitute a guarantee that any work shall be forthcoming. **All work will be authorized and released by project specific Task Orders.** In general, it is contemplated that Task Orders will be priced on a lump sum basis and/or such other terms of compensation for the work set forth in the competitively bid Task Order and the scopes of work included in such Task Orders, will be premised on a design/build, design-assist basis or any such other method as described in the RFTOPs. As such and absent specific instructions to the contrary, proposed Task Order pricing shall be “all inclusive” and should include sufficient funding to cover all of the contractor’s costs necessary to complete the project, including, but not limited to, profit, home and field office overhead, supervision, labor, materials, equipment, bonds, insurance and such professional services as may be required to complete the design and obtain the necessary permits.

A.4 Limitations

A.4.1 **Minimum Order:** The minimum order for the awardees will be in an amount of $50.00 during the base year and each option year period.

A.4.2 **Maximum Order:** The maximum order limitation for issued to a single contractor during the base year and each option year period shall not exceed $990,000.00.

A.5 Selection Criteria

SOQ Submissions will be evaluated in accordance with **Part D** of this RFQ. The following evaluation criteria will be used:

i. Past Performance, Experience & References (25 points)
ii. Key Personnel (25 points)
iii. Project Management Plan (25 Points)
iv. Capacity (25 points)
v. Certified Business Enterprise Preference point (12 points)
SECTION B SCOPE OF WORK

B.1 Contractor’s Scope of Work. The selected contractors shall perform general construction, small design-build services and small construction projects at the Project Locations on District owned facilities that include schools, parks, recreation centers and municipal buildings. These general construction projects may include building upgrades, additions, and tenant-fit out improvements including, but not limited to, patching and plumbing, carpentry, masonry, window installation, trailers installation, HVAC and other building systems upgrades, electrical, small park/playground renovations and other miscellaneous construction services as may be necessary at the Project Locations. Such work shall be performed on an as directed/as needed basis and must be completed by the substantial completion dates specified in each competitively bid Task Order.

B.1.1 Program Manager and Project Manager (each, a (“PM”). The Department shall assign a Program Manager and Project Manager to oversee the Contractor’s work under any Task Order. The name and contact information for the assigned PMs will be specified in the applicable Task Order. The Contractor shall take direction from, and coordinate its work with, the assigned PMs. The Contractor will be required to develop work plans that are coordinated with, and acceptable to, the PMs assigned to each project. The Contractor acknowledges, however, that the Program Manager and Project Manager shall not be authorized to modify any of the rights or obligations of the Department or the Contractor pursuant to the BOA, or to issue Task Orders, Change Orders or Change Directives. The Contractor hereby acknowledges and agrees that only a duly authorized contracting officer of the Department shall have the authority to issue Task Orders, Change Orders or Change Directives on the Department’s behalf.

B.1.2 Central Office. During the Term of the BOA, the Contractor shall maintain a central office that is staffed between the hours of 7am - 5pm Monday through Friday. This office will be used to manage work associated with the BOA. A separate office does not to be established, and it is acceptable if the Contractor elects to manage its staff assigned to projects from its current office. The office should be equipped with telephone lines, a fax machine, email, access to the internet and such other equipment and supplies as are necessary to fulfill the work required under the BOA.

B.1.3 Working Hours. The Contractor will be required to coordinate with the assigned Project Manager for each individual project.

B.2 Competitive Bidding.

B.2.1 For each project identified and funded by the Department to be competed among Contractors that entered into a BOA pursuant to the RFQ, the Department will develop a scope of work. The scope of work will be issued to three (3) or more of the Contractors, and in most
cases, each of those Contractors will be provided with an opportunity to walk the project with the Department’s representatives in order to better understand and clarify the work.

B.2.2 The Department contemplates that the scopes of work that will be issued to contractors during the bidding phase will not include complete drawings. The parties acknowledge and agree that contractors may be required to complete work on a design-build or design-assist basis or any such other method as described in the RFTOPs.

B.2.3 Each contractor will be required to submit, within the time allotted by the Department, a lump sum price or such other pricing as may be requested by the Department for the proposed work (such price, “Task Order Price”). Absent specific instructions to the contrary, proposed Task Order pricing should be “all inclusive” and should include sufficient funding to cover all of the Contractor’s costs necessary to complete the project, including, but not limited to, profit, home and field office overhead, supervision, labor, materials, equipment, bonds, insurance and such any other professional services as may be required to complete the design, other type of work or to obtain the necessary permits. The Contractor shall be responsible for using the then-current Davis-Bacon wage determination or services contract Act (as applicable) when developing its pricing for any given project.

B.2.4 The Department will select the Contractor to be awarded each such project primarily based on price, but the Department reserves the right to consider non-price factors when making such decisions and will also consider differences in scope and/or proposed finishes, equipment and materials. Task Orders will detail the award criteria for the project.

B.2.5 In the event the Contractor is selected for a project, the Contractor shall enter into a Task Order. The Contractor shall not proceed with any work unless and until such Task Order is fully executed by the Department and the Contractor is directed to begin work. Before the Department executes Task Order, the contractors are required to resolve any clean hand compliance matters with relevant authorities including, but not limited to, the Office of Tax and Revenue (“OTR”) office.

B.3 Task Orders. Any and all work performed under the BOA or any Task Order issued pursuant hereto shall be governed by the terms and conditions set forth in the BOA. It is contemplated that individual Task Orders shall, in general, contain the following information: (i) a description of the scope of work included in such Task Order; (ii) a lump sum price and/or such other terms of compensation for the work included in the Task Order’s scope of work; (iii) the Substantial Completion Date for the Task Order’s scope of work and/or such other schedule requirements for Task Order; (iv) liquidated damages; (v) name and contact information for the assigned PM; and (vi) any other specific requirements of the scope of work. The Task Order shall also set forth a general description and requirements of the given project (such description and requirements, the “Project”).

B.4 Term of the BOA. The BOA shall be effective from the date of execution by both parties through one year from such date (such time period, the “Term”). Any and all work assigned to
the Contractor pursuant to a Task Order issued pursuant to the BOA must be completed within the Term of the BOA, and no later than the Substantial Completion Date identified in the individual Task Order.

B.5 Option Year. The Department shall have the right to extend the Term of the BOA to four (4) one-year option periods (each such period, an “Option Year”), the first of which would begin on the date that the base year Term expires; and the second of which would begin on the date that Option Year 001 expires and end one year from the date that Option Year 001 expires. In the event the Department desires to extend the Term of the BOA pursuant to this Section B.5, the Department shall give the Contractor written notice of such election at least thirty (30) days prior to the beginning of the applicable Option Year.

B.6 Standard Task Order Provisions. Unless otherwise expressly stated in a Task Order, all of the provisions of the BOA shall be deemed incorporated into the Task Order as if set forth therein.

B.7 Minimum Value of Agreement. The minimum value of services for the base year and each subsequent Option Year is Fifty Dollars ($50).

B.8 Not-to-Exceed Value of Basic Ordering Agreement. The maximum value of services for the base year and each subsequent Option Year is Nine Hundred Ninety Thousand Dollars ($990,000) (the “NTE Amount”). It is understood that the Contractor is not authorized to proceed with any work based solely on the BOA. Any and all work performed under the BOA shall be authorized by a written Task Order. In no event shall the Contractor be entitled to recover in the aggregate, pursuant to the BOA and any and all Task Orders issued pursuant hereto, more than the NTE Amount.

B.9 Preconstruction Activities

Prior to mobilizing to the Project site and commencing work, the Contractor shall be required to complete those activities set forth in this Section B.9. Unless a delay in completing the preconstruction activities is the result of a delay by the Department or the Program Manager beyond the timeframes set forth herein or an event of force majeure, delays in completing the preconstruction activities shall not be considered excusable and shall not justify an extension of the substantial completion date or for further compensation.

B.9.1 Detailed Schedule. Within seven (7) days of the issuance of a Notice to proceed for any Task Order, the Contractor shall submit to the Department for its approval a schedule for the Project. Such schedule shall include a schedule for submittals and key milestones that is reasonably acceptable to the Program Manager. The Program Manager shall have five (5) business days to review such submittal.

B.9.2 Potential Subcontractors and Suppliers. Within the timeframe specified in each Task Order, and after the issuance of a Task Order, the Contractor shall furnish to the Department and
its Program Manager a list of the subcontractors and suppliers that will work on an individual project as well as a general description of each such subcontractor’s scope of work. Within five (5) business days after such list is submitted, the Program Manager shall advise the Contractor if it has any objection to any of the listed subcontractors or suppliers. In the event the Program Manager has a reasonable objection to any such subcontractor or supplier; the Parties shall discuss such objection and agree on an appropriate course of action.

B.9.3 Design Services. Prior to providing its bid for any Task Order, the Contractor had an opportunity to review and ask questions regarding the scope of work for the Task Order and to ascertain what design services, if any, were necessary in order to complete the Project and has included in its price the costs of any necessary design services, and the Contractor shall be required to provide, at no additional cost to the Department, such design services as are necessary to implement the Project. The Contractor and the Project Manager shall agree upon the exact design services to be provided prior to the commencing of construction.

B.9.4 Safety Plan. Prior to the start of construction activities, the Contractor shall prepare a safety plan for the construction phase conforming to OSHA 29 CFR 1926 (such plan, the “Safety Plan”). The Safety Plan shall be submitted to the Department, and the Contractor shall incorporate such comments as the Department may reasonably request.

B.9.4.1 Safety Barriers/Fences. As part of its responsibility for Project safety, the Contractor shall install such fences and barriers as may be necessary. The Contractor shall develop a plan that describes the proposed separation and the specific nature of the fences and barriers that will be used. This plan will be submitted to the Department for its review and approval prior to the commencement of construction. Once such plan has been approved, the Contractor shall comply with it at all times during construction. The Contractor shall be required to revise the plan as may be reasonably requested by the Department. The cost of revising and complying with the plan shall not entitle the Contractor to an increase in the Task Order Price.

B.9.4.2 Site Security. The Contractor shall be responsible for site security and shall be required to provide such watchman as are necessary to protect the site from unwanted intrusion.

B.9.4.3 Exculpation. The right of the Department to comment on the Safety Plan and the nature and location of the required fences and barriers shall in no way absolve the Contractor from the obligation to maintain a safe site.

B.9.5 Site Logistics Plan. Prior to the start of construction activities, the Contractor shall prepare a Site Logistics Plan. The Site Logistics Plan shall address: (i) the manner in which the Contractor intends to organize the site; (ii) the location and description of site fences and other safety barricades intended to prevent the public from entering the site; (iii) the location of construction entrances and wheel washing stations; and (iv) parking restrictions and procedures that will apply to the employees of Contractor and its subcontractors.
B.9.6 Quality Plan. Prior to the start of construction activities, the Contractor shall prepare a Quality Plan. The Quality Plan shall address: (i) the processes employed by the Contractor to ensure quality assurance; (ii) to determine how items are checked for quality and which items need to be checked; (iii) list the specific quality materials used during the project including standards, guidelines, checklist, templates, procedures, user guides and processes; and how the Contractor will handle defective items.

B.9.7 Design Reviews/Submittals. On or before the dates specified in the approved detailed schedule, the Contractor shall submit the necessary information (i.e. shop drawings, submittals, sketches, etc.) to the Program Manager for his review and approval. Unless a different timeframe is established in the approved detailed schedule, the Program Manager shall have five (5) business days to review such documents. In the event the Program Manager finds such documents to be unacceptable, the Contractor shall be required to revise and resubmit such documents. The Contractor shall not commence construction activities unless and until such documents have been approved by the Program Manager. Any delays that result from design resubmissions shall be considered Non-Excusable.

In addition, the Contractor shall coordinate with the Department’s Program Manager and the Department’s architect/engineer with respect to requests for information (RFIs), architect’s supplemental instructions and other construction administration, as well as the District Historic Preservation Review Board (as required).

B.9.8 Permits. Unless otherwise specified in the Task Order, it is understood that the Contractor shall be required to secure and pay for any and all permits, governmental fees, licenses and inspections necessary for the execution and completion of the work. The Department shall cooperate with the Contractor in securing such permits, licenses and inspections; provided however, the Department shall not be required to pay the fees for such permits, licenses and inspections unless otherwise noted in the Task Order. The costs of any such fees or inspections are included in the Task Order price.

B.9.9 The Contractor will be required to develop work plans that are coordinated with, and acceptable to, the Program Manager assigned to the Task Order. If work is to be performed in an occupied facility, the Contractor will be required to submit an initial coordination plan (“Coordination Plan”) with its Task Order proposal for the project describing how the Contractor will work with the Department and the facility occupants to ensure that the project proceeds smoothly in order to minimize impact on facility operations. Such Coordination Plan would be evaluated as part of the bidding process described in Section B.2 of this RFQ.

B.10 Construction Phase. The Construction Phase shall commence when the Department issues a written Notice to Proceed for Construction. The Contractor shall construct the work described on the Construction Documents including any work that is not specifically shown thereon but is reasonably inferable therefrom or necessary for a fully functioning Project. The work shall be carried out in a workmanlike and timely fashion. All materials and equipment to be incorporated into the Project shall be new and previously unused, unless otherwise specified,
and shall be free of manufacturing or other defects. The Contractor hereby assumes the risks associated with and shall be responsible for (i) any changes in market conditions that affect the cost of labor or materials; (ii) coordination issues between any drawings for the Project; (iii) elements of work not shown on the drawings, but which are reasonably inferable from the drawings; (iv) cost associated with acceleration of the work and expediting of materials necessary to meet the Project Schedule which are the result of anything other than an Excusable Delay; and (v) the risk of subcontractor default.

B.10.1 A. Coordination with DGS. The Contractor will be required to coordinate with the assigned Program Manager for each individual project. The work may be performed during normal business hours; however, the Contractor may be required to work after hours or on weekend and holidays as to not adversely impact the work of District Government employees/and or Contractors. The Contractor will be required to develop work plans that are coordinated with, and acceptable to, the PM assigned to the Task Order.

B.10.1 B. Supervision & Coordination. The Contractor will be required to properly supervise and coordinate its work. At a minimum, it is envisioned that the Contractor will be required to undertake the following tasks:

1. Participate and assist in Project/Planning meetings;
2. Maintain full-time on-site construction supervision and provide daily inspections, quality control, monitoring, coordination of various trades, record drawings, and daily work log;
3. Coordinate work with any on-site personnel so as to ensure that their activities are not adversely affected;
4. Conduct periodic progress meetings following a Contractor generated agenda with the Program Manager;
5. Provide general safety and signage and posting for the project and see that each subcontractor prepares and submits adequate safety program and monitoring throughout the project;
6. Obtain all job permits and approvals from the Department of Consumer and Regulatory Affairs that are required to perform and complete the work, unless otherwise noted herein;
7. Prepare payment requests, verify accuracy and forward to Department for approval and payment;
8. Assemble close-out documents required;
9. Provide assistance to the Department through all applicable warranty periods.
10. Coordinate its work with all third parties so as not to delay the critical path of the Project; and
11. Prepare and submit to the Department construction meeting minutes, progress meeting minutes, daily logs, inspection reports, preliminary and baseline schedules, (Primavera format) and schedule updates demonstrating the critical path of the Project (Primavera format).
B.10.2 CBE Subcontractors. The Contractor shall not substitute or replace any subcontractor or supplier certified by the DSLBD without the Department's prior written consent.

B.10.3 Site Observations. The Contractor will be required to visit the site, become familiar with local conditions under which the work is to be performed and correlate personal observations with requirements of the Construction Documents as provided for projects solicited under the RFTOPs. The Contractor shall carefully study and compare the Construction Documents with each other and with information furnished by the Department. Before commencing activities, the Contractor shall (1) take field measurements and verify field conditions; (2) carefully compare this and other information known to the Contractor with the Construction Documents; and (3) promptly report errors, inconsistencies or omissions discovered to the Department. Once work is started, the Contractor assumes the responsibility and costs for the work and the cost of correcting work previously installed.

B.10.4 Warranty of the Construction Work. The Contractor warrants to the Department that materials and equipment furnished under the Task Order will be of good quality and new unless otherwise expressly permitted in writing, that for the one (1) year period following the Substantial Completion Date the construction work will be free from defects not inherent in the quality required or permitted, and that the work will conform to the Construction Documents and/or any approved design documents. The Contractor’s warranty excludes remedy for damage or defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. The Contractor and a representative of the Department shall walk the Project together eleven (11) months after the Substantial Completion Date to identify any necessary warranty work. In the event the Contractor fails to schedule such a walk, the Warranty period shall be extended until such time as the Contractor schedules such a walk.

B.10.5 Extent of Responsibility and Site Conditions. The Contractor shall be entitled to submit a change request for differing site conditions only to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inhering to work of the character provided for in the Contract (such circumstances, “Differing Site Conditions”). The term Differing Site Conditions shall mean subsurface conditions on or adjacent to the Project site which differ materially from those indicated in the geotechnical reports prepared by the Contractor. The term Differing Site Conditions shall also include unknown physical conditions at the site of an unusual nature which differ materially from those ordinarily encountered and generally recognized as inhering to work of the character provided for in this Contract. Prior to commencing construction, the Contractor shall be required to conduct a thorough review of the Project site and the surrounding area and shall document its findings. In the event the Contractor fails to undertake and document such a thorough review, the Contractor shall be deemed to have known of those conditions which a thorough review would have detected. Any Change Request related to Differing Site Conditions shall be made pursuant to the Standard Contract Provisions.
B.10.6 Unsafe Materials and Hazardous Materials

B.10.6.1 The Contractor shall not bring, spill or release onto the site asbestos, PCBs, or any other Hazardous Material that is not customarily used in a facility of the type and similar to the Project, and shall bring to the Department’s attention any specification of such Hazardous Materials in the design documents. If the Contractor believes that anything in the Task Order would require that it use or bring onto the site asbestos, PCBs, or any Hazardous Material that is not customarily used in a facility of the type and similar to the Project, it shall immediately inform the Department and seek direction before proceeding.

B.10.6.2 If Hazardous Materials are discovered on the site, the Contractor shall immediately inform the Program Manager and the Department of such discovery. The Contractor shall be entitled to submit a Change Request in accordance with the Standard Contract Provisions for any Hazardous Materials abatement and disposal work. The Contractor shall comply with all laws, including, without limitation, the requirements of the EPA and all jurisdictional agencies as well as all laws relating to safety, health welfare, and protection of the environment, in removing, treating, encapsulating, passivating, and/or disposing of Hazardous Materials, including, but not limited to, removal, treatment, encapsulation, passivation, and/or disposal of the Hazardous Materials. If any notices to governmental authorities are required, the Contractor shall also give those notices at the appropriate times. The Contractor shall ensure abatement subcontractors and disposal sites are appropriately licensed and qualified. In addition, the Contractor shall ensure that any subcontractors involved in the abatement of hazardous materials maintain a contractor’s pollution legal liability insurance policy of at least Two Million Dollars ($2,000,000) for the duration of the Project and a period of three (3) years after Substantial Completion of the Project, and that any disposal site to which hazardous materials are taken carries environmental impairment liability insurance for the duration of the Project and a period of three (3) years after Substantial Completion of the Project.

B.10.6.3 The Contractor shall keep detailed records documenting Work done so that the Department may independently verify compliance with all laws, the number of units actually removed, treated, and/or disposed of, and the appropriate unit price(s) applicable to the work.

B.10.7 Progress Meetings. The Contractor shall schedule and conduct at a minimum bi-weekly progress meetings at which the Department, the Program Manager, the Contractor and appropriate subcontractors can discuss the status of the Work. The Contractor shall prepare and promptly distribute meeting minutes.

B.10.8 Written Reports. The Contractor shall provide written reports to the Program Manager on the progress of the entire Work in accordance at least every other week, including, but not limited to, a baseline schedule and schedule updates with narrative demonstrating the critical path of the Project in Primavera format. The Contractor shall also maintain a daily log containing a record of weather, subcontractors working on the site, number of workers, major equipment on the site, work accomplished, problems encountered and other similar relevant data as the Department may reasonably require. The log shall be available to the Department, the
architect/engineer and the Project Manager and/or the Program Manager and on a monthly basis a copy of the log shall be submitted to the Department.

B.10.9 Work by Separate Contractors. The Department reserves the right to perform construction or operations related to the Project with the Department’s own forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the site.

B.10.10 Site Safety and Clean-Up. The Contractor will be required to: (i) provide a safe and efficient site, with controlled access, including the installation and provision of such safety barricades, enclosures and overhead protection as may reasonably be required by the Department and as may be necessary to ensure a safe workplace or as may be required by OSHA or other applicable law, and to remove such at the end of the Work and leave the site in broom clean condition; and (ii) be responsible for the security of its tools, equipment and materials that are stored at the site.

B.10.11 Close-Out and Training. Contractor shall also provide the Department with a complete set of its Project files, including, but not limited to, shop drawings, product manuals, warranties, etc., prepared by the Contractor or its subcontractors along with any other documentation that may reasonably be requested by the Department or its Program Manager and/or Project Manager, at close out so as to assist the Department in operating the building. In addition, if the Project includes work on heating or cooling systems, at the beginning of the first heating and cooling season following turnover of the Project, the Contractor shall be available to assist with, and train the building engineers and staff in the start-up of the building systems for the new weather cycle.

B.10.12 Salvaged and Stored Items. The Contractor shall be responsible for salvaging and storing all items as identified by the Department in accordance with all applicable District laws and regulations, after notifying the Department and receiving the Department’s permission to proceed.

B.10.13 Cutting and Patching. The Contractor shall be responsible for cutting, fitting or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting and patching shall be restored to the condition existing prior to the cutting, fitting and patching. The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Department or separate contractors by cutting, patching or otherwise altering such construction, or by excavation.

B.10.14 Correction of Work

B.10.14.1 The Department shall be at liberty to object and to require the Contractor to remove forthwith from the Project site and the work and to promptly replace the superintendent, any foreman, technical assistant, laborer, agent, representative, or other person used by the Contractor in or about the execution or maintenance of the Work, who in the sole opinion of the Department is misconducting himself or herself, or is incompetent or negligent in the proper performance of his or her duties, or whose performance in the work is otherwise considered by
the Department to be undesirable or unsatisfactory, and such person shall not be again employed upon the Project without the written permission of the Department.

B.10.14.2 The Contractor shall promptly correct work rejected by Department for failing to conform to the requirements of the Construction Documents or any approved design document or applicable law or regulations whether observed before or after the Project’s completion and whether or not fabricated, installed or completed, and shall correct any work found to be not in accordance with the requirements within a period of one (1) year from the date of Final Completion or by terms of an applicable special warranty required by the Task Order.

B.10.14.3 If during the guarantee or warranty period, any material, equipment or system requires corrective work because of defects in materials or workmanship, the Contractor shall commence corrective work within forty-eight (48) hours after receiving the notice and work diligently until corrective work is completed; provided, however, if such notice is received on the day before a weekend or a holiday, the Contractor will commence corrective work on the next business day. If the Contractor does not, in accordance with the terms and provisions of the Contract Documents, commence all corrective work within forty-eight (48) hours or if the Contractor commences such work but does not pursue it in an expeditious manner, Department may either notify the bonding company (if any) to have such work and/or obligations performed at no additional cost to Department or may perform such Work and/or obligations and charge the costs thereof to Contractor.

B.10.15 Manufacturers’ Warranties

B.10.15.1 The Contractor warrants that all manufacturers’ or other warranties on all labor, materials and equipment furnished by the Contractor or a Subcontractor or supplier shall run directly to or will be specifically assigned to Department on demand or upon Project completion without demand. In the event any issue or defect which would be covered by any warranty arises but is not addressed by the grantor of the warranty, the Contractor shall be required to act as the guarantor of the obligations under the warranty and to perform under the terms of the warranty.

B.10.15.2 The Contractor warrants that the installation of all materials and equipment shall be in strict accordance with the manufacturers’ requirements or specifications.

B.10.16 Schedule Update. The Contractor shall submit bi-weekly schedule updates which shall reflect actual conditions of Project progress as of the date of the update. The update shall reflect the actual progress of construction, identify developing delays, regardless of their cause, and reflect the Contractor's best projection of the actual date by which Substantial Completion and Final Completion of the Project will be achieved. Via a narrative statement (not merely a critical path method schedule), the Contractor shall identify the causes of any potential delay and state what, in the Contractor's judgment, must be done to avoid or reduce that delay. The Contractor shall point out, in its narrative, changes that have occurred since the last update, including those related to major changes in the scope of work, activities modified since the last update, revised projections of durations, progress and completion, revisions to the schedule logic or assumptions,
and other relevant changes. Any significant variance from the previous schedule or update shall also be identified in a narrative, together with the reasons for the variance and its impact on Project completion. All schedule updates shall be in Primavera 6 format. The Department may make reasonable requests during the Project for changes to the format or for further explanation of information provided. Submission of updates showing that Substantial Completion or Final Completion of the Project will be achieved later than the applicable scheduled completion date shall not constitute requests for extension of time and shall not operate to change the scheduled completion date. The Department’s receipt of, and lack of objection to, any schedule update showing Substantial Completion or Final Completion later than the dates agreed upon in the Project Schedule shall not be regarded as the Department’s agreement that the Contractor may have an extension of time, or as a waiver of any of the Department’s rights, but merely as the Contractor’s representation that, as a matter of fact, Substantial Completion or Final Completion of the Project may not be completed by the agreed upon date in the Project Schedule. Changes to the scheduled completion dates may be made only in the circumstances and only by the methods set forth in the Task Order.

B.10.17 Acceleration. Subject to the terms of this Section, the Department shall have the right to direct the Contractor to accelerate the work if, in the reasonable judgment of Department, the Contractor fails to: (i) supply a sufficiency of workers or to deliver the materials or equipment with such promptness as to prevent the delay in the progress of the work; or (ii) the progress of the work materially falls behind the projections contained in the then currently approved Project Schedule. In the event that the Department or its Program Manager determine that either of the events specified in the preceding sentence have occurred, the Department shall provide the Contractor with written notice of such event and the Contractor shall be required to provide the Department with a corrective action plan that is reasonably designed to address the concerns raised in such notice within three (3) days after receipt of such notice. If the Department and the Contractor are unable to agree on the terms of such corrective action plan within five (5) calendar days after the issuance of the notice (i.e. with forty eight (48) hours after the receipt of the proposed corrective action plan), the Department shall have the right to direct such acceleration as the Department, in its reasonable judgment, deems necessary. Provided the notice provisions of this Section are complied with, the cost of any acceleration directed under this Section shall not justify an adjustment to the Task Order Price or the Substantial Completion Date. The Contractor hereby acknowledges that this provision is a material inducement upon which the Department has relied in entering into the Contract; and represents and warrants that it has included sufficient funding in its Task Order Price in order to comply with the requirements of this Section.

B.11 Substantial Completion Date. The Contractor shall substantially complete a Project no later than the date identified in the Task Order. For purposes of this requirement, the term “Substantially Complete” shall mean that all of the following have occurred: (1) the work has been completed with only minor punch list items remaining to be completed; (2) any and all required permits or approvals related to the work have been obtained; (3) all operating and maintenance manuals, training videotapes and warranties required by the Contract have been delivered to the Department; (4) any supplemental training session required by the Contract for
operating or maintenance personnel have been completed; (5) all clean-up required by the Contract has been completed; and (6) the Project is ready for the Department to use it for its intended purpose. “Minor punch list items” are defined for this purpose as items that, in the aggregate, can be completed within thirty (30) days without interfering with the Department's normal use of the Project. Final Completion shall mean the point at which Substantial Completion has been achieved, all punch list items noted at Substantial Completion have been completed and all documents the Contractor is required to deliver to the Department as a condition to receiving final payment have been received. Work is defined as the construction and services required by the Contract, whether completed or partially completed, and includes all other labor, materials, equipment, and services provided or to be provided by the Contractor to fulfill the Contractor’s obligations. The Work may constitute the whole or a part of the Project. Final Completion Date is 30 days from the Substantial Completion Date or as defined in each individual Task Order.

B.12 Administrative Matters

B.12.1 Use of Prolog. The Contractor shall utilize the Department’s Prolog system to submit any and all documentation required to be provided by the Contractor for the Project, including, but not limited to, (i) requests for information; (ii) submittals; (iii) meeting minutes; and (iv) proposed Changes.

B.12.2 Invoice Submittal. The Contractor shall create and submit payment requests in an electronic format through the District Vendor Portal, https://vendorportal.dc.gov. The Contractor shall submit proper invoices on a monthly basis. To constitute a proper invoice, the Contractor shall enter all required information into the Portal after selecting the applicable purchase order number which is listed on the Contractor’s profile.

B.13 Liquidated Damages. If the Contractor fails to achieve Substantial Completion by the Substantial Completion Date, the Parties acknowledge and agree that the actual damage to the Department for the delay will be impossible to determine, and in lieu thereof, the Contractor shall pay to the Department, as fixed, and liquidated delay damages in the amount specified in the Task Order for failure to meet the Substantial Completion Date. The Contractor and the Department agree that the liquidated damages do not constitute, and shall not be deemed, a penalty but represent a reasonable approximation of the damages to the Department associated with a delay in the Project. In the event the Contractor fails to meet the Substantial Completion Date as defined in each individual Task Order, the Contractor consents to a termination for default.

B.14 Compensation. The Contractor shall be paid its compensation in a series of progress payments and a final payment. Progress payments shall be based on a Schedule of Values that is agreed upon by the Parties as well as the Project Manager and/or the Program Manager’s good faith estimate of the level of completion for each component of the Schedule of Values. Contractor shall prepare the Schedule of Values which breaks down the Task Order Price for the various parts of the Work. The Schedule of Values shall be maintained in such a manner to
provide a breakdown of the Task Order Price in enough detail to facilitate continued evaluation of applications for payment and progress reports. Large subcontracts shall be broken into several line items where, in the opinion of the Project Manager and/or the Program Manager, such detail is necessary to properly track the progress of the Work. The proposed schedule of values shall also include separate line items for each part of the Work if so required by the Project Manager and/or the Program Manager. The Contractor and the Project Manager and/or the Program Manager shall meet as necessary to maintain the schedule of values for the Project in a manner acceptable to the Project Manager and/or the Program Manager. No progress payments shall be made unless the then current Schedule of Values is acceptable to the Project Manager and/or the Program Manager.

B.15 Key Personnel

The Offeror’s personnel should have the necessary experience and licenses to perform the required work. Toward that end, Offerors should include within its Proposal a description of the staff available to perform this work and their qualifications.

The Contractor will not be permitted to reassign any of the key personnel unless the Department approves the proposed reassignment and the proposed replacement. When submitting a Task Order proposal, at a minimum, the Contractor will be required to propose and commit to one or more specific Project Managers and Field Superintendents for the particular project. To carry out the work associated with the resulting Task Order, the Contractor shall provide at least the key personnel identified in its proposal which shall be included as an exhibit to the Task Order, and indicate the function(s) each will carry out for the proposed project and indicate what percentage of each such person's time will be devoted to the Task Order project. The Contractor shall not replace any of the key personnel without the Department's prior written approval.

B.16 Risks Assumed by Contractor

By submitting a bid for any Project, the Offeror shall be deemed to have thoroughly examined the terms of the RFTOP, the Drawings and Specifications that may be included with the RFTOP, and shall constitute its acknowledgement that it has been provided with an opportunity to visit the Project site and that such Offeror has had the opportunity to become familiar with local conditions under which the work is to be performed. Further, in submitting any such bid, the Offeror shall be deemed to represent that it has satisfied itself that it can undertake the work for the stated cost. Among other things, by submitting a bid, the Offeror assumes the following risks: (1) the nature of the land and subsoil unless such conditions constitute a Differing Site Condition under Article 4.A of the Standard Contract Provisions for Construction Contracts; (2) the form and nature of the site and surrounding areas; (3) details and levels of existing pipe lines, conduits, sewers, drains, cables or other existing services; (4) the quantities, nature and availability of the materials, tools, equipment and labor necessary for the completion of the work; (5) the means of access to the site and any accommodation that may be required; (6) uncertainties of weather and physical conditions at the site; and in general to have itself obtained
all necessary information as to risk contingencies, climatic, hydrological and natural conditions and other circumstances which may influence or affect his performance of the work.
C.1 Preference for Small, Local, and Disadvantaged Business Enterprises

**General:** Pursuant to D.C. Official Code § 2-218.43, in evaluating bids or proposals, the Department shall award preferences as follows:

- **(A)** Three points for a small business enterprise;
- **(B)** Five points for a resident-owned business;
- **(C)** Five points for a longtime resident business;
- **(D)** Two points for a local business enterprise;
- **(E)** Two points for a local business enterprise with its principal office located in an enterprise zone;
- **(F)** Two points for a disadvantaged business enterprise;
- **(G)** Two points for a veteran-owned business enterprise; and
- **(H)** Two points for a local manufacturing business enterprise.

A certified business enterprise shall be entitled to any or all of the preferences provided in this section, but in no case shall a certified business enterprise be entitled to a preference of more than 12 points or a reduction in price of more than 12 percent.

C.1.2 Preferences for Certified Joint Ventures

- **a)** A certified Joint Venture will receive preferences as determined by DSLBD in accordance with D.C. Official Code § 2-218.39a (h).
- **a)** A copy of the certification acknowledgment letter must be submitted with the Offeror’s SOQ Submission.
- **b)** Any vendor seeking certification in order to receive preferences under this RFQ should contact the:

  Department of Small and Local Business Development  
  ATTN: CBE Certification Program  
  441 Fourth Street, NW, Suite 850N  
  Washington DC  20001  
  (202) 727-3900

- **c)** All Offerors are encouraged to contact DSLBD if additional information is required on certification procedures and requirements.

C.1.3 Verification of Contractor’s Certification as a Certified Business Enterprise
Any Contractor seeking to receive preferences on this RFQ must be certified at the time of submission of its proposal. The CO shall verify the Contractor’s certification with DSLBD, and the Contractor should not submit with its proposal any additional Documentation regarding its certification as a certified business enterprise.

(a) Any vendor seeking certification in order to receive preferences under this RFQ should contact the:
   Department of Small and Local Business Development
   ATTN: CBE Certification Program
   441 Fourth Street, NW, Suite 850N
   Washington DC  20001
   dslbd@dc.gov

(b) All vendors are encouraged to contact DSLBD at (202) 727-3900 if additional information is required on certification procedures and requirements.

C.2 Subcontracting Plan

An Offeror responding to this RFQ which is obligated to subcontract shall be required to submit with its proposal, any subcontracting plan required by law. Offeror’s responding to this RFQ shall be deemed nonresponsive and shall be rejected if the Offeror fails to submit a subcontracting plan that is required by law.

C.3 Mandatory Subcontracting Requirements

a) Unless the Director of DSLBD has approved a waiver in writing in accordance with D.C. Official Code § 2-218.51, for all contracts in excess of $250,000, for all contracts in excess of $250,000, at least 35% of the dollar volume of the contract shall be subcontracted to SBEs.

b) If there are insufficient SBEs to completely fulfill the requirement of paragraph (a) of this Section C.3 above, then the subcontracting may be satisfied by subcontracting (35%) of the dollar volume to any qualified CBEs; provided, however, that all reasonable efforts shall be made to ensure that SBEs are significant participants in the overall subcontracting work.

c) A Prime Contractor that is certified by DSLBD as a small, local or disadvantaged business enterprise shall not be required to comply with the provisions of paragraphs (a) and (b) above of this Section C.3.

d) Except as provided in paragraphs (e) and (g) below of this Section C.3, a Prime Contractor that is a CBE and has been granted a proposal preference pursuant to D.C. Official Code § 2-218.43, or is selected through a set-aside program, shall perform at least (35%) of the contracting effort with its own organization and resources and, if it subcontracts, (35%) of the subcontracting effort shall be with CBEs. A CBE Prime Contractor that performs less than (35%) of the contracting effort shall be subject to enforcement actions under D.C. Official Code § 2-218.63.
e) A Prime Contractor that is a certified Joint Venture and has been granted an offer preference pursuant to D.C. Official Code § 2-218.43, or is selected through a set-aside program, shall perform at least (50%) of the contracting effort with its own organization and resources and, if it subcontracts, (35%) of the subcontracting effort shall be with CBEs. A certified Joint Venture Prime Contractor that performs less than (50%) of the contracting effort shall be subject to enforcement actions under D.C. Official Code § 2-218.63.

f) Each CBE utilized to meet these subcontracting requirements shall perform at least (35%) of its contracting effort with its own organization and resources.

g) A Prime Contractor that is a CBE and has been granted an offer preference pursuant to D.C. Official Code § 2-218.43, or is selected through a set-aside program, shall perform at least (50%) of the on-site work with its own organization and resources if the contract is one ($1) million dollars or less.

C.4. Subcontracting Plan Requirements
If the Prime Contractor is required by law to subcontract under the contract, it must submit a subcontracting plan for at least (35%) of the dollar volume of the contract in accordance with D.C. Official Code § 2-218.46. The subcontracting plan shall be submitted as part of the proposal and may only be amended with the prior written approval of the CO and Director of DSLBD. Any reduction in the dollar volume of the subcontracted portion resulting from an amendment of the plan shall inure to the benefit of the District and the Department. Each subcontracting plan shall include the following:

a) The name and address of each subcontractor;
b) A current certification number of the small or certified business enterprise;
c) The scope of work to be performed by each subcontractor; and
d) The price that the Prime Contractor will pay each subcontractor.

C.4.1. Copies of Subcontracts
Within twenty-one (21) days of the date of award, the Prime Contractor shall provide fully executed copies of all subcontracts identified in the subcontracting plan to the CO, District of Columbia Auditor, City Administrator (CA), and the Director of Department of Small and Local Business Development.

C.4.2 Subcontracting Plan Compliance Reporting

a) If the Prime Contractor has a subcontracting plan required by law for the contract; the Prime Contractor shall submit a quarterly report to the CO, CA, District of Columbia Auditor and the Director of DSLBD. The quarterly report shall include the following information for each subcontract identified in the subcontracting plan:
1. The price that the Prime Contractor will pay each subcontractor under the subcontract;
2. A description of the goods procured or the services subcontracted for;
3. The amount paid by the Prime Contractor under the subcontract;
4. A copy of the fully executed subcontract, if it was not provided with an earlier quarterly report.

b) If the fully executed subcontract is not provided with the quarterly report, the Prime Contractor will not receive credit toward its subcontracting requirements for that subcontract.

C.4.3 Annual Meetings

Upon at least 30-days written notice provided by DSLBD, the Prime Contractor shall meet annually with the CO, contract administrator (“CA”), District of Columbia Auditor and the Director of Department of Small and Local Business Development to provide an update on its subcontracting plan.

C.4.4 DSLBD Notices

The Prime Contractor shall provide written notice to the DSLBD and the District of Columbia Auditor upon commencement of the contract and when the contract is completed.

C.4.5 Enforcement and Penalties for Breach of Subcontracting Plan

A Prime Contractor shall be deemed to have breached a subcontracting plan required by law, if the Prime Contractor (i) fails to submit subcontracting plan monitoring or compliance reports or other required subcontracting information in a reasonably timely manner; (ii) submits a monitoring or compliance report or other required subcontracting information containing a materially false statement; or (iii) fails to meet its subcontracting requirements. A Prime Contractor that is found to have breached its subcontracting plan for utilization of CBEs in the performance of a contract shall be subject to the imposition of penalties, including monetary fines in accordance with D.C. Official Code § 2-218.63. If the CO determines the Prime Contractor’s failure to be a material breach of the contract, the CO shall have cause to terminate the contract under the default provisions in the Standard Contract Provisions. Neither the Prime Contractor nor its subcontractor may remove a subcontractor or tier-subcontractor if such subcontractor or tier-subcontractor is certified as an LSDBE company unless the Department approves of such removal, in writing. The Department may condition its approval upon the Prime Contractor developing a plan that is, in the Department’s sole and absolute judgment, adequate to maintain the level of LSDBE participation on the Project.

C.5 First Source Residency Hiring Requirements for Contractors and Subcontractors
At least fifty-one percent (51%) of the Offeror’s Team and every subconsultant’s employees hired after the Offeror enters into a contract with the Department, or after such subconsultant enters into a contract with the Offeror, to work on this Project, shall be residents of the District of Columbia.

Upon execution of the contract, the Offeror and all of its member firms, if any, and each of its subcontractors and subconsultants shall submit to the Department a list of current employees that will be assigned to the Project, the date that they were hired and whether or not they live in the District of Columbia.

The Offeror shall comply with subchapter III of Chapter II of Title 1, and subchapter II of Chapter II of Title 1 of the D.C. Code, and all successor acts thereto and the rules and regulations promulgated thereunder. The Offeror and all member firms, subcontractors, tier subcontractors, subconsultants, and suppliers with contracts in the amount of ($100,000) or more shall be required to comply with the following: (i) enter into a First Source Employment Agreement with the D.C. Department of Employment Services (“DOES”) upon execution of the contract; (ii) submit an executed First Source Agreement to DOES prior to beginning work on the Project; (iii) make best efforts to hire at least (51%) District residents for all new jobs created by the Project; (iv) list all employment vacancies with DOES; (v) submit monthly compliance reports to DOES by the 10th of each month; (vi) at least (51%) apprentices and trainees employed must be residents of the District registered in program approved by the D.C. Apprenticeship Council; and (vii) trade contractors and subcontractors with contracts in the amount of ($500,000) or more must register an apprenticeship program with the D.C. Apprenticeship Council.

The Offeror shall comply with First Source Employment Agreement Act of 1984 (D.C. Code §§ 2-219.01 et seq.), as amended, and subchapter X of Chapter II of Title 2, and all successor acts thereto, including by not limited to the Workforce Intermediary Establishment and Reform of First Source Amendment Act of 2011, and the rules and regulations promulgated thereunder, including, but not limited to the following requirements:

a) At least twenty percent (20%) of journey worker hours by trade shall be performed by District residents;
b) At least sixty percent (60%) of apprentice hours by trade shall be performed by District residents;
c) At least fifty one percent (51%) of the skilled laborer hours by trade shall be performed by District residents; and
d) At least seventy percent (70%) of common laborer hours shall be performed by District residents.

C.6 Apprenticeship Act
The District of Columbia Apprenticeship Act of 1946, D.C. Official Code §§ 32-1401 et seq. ("Act"), as amended, may apply. All contractors must ensure that subcontractors selected to perform work under Task Orders on a craft-by-craft basis shall be required to comply with this Act. All terms and conditions of the Act, D.C. Apprenticeship Council Rules and Regulations, as well as any federal requirements, shall be implemented. The contractors shall be liable for any subcontractor non-compliance.

C.7 Equal Employment Opportunity and Hiring of District Residents

The Offeror shall comply with applicable laws, regulations and special requirements of the Contract Project documents regarding equal employment opportunity and affirmative action programs. In accordance with the District of Columbia Administrative Issuance System, Mayor’s Order 85-85 dated June 10, 1985, the forms for completion of the Equal Employment Opportunity Information Report are incorporated herein as Exhibit I. A contract award cannot be made to any contractor that has not satisfied the equal employment requirements.

C.8 Buy American Act Provision

The Design-Builder shall comply with the provisions of the Buy American Act (41 U.S.C. § 10a), including, but not limited to, the purchase of steel.

C.8.1 In accordance with the Buy American Act (41 U.S.C. § 10a-10d), and Executive Order 10582. December 17, 1954 (3 CFR, 1954-58 Comp., p. 230), as amended by Executive Order 11051, September 27, 1962 (3 CFR, l059—63 Comp., p. 635), the Design-Builder agrees that only domestic construction material will be used by the Design-Builder, subcontractors, material men and suppliers in the performance of the Agreement, except for non-domestic material listed in the Agreement.

“Components” as used in this Section, means those articles, materials and supplies incorporated directly into the end products.

“Domestic end product”, as used in this section, means, (1) an unmanufactured end product mined or produced in the United States, or (2) an end product manufactured in the United States, if the cost of its components mined, produced, or manufactured in the United States, exceeds 50 percent of the cost of all its components.

Components of foreign origin of the same class or kind as the products shall be treated as domestic. Scrap generated, collected, and prepared for processing in the Unites States is considered domestic.

“End Products”, as used in this Section, means those articles, materials, and supplies to be acquired for public use under this Contract.

The Design-Builder shall deliver only domestic end products, except those:
1. For use outside the United States;

2. That the District determines are not mined, produced, or manufactured in the United States in sufficient and reasonably available commercial quantities of a satisfactory quality;

3. For which the District determines that domestic preference would be inconsistent with the public interest; or

4. For which the District determines the cost to be unreasonable.

C.8.2 Domestic Construction Material. “Construction material” means any article, material or supply brought to the construction site for incorporation in the building or work. An unmanufactured construction material is a “domestic construction material” if it has been mined or produced in the United States. A manufactured construction material is a “domestic construction material” if it has been manufactured in the United States and if the cost of its components which have been mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. “Component” means any article, material, or supply directly incorporated in a construction material.

C.8.3 Domestic Component. A component shall be considered to have been “mined, produced, or manufactured in the United States” regardless of its source, in fact, if the article, material or supply in which it is incorporated was manufactured in the United States and the component is of a class or kind determined by the Government to be not mined, produced or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

C.8.4 Foreign Material. When steel materials are used in a project a minimal use of foreign steel is permitted. The cost of such materials cannot exceed on-tenth of one percent of the total project cost, or $2,500,000, whichever is greater.

C.9 Davis-Bacon Act Wage Determination

The Davis-Bacon Act Wage Determination may apply to all projects and will be determined and issued on a per Task Order basis.

C.10 Service Contract Act

The Service Contract Act Wage Determination may apply to all projects and will be determined and issued on a per Task Order basis.

C.11 CONFORMANCE WITH LAWS

It shall be the responsibility of the contractor to perform under the contract in conformance with the Department’s Procurement Regulations and all applicable statutes, laws, codes, ordinances, regulations, rules, requirements, orders and policies of Government bodies.
SECTION D  EVALUATION AND AWARD CRITERIA

D.1  Evaluation Process

The Department shall evaluate Offerors’ SOQ Submission in accordance with the provisions of this Section D and the Department’s Procurement Regulations.

D.2  Evaluation Committee

An Evaluation Team will be appointed by DGS to rate and score the SOQs. In addition to the appointed Evaluation Team, DGS may use any appropriate technical resources to provide assistance in evaluating the submittals.

D.3  SOQ Submission Evaluation

Each SOQ Submission will be scored on a scale of zero (0) to one hundred twelve (112) points. Offerors will be eligible to receive up to twelve (12) of the one hundred twelve (112) points based on the Offeror’s status as a CBE as outlined in Section C.1 of this RFQ.

In its sole discretion, DGS may hold interviews, ask written questions of the Offerors, seek written clarifications, conduct discussions on the SOQs and solicit updated SOQs during the evaluation and short-listing process.

D.3.1  Past Performance, Experience & References (25 points)

The Department desires to engage a contractor with the experience necessary to realize the objectives set forth in Section A of this RFQ. Offerors will be evaluated based on their demonstrated experience in:

(i) Successfully executing construction projects in occupied buildings valued over $250,000 and similar construction projects for a government agency in which the Offeror served as the general contractor in the past five (5) years; (ii) Knowledge of, and access to, the local subcontracting market, including achieving CBE stated goals; (iii) performance under past or current government or private-sector contracts with requirements similar to those of the proposed BOA. In the case of an Offeror without a record of relevant past performance or for whom information on past performance is not available, the Offeror will not be evaluated favorably or unfavorably on past performance; and (v) knowledge of the local regulatory agencies and Code Officials. Offerors will be evaluated on the information provided by references on the Offerors quality of work, reliability, cost control, business relations, and the information provided to support the reference evaluator’s evaluation as set forth in each Past Performance Evaluation Form as described in this Section E.4.1.3(C). References submitted must be from an owner/client source. This element of the evaluation is worth up to Twenty five (25) points.
D.3.2 Key Personnel (25 points)

The Offeror should include within its SOQ Submission, its full organization chart to demonstrate the depth of the organization by listing all full-time staff, their roles within the organization and years of experience. The Offeror shall also include within its SOQ Submission resumes of key personnel that will be assigned to this Project and indicate what percentage of each such person’s time devoted to this Project. Key personnel shall include, at a minimum, the following individuals: (i) the Project Executive; (ii) the Project Manager; (iii) Field Superintendent; (iv) Safety Manager; and (v) Quality Control Manager. Offerors are also required to submit a roster of Project Managers and Field Superintendents who would be available to oversee work in the field. A list of the contractor’s key personnel shall be attached to the contract that results from this RFQ. **This element of the evaluation is worth up to twenty-five (25) points.**

D.3.3 Project Management Plan (25 Points)

Offerors are required to submit a Project Management Plan. The Project Management Plan should clearly explain how the contractor intends to manage and implement the Project. It should demonstrate a knowledge of the process and impediments that must be overcome and ensure that sufficient staffing will be provided. The Project Management Plan should clearly explain the Offerors approach to (i) Safety, (ii) Quality Assurance/Control, (iii) schedule management and, (iv) the coordination with permitting agencies. Offerors are to provide with their SOQ Submission samples of (i) company Safety Plan, (ii) company Quality Control Plan, (iii) a project schedule and a 3-week look ahead. **This element of the evaluation is worth up to twenty-five (25) points.**

D.3.4 Capacity (25 Points)

Offerors will be evaluated based on the Offeror and its Key Personnel’s capacity to meet the needs of the projects. The Offeror shall include an analysis of the overall proposed contributions of the Offeror and the capacity of the individual Key Personnel for the projects relative to the current and projected workloads. This element of the evaluation is worth up to **Twenty five (25) points.**

D.3.5 CBE Preference (12 points)

The remaining twelve (12) points will be awarded based on the Offeror status as a Small Business Enterprise ("SBE")/Certified Business Enterprise ("CBE") as outlined in **Section C.1** of this RFQ.
SECTION E  SOQ SUBMISSION ORGANIZATION AND SOQ SUBMISSION

This section outlines specific information necessary for the proper organization and manner in which Offerors’ SOQ Submission s should be proffered. References are made to other sections in this RFQ for further explanation.

E.1  SOQ Submission Identification

SOQ Submission s shall be proffered in five (5) copies. An electronic copy of the complete original SOQ Submission on a USB flash drive. The Offeror’s original SOQ Submission shall be placed in a sealed envelope conspicuously marked: “RFQ No. DCAM-19-CS-RFQ-0001 SOQ Submission for Small General Construction Projects.”

E.2 Delivery or Mailing of SOQ Submission

SOQ Submissions should be delivered or mailed to:

District Department of General Services
Contracts & Procurement Division
Frank D. Reeves Center
2000 14th Street, NW, 8th Floor
Washington, DC  20009
Attn: George G. Lewis c/o Bernadette Catalan

E.3 Date and Time for Receiving SOQ Submissions

The due date for SOQ Submissions is at 2:00 p.m. on February 28, 2019. The Offeror assumes the sole responsibility for timely delivery of its SOQ Submission, regardless of the method of delivery.

E.4  SOQ Submission Size, Organization and Offeror Qualifications

All SOQ Submissions shall be submitted on 8-1/2” x 11” bond paper and typewritten. Telephonic, telegraphic, and facsimile SOQ Submissions shall not be accepted. The Department is interested in a qualitative approach to presentation material. Brief, clear and concise material is more desirable than quantity. The SOQ Submission shall be organized as follows:

E.4.1 Technical SOQ Submission

Offerors are advised that the SOQ should include specific information that will demonstrate the qualifications and experience required by this RFQ. Offerors shall be aware that DGS reserves the right to conduct an independent investigation of any information, including prior experience, identified in a SOQ by contacting project references, accessing public information, contacting
independent parties, or any other means. DGS also reserves the right to request additional information from an Offeror during the evaluation of that Offeror’s SOQ. Offeror shall submit SOQ to include (Technical SOQ and any Exceptions to the Form of Contract). The technical SOQ Submission shall be organized, as follows:

**E.4.1.1 Executive Summary**

Each Offer should provide a summary of no more than three pages of the information contained in Section E.4.1.2.

**E.4.1.2 General Team Information and Firm(s) Data**

Identify the full legal name the prime contractor. The prime contractor is defined as the Offeror that will serve as the prime/general contractor who will execute the BOA with DGS. Each Offeror should provide the following information for the contractor and each of its subconsultants.

A. Name(s), address(es), and role(s) of each firm (including all sub-consultants)

B. Firm profile(s), including:

   i. Age.
   ii. Firm history(ies).
   iii. Firm size(s).
   iv. Areas of specialty/concentration.
   v. A list of any contract held by the Offeror where the contract was terminated (either for default or convenience). This list should also identify any contracts that resulted in litigation or arbitration between the Department and the Offeror. If the Offeror has multiple offices, only contracts held by the office submitting a SOQ Submission to this RFQ need be listed.

C. Description of the team organization and personal qualifications of key staff, including:

   1. Identification of the single point of contact for the Offeror.
   2. Organizational chart illustrating reporting lines and names and titles for key participants proposed by the Offeror.
   3. A list or chart of all personnel proposed for the Project. Such list or chart should include the following information for each individual:

      i. The individual’s name.
      ii. The individual’s role.
      iii. The percentage of time that will be devoted by the individual to the Project. This should be identified for each phase of the Project.
      iv. The individual’s resume. Resumes should indicate the individual’s experience on the five (5) relevant projects and identify the role of the individual in each past project noted on the resume. The resume should
also clearly identify how long the individual has worked in the construction industry and should indicate the number of years of experience in his or her current role and the prior roles. Offerors should also consider the information requested in Section D.3.2 of this RFQ.

v. The individual’s current workload over the next two years.

4. A chart showing the experience that the key team members have working together.

**E.4.1.3 Past Performance, Experience & References**

A. Offeror should submit a detailed description of no more than five (5) projects that best illustrate the team’s experience and capabilities relevant to this RFQ. For each such project, the Offeror should provide the information requested below:

1. The name and location of the project.
2. The square footage of the project
3. A short narrative of the scope of the contractor’s work on the project.
4. Indicate if the project was for an occupied or vacant site.
5. The delivery method implemented on the project.
6. The start and end dates for construction.
7. Self-performed trades and Percentage of the self-performed work.
8. The initial substantial completion date and initial contract value.
9. The actual substantial completion date and the final contract value.

B. The Offeror shall ensure that a minimum of three (3) Past Performance Evaluation forms (Attachment A) are completed by a former client/owner and submitted on behalf of the Offeror directly to Bernadette.catalan@dc.gov by the due date for Proposals.

C. If the Offeror is a team or joint venture of multiple companies, the Evaluation Panel will consider the experience of each member of the team or joint venture in light of their role in the proposed team or joint venture.

**E.4.1.4 Project Management Plan**

The Project Management Plan should contain the information requested in Section D.3.3 of the RFQ.

**E.4.1.5 Capacity**

Offerors shall submit a detailed analysis demonstrating that they have the necessary capacity to meet projects schedule. This plan must identify the necessary resources required for the completion of the Project and must include at a minimum the following:

1. Description of the firm’s annual capacity for project delivery
2. List number of years the firm has been in business
3. Provide copy of your firm’s Dun & Bradstreet report for calendar year 2018
4. List your annual volume of work (in construction dollars) during the past ten years for the firm responsible to execute the work under this RFQ. Include listing of all project identifying project client name, project value and date completed.

5. Describe the percentage of your business mix between Public sector and Private sector during the past ten years.

6. List of the firm’s present and future work in terms of active projects, including current firm workload(s) projected over the next year and other IDIQ contracts including contract values.

7. Submit in a tabular format listing all full-time staff, their roles within the organization and years of experience indicating staff designated as Key Personnel.

**E.4.1.7 BOA Terms**

The offeror is to insert requested changes to the Form of Contract with its SOQ Submission. Offerors are advised that the changes so identified should be specific so as to permit the department to evaluate the impact of the requested changes in its review process. Generic statements, such as “a mutually acceptable contract” are not acceptable. Offerors are further advised that the department will consider the requested changes as part of the evaluation process.

**E.4.1.8 Bidder-Offeror Certification Form**

Each Offeror shall complete and submit the Bidder-Offeror Certification Form attached hereto as Attachment D. An Offeror who submits an incomplete or improperly or inaccurately completed Bidder-Offeror Certification Form may be deemed non-responsive.

**E.4.1.9 Tax Affidavit**

Each Offeror must submit a tax affidavit substantially in the form of Attachment B. In order to be eligible for this procurement, Offerors must be in full compliance with their tax obligations to the District government.

**E.4.2 Consideration after Award**

**E.4.2.1 Pricing**

Pricing will not be solicited under this RFQ. Pricing, including pricing for option periods, will be solicited in response to subsequent RFTOPs under the BOA.

**E.4.2.2 SBE Subcontracting Plan**

SBE Subcontracting Plan may apply to all projects and its requirement will be determined on a per Task Order basis.

**E.4.2.3 First Source Employment Agreement**
First Source Employment Agreement may apply to all projects and its requirement will be determined on a per Task Order basis.
SECTION F  BIDDING PROCEDURES & PROTESTS

F.1  Contact Person

For information regarding this RFQ please contact:

Bernadette Catalan
Contract Specialist
Department of General Services
1250 U Street NW, 3rd floor
Washington, DC 20009
(202) 724-4119
bernadette.catalan@dc.gov

Questions should be directed to Bernadette Catalan at the email address listed in this Section F.1 no later than February 15, 2019 at 2:00 PM. The person making the request shall be responsible for prompt delivery.

F.2  Project Information Meeting

DGS will hold a Project information meeting for potential Offerors on February 12, 2019 at 12:00 PM. The Project information meeting will be held at the Department of General Services, 1250 U Street N.W., 4th floor Capitol Hill Conference Room, Washington, D.C. 20009. Interested Offerors are strongly encouraged to attend.

F.3  Explanations to Prospective Offerors

Each Offeror should carefully examine this RFQ and any and all amendments, addenda or other revisions, and thoroughly familiarize itself with all requirements prior to proffering a SOQ Submission. Should an Offeror find discrepancies or ambiguities in, or omissions from, the RFQ and amendments, addenda or revisions, or otherwise desire an explanation or interpretation of the RFQ, any amendments, addenda, or revisions, it must submit a request for interpretation or correction in writing. Any information given to an Offeror concerning the RFQ shall be furnished promptly to all other Offerors as an amendment or addendum to this RFQ if in the sole discretion of the Department that information is necessary in proffering SOQ Submissions or if the lack of it would be prejudicial to any other prospective Offerors. Oral explanations or instructions given before the award of the contract shall not be binding.

F.4  Protests

Protests shall be governed by D.C. Code § 2-360.08 and Section 4734 of the Department’s Procurement Regulations (27 DCMR § 4734).
F.5 Contract Award

This procurement is being conducted in accordance with D.C. Code § 2-354.03 and the provisions of Title 27 DCMR §§ 4700, et seq., of the Department’s Procurement Regulations. Award will be made to the responsive and responsible Offeror and the most advantageous to the Department considering technical merit and other factors.

F.6 Retention of SOQ Submissions

All SOQ Submissions shall be retained by the Department and therefore shall not be returned to the Offerors. With the exception of proprietary financial information, the SOQ Submissions shall become the property of the Department and the Department shall the right to distribute or use such information as it determines.

F.7 Examination of SOQ Submissions

Offerors are expected to examine the requirements of all instructions (including all amendments, addenda, attachments and exhibits) in this RFQ. Failure to do so shall be at the sole risk of the Offeror and may result in disqualification.

F.8 Late SOQ Submissions: Modifications

A. Any SOQ Submission received at the office designated in this RFQ after the exact time specified for receipt shall not be considered.

B. Any modification of a SOQ Submission is subject to the same conditions as in Section F.8.A stated above.

C. The only acceptable evidence to establish the time of receipt at the Department’s office is the time-date stamp of such installation on the SOQ Submission wrapper or other documentary evidence of receipt maintained by the installation.

D. Notwithstanding any other provisions of this RFQ to the contrary, a late modification of an otherwise successful SOQ Submission which makes its terms more favorable to the Department may be considered at any time it is received and may be accepted.

E. SOQ Submissions shall be irrevocable and remain in full force and effect for a period not less than one hundred twenty (120) days after receipt of SOQ Submissions.

F.9 No Compensation for Preparation of SOQ Submissions

The Department shall not bear or assume any financial obligations or liabilities regarding the preparation of any SOQ Submissions submitted in response to this RFQ, or prepared in
connection therewith, including, but without limitation, any submissions, statements, reports, data, information, materials or other documents or items.

F.10 Rejection of SOQ Submissions

The Department reserves the right, in its sole discretion:

A. To cancel this solicitation or reject all SOQ Submissions.
B. To reject SOQ Submissions that fail to prove the Offeror’s responsibility.
C. To reject SOQ Submissions that contain conditions and/or contingencies that in the Department’s sole judgment, make the SOQ Submission indefinite, incomplete, otherwise non-responsive, or otherwise unacceptable for award.
D. To waive minor irregularities in any SOQ Submission provided such waiver does not result in an unfair advantage to any Offeror.
E. To take any other action within the applicable Procurement Regulations or law.
F. To reject the SOQ Submission of any Offeror that has submitted a false or misleading statement, affidavit or certification in connection with such SOQ Submission for this RFQ.
G. To reject SOQ Submission that indicates a lack of understanding of any aspect of the scope of work of this RFQ.
J. To reject SOQ Submissions that are deemed non-responsive.

F.11 Limitation of Contracting Authority

Only a contracting officer with prior written authority from the CCO shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clauses or conditions of the BOA. Furthermore, any alteration, amendment, modification, or waiver of any clause or condition of this RFQ is not effective or binding unless made in writing and signed by the CCO or its authorized representative.

F.12 Non-Responsive SOQ Submissions

A. Certification. The Department may consider a SOQ Submission non-responsive if the Offeror fails to properly complete or provides inaccurate information on the Bidder/Offeror Certification Form.
B. Exceptions. The Department may consider a SOQ Submission non-responsive if the Offeror identifies any changes or exceptions to the Standard Contract Provisions.
C. Core Competency. The Department may consider a SOQ Submission non-responsive if the Offeror, whether by inclusion or omission, fails, in the Department’s sole judgment, to demonstrate an understanding and competence in every aspect of the project.
SECTION G INSURANCE REQUIREMENTS

G.1 INSURANCE

A. GENERAL REQUIREMENTS. The Contractor at its sole expense shall procure and maintain, during the entire period of performance under this contract, the types of insurance specified below. The Contractor shall have its insurance broker or insurance company submit a Certificate of Insurance to the CO giving evidence of the required coverage prior to commencing performance under this contract. In no event shall any work be performed until the required Certificates of Insurance signed by an authorized representative of the insurer(s) have been provided to, and accepted by, the CO. All insurance shall be written with financially responsible companies authorized to do business in the District or in the jurisdiction where the work is to be performed and have an A.M. Best Company rating of A- / VII or higher. The Contractor shall require all of its subcontractors to carry the same insurance required herein.

All required policies shall contain a waiver of subrogation provision in favor of the Government of the District.

The Government of the District of Columbia shall be included in all policies required hereunder to be maintained by the Contractor and its subcontractors (except for workers’ compensation and professional liability insurance) as an additional insureds for claims against The Government of the District of Columbia relating to this contract, with the understanding that any affirmative obligation imposed upon the insured Contractor or its subcontractors (including without limitation the liability to pay premiums) shall be the sole obligation of the Contractor or its subcontractors, and not the additional insured. The additional insured status under the Contractor’s and its subcontractors’ Commercial General Liability insurance policies shall be effected using the ISO Additional Insured Endorsement form CG 20 10 11 85 (or CG 20 10 07 04 and CG 20 37 07 04) or such other endorsement or combination of endorsements providing coverage at least as broad and approved by the CO in writing. All of the Contractor’s and its subcontractors’ liability policies (except for workers’ compensation and professional liability insurance) shall be endorsed using ISO form CG 20 01 04 13 or its equivalent so as to indicate that such policies provide primary coverage (without any right of contribution by any other insurance, reinsurance or self-insurance, including any deductible or retention, maintained by an Additional Insured) for all claims against the additional insured arising out of the performance of this Statement of Work by the Contractor or its subcontractors, or anyone for whom the Contractor or its subcontractors may be liable. These policies shall include a separation of insureds clause applicable to the additional insured.

If the Contractor and/or its subcontractors maintain broader coverage and/or higher limits than the minimums shown below, the District requires and shall be entitled to the broader coverage and/or the higher limits maintained by the Grantee and subcontractors.
1. **Commercial General Liability Insurance (“CGL”)** - The Contractor shall provide evidence satisfactory to the CO with respect to the services performed that it carries a CGL policy, written on an occurrence (not claims-made) basis, on Insurance Services Office, Inc. (“ISO”) form CG 00 01 04 13 (or another occurrence-based form with coverage at least as broad and approved by the CO in writing), covering liability for all ongoing and completed operations of the Contractor, including ongoing and completed operations under all subcontracts, and covering claims for bodily injury, including without limitation sickness, disease or death of any persons, injury to or destruction of property, including loss of use resulting therefrom, personal and advertising injury, and including coverage for liability arising out of an Insured Contract (including the tort liability of another assumed in a contract) and acts of terrorism (whether caused by a foreign or domestic source). Such coverage shall have limits of liability of not less than $1,000,000 each occurrence, a $2,000,000 general aggregate (including a per location or per project aggregate limit endorsement, if applicable) limit, a $1,000,000 personal and advertising injury limit, and a $2,000,000 products-completed operations aggregate limit.

The vendor should be named as an additional insured on the applicable manufacturer’s/distributor’s Commercial General Liability policy using Insurance Services Office, Inc. (“ISO”) form CG 20 15 04 13 (or another occurrence-based form with coverage at least as broad). IF APPLICABLE

2. **Automobile Liability Insurance** - The Contractor shall provide evidence satisfactory to the CO of commercial (business) automobile liability insurance written on ISO form CA 00 01 10 13 (or another form with coverage at least as broad and approved by the CO in writing) including coverage for all owned, hired, borrowed and non-owned vehicles and equipment used by the Contractor, with minimum per accident limits equal to the greater of (i) the limits set forth in the Contractor’s commercial automobile liability policy or (ii) $1,000,000 per occurrence combined single limit for bodily injury and property damage.

3. **Workers’ Compensation Insurance** - The Contractor shall provide evidence satisfactory to the CO of Workers’ Compensation insurance in accordance with the statutory mandates of the District of Columbia or the jurisdiction in which the contract is performed.

**Employer’s Liability Insurance** - The Contractor shall provide evidence satisfactory to the CO of employer’s liability insurance as follows: $500,000 per accident for injury; $500,000 per employee for disease; and $500,000 for policy disease limit.

All insurance required by this paragraph 3 shall include a waiver of subrogation endorsement for the benefit of Government of the District of Columbia.
4. **Crime Insurance (3rd Party Indemnity)** - The Contractor shall provide a 3rd Party Crime policy to cover the dishonest acts of Contractor’s employees which result in a loss to the District. The policy shall provide a limit of $50,000 per occurrence. **IF APPLICABLE**

5. **Cyber Liability Insurance** - The Contractor shall provide evidence satisfactory to the Contracting Officer of Cyber Liability Insurance, with limits not less than $1,000,000 per occurrence or claim, $2,000,000 aggregate. Coverage shall be sufficiently broad to respond to the duties and obligations as is undertaken by Contractor in this agreement and shall include, but not limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations, information theft, damage to or destruction of electronic information, release of private information, alteration of electronic information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines and penalties as well as credit monitoring expenses with limits sufficient to respond to these obligations. This insurance requirement will be considered met if the general liability insurance includes an affirmative cyber endorsement for the required amounts and coverages.

6. **Environmental Liability Insurance** - The Contractor shall provide evidence satisfactory to the CO of pollution legal liability insurance covering losses caused by pollution conditions that arise from the ongoing or completed operations of the Contractor. Completed operations coverage shall remain in effect for at least ten (10) years after completion of the work. Such insurance shall apply to bodily injury, property damage (including loss of use of damaged property or of property that has been physically injured), cleanup costs, liability and cleanup costs while in transit, and defense (including costs and expenses incurred in the investigation, defense and settlement of claims). There shall be neither an exclusion nor a sublimit for mold-related claims. The minimum limits required under this paragraph shall be equal to the greater of (i) the limits set forth in the Contractor’s pollution legal liability policy or (ii) $2,000,000 per occurrence and $2,000,000 in the annual aggregate. If such coverage is written on a claims-made basis, the Contractor warrants that any retroactive date applicable to coverages under the policy precedes the Contractor’s performance of any work under the Contract and that continuous coverage will be maintained or an extended reporting period will be exercised for at least ten (10) years after completion. The Contractor also must furnish to the Owner certificates of insurance evidencing pollution legal liability insurance maintained by the transportation and disposal site operators(s) used by the Contractor for losses arising from facility(ies) accepting, storing or disposing hazardous materials or other waste as a result of the Contractor’s operations. Such coverages must be maintained with limits of at least the amounts set forth above. **IF APPLICABLE**

7. **Professional Liability Insurance (Errors & Omissions)** - The Contractor shall provide Professional Liability Insurance (Errors and Omissions) to cover liability resulting
from any error or omission in the performance of professional services under this Contract. The policy shall provide limits of $1,000,000 per claim or per occurrence for each wrongful act and $2,000,000 annual aggregate. The Contractor warrants that any applicable retroactive date precedes the date the Contractor first performed any professional services for the Government of the District of Columbia and that continuous coverage will be maintained or an extended reporting period will be exercised for a period of at least ten years after the completion of the professional services. IF APPLICABLE

8. **Railroad Protective Liability Insurance (RPL)** - The Contractor shall provide evidence satisfactory to the Contracting Officer of a RPL policy with respect to activities Contractor, or any of its officers, agents, employees, members, successors and assigns, or subcontractors, perform within fifty (50) feet vertically or horizontally of railroad tracks, but only prior to the initiation of any such activity, Contractor shall provide Railroad Protective Liability Insurance (ISO CG 00 35 or equivalent), in the name of The Government of the District of Columbia. The policy shall have limits of liability of not less than Ten Million Dollars ($10,000,000.00) per occurrence, combined single limits, for coverage A & B, for losses arising out of injury to or death of any person, and for physical loss or damage to or destruction of property, including the loss of use thereof. A Ten Million Dollar ($10,000,000.00) annual aggregate may apply. IF APPLICABLE

9. **Sexual/Physical Abuse & Molestation** - The Contractor shall provide evidence satisfactory to the Contracting Officer with respect to the services performed that it carries $1,000,000 per occurrence limits; $2,000,000 aggregate of affirmative abuse and molestation liability coverage. This insurance requirement will be considered met if the general liability insurance includes an affirmative sexual abuse and molestation endorsement for the required amounts. So called “silent” coverage under a commercial general liability or professional liability policy will not be acceptable. IF APPLICABLE

10. **Commercial Umbrella or Excess Liability** - The Contractor shall provide evidence satisfactory to the CO of commercial umbrella or excess liability insurance with minimum limits equal to the greater of (i) the limits set forth in the Contractor’s umbrella or excess liability policy or (ii) $5,000,000 per occurrence and $5,000,000 in the annual aggregate, following the form and in excess of all liability policies. All liability coverages must be scheduled under the umbrella and/or excess policy. The insurance required under this paragraph shall be written in a form that annually reinstates all required limits. Coverage shall be primary to any insurance, self-insurance or reinsurance maintained by the District and the “other insurance” provision must be amended in accordance with this requirement and principles of vertical exhaustion.

**B. PRIMARY AND NONCONTRIBUTORY INSURANCE**
The insurance required herein shall be primary to and will not seek contribution from any other insurance, reinsurance or self-insurance including any deductible or retention, maintained by the Government of the District of Columbia.

C. DURATION. The Contractor shall carry all required insurance until all contract work is accepted by the District of Columbia, and shall carry listed coverages for ten years for construction projects following final acceptance of the work performed under this contract and two years for non-construction related contracts.

D. LIABILITY. These are the required minimum insurance requirements established by the District of Columbia. HOWEVER, THE REQUIRED MINIMUM INSURANCE REQUIREMENTS PROVIDED ABOVE WILL NOT IN ANY WAY LIMIT THE CONTRACTOR’S LIABILITY UNDER THIS CONTRACT.

E. CONTRACTOR’S PROPERTY. Contractor and subcontractors are solely responsible for any loss or damage to their personal property, including but not limited to tools and equipment, scaffolding and temporary structures, rented machinery, or owned and leased equipment. A waiver of subrogation shall apply in favor of the District of Columbia.

F. MEASURE OF PAYMENT. The District shall not make any separate measure or payment for the cost of insurance and bonds. The Contractor shall include all of the costs of insurance and bonds in the contract price.

G. NOTIFICATION. The Contractor shall ensure that all policies provide that the CO shall be given thirty (30) days prior written notice in the event of coverage and / or limit changes or if the policy is canceled prior to the expiration date shown on the certificate. The Contractor shall provide the CO with ten (10) days prior written notice in the event of non-payment of premium. The Contractor will also provide the CO with an updated Certificate of Insurance should its insurance coverages renew during the contract.

H. CERTIFICATES OF INSURANCE. The Contractor shall submit certificates of insurance giving evidence of the required coverage as specified in this section prior to commencing work. Certificates of insurance must reference the corresponding contract number. Evidence of insurance shall be submitted to:

The Government of the District of Columbia

And mailed to the attention of:
Franklin Austin, Contracting Officer
1250 U Street NW, 3rd Floor
(202) 727-7128
Franklin.austin5@dc.gov
The CO may request and the Contractor shall promptly deliver updated certificates of insurance, endorsements indicating the required coverages, and/or certified copies of the insurance policies. If the insurance initially obtained by the Contractor expires prior to completion of the contract, renewal certificates of insurance and additional insured and other endorsements shall be furnished to the CO prior to the date of expiration of all such initial insurance. For all coverage required to be maintained after expiration, an additional certificate of insurance evidencing such coverage shall be submitted to the CO on an annual basis as the coverage is renewed (or replaced).

I. DISCLOSURE OF INFORMATION. The Contractor agrees that the District may disclose the name and contact information of its insurers to any third party which presents a claim against the District for any damages or claims resulting from or arising out of work performed by the Contractor, its agents, employees, servants or subcontractors in the performance of this contract.

J. CARRIER RATINGS. All Contractor’s and its subcontractors’ insurance required in connection with this contract shall be written by insurance companies with an A.M. Best Insurance Guide rating of at least A- VII (or the equivalent by any other rating agency) and licensed in the District.

G.2 Insurance Requirements may be updated within each RFTOP.
SECTION H BONDS

H.1 Contractor’s Payment and Performance Bond

The contractor will be required to post a payment and performance bond having a penal value equal to the Lump Sum Price or GMP of each Task Order for Task Orders valued $100,000 or more, at the time the Task Order is issued, as applicable, is executed, as required by the RFTOP.

ATTACHMENT C
STANDARD CONTRACT PROVISIONS – CONSTRUCTION CONTRACTS
STANDARD CONTRACT PROVISIONS ARCHITECTURAL ENGINEERING
SERVICES CONTRACT
District of Columbia Department of General Services

GENERAL PROVISIONS
(Construction Contract)

ARTICLE 1. DEFINITIONS

A. "Government" as used herein means the District of Columbia Department of General Services, (DGS) that is a party to a contract.

B. "Executive" as used herein means the elected head of the Government as set forth in [Public Law 93-198 dated December 24, 1973, Title 4, Part B, Section 422(1)] (Or relevant local law).

C. "Contracting Officer" as used herein means the Government official authorized to execute and administrate the Contract on behalf of the Government. Within DGS, the Director is the Chief Contracting Officer. The Director may make delegations of procurement authority to additional contracting officers within DGS.

ARTICLE 2. SPECIFICATIONS AND DRAWINGS—The Contractor shall keep on the work site a copy of Contract drawings and specifications and shall at all times give the Contracting Officer access thereto. Anything mentioned in the specifications and not shown on the Contract drawings, or shown on the Contract drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

There shall be no change orders or equitable adjustments for work related to items appearing in either the Contract drawing or specifications.

All Contract requirements are equally binding. Each Contract requirement, whether or not omitted elsewhere in the Contract, is binding as though occurring in any or all parts of the Contract. In case of discrepancy:

1. The Contracting Officer shall be promptly notified in writing of any error, discrepancy or omission, apparent or otherwise.

4. Change Orders have priority over: Addenda, Contract drawings and Specifications.

5. Addenda have priority over: Contract drawings, Special Provisions and Specifications. A later dated Addendum has priority over earlier dated Addenda.

7. Shown and indicated dimensions have priority over scaled dimensions.

8. Original scale drawings and details have priority over any other different scale drawings and details.

9. Large scale drawings and details have priority over small scale drawings and details.

10. Any adjustment by the Contractor without a prior determination by the Contracting Officer shall be at his own risk and expense. The Contracting Officer will furnish from time to time such detail drawings and other information as he may consider necessary, unless otherwise provided.

ARTICLE 3. CHANGES

A. DESIGNATED CHANGE ORDERS—The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make any change in the work within the general scope of the Contract, including but not limited to changes

1. In the Contract drawings and specifications;

2. In the method or manner of performance of the work;

3. In the Government furnished facilities, equipment, materials or services; or

4. Directing acceleration in the performance of the work.

Nothing provided in this Article shall excuse the Contractor from proceeding with the prosecution of the work so changed.

B. OTHER CHANGE ORDERS—Any other written order or an oral order (which term as used in this Section (B) shall include direction, instruction, interpretation, or determination) from the Contracting Officer which causes any such change, shall be treated as a Change Order under this Article, provided that the Contractor gives the Contracting Officer written notice stating the date, circumstances and sources of the order and that the Contractor regards the order as a Change Order.

C. GENERAL REQUIREMENTS—Except as herein provided, no order, statement or conduct of the Contracting Officer shall be treated as a change under this Article or entitle the Contractor to an equitable adjustment hereunder. If any change under this Article causes an increase or decrease in the Contractor’s cost of, or the time required for, the performance of any part of the work under this Contract whether or not changed by any order, an equitable adjustment shall be made and the Contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under (B) above shall be allowed for any cost incurred more than 20 days before the Contractor gives written notice as therein required unless this 20 days is extended by the Contracting Officer and provided further, that in case of defective drawings and specifications, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with such defective drawings and specifications.

If the Contractor intends to assert a claim for an equitable adjustment under this Article, he must, within 30 days after receipt of a written Change Order under (A) above or the furnishing of a written notice under (B) above, submit to the Contracting Officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the Contracting Officer. The statement of claim hereunder may be included in the notice under (B) above.
With respect to the notification requirements hereunder, time is of the essence. A failure to provide timely notice constitutes waiver of the claim. No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under the Contract.

D. CHANGE ORDER BREAKDOWN—Contract prices shall be used for Change Order work where work is of similar nature; no other costs, overhead or profit will be allowed.

Where Contract prices are not appropriate and the nature of the change is known in advance of construction, the parties shall attempt to agree on a fully justifiable price adjustment and/or adjustment of completion time.

When Contract prices are not appropriate, or the parties fail to agree on equitable adjustment, or in processing claims, equitable adjustment for Change Order work shall be per this Article and Article 4 and shall be based upon the breakdown shown in following subsections 1. through 7. The Contractor shall assemble a complete cost breakdown that lists and substantiates each item of work and each item of cost.

1. **Labor**—Payment will be made for direct labor cost plus indirect labor cost such as insurance, taxes, fringe benefits and welfare provided such costs are considered reasonable. Indirect costs shall be itemized and verified by receipted invoices. If verification is not possible, up to 18 percent of direct labor costs may be allowed. In addition, up to 20 percent of direct plus indirect labor costs may be allowed for overhead and profit.

2. **Bond**—Payment for additional bond cost will be made per bond rate schedule submitted to the Office of Contracting and Procurement with the executed Contract.

3. **Materials**—Payment for cost of required materials will be F.O.B. destination (the job site) with an allowance for overhead and profit.

4. **Rented Equipment**—Payment for required equipment rented from an outside company that is neither an affiliate of, nor a subsidiary of, the Contractor will be based on receipted invoices which shall not exceed rates given in the current edition of the Rental Rate Blue Book for Construction Equipment published by Data Quest. If actual rental rates exceed manual rates, written justification shall be furnished to the Contracting Officer for consideration. No additional allowance will be made for overhead and profit. The Contractor shall submit written certification to the Contracting Officer that any required rented equipment is neither owned by nor rented from the Contractor or an affiliate of or subsidiary of the Contractor.

5. **Contractor’s Equipment**—Payment for required equipment owned by the Contractor or an affiliate of the Contractor will be based solely on an hourly rate derived by dividing the current appropriate monthly rate by 176 hours. No payment will be made under any circumstances for repair costs, freight and transportation charges, fuel, lubricants, insurance, any other costs and expenses, or overhead and profit. Payment for such equipment made idle by delays attributable to the Government will be based on one-half the derived hourly rate under this subsection.

6. **Miscellaneous**—No additional allowance will be made for general superintendence, use of small tools and other costs for which no specific allowance is herein provided.
7. Subcontract Work—Payment for additional necessary subcontract work will be based on applicable procedures in 1. through 6., to which total additional subcontract work up to an additional 10 percent may be allowed for the Contractor's overhead and profit.

ARTICLE 4. EQUITABLE ADJUSTMENT OF CONTRACT TERMS

The Contractor is entitled to an equitable adjustment of the contract terms whenever the following situations develop:

A. DIFFERING SITE CONDITIONS:

1. During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the contract, are encountered at the site, the Contractor, upon discovering such conditions, shall promptly notify the Contracting Officer in writing of the specific differing conditions before they are disturbed and before the affected work is performed.

2. Upon written notification, the Contracting Officer will investigate the conditions, and if he/she determines that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, an adjustment, excluding loss of anticipated profits, will be made and the contract modified in writing accordingly. The Contracting Officer will notify the Contractor of his/her determination whether or not an adjustment of the contract is warranted.

3. No contract adjustment which results in a benefit to the Contractor will be allowed unless the Contractor has provided the required written notice; a failure to notify the Contracting Officer of the changed conditions prior to work being disturbed by said conditions shall constitute a permanent waiver of all right to compensation related to the changed conditions by the Contractor.

4. No contract adjustment will be allowed under this clause for any effects caused on unchanged work.

B. SUSPENSION OF WORK ORDERED BY THE CONTRACTING OFFICER:

1. If the performance of all or any portion of the work is suspended or delayed by the Contracting Officer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the construction industry) and the Contractor believes that additional compensation and/or contract time is due as a result of such suspension or delay, the Contractor shall submit to the Contracting Officer in writing a request for equitable adjustment within seven (7) calendar days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment.

2. Upon receipt, the Contracting Officer will evaluate the Contractor's request. If the Contracting Officer agrees that the cost and/or time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control or and not the fault of the contractor, its suppliers, or subcontractors at any approved tier, and not caused by weather, the Contracting Officer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The Contracting Officer will notify the Contractor of his/her determination whether or not an adjustment of the contract is warranted.

3. No contract adjustment will be allowed unless the Contractor has submitted the request for adjustment within the time prescribed; a failure to submit a request for adjustment in the time
prescribed shall constitute waiver of all right to compensation related to the suspension of work by the Contractor.

4. No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided for or excluded under any other term of condition of this contract.

C. SIGNIFICANT CHANGES IN THE CHARACTER OF WORK:

1. The Contracting Officer reserves the right to make, in writing, at any time during the work, such changes in quantities and such alterations in the work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the contract nor release the surety, and the Contractor agrees to perform the work as altered.

2. If the alterations or changes in quantities significantly change the character of the work under the contract, whether or not changed by any such different quantities or alterations, an adjustment, excluding loss of anticipated profits, will be made to the contract. The basis for the adjustment shall be agreed upon prior to the performance of the work. If a basis cannot be agreed upon, then an adjustment will be made either for or against the Contractor in such amount as the Contracting Officer may determine to be fair and reasonable.

3. If the alterations or changes in quantities significantly change the character of the work to be performed under the contract, the altered work will be paid for as provided elsewhere in the contract.

4. The term "significant change" shall be construed to apply only to the following circumstances:

   a. When the character of the work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or

   b. When an item of work is increased in excess of 125 percent or decreased below 75 percent of the original contract quantity. Any allowance for an increase in quantity shall apply only to that portion in excess of 125 percent of original contract item quantity, or in the case of a decrease below 75 percent, to the actual amount of work performed.

ARTICLE 5. TERMINATION

TERMINATION GENERALLY—Termination, whether for default or convenience, is not a Government claim. The Contracting Officer may terminate a contract for default, in whole or in part, if the termination is in the best interests of the Government, and the Contractor does any of the following:

(a) Fails to deliver the goods or complete the work or services within the time specified in the contract or any modification;

(b) Fails to make sufficient progress on contract performance so as to endanger performance of the contract within the time specified or in the manner specified in the contract;

(c) Fails or refuses to go forward with the work in accordance with the direction of the Contracting Officer;

(d) Expresses through word or conduct an intention not to complete the work in accordance with the directions of the Contracting Officer;

(e) Fails to perform any of the other provisions of the contract;

(f) Materially deviates from the representations and capabilities set forth in the Contractor's response to the solicitation.

A termination for default is a final decision of a Contracting Officer. In order to contest a termination for default, the Contractor must submit a certified request to convert the termination for default to a termination for convenience with all documents supporting such conversion and comply with all contract
provisions and laws relating to terminations for convenience, including the submission of a certified termination for convenience settlement proposal. The submission of the certified request for conversion to a termination for convenience and certified termination settlement proposal to the Contracting Officer must occur prior to 90 days from the date of the Contracting Officer’s final decision.

DELAYS—If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in the Contract, or any extension thereof, or fails to complete said work within specified time, the Government may, by written notice to the Contractor, terminate his right to proceed with the work or such part of the work involving the delay. In such event the Government may take over the work and prosecute the same to completion, by contract or otherwise, and may take possession of and utilize in completing the work such materials, appliances, and plant as may have been paid for by the Government or may be on the site of the work and necessary therefore. Whether or not the Contractor’s right to proceed with the work is terminated, he and his sureties shall be liable for any liability to the Government resulting from his refusal or failure to complete the work within the specified time.

If fixed and agreed liquidated damages are provided in the Contract and if the Government does not so terminate the Contractor’s right to proceed, the resulting damage will consist of such liquidated damages until the work is completed and accepted.

The Contractor’s right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:

1. The delay in the completion the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of God, acts of the public enemy, acts of the Government in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, climatic conditions beyond the normal which could be anticipated, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers (the term subcontractors or suppliers shall mean subcontractors or suppliers at any tier); and

2. The Contractor, within 72 hours from the beginning of any such delay, (unless the Contracting Officer grants a further period of time before the date of final payment under the Contract) notifies the Contracting Officer in writing of the causes of delay.

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties, subject only to appeal as provided in Article 7 herein.

If, after notice of termination of the Contractor’s right to proceed under the provisions of this Article, it is determined for any reason that the Contractor was not in default under the provisions of this Article, or that the delay was excusable under the provisions of this Article, the rights and obligations of the parties shall be in accordance with Article 6 herein. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of Article 7 herein.

The rights and remedies of the Government provided in this Article are in addition to any other rights and remedies provided by law or under the Contract.

The Government may, by written notice, terminate the Contract or a portion thereof as a result of an Executive Order of the President of the United States with respect to the prosecution of war or in the interest of national defense. When the Contract is so terminated, no claim for loss of anticipated profits will be permitted.

ARTICLE 6. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT
A. The performance of work under the Contract may be terminated by the Government in accordance with this Article in whole, or in part, whenever the Contracting Officer shall determine that such termination is in the best interest of the Government. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of work under the Contract is terminated, and the date upon which such termination becomes effective.

B. After receipt of a Notice of Termination, and except as otherwise directed by the Contracting Officer, the Contractor shall:

1. Stop work under the Contract on the date and to the extent specified in the Notice of Termination.

2. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the Contract as is not terminated.

3. Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination.

4. Assign to the Government, in the manner, at the times, and to the extent directed by the Contracting Officer, all of the right, title and interest of the Contractor under the orders and subcontracts so terminated, in which case the Government shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

5. Settle all outstanding liabilities and all claims arising out of such termination of orders or subcontracts, with the approval or ratification of the Contracting Officer to the extent he may require, which approval or ratification shall be final for all purposes of this Article.

6. Transfer title to the Government and deliver in the manner, at the times, and to the extent, if any, directed by the Contracting Officer
   a. The fabricated or unfabricated parts, work in progress, completed work, supplies, and other material procured as a part of, or acquired in connection with, the performance of the work terminated by the Notice of Termination, and
   b. The completed, or partially completed plans, drawings information and other property which, if the Contract had been completed, would have been required to be furnished to the Government.

7. Use his best efforts to sell, in the manner, at the terms, to the extent, and at the price or prices directed or authorized by the Contracting Officer, any property of the types referred to in 6 above provided, however, that the Contractor:
   a. Shall not be required to extend credit to any purchaser, and
   b. May acquire any property under the conditions prescribed and at a price or prices approved by the Contracting Officer, and
   c. Provided further, that the proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by the Government to the Contractor under the Contract or shall otherwise be credited to the price or cost of the work covered by the Contract or paid in such other manner as the Contracting Officer may direct.
8. Complete performance of such part of the work as shall not have been terminated by the Notice of Termination.

9. Take such action as may be necessary, or as the Contracting Officer may direct, for the protection and preservation of the property related to the Contract which is in the possession of the Contractor and in which the Government has or may acquire an interest.

10. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any delay in determining or adjusting the cost, or any item of reimbursable cost, under this Article.

11. "Plant clearance period" means, for each particular property classification (such as raw materials, purchased parts and work in progress) at any one plant or location, a period beginning with the effective date of the termination for convenience and ending 90 days after receipt by the Contracting Officer of acceptable inventory schedules covering all items of that particular property classification in the termination inventory at that plant or location, or ending on such later date as may be agreed to by the Contracting Officer and the Contractor. Final phase of a plant clearance period means that part of a plant clearance period which occurs after the receipt of acceptable inventory schedules covering all items of the particular property classification at the plant or location.

At any time after expiration of the plant clearance period, as defined above, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of any or all items of termination inventory not previously disposed of, exclusive of items the disposition of which has been directed or authorized by the Contracting Officer, and may request the Government to remove such items or enter into a storage agreement covering them. Not later than 15 days thereafter, the Government will accept title to such items and remove them or enter into a storage agreement covering the same; provided, that the list submitted shall be subject to verification by the Contracting Officer upon removal of the items or, if the items are stored, within 45 days from the date of submission of the list, and any necessary adjustments to correct the list as submitted, shall be made prior to final settlement.

C. After receipt of a Notice of Termination, the Contractor shall submit to the Contracting Officer his termination claim, in the form with the certification prescribed by the Contracting Officer. Such claim shall be submitted promptly but in no event later than 90 days from the effective date of termination, unless one or more extensions in writing are granted by the Contracting Officer upon request of the Contractor made in writing within such 90 day period or authorized extension thereof. In the event the Contractor was terminated for default and it asserts that it is entitled to a termination for convenience, its certified request for the conversion of the default termination to one for convenience and its certified termination settlement proposal must be submitted to the Contracting Officer prior to the expiration of 90 days from the date of the default termination. With respect to a termination for convenience, if the Contracting Officer determines that the facts justify such action, he may receive and act upon any such termination claim at any time after such 90 day period or extension thereof. Nothing herein shall be construed to extend the time for the submission of a claim hereunder for a defaulted Contractor beyond 90 days from the date of the default termination. Upon failure of the Contractor to submit his termination claim within the time allowed, the Contracting Officer may, subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination and shall thereupon pay to the Contractor the amount so determined.

D. Subject to the provisions of C above, and subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, the Contractor and Contracting
Officer may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination of work pursuant to this Article, which amount or amounts may include a reasonable allowance for profit on work done; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further reduced by the Contract price of work not terminated. The Contract shall be amended accordingly, and the Contractor shall be paid the agreed amount. Nothing in E below prescribing the amount to be paid to the Contractor in the event of failure of the Contractor and the Contracting Officer to agree upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this Article, shall be deemed to limit, restrict or otherwise determine or effect the amount or amounts which may be agreed upon to be paid to the Contractor pursuant to this paragraph.

E. In the event of the failure of the Contractor and the Contracting Officer to agree as provided in D above upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this Article, the Contracting Officer shall, subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him, the amount, if any, due the Contractor by reason of the termination and shall pay to the Contractor the amounts determined by the Contracting Officer, as follows, but without duplication of any amounts agreed upon in accordance with D above:

1. With respect to all Contract work performed prior to the effective date of the Notice of Termination, the total (without duplication of any items) of:

   a. The cost of such work;

   b. The cost of settling and paying claims arising out of the termination of work under subcontracts or orders as provided in B 5. above, exclusive of the amounts paid or payable on account of supplies or materials delivered or services furnished by the subcontractor prior to the effective date of the Notice of Termination of work under the Contract, which amounts shall be included in the cost on account of which payment is made under E1.a. above; and

   c. A sum, as profit on E.1.a. above, determined by the Contracting Officer to be fair and reasonable; provided however, that if it appears that the Contractor would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed under this subparagraph and an appropriate adjustment shall be made reducing the amount of the settlement to reflect the indicated rate of loss; and provided further that profit shall be allowed only on preparations made and work done by the Contractor for the terminated portion of the Contract but may not be allowed on the Contractor's settlement expenses. Anticipatory profits and consequential damages will not be allowed. Any reasonable method may be used to arrive at a fair profit, separately or as part of the whole settlement.

2. The reasonable cost of the preservation and protection of property incurred pursuant to B.9; and any other reasonable cost incidental to termination of work under the Contract including expense incidental to the determination of the amount due to the Contractor as the result of the termination of work under the Contract.

F. The total sum to be paid to the Contractor under E.1. above shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further
reduced by the Contract price of work not terminated. Except for normal spoilage, and except to the extent that the Government shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the Contractor under E.1. above, the fair value, as determined by the Contracting Officer, of property which is destroyed, lost, stolen or damaged so as to become undeliverable to the Government, or to a buyer pursuant to B.7 above.

G. The Contractor shall have the right of appeal, under Article 7 herein, from any determination made by the Contracting Officer under C. or E. above, except that, if the Contractor has failed to submit his claim within the time provided in C above and has failed to request extension of such time, he shall have no such right of appeal. In any case where the Contracting Officer has made a determination of the amount due under C. or E. above, the Government shall pay to the Contractor the following:

1. If there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the Contracting Officer, or

2. If an appeal had been taken, the amount finally determined on such appeal.

H. In arriving at the amount due the Contractor under this Article there shall be deducted:

1. all unliquidated advance or other payments on account theretofore made to the Contractor, applicable to the terminated portion of the Contract;

2. any claim which the Government may have against the Contractor in connection with the Contract; and

3. the agreed price for, or the proceeds of sale of, any materials, supplies or other things kept by the Contractor or sold, pursuant to the provisions of this Article and not otherwise recovered by or credited to the Government.

I. If the termination hereunder be partial, prior to the settlement of the terminated portion of the Contract, the Contractor may file with the Contracting Officer a request in writing for an equitable adjustment of the price or prices specified in the Contract relating to the continued portion of the Contract (the portion not terminated by the Notice of Termination), and such equitable adjustment as may be agreed upon shall be made at such price or prices; however, nothing contained herein shall limit the right of the Government and the Contractor to agree upon the amount or amounts to be paid to the Contractor for the completion of the continued portion of the Contract when said Contract does not contain an established Contract price for such continued portion.

J. The Government may from time to time, under such terms and conditions as it may prescribe, make partial payments against costs incurred by the Contractor in connection with the terminated portion of the Contract whenever in the opinion of the Contracting Officer the aggregate of such payments shall be within the amount to which the Contractor will be entitled hereunder. If the total of such payments is in excess of the amount finally agreed or determined to be due under this Article, such excess Shall be payable by the Contractor to the Government upon demand, together with interest computed at the rate of 6 percent per annum for the period from the date such excess is received by the Contractor to the date on which such excess is repaid to the Government; provided however, that no interest shall be charged with respect to any such excess payment attributable to a reduction in the Contractor’s claim by reason of retention or other disposition of termination inventory until ten days after the date of such retention or disposition, or such later date as determined by the Contracting Officer by reason of the circumstances.
K. Unless otherwise provided in the Contract or by applicable statute, the Contractor, from the effective date of termination and for a period of three years after final settlement under the Contract, shall preserve and make available to the Government at all reasonable times at the office of the Contractor, but without direct charge to the Government, all his books, records, documents and other evidence bearing on the costs and expenses of the Contractor under the Contract and relating to the work terminated hereunder, or, to the extent approved by the Contracting Officer, photographs and other authentic reproductions thereof.

ARTICLE 7. DISPUTES

A. All disputes arising under or relating to this contract shall be resolved as provided herein.

B. Claims by a Contractor against the Government

1. Claim, as used in Section B of this clause, means a written assertion by the Contractor seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.

   a. All claims by a Contractor against the Government arising under or relating to a contract shall be in writing and shall be submitted to the Contracting Officer for a decision.

   b. Within 120 days after receipt of a claim, the Contracting Officer shall issue a decision, whenever possible taking into account factors such as the size and complexity of the claim and the adequacy of the information in support of the claim provided by the Contractor.

   c. Any failure by the Contracting Officer to issue a decision on a contract claim within the required time period shall be deemed to be a denial of the claim and shall authorize the commencement of an appeal on the claim as otherwise provided.

   d. (1) If a Contractor is unable to support any part of his or her claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Contractor, the Contractor shall be liable to the Government for an amount equal to the unsupplied part of the claim in addition to all costs to the Government attributable to the cost of reviewing that part of the Contractor’s claim.

   (2) Liability under this section shall be determined within 6 years of the commission of the misrepresentation of fact or fraud.

   e. All cost data, pricing data, and task data of claims hereunder must be certified as accurate, complete, required, and necessary to the best of the Contractor’s knowledge and belief. Further, all task or work data in the claim must be described therein to the smallest unit of work or task. The Contracting Officer may require any additional certifications, descriptions or explanations of the claim.

   f. The parties agree that time is of the essence and all claims hereunder must be presented to the Contracting Officer for a final decision within thirty (30) days of the occurrence of the circumstances giving rise to such claim or within thirty (30) days of when the Contractor knew or should have known of the circumstances giving rise to such claim, otherwise compensation for that claim is waived.

   g. The parties agree that there shall be no claims for unabsorbed home office overhead.

2. The Contractor’s claim shall contain at least the following:

   a. A description of the claim and the amount in dispute;

   b. Any data or other information in support of the claim;

   c. A brief description of the Contractor’s efforts to resolve the dispute prior to filing the claim; and

   d. The Contractor’s request for relief or other action by the Contracting Officer.

   e. The certification of the accuracy, completeness, requirement, and necessity of all aspects of the claim.

3. The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor.

4. Pending final decision of an appeal, action, or final settlement, a Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

C. Claims by the Government against a Contractor
(a) Claim as used in Section C of this clause, means a written demand or written assertion by the Government, including the Contracting Officer, seeking, as a matter of right, the payment of money in a sum certain, the adjustment of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. Nothing herein shall be construed to require the Government to notify the Contractor prior to the issuance of the Contracting Officer's final decision.

(b) (1) All claims by the Government against a Contractor arising under or relating to a contract shall be decided by the Contracting Officer, who shall issue a decision in writing and furnish a copy of the decision to the Contractor.

(2) The decision shall be supported by reasons and shall inform the Contractor of his or her rights. Specific findings of fact shall not be required.

(3) This clause shall not authorize the Contracting Officer to settle, compromise, pay, or otherwise adjust any claim involving fraud.

(4) The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor.

(5) Pending final decision of an appeal, action, or final settlement, the Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

ARTICLE 8. PAYMENTS TO CONTRACTOR—The Government will pay the contract price or prices as hereinafter provided in accordance with Government regulations.

The Government will make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates approved by the Contracting Officer. The Contractor shall furnish a breakdown of the total contract price showing the amount included therein for each principal category of the work, in such detail as requested, to provide a basis for determining progress payments. In the preparation of estimates the Contracting Officer, at his discretion, may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site may also be taken into consideration:

1. If such consideration is specifically authorized by the Contract;

2. If the Contractor furnishes satisfactory evidence that he has acquired title to such material, that it meets Contract requirements and that it will be utilized on the work covered by the Contract; and

3. If the Contractor furnishes to the Contracting Officer an itemized list.

The Contracting Officer at his/her discretion shall cause to be withheld retention in an amount sufficient to protect the interest of the Government. The amount shall not exceed ten percent (10%) of the partial payment. However, if the Contracting Officer, at any time after 50 percent of the work has been completed, finds that satisfactory progress is being made, he may authorize any of the remaining progress payments to be made in full or may retain from such remaining partial payments less than 10 percent thereof. Also, whenever work is substantially complete, the Contracting Officer, if he considers the amount retained to be in excess of the amount adequate for the protection of the Government, at his discretion, may release to the Contractor all or a portion of such excess amount. Furthermore, on completion and acceptance of each separate building, public work, or other division of the Contract, on which the price is stated separately in the Contract, payment may be made therefore without retention of a percentage, less authorized deductions.

All material and work covered by progress payments made shall thereupon become the sole property of the Government, but this provision shall not be construed as relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work, or as waiving the right of the Government to require the fulfillment of all of the terms of the Contract.
Upon completion and acceptance of all work, the amount due the Contractor under the Contract shall be paid upon presentation at a properly executed voucher and after the Contractor shall have furnished the Government with a release, if required, of all claims against the Government arising by virtue of the Contract, other than claims in stated amounts as may be specifically excepted by the Contractor from the operation of the release.

ARTICLE 9. TRANSFER OR ASSIGNMENT—Unless otherwise provided by law, neither the Contract nor any interest therein may be transferred or assigned by the Contractor to any other party without the written consent of the Contracting Officer nor without the written acceptance by the surety on the performance and payment bond securing the Contract of the assignee as the Contractor and the principal on such bond; and any attempted transfer or assignment not authorized by this Article shall constitute a breach of the Contract and the Government may for such cause terminate the right of the Contractor to proceed in the same manner as provided in Article 5 herein, and the Contractor and his sureties shall be liable to the Government for any excess cost occasioned the Government thereby.

ARTICLE 10. MATERIAL AND WORKMANSHIP

A. GENERAL—Unless otherwise specifically provided in the Contract, all equipment, material and articles incorporated in the work covered by the Contract shall be new and of the most suitable grade for the purpose intended. Unless otherwise specifically provided in the Contract, reference to any equipment, material, article or patented process, by trade name, make or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition, and the Contractor may use any equipment, material, article or process which, in the judgment of the Contracting Officer, is equivalent to that named unless otherwise specified. The Contractor shall furnish to the Contracting Officer for his approval the name of the manufacturer, the model number, and other identifying data and information respecting the performance, capacity, nature and rating of the mechanical and other equipment which the Contractor contemplates incorporating in the work. Machinery and equipment shall be in proper condition. When required by the Contract or when called for by the Contracting Officer, the Contractor shall furnish to the Contracting Officer for approval full information concerning the material or articles which he contemplates incorporating in the work. When so directed, samples shall be submitted for approval at the Contractor’s expense, with all shipping charges prepaid. Machinery, equipment, material, and articles installed or used without required approval shall be at the risk of subsequent rejection and subject to satisfactory replacement at Contractor’s expense.

B. SURPLUS MATERIALS USE—Whenever specified in the Contract or authorized by the Contracting Officer that materials become the property of the Contractor, which by reference or otherwise shall include disposal of materials, it is understood that the Contractor accepts such materials “as is” with no further expense or liability to the Government. If such material specified in the Contract will have a potential or real interest of value, the Contractor shall make allowance in the Contract to show such value.

C. GOVERNMENT MATERIAL—No materials furnished by the Government shall be applied to any other use, public or private, than that for which they are issued to the Contractor. The full amount of the cost to the Government of all materials furnished by the Government to the Contractor and for which no charge is made, which are not accounted for by the Contractor to the satisfaction of the Contracting Officer, will be charged against the Contractor and his sureties and may be deducted from any monies due the Contractor, and this charge shall be in addition to and not in lieu of any other liabilities of the Contractor whether civil or criminal. Materials furnished by the Government for which a charge is made at a rate mentioned in the specifications will be delivered to the Contractor upon proper requisitions therefore and will be charged to his account.

D. Plant—The Contractor shall at all times employ sufficient tools and equipment for prosecuting the various classes of work to full completion in the manner and time required. The Contractor shall at all times perform work in sufficient light and shall provide proper illumination, including
lighting required for night work as directed, as a Contract requirement. All equipment, tools, formwork and staging used on the project shall be of sufficient size and in proper mechanical and safe condition to meet work requirements, to produce satisfactory work quality and to prevent injury to persons, the project or adjacent property. When methods and equipment are not prescribed in the Contract, the Contractor is free to use tools, methods and equipment that he satisfactorily demonstrates will accomplish the work in conformity with Contract requirements.

If the Contractor desires to use a method or type of tool or equipment other than specified in the Contract, he shall request approval to do so; the request shall be in writing and shall include a full description of proposed methods, tools and equipment and reason for the change or substitution. Approval of substitutions and changed methods will be on condition that the Contractor will be fully responsible for producing work meeting Contract requirements. If after trial use of the substituted methods, tools and equipment, the Contracting Officer determines that work produced does not meet Contract requirements, the Contractor shall complete remaining work with specified methods, tools and equipment.

E. CAPABILITY OF WORKERS- All work under the Contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require the Contractor to remove from the work any such employees as the Contracting Officer deems incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment on the work is deemed by the Contracting Officer to be contrary to the public interest. Such request will be in writing:

F. CONFORMITY OF WORK AND MATERIALS—All work performed and materials and products furnished shall be in conformity, within indicated tolerances, with lines, grades, cross sections, details, dimensions, material and construction requirements shown or intended by the drawings and specifications.

When materials, products or work cannot be corrected, written notice of rejection will be issued. Rejected materials, products and work shall be eliminated from the project and acceptably replaced at Contractor’s expense. The Contracting Officer’s failure to reject any portion of the project shall not constitute implied acceptance nor in any way release the Contractor from Contract requirements.

G. UNAUTHORIZED WORK AND MATERIALS—Work performed or materials ordered or furnished for the project deviating from requirements and specifications without written authority, will be considered unauthorized and at Contractor’s expense. The Government is not obligated to pay for unauthorized work. Unauthorized work and materials may be ordered removed and replaced at Contractor’s expense.

ARTICLE 11. INSPECTION AND ACCEPTANCE—Except as otherwise provided in the Contract, inspection and test by the Government of material and workmanship required by the Contract shall be made at reasonable times and at the site of the work, unless the Contracting Officer determines that such inspection or test of material which is to be incorporated in the work shall be made at the place of production, manufacture or shipment of such material. To the extent specified by the Contracting Officer at the time of determining to make off-site inspection or test, such inspection or test shall be conclusive as to whether the material involved conforms to Contract requirements. Such off-site inspection or test shall not relieve the Contractor of responsibility for damage to or loss of the material prior to acceptance, nor in any way affect the continuing rights of the Government after acceptance of the completed work under the terms of the last paragraph of this Article, except as herein above provided.

The Contractor shall, without charge, replace any material and correct any workmanship found by the Government not to conform to Contract requirements and specifications, unless in the public interest the Government consents to accept such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises at Contractor’s expense.
If the Contractor does not promptly replace rejected material or correct rejected workmanship, the Government:

1. May, by contract or otherwise, replace such material and correct such workmanship and charge the cost thereof to the Contractor, or

2. May terminate the Contractor's right to proceed in accordance with Article 5 herein.

The Contractor shall furnish promptly, without additional cost to the Government, all facilities, labor and material reasonably needed for performing such safe and convenient inspection and test as may be required by the Contracting Officer. All inspections and tests by the Government shall be performed in such manner as not unnecessarily to delay the work. Special, full size, and performance tests shall be performed as described in the Contract. The Contractor shall be charged with any additional cost of inspection when material and workmanship are not ready for inspection at the time specified by the Contractor.

Should it be considered necessary or advisable by the Contracting Officer at any time before acceptance of the work, either in part or in its entirety, to make an examination of work completed, by removing or tearing out same, the Contractor shall, on request, promptly furnish all necessary facilities, labor and material to do same. If such work is found to be defective or nonconforming in any material respect, due to the fault of the Contractor or his subcontractors, he shall defray all the expenses of such examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the Contract, an equitable adjustment shall be made in the Contract price to compensate the Contractor for the additional services involved in such examination and reconstruction and, if completion of the work has been delayed thereby, he shall, in addition, be granted an equitable extension of time.

Unless otherwise provided in the Contract, acceptance by the Government will be made as promptly as practicable after completion and inspection of all work required by the Contract. Acceptance shall be final and conclusive except as regards to latent defects, fraud, or such gross mistakes as may amount to fraud, or as regards the Government's rights under any warranty or guaranty, or as otherwise provided herein.

ARTICLE 12. SUPERINTENDENCE BY CONTRACTOR—The Contractor shall give his personal superintendence to the performance of the work or have a competent foreman or superintendent, satisfactory to the Contracting Officer, on the work site at all times during progress, with authority to act for him.

ARTICLE 13. PERMITS AND RESPONSIBILITIES—The Contractor shall, without expense to the Government, be responsible for obtaining any necessary licenses, certificates and permits, and for complying with any applicable Federal, State, and Municipal laws, codes and regulations, in connection with the prosecution of the work. He shall be similarly responsible for all damages to persons or property that occurs as a result of his fault or negligence. He shall take proper safety, health and environmental precautions to protect the work, the workers, the public, and the property of others. He shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire construction work, except for any completed unit of construction thereof which theretofore may have been accepted.

ARTICLE 14. INDEMNIFICATION—

A. The Contractor shall indemnify and save harmless the Government and all of its officers, agents and servants against any and all claims or liability arising from or based on, or as a consequence or result of, any act, omission or default of the Contractor, his employees, or his subcontractors, in the performance of, or in connection with, any work required, contemplated or performed under the Contract.
B. Disputes between the Contractor and any subcontractors, material suppliers, or any other third parties over payments allegedly owed by the Contractor to a third party shall be resolved exclusively between the Contractor and the third party; the Contractor shall permit no pass-through suits to be brought against the Government by a third party in the Contractor's name. However, nothing herein shall be construed to prevent the Contractor from paying a subcontractor’s claim and seeking a timely equitable adjustment hereunder.

ARTICLE 15. PROTECTION AGAINST TRESPASS—Except as otherwise expressly provided in the Contract, the Contractor is authorized to refuse admission either to the premises or to the working space covered by the Contract to any person whose admission is not specifically authorized in writing by the Contracting Officer.

ARTICLE 16. CONDITIONS AFFECTING THE WORK

A. GENERAL—The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions which can affect the work and the cost thereof. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the work as specified without additional expense to the Government. The Government assumes no responsibility for any understanding or representation concerning conditions made by any of its officers or agents prior to the execution of the Contract, unless such understanding or representation by the Government is expressly stated in the Contract.

B. WORK AND STORAGE SPACE—Available work and storage space designated by the Government shall be developed as required by the Contract or restored at completion of the project by the Contractor to a condition equivalent to that existing prior to construction. No payment will be made for furnishing or restoration of any work and storage space. If no area is designated or the area designated is not sufficient for the Contractor’s operations, he shall obtain necessary space elsewhere at no expense or liability to the Government.

C. WORK ON SUNDAYS, LEGAL HOLIDAYS AND AT NIGHT—No work shall be done at any time on Sundays or legal holidays or on any other day before 7 a.m. or after 7 p.m., except with the written permission of the Contracting Officer and pursuant to the requirements of the Police Requirements of the Government.

D. EXISTING FEATURES—Subsurface and topographic information including borings data, utilities data and other physical data contained in the Contract or otherwise available, are not intended as representations or warranties but are furnished as available information. The Government assumes no expense or liability for the accuracy of, or interpretations made from, existing features. The Contractor shall be responsible for reasonable consideration of existing features above and below ground which may affect the project.

E. UTILITIES AND VAULTS—The Contractor shall take necessary measures to prevent interruption of service or damage to existing utilities within or adjacent to the project. It shall be the Contractor’s responsibility to determine exact locations of all utilities in the field.

For any underground utility or vault encountered, the Contractor shall immediately notify the Contracting Officer and take necessary measures to protect the utility or vault and maintain the service until relocation by owner is accomplished. No additional payment will be made for the encountering of these obstructions.

In case of damage to utilities by the Contractor, either above or below ground, the Contractor shall restore such utilities to a condition equivalent to that which existed prior to the damage by repairing, rebuilding or otherwise restoring as may be directed, at the Contractor’s sole expense.
Damaged utilities shall be repaired by the Contractor or, when directed by the Contracting Officer, the utility owner will make needed repairs at the Contractor's expense.

No compensation, other than authorized time extensions, will be allowed the Contractor for protective measures, work interruptions, changes in construction sequence, changes in methods of handling excavation and drainage or changes in types of equipment used, made necessary by existing utilities, imprecise utility or vault information or by others performing work within or adjacent to the project.

F. SITE MAINTENANCE—The Contractor shall maintain the project site in a neat and presentable manner throughout the course of all operations, and shall be responsible for such maintenance until final acceptance by the Government. Trash containers shall be furnished, maintained and emptied by the Contractor to the satisfaction of the Contracting Officer. Excavated earthwork, stripped forms and all other materials and debris not scheduled for reuse in the project shall be promptly removed from the site.

The Contracting Officer may order the Contractor to clean up the project site at any stage of work at no added expense to the Government. If the Contractor fails to comply with this order, the Contracting Officer may require the work to be done by others and the costs will be charged to the Contractor.

Upon completion of all work and prior to final inspection, the Contractor shall clean up and remove from the project area and adjacent areas all excess materials, equipment, temporary structures, and refuse, and restore said areas to an acceptable condition.

G. PRIVATE WORK—Except as specifically authorized by the Contracting Officer, the Contractor shall not perform any private work abutting Government projects with any labor, materials, tools, equipment, supplies or supervision scheduled for the Contract until all work under the Contract has been completed. Contract materials used for any unauthorized purpose shall be subtracted from Contract amount.

ARTICLE 17. OTHER CONTRACTS—The Government may undertake or award other contracts for additional work and the Contractor shall fully cooperate with such other contractors and Government employees and carefully coordinate his own work with such additional work as may be directed by the Contracting Officer. It is the duty of the Contractor to coordinate its activities with all third parties, including, but not limited to utilities, who may affect the Contract work hereunder. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor or by Government employees. The Government assumes no liability, other than authorized time extensions, for Contract delays and damages resulting from delays and lack of progress by others. The Contractor shall make no claim against the Government for delay or damages resulting from the actions of third parties, including, but limited to utilities.

ARTICLE 18. PATENT INDEMNITY—Except as otherwise provided, the Contractor agrees to indemnify the Government and its officers, agents, and employees against liability, including costs and expenses, for infringement upon any Letters Patent of the United States (except Letters Patent issued upon an application which is now or may hereafter be, for reasons of national security, ordered by the Federal Government to be kept classified or otherwise withheld from issue) arising out of the performance of the Contract or out of the use or disposal, by or for the account of the Government, of supplies furnished or construction work performed hereunder.

ARTICLE 19. ADDITIONAL BOND SECURITY—If any surety upon any bond furnished in connection with the Contract becomes unacceptable to the Government, or if any such surety fails to furnish reports
as to his financial condition from time to time as requested by the Government, the Contractor shall promptly furnish such additional security as may be required from time to time to protect the interests of the Government and of persons supplying labor or materials in the prosecution of the work contemplated by the Contract. Provided that upon the failure of the Contractor to furnish such additional security within ten (10) days after written notice so to do, all payments under the Contract will be withheld until such additional security is furnished.

ARTICLE 20. COVENANT AGAINST CONTINGENT FEES—The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the Government shall have the right to terminate the Contract without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

ARTICLE 21. APPOINTMENT OF ATTORNEY—The Contractor does hereby irrevocably designate and appoint the Clerk of the Superior Court of the Government and his successors in office as the true and lawful attorney of the Contractor for the purpose of receiving service of all notices and processes issued by any court in the Government, as well as service of all pleadings and other papers, in relation to any action or legal proceeding arising out of or pertaining to the Contract or the work required or performed hereunder.

The Contractor expressly agrees that the validity of any service upon the said Clerk as herein authorized shall not be affected either by the fact that the Contractor was personally within the District of Columbia and otherwise subject to personal service at the time of such service upon the said Clerk or by the fact that the Contractor failed to receive a copy of such process, notice, pleading or other paper so served upon the said Clerk, provided that said Clerk shall have deposited in the United States mail, certified and postage prepaid, a copy of such process, notice, pleading or other papers addressed to the Contractor at the address stated in the Contract.

ARTICLE 22. GOVERNMENT EMPLOYEES NOT TO BENEFIT — Unless a determination is made as provided herein, no officer or employee of the Government will be admitted to any share or part of this contract or to any benefit that may arise therefrom, and any contract made by the Contracting Officer or any Government employee authorized to execute contracts in which they or an employee of the Government will be personally interested shall be void, and no payment shall be made thereon by the Government or any officer thereof, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit. A Government employee shall not be a party to a contract with the Government and will not knowingly cause or allow a business concern or other organization owned or substantially owned or controlled by the employee to be a party to such a contract, unless a written determination has been made by the head of the procuring agency that there is a compelling reason for contracting with the employee, such as when the Government's needs cannot reasonably otherwise be met. [DC Procurement Practices Act of 1985, D.C. Law 6-85, D.C. Official Code, section 2-310.01, and Chapter 18 of the DC Personnel Regulations] (Or relevant local law). The Contractor represents and covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. The Contractor further covenants not to employ any person having such known interests in the performance of the contract.

ARTICLE 23. WAIVER—No Governmental waiver of any breach of any provision of the Contract shall operate as a waiver of such provision or of the Contract or as a waiver of subsequent or other breaches of the same or any other provision of the Contract; nor shall any action or non-action by the Contracting Officer or by the Government be construed as a waiver of any provision of the Contract or of any breach thereof unless the same has been expressly declared or recognized as a waiver by the Contracting Officer or the Government in writing.
ARTICLE 24. BUY AMERICAN

A. AGREEMENT—In accordance with the Buy American Act (41 USC 10a-10d), and Executive Order 10582. December 17, 1954 (3 CFR, 1954-58 Comp., p. 230), as amended by Executive Order 11051, September 27, 1962 (3 CFR, 1959-63 Comp., p. 635), the Contractor agrees that only domestic construction material will be used by the Contractor, subcontractors, material men and suppliers in the performance of the Contract, except for non-domestic material listed in the Contract.

B. DOMESTIC CONSTRUCTION MATERIAL—"Construction material" means any article, material or supply brought to the construction site for incorporation in the building or work. An unmanufactured construction material is a "domestic construction material" if it has been mined or produced in the United States. A manufactured construction material is a "domestic construction material" if it has been manufactured in the United States and if the cost of its components which have been mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. "Component" means any article, material, or supply directly incorporated in a construction material.

C. DOMESTIC COMPONENT—A component shall be considered to have been "mined, produced, or manufactured in the United States" regardless of its source, in fact, if the article, material or supply in which it is incorporated was manufactured in the United States and the component is of a class or kind determined by the Government to be not mined, produced or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

D. FOREIGN MATERIAL—When steel materials are used in a project a minimal use of foreign steel is permitted. The cost of such materials cannot exceed on-tenth of one percent of the total project cost, or $2,500,000, whichever is greater.

ARTICLE 25. TAXES

A. FEDERAL EXCISE—Materials, supplies and equipment are not subject to the Federal Manufacturer's Excise Tax, if they are furnished or used in connection with the Contract provided that title to such materials, supplies and equipment passes to the Government under the Contract. The Contractor shall in such cases furnish his subcontractors and suppliers with a purchaser's certificate in the form prescribed by the U.S. Internal Revenue Service.

B. SALES AND USE TAXES—Materials which are physically incorporated as a permanent part of real property are not subject to Government Sales and Use Tax. The Contractor shall, when purchasing such materials, furnish his suppliers with a Contractor's Exempt Purchase Certificate in the form prescribed in the Sales and Use Tax Regulations of the Government. Where the Contractor, subcontractor or material man has already paid the Sales and Use Tax on material, as prescribed above, the Sales and Use Tax Regulations of the Government permit the Contractor, subcontractor or material man to deduct the sales or use tax on the purchase price of the same on his next monthly return as an adjustment. However, the Contractor, subcontractor or material man must satisfy the Chief Financial Officer for the Government that no sum in reimbursement of such tax was included in the Contract or else that the Government has received a credit under the Contract in an amount equal to such tax.

Government Sales and Use Tax shall be paid on any material and supplies, including equipment rentals, which do not become a physical part of the finished project. [See Government of Columbia Sales and Use Tax Administration Ruling No. 6] (Or relevant local law).
The Contractor, subcontractor, or material supplier shall provide proof of compliance with the provisions of [D.C. Law 9-260] (Or relevant local law), as amended, codified in [D.C. Code46-103] (Or relevant local law), Employer Contributions, prior to award.

The Contractor, subcontractor, or material supplier shall provide proof of compliance with the applicable tax filing and licensing requirements set forth in [D.C. Code, Title 47, Taxation and Fiscal Affairs] (Or relevant local law), prior to contract award.

**ARTICLE 26. SUSPENSION OF WORK**—The Contracting Officer may order the Contractor in writing to suspend, delay or interrupt all or any part of the work for such period of time as he may determine to be appropriate for the convenience of the Government.

If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Contracting Officer in the administration of the Contract, or by his failure to act within the time specified in the Contract (or if no time is specified, within a reasonable time), an adjustment will be made for an increase in the cost of performance of the Contract (excluding profit) necessarily caused by such unreasonable suspension, delay or interruption and the Contract modified in writing accordingly. However, no adjustment will be made under this Article for any suspension, delay or interruption to the extent:

1. That performance would have been so suspended, delayed or interrupted by any other cause, including the fault or negligence of the contractor, or

2. For which an equitable adjustment is provided or excluded under any other provision of the Contract.

No claim under this Article shall be allowed:

1. For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall no apply as to a claim resulting from a suspension order), and

2. Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension, delay, or interruption, but not later than the date of final payment under the Contract.

**ARTICLE 27. SAFETY PROGRAM**

A. GENERAL—In order to provide safety controls for the protection of the life and health of Government and Contract employees and the general public, prevention of damage to property, materials, supplies, and equipment; and for avoidance of work interruptions in the performance of the Contract, the Contractor shall comply with all applicable Federal and local laws governing safety, health and sanitation including the Safety Standards, Rules and Regulations issued by the American National Standards, U. S. Department of Labor, U. S. Department of Health and Human Services, [D.C. Minimum Wage and Industrial Safety Board] (Or relevant local law) and the latest edition of "Manual of Uniform Traffic Control Devices" issued by the Federal Highway Administration.

The Contractor shall also take or cause to be taken such additional safety measures as the Contracting Officer may determine to be reasonably necessary.

The Contractor shall designate one person to be responsible for carrying out the Contractor's obligation under this Article.
The Contractor shall maintain an accurate record of all accidents resulting in death, injury, occupational disease, and/or damage to property, materials, supplies, and equipment incident to work performed under the Contract. Copies of these reports shall be furnished to the Contracting Officer within two working days after occurrence.

The Contracting Officer will notify the Contractor of any noncompliance with the foregoing provisions and the action to be taken. The Contractor shall, after receipt of such notice, immediately take corrective action. Such notice, when delivered to the Contractor or his representative at the site of the work, shall be deemed sufficient for the purpose. If the Contractor fails or refuses to comply promptly, the Contracting Officer may issue an order stopping all or part of the work until satisfactory corrective action has been taken. No part of the time lost due to any such stop orders shall be made the subject of claim for extension of time or for excess costs or damages by the Contractor.

This Article is applicable to all subcontractors used under the Contract and compliance with these provisions by the subcontractors will be the responsibility of the Contractor.

(In Contracts involving work of short duration or of non-hazardous character, the following Section B. will be deleted by Special Provision)

B. CONTRACTOR'S PROGRAM SUBMISSION—Prior to commencement of the work, the Contractor shall:

1. Submit in writing to the Contracting Officer for his approval his program for complying with this Article for accident prevention.

2. Meet with the Contracting Officer's Safety Representative after submission of the above program to develop a mutual understanding relative to the administration of the overall safety program.

ARTICLE 28. RETENTION OF RECORDS—Unless otherwise provided in the Contract, or by applicable statute, the Contractor, from the effective date of Contract completion and for a period of three years after final settlement under the Contract, shall preserve and make available to the Government at all reasonable times at the office of the Contractor but without direct charge to the Government, all his books, records, documents, and other evidence bearing on the costs and expenses of the Contractor under the Contract.

ARTICLE 29. RECOVERY OF DEBTS OWED THE GOVERNMENT—The Contractor hereby agrees that the Government may use all or any portion of any payment, consideration or refund due the Contractor under the Contract to satisfy, in whole or part, any debt due the Government.

ARTICLE 30. ADMINISTRATIVE LIQUIDATED DAMAGES—In addition to any other liquidated damages provided for in the Contract, the Contractor hereby agrees that the Government may assess administrative liquidated damages for the Contractor’s failure to submit when due any deliverable required by the Contract. Unless otherwise prescribed by the Contracting Officer, the rate of the administrative liquidated damages shall be $250 per day until the required deliverable is received and accepted by the Government. The Government's remedies for failure to comply with the Contract terms and conditions are cumulative and not exclusive. Nothing herein shall be construed to limit the Government's ability to terminate the Contractor for the failure to submit Contract deliverables when due.

ARTICLE 31. FORCE MAJEURE—If the Contractor, because of Force Majeure, is rendered wholly or partly unable to perform its obligations when due under this Contract, the Contractor may be excused from whatever performance is affected by the Force Majeure to the extent so affected. In order to be excused from its performance obligations under this Contract by reason of Force Majeure, within 72 hours of the occurrence or event, the Contractor must provide the Contracting Officer written notice of its
inability to perform as well as a description of the force majeure and its effect on Contract performance. The Contracting Officer will have the right to cause the inspection of the work site to determine the validity of the Contractor's assertion of its inability to perform. If the Contracting Officer agrees that the Contractor is wholly or partly unable to perform its obligations under the Contract a decision will be issued indicating the extent to which the Contractor is excused from its performance obligations. In no event will the Contractor be entitled to money damages from the Government due to force majeure.
District of Columbia District of General Services

Released October 2018

General Provisions
(Architectural & Engineering Services Contract)
ARTICLE 1. DEFINITIONS

A. "Architect-Engineer" means the individual, individuals, and or firm identified as the "Architect-Engineer" in the preamble of Contract executed by and between the District and the Architect-Engineer for the Project.

B. "Change Order" means a document signed by the District and the Architect-Engineer to authorize an addition, deletion or revision in the services, the Architect-Engineer's cost of, or the time required for, the performance of any part of the services under the Contract, issued on or after the Effective Date of the Contract.

C. "Contract" means the written contract for professional services between the District and the Architect-Engineer, including all exhibits, Standard Contract Provisions, and any duly executed amendments.

D. "Contracting Officer" means the District official authorized to execute and administrate the Contract on behalf of the District. Within DGS, the Director is the Chief Contracting Officer. The Director may make delegations of procurement authority to additional contracting officers within DGS.

E. "District" means the District of Columbia, Department of General Services, (the "Department" or "DGS"), a party to the Contract.

F. "Project" means the District's project identified in the Contract, of which Architect-Engineer's services under the Contract as a party.

G. "Scope of Services" means any and all work done in any and all phases of the Project, pursuant to and as set forth by the Department in the Contract.

H. "Day or Days" All references to day or days in these Standard Contract Provisions will be counted based on calendar days not business days.

ARTICLE 2. GENERAL

A. The Contracting Officer shall have authority to take any action provided for herein on behalf of the District, including approval, certifications, vouchers, acceptance and changes within the Scope of Services.

B. The Architect-Engineer's period of performance shall commence on the effective date as agreed and as specified in the Scope of Services or in each task order issued by the Contracting Officer and ends on the date all required services are satisfactorily completed in accordance with the terms of the Contract and Project close-out documents and all deliverables are delivered to the District.

C. All services shall be prosecuted under the direction of a principal officer or responsible representative of the Architect-Engineer, approved by the Contracting Officer. The design of architectural, civil, structural, mechanical, plumbing, electrical, or other engineering features of the Project shall be accomplished in accordance with the terms of the Contract and reviewed and certified in accordance with applicable District of Columbia regulations by architects or engineers registered to practice in the District of Columbia in the particular professional field involved.

D. The Architect-Engineer shall furnish sufficient technical, supervisory and administrative personnel
to ensure the efficient prosecution of the services in accordance with the approved Project Schedule.

E. The Architect-Engineer agrees that duly authorized representatives of the District shall have access at all reasonable times to inspect and make copies of all notes, designs, drawings, specifications or other technical or non-technical data, including but not limited to payroll of company personnel, pertaining to the services performed under the Contract.

F. The standard of care. The Architect-Engineer, its consultants and subcontractors shall perform the services consistent with the professional skill and care ordinarily provided by members of the same profession currently practicing under similar or same circumstances in the same or similar locality of the Project. The standard of care shall not be altered by the application, interpretation, or construction of this or any other provision of these Standard Contract Provisions or the Contract.

ARTICLE 3. PROGRESS SCHEDULES AND REPORTS

A. Generally. In addition to the requirements set forth in the Scope of Services and the requirements set forth elsewhere in the Contract, the Architect-Engineer shall furnish progress reports monthly, biweekly and with each payment request, describing accomplishments, decisions and overall progress made during the period covered by the report and including the most recent Project Schedule and as set forth in more detail in this Article 3.

B. Monthly Reports. The Architect-Engineer shall provide written reports to the District, at a minimum on a monthly basis on the progress of the Project, including, but not limited to, a baseline schedule and schedule updates with narrative demonstrating the critical path of the services in Primavera format in the latest available version or as designated by the Contracting Officer. The monthly written reports shall also include, at a minimum, the services accomplished, problems encountered, cost updates, an economic inclusion report, cash flow updates, quality assurance reports and other similar relevant data as the District may reasonably require.

C. Biweekly Updates. The Architect-Engineer shall also provide written update reports to the District on a biweekly basis, which shall reflect actual conditions of Project progress as of the date of the update. The update shall reflect the actual progress of designs or construction, as the case may be, identify developing delays, regardless of their cause, and reflect the Architect-Engineer’s best projection of the actual date by which Substantial Completion and Final Completion of the Project will be achieved. Via a narrative statement (not merely a critical path method schedule), the Architect-Engineer shall identify the causes of any potential delay and state what, in the Architect-Engineer’s judgment, must be done to avoid or reduce that delay. The Architect-Engineer shall point out, in its narrative, changes that have occurred since the last update, including those related to major changes in the Scope of Services, activities modified since the last update, revised projections of durations, progress and completion, revisions to the schedule logic or assumptions, and other relevant changes. Any significant variance from the previous schedule or update shall also be identified in a narrative, together with the reasons for the variance and its impact on Project completion. All schedule updates shall be in the latest version of Primavera format and reasonably acceptable to the District. The District may make reasonable requests during the Project for changes to the format or for further explanation of information provided. Submission of updates showing that Substantial Completion or Final Completion of the Project will be achieved later than the applicable scheduled completion date shall not constitute requests for extension of time and shall not operate to change the scheduled completion date. The District’s receipt of, and lack of objection to, any schedule update showing Substantial Completion or Final Completion later than
the dates agreed upon shall not be regarded as the District's agreement that the Architect-Engineer may have an extension of time, or as a waiver of any of the District’s rights, but merely as the Architect-Engineer’s representation that, in the Architect-Engineer's best projection, Substantial Completion or Final Completion of the Project may not be completed by the agreed upon date. Changes to the scheduled completion dates may be made only in the circumstances and only by the methods set forth in the Contract.

D. Condition Precedent to Payment. All payments to Architect-Engineer are contingent upon satisfactory performance of the terms and conditions set forth in the Contract as determined by the Contracting Officer. Requisitions for payment shall be accompanied by a Project Progress Report which shall include the information set forth in this Article 3 and a statement indicating the percentage of completion of all required services for the Project.

ARTICLE 4. RESPONSIBILITY OF THE ARCHITECT-ENGINEER

A. Quality. The Architect-Engineer shall be responsible for the professional quality, technical accuracy and the coordination of all designs, drawing, specifications, and other services furnished. The Architect-Engineer shall, without additional compensation correct or revise any errors or deficiencies in its designs, drawings, specification and other services.

B. Scope of Services. The Architect-Engineer shall accomplish the design services required pursuant to the Scope of Services or under each task order. The services, as set forth in the Contract, shall include but are not limited to the services required to enable the District to award the related construction contract pursuant to standard District procedures, for the construction of the facilities designed at a price that does not exceed the estimated construction contract price set forth in the Contract.

1. If bids or proposals are not solicited within 180 days following the District’s acceptance of the services to be provided under the Scope of Services or task order, the Architect-Engineer shall, prepare an estimate of constructing the design submitted and such estimate will be used in lieu of bids or proposals to determine compliance with the funding limitation.

2. If the bids or proposals for the construction contract received exceed such estimated price, the Architect-Engineer shall perform such redesign and other services as are necessary to permit contract award within such funding limitation. Such redesign services shall be performed at no increase in the price of the Contract. However, the Architect-Engineer shall not be required to perform such additional services at no cost to the District if the unfavorable bids or proposals are the results of unforeseeable causes beyond the control and without the fault and negligence of the Architect-Engineer.

C. Designing to Budget. The Architect-Engineer shall promptly advise the Contracting Officer if the Architect-Engineer finds that the Project design will exceed or is likely to exceed the funding limitations and the Architect-Engineer is unable to design a usable facility within these limitations. Upon receipt of such information, the Contracting Officer will review the Architect-Engineer's revised estimate of construction cost. The Contracting Officer may, if he determines that the estimated construction contract price set forth in the Scope of Services or task order is so low that award of a construction contract not in excess of such estimate is improbable, authorize a change in the scope, quality or type of materials, or both, as required to reduce the estimated construction cost to an amount within the estimated construction contract price set forth elsewhere in the Contract or he may adjust such estimated construction contract price.
D. **Project Management and Inspection Entity.** In the event the Contract requires the Architect-Engineer to provide construction period services, the Architect-Engineer shall also, at intervals of no less than once per week or as set forth in the Scope of Services, be responsible for:

1. **Visits to Site and Observation of Construction.** An Architect-Engineer representative who is knowledgeable of the Project and competent in each discipline that has trade activities and stages of construction being performed shall visit the site at the agreed-to intervals to observe as an experienced and qualified design professional the progress and quality of the various aspects of the contractor’s work. Based on information obtained during such visits and on such observations, the Architect-Engineer shall endeavor to determine whether such work is proceeding in accordance with the Contract Documents and shall keep the District informed of the general progress of the work in relation to the overall schedule. The Architect-Engineer shall document the site visit in writing and shall submit his findings in accordance with the report requirements set forth in Article 3 herein.

2. **Inspections of Work in Progress by the Architect-Engineer.** During his periodic visits to the site to observe the work in progress, the Architect-Engineer shall, as a minimum, spot check the work installed and in progress to determine compliance with the requirements of the Contract Documents and the codes and installation/workmanship standards listed therein. Defective and noncompliant work observed during such visits shall be noted in the Architect-Engineer’s reports and pointed out to the Contracting Officer and Program Manager. The Architect-Engineer shall identify for the Project Manager any specific checks or inspections to be made. The results of these inspections shall be made a part of the Project’s daily log and reports. The Architect-Engineer shall document the inspection in writing.

3. **Supplemental Inspections and Tests.** For work not in compliance with the Contract Documents, the Architect-Engineer shall, with the District’s approval, require additional or supplemental inspection or testing. The Architect-Engineer shall receive and review all certificates of inspections, tests and approvals required by laws, rules, regulations, ordinances, codes, orders or the Contract Documents and shall determine whether, in its opinion as an Architect-Engineer, their content complies with the requirements of each. The Architect-Engineer shall also determine whether the results certified indicate compliance with the Contract Documents. The Architect-Engineer shall document the inspection in writing.

4. **Defective Work.** During its site visits and based on its observation during such visits, the Architect-Engineer may disapprove the contractor’s work, or any portion thereof, while the work is in progress if Architect-Engineer believes that such work does not conform to the Contract Documents or the approved shop drawings or other submittals. The Architect-Engineer may also recommend that the District reject any work that the Architect-Engineer believes will not result in a completed Project that conforms generally to the Contract Documents or that it believes will prejudice the integrity of the design as reflected in the Contract Documents. The Architect-Engineer shall document the defective work in writing.

E. **Code and Regulatory Compliance.** The Architect-Engineer is responsible for designing the project and administering the construction phase of the Project in accordance with applicable District of Columbia Codes and other regulatory requirements applicable to the Project. Nothing contained herein shall be construed as relieving the Architect-Engineer, any other professional design consultant, or any contractor, supplier or other participant from any professional or legal responsibility for performance. Reviews, comments and approvals by the Department of General Services and its divisions, or any employee or official of the District, in no way absolve any other person, firm or corporation involved in
the Project from their full responsibilities under the applicable laws, codes and professional practice as required in projects for the District of Columbia. Lack of comment by a District of Columbia reviewer does not relieve the Architect-Engineer from designing to meet the applicable code or Architect-Engineer Manual requirements or applicable regulations related to water, sewer, fire department service, and other utilities.

1. **Additional Costs.** If the correction of a code or regulatory violation results in a Change Order during construction, any additional costs incurred shall be borne by the party responsible for the violation. The District shall bear only the costs attributable to the actual code or regulation-required enhancement of the Project.

2. **Code Interpretation.** If the Architect-Engineer believes that a code or a regulation is unclear as to meaning, the Architect-Engineer shall request a written opinion as to the applicable interpretation from the applicable regulatory agency, as appropriate. The Architect-Engineer shall be entitled to rely on the written opinion, if any, received from such agency.

F. **As-Built Drawings.** At completion of the Project, the Architect-Engineer shall prepare a full set of record drawings showing the "as-built" condition of the Project and including the locations of all utilities based on his own records and upon information supplied by the Construction Manager, Contractor or Design-Builder, as applicable, on which the Architect-Engineer may rely. These drawings will consist of the original working drawings and the original of supplemental drawings and details modified to show the "as built" conditions both in paper, tracings, and electronic media. "As-built" drawings shall be turned over to the District as a condition precedent to Substantial Completion; final payment of the Architect-Engineer's fees shall not be due until the building is accepted by the District, the final Application for Payment is made, in acceptable form, to and accepted by the District, and record drawings and "as-built" drawings in the form of paper, tracings, and electronic media in the form of Compact Discs in latest version of AutoCAD. The District reserves the right to occupy the building, or portions thereof, prior to final acceptance.

G. **No Waiver.** Neither the District's review, approval or acceptance of, nor payment for, any of the services required under the Contract shall be construed to operate as a waiver or any rights under the Contract or of any cause of action arising out of the performance of the Contract, and the Architect-Engineer shall be and remain liable to the District in accordance with applicable law for all damages to the District caused by the Architect-Engineer's negligent or intentionally wrongful act, omission or default while performing any of the services under the Contract.

H. **Remedies Inclusive.** The rights and remedies of the District and the Architect-Engineer provided for under the Contract are in addition to any other rights and remedies provided by law.

**ARTICLE 5. PAYMENTS**

A. **Invoices.** The Architect-Engineer shall submit an invoice to the District, along with District-required documentation. The invoice shall generally itemize the various phases or parts of the Total Contract Amount, the value of the various phases or parts, the previously invoiced and approved amounts for payment, and the amount of the current invoice. The invoice shall also include a certification statement signed by the Architect-Engineer stating that the Architect-Engineer has paid its consultants, subcontractors and suppliers their individual proportional share of all previous payments, including interest if applicable, received from the District in accordance with the terms of the Architect-Engineer's subcontract with such persons or companies and these Standard Contract Provisions. Invoices for reimbursables shall include documentation of costs for which reimbursement is sought. Invoices for Architect-Engineer Services being performed on an
hourly rate basis shall show the technical classifications, names of the persons performing the Architect-Engineer services, man hours expended, marked up hourly rates for the classification, and the extended cost amount.

B. **Invoice Disputes.** Unless there is a dispute about the compensation due the Architect-Engineer, including, but not limited to, claims by the District against the Architect-Engineer, then within thirty (30) days after receipt by the District of the Architect-Engineer's acceptable invoice, which shall be considered the invoice receipt date, the District shall pay to the Architect-Engineer the amount approved less any retainage and less any prior payments or advances made to Architect-Engineer. The date on which payment is due shall be referred to as the "payment date."

C. **Frequency.** Invoices prepared the Architect-Engineer relating to the amount and value of work and services performed by the Architect-Engineer under the Contract shall be made periodically (not more often than monthly) and sent to the District for payment, accompanied by such documentation and supporting data as may be required by the Contracting Officer.

D. **Retainage.** Upon approval of such invoice amounts by the Contracting Officer and presentation of proper documentation by the Architect-Engineer, payment of the invoice amount as determined above less agreed upon retainage and all previous payments shall be made in accordance with the Quick Payment Act, D.C. Official Code §2-221.01 et seq. Unless otherwise provided for in the Contract, the retained payment percentage shall be 5%, provided, however, that if the Contracting Officer determines that the work is Substantially Complete and that the amount of retained percentages is in excess of the amount considered by him to be adequate for the protection of the District, he may in his discretion release to the Architect-Engineer such excess amount.

E. **Final Payment.** Upon the satisfactory completion of the Architect-Engineer's services and formal notification of its final acceptance by the Contracting Officer, the Architect-Engineer shall be paid the unpaid balance of any money due hereunder, including retained percentages. Prior to such final payment under the Contract or prior to settlement upon termination of the Contract and as a condition precedent thereto, the Architect-Engineer shall execute and deliver to the Contracting Officer a release of all claims against the District arising under or by virtue of the Contract other than such claims, if any, as may be specifically excepted by the Architect-Engineer from the operation of the release in stated amounts to be set forth therein.

F. **Document Ownership.** All drawings, designs, specifications and other Architect-Engineer deliverables first produced solely for the District in the performance of the Contract, or in contemplation thereof, and all as-built drawings produced after completion of the work shall be and remain the sole property of the District and may be used on any other work without additional cost to the District. With respect thereto, the Architect-Engineer agrees not to assert any rights or to establish any claim under the design patent or copyright laws and not to publish or reproduce such matter in whole or in part or in any manner or form or authorize others so to do without the written consent of the District, until such time as the District may have released such matter to the public. Further, with respect to any architectural design which the District desires to protect by applying for and prosecuting a design patent application or otherwise, the Architect-Engineer agrees to furnish the Contracting Officer such duly executed instruments and other papers (prepared by the District) as are deemed necessary to vest in the District the rights granted it under this clause. The Architect-Engineer agrees to furnish and provide access to the originals or copies of all such materials on the request of the Contracting Officer for a period of three (3) years after completion for the project.
G. **Corrections of Work Post-Payment.** Notwithstanding the acceptance and approval by the District of any services performed or provided by the Architect-Engineer, the Architect-Engineer shall be responsible for the professional quality, technical accuracy and the coordination of all services furnished by the Architect-Engineer under the Contract. The Architect-Engineer shall, without additional compensation, correct or revise any errors or deficiencies or omissions in the Architect-Engineer’s services.

H. **Payment Not Waiver.** The District’s review, approval or acceptance of, or payment for, any of the Materials and Services required under the Contract shall not constitute any representation, warranty or guaranty by the District as to the substance or quality of the matter reviewed, approved or accepted and shall not be construed to operate as a waiver or estoppel of any of the District’s rights or privileges under the Contract or of any cause of action arising out of the performance of the Contract. No person or firm shall rely in any way on such review, approval or acceptance by the District. The Architect-Engineer shall be and remain liable in accordance with Applicable Law for all damages to the District caused by the Architect-Engineer. Review, approval or acceptance by the District or the Contracting Officer under the Contract shall not constitute approval otherwise required by any of the District departments, boards, commissions, or other regulatory agencies in the exercise of their independent regulatory authority.

I. **Errors and Omissions.** Without limiting the Architect-Engineer’s responsibility set forth above, such responsibility, by way of illustration shall include the following: If any error or omission in the Construction Documents submitted by the Architect-Engineer requires a change in the Scope of Services or any portion thereof, the Architect-Engineer shall promptly complete such change at no additional cost to the District.

J. **Compensation Disputes.** Disputes regarding the compensation due the Architect-Engineer may include, but are not limited to, the amount due, the value or percentage of the Architect-Engineer Services completed, defects or deficiencies in the Architect-Engineer Services, quality of the Architect-Engineer Services, compliance with the Contract Documents, completion itself, or negligent performance of professional services on the part of the Architect-Engineer. In the event of disputes, payment shall be mailed on or before the Payment Date for amounts and Architect-Engineer Services not in dispute, subject to any setoffs claimed by the District.

K. **Adjustments.** All prior payments, whether based on estimates or otherwise, may be corrected and adjusted in any payment and shall be corrected and adjusted in the final payment. In the event that any invoice by the Architect-Engineer contains a defect or impropriety which would prevent payment by the Payment Date, the District shall notify the Architect-Engineer in writing of such defect or impropriety within ten (10) days after the invoice receipt date. Any disputed amounts determined by the District to be payable to the Architect-Engineer shall be due thirty (30) days from the date the dispute is resolved. Interest shall be paid by the District in accordance with the Quick Payment Act, D.C. Official Code §2-221.01 et seq.

L. **Payments to Subcontractors.** The Architect-Engineer shall make a payment to each of its Consultants and Subcontractors, not later than seven (7) calendar days after receipt of amounts paid to the Architect-Engineer by the District, in an amount equal to the proportionate share of the total payment, including any interest, received from the District attributable to the Architect-Engineer Services performed by Consultants and Subcontractors less a retainage of not more than five percent (5%) if provided for in the applicable subcontract, said retainage being the same money, not additional money, retained by the District from the payment to the Architect-Engineer.
ARTICLE 6.  CHANGES

A. Generally. The Contracting Officer may at any time by written order make changes within the general scope of the Contract to the Scope of Services to be performed under each task order. If such changes cause an increase or decrease in the Architect-Engineer's cost of or time required for performance of any service under the Contract, or both, upon approval of the Contracting Officer, an equitable adjustment shall be made and the Contract shall be modified in writing by the Contracting Officer accordingly. Any claim of the Architect-Engineer for adjustment under this clause must be made in writing to the Contracting Officer within ten (10) days from the date of receipt by the Architect-Engineer of the notification of change unless the Contracting Officer grants a further period of time before the date of final payment under this Contract. If the Architect-Engineer requests changes to the Scope of Services, the Architect-Engineer must demonstrate to the satisfaction of the District that the changes are necessary and not due to the acts or omissions of the Architect-Engineer. Generally, the time of performance of the Contract and/or any task order may be extended for the administrative convenience of the District or for other purposes whenever the Contracting Officer determines such action will not be a cause for additional fee or other related cost.

B. Additional Compensation. Compensation to the Architect-Engineer beyond the monetary limits set forth in the Contract shall only be made if and when a Change Order to the Contract is duly executed by the Parties. Nothing herein shall limit the District's ability to make changes to the Contract unilaterally.

C. Designated Change Orders. The Contracting Officer may, at any time, by written order designated or indicated to be a change order, make any changes in the work within the general scope of the Contract, including but not limited to changes:

1. In the Contract drawings and specifications;
2. In the method or manner of performance of the services;
3. In the District furnished facilities, equipment, materials or services; or
4. Directing acceleration in the performance of the services.

Nothing provided in this Article shall excuse the Architect-Engineer from proceeding with the prosecution of the services so changed.

D. Other Change Orders. Any other written order or an oral order (which term as used in this Section shall include direction, instruction, interpretation, or determination) from the Contracting Officer which causes any such change, shall be treated as a Change Order under this Article, provided that the Architect-Engineer gives the Contracting Officer written notice stating the date, circumstances and sources of the order and that the Architect-Engineer regards the order as a Change Order.

E. General Requirements. Except as herein provided, no order, statement or conduct of the Contracting Officer shall be treated as a change under this Article or entitle the Architect-Engineer to an equitable adjustment hereunder. If any change under this Article causes an increase or decrease in the Architect-Engineer's cost of, or the time required for, the performance of any part of the services under the Contract whether or not changed by any order, an equitable adjustment shall be made and the Contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under (B) above shall
be allowed for any cost incurred more than thirty (30) days before the Architect-Engineer gives written notice as therein required unless this thirty (30) day period is extended by the Contracting Officer and provided further, that in case of defective drawings and specifications, the equitable adjustment shall include any increased cost reasonably incurred by the Architect-Engineer in attempting to comply with such defective drawings and specifications.

1. If the Architect-Engineer intends to assert a claim for an equitable adjustment under this Article, the Architect-Engineer must, within thirty (30) days after receipt of a written Change Order under (A) above or the furnishing of a written notice under (D) above, submit to the Contracting Officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the Contracting Officer. The statement of claim hereunder may be included in the notice under (D) above.

2. With respect to the notification obligations of the Architect-Engineer hereunder, time is of the essence. A failure to provide timely notice constitutes waiver of the claim. No claim by the Architect-Engineer for an equitable adjustment hereunder shall be allowed if asserted after final payment under the Contract.

F. Change Order Breakdown. Contract prices shall be used for Change Order work where the services, as changed, are of similar nature; no other costs, overhead or profit will be allowed.

1. Where Contract prices are not appropriate and the nature of the change is known in advance of construction, the parties shall attempt to agree on a fully justifiable adjustment of the Architect-Engineer's compensation and time for performance.

2. When Contract prices are not appropriate, or the parties fail to agree on equitable adjustment, or in processing claims, equitable adjustment for Change Order work shall be per this Article and Article 7 and shall be based upon the breakdown shown in following subsections a) through g). The Architect-Engineer shall assemble a complete cost breakdown that lists and substantiates each item of work and each item of cost.

   a) Labor—Payment will be made for direct labor cost plus indirect labor cost such as insurance, taxes, fringe benefits and welfare provided such costs are considered reasonable by the District. Indirect costs shall be itemized and verified by receipted invoices. If verification is not possible, up to 18 percent of direct labor costs may be allowed. In addition, up to 20 percent of direct plus indirect labor costs may be allowed for overhead and profit.

   b) Rented Equipment—Payment for required equipment rented from a third party company that is neither an affiliate of, nor a subsidiary of, the Architect-Engineer will be based on receipted invoices, which shall not exceed rates given in the current edition of the Rental Rate Blue Book for Construction Equipment published by Data Quest. If actual rental rates exceed manual rates, written justification shall be furnished to the Contracting Officer for consideration. No additional allowance will be made for overhead and profit. The Architect-Engineer shall submit written certification to the Contracting Officer that any required rented equipment is neither owned by nor rented from the Architect-Engineer or an affiliate of or subsidiary of the Architect-Engineer.

   c) Architect-Engineer's Equipment—Payment for required equipment owned by the Architect-Engineer or an affiliate of the Architect-Engineer will be based solely on an hourly rate
derived by dividing the current appropriate monthly rate by 176 hours. No payment will be made under any circumstances for repair costs, freight and transportation charges, fuel, lubricants, insurance, any other costs and expenses, or overhead and profit. Payment for such equipment made idle by delays attributable to the District will be based on one-half the derived hourly rate under this subsection.

d) Miscellaneous—No additional allowance will be made for general superintendence, use of small tools and other costs for which no specific allowance is herein provided.

e) Subcontract Work—Payment for additional necessary subcontract work will be based on applicable procedures in a) through f), to which total additional subcontract work, up to an additional 10 percent, may be allowed for the Architect-Engineer’s overhead and profit.

G. Significant Changes in Character of Services.

1. The Contracting Officer reserves the right to make, in writing, at any time during the performance of services, such changes in quantities and such alterations in the services as are necessary to satisfactorily complete the Project. Such changes in quantities and alterations shall not invalidate the Contract, and the Architect-Engineer agrees to perform the services as altered.

2. If the alterations or changes in quantities significantly change the character of the services under the Contract, whether or not changed by any such different quantities or alterations, an adjustment, excluding loss of anticipated profits, will be made to the Contract. The basis for the adjustment shall be agreed upon prior to the performance of the services. If a basis cannot be agreed upon, then an adjustment will be made either for or against the Architect-Engineer in such amount as the Contracting Officer may determine to be fair and reasonable.

3. If the alterations or changes in quantities significantly change the character of the services to be performed under the Contract, the altered services will be paid for as provided elsewhere in the Contract.

4. The term “significant change” shall be construed to apply only to the following circumstances:

   a. When the character of the services as altered differs materially in kind or nature from that involved or included in the original proposed construction; or

   b. When an item of work is increased in excess of 125 percent or decreased below 75 percent of the original Contract quantity. Any allowance for an increase in quantity shall apply only to that portion in excess of 125 percent of original Contract item quantity, or in the case of a decrease below 75 percent, to the actual amount of services performed.

5. If the parties fail to agree upon the adjustment to be made, the dispute shall be processed as provided in Article 10 hereof entitled “Disputes”. Nothing provided in this section shall excuse the Architect-Engineer from proceeding with the prosecution of services so changed.

ARTICLE 7. EQUITABLE ADJUSTMENT OF CONTRACT TERMS

The Architect-Engineer is entitled to an equitable adjustment of the contract terms whenever the following situations develop:

A. Differing Site Conditions.

1. During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the Contract or if unknown physical
conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the Contract, are encountered at the site, the Architect-Engineer, upon discovering such conditions, shall promptly notify the Contracting Officer in writing of the specific differing conditions before they are disturbed and before the affected work is performed.

2. Upon written notification, the Contracting Officer will investigate the conditions, and if he/she determines that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, or both, an adjustment, excluding loss of anticipated profits, will be made and the Contract modified in writing accordingly. The Contracting Officer will notify the Architect-Engineer of his/her determination whether or not an adjustment of the Contract is warranted.

3. No contract adjustment which results in a benefit to the Architect-Engineer will be allowed unless the Architect-Engineer has provided the required written notice; a failure to notify the Contracting Officer of the changed conditions prior to work being disturbed by said conditions shall constitute a permanent waiver of all right to compensation related to the changed conditions by the Architect-Engineer.

4. No contract adjustment will be allowed under this clause for any effects caused on un unchanged work.

B. Suspension of Work Ordered by Contracting Officer.

1. If the performance of all or any portion of the work is suspended or delayed by the Contracting Officer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the nature of the services) and the Architect-Engineer believes that additional compensation or contract time, or both, is due as a result of such suspension or delay, the Architect-Engineer shall submit to the Contracting Officer in writing a request for equitable adjustment within ten (10) days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment.

2. Upon receipt, the Contracting Officer will evaluate the Architect-Engineer’s request. If the Contracting Officer agrees that the cost or time required for the performance of the Contract, or both, has increased as a result of such suspension and the suspension was caused by conditions beyond the control or and not the fault of the Architect-Engineer or its consultants or subcontractors at any approved tier, and not caused by weather, the Contracting Officer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The Contracting Officer will notify the Architect-Engineer of his/her determination whether or not an adjustment of the Contract is warranted.

3. No contract adjustment will be allowed unless the Architect-Engineer has submitted the request for adjustment within the time prescribed; a failure to submit a request for adjustment in the time prescribed shall constitute waiver of all right to compensation related to the suspension of work by the Architect-Engineer.

ARTICLE 8. TERMINATION

A. Termination for Default. Termination, whether for default or convenience is not a Government claim. The Contracting Officer may terminate the Contract, or any task order issued thereunder by the Contracting Officer, for default, in whole or in part, if the termination is in the best interests of the Government, and the Architect-Engineer does any of the following:

1. Fails to complete the Services within the time specified in the Contract or any modification (including task orders);

2. Fails to make sufficient progress on contract performance so as to endanger performance
of the Contract (including any task order) within the time specified or in the manner specified in the Contract;

3. Fails or refuses to go forward with the services in accordance with the direction of the Contracting Officer;

4. Expresses through word or conduct an intention not to complete the services in accordance with the directions of the Contracting Officer;

5. Fails to perform any of the other provisions of the Contract (or any task order);

6. Materially deviates from the representations and capabilities set forth in the Architect-Engineer's response to the solicitation.

B. **Final Decision of Contracting Officer.** A termination for default is a final decision of the Contracting Officer. In order to contest a termination for default, the Architect-Engineer must submit a certified request to convert the termination for default to a termination for convenience with all documents supporting such conversion and comply with all Contract provisions and laws relating to terminations for convenience, including the submission of a certified termination for convenience settlement proposal. The submission of the certified request for conversion to a termination for convenience and certified termination settlement proposal to the Contracting Officer must occur prior to ninety (90) days from the date of the Contracting Officer's final decision.

C. **Delays.** If the Architect-Engineer refuses or fails to prosecute the services, or any separable part thereof, with such diligence as will provide for its completion within the time specified in the Contract, or any extension thereof, or fails to complete said services within the specified time, the District may, by written notice to the Architect-Engineer, terminate its right to proceed with the services or such part of the services involving the delay. In such event, the District may take over the services and prosecute the same to completion, by contract or otherwise, and may take possession of and utilize in completing the services such materials as may have been paid for by the District. Whether or not the Architect-Engineer's right to proceed with the services are terminated, the Architect-Engineer shall be liable for any liability to the District resulting from the Architect-Engineer's refusal or failure to complete the services within the specified time.

1. If fixed and agreed liquidated damages are provided in the Contract and if the District does not so terminate the Architect-Engineer's right to proceed, the resulting damage will consist of such liquidated damages until the services are completed and accepted.

2. The Architect-Engineer's right to proceed shall not be so terminated nor the Architect-Engineer charged with resulting damage if:

   a) The delay in the completion the services arises from unforeseeable causes beyond the control and without the fault or negligence of the Architect-Engineer, including but not restricted to acts of God, acts of the public enemy, acts of the District in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the District, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, climatic conditions beyond the normal which could be anticipated, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Architect-Engineer and such consultants or subcontractors at any tier; and

   b) The Architect-Engineer, within 72 hours from the beginning of any such delay, (unless the
Contracting Officer grants a further period of time before the date of final payment under the Contract) notifies the Contracting Officer in writing of the causes of delay.

3. The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the services when, in his/her judgment, the findings of fact justify such an extension, and his/her findings of fact shall be final and conclusive on the parties, subject only to appeal as provided in Article 7 herein.

4. If, after notice of termination of the Architect-Engineer's right to proceed under the provisions of this Article, it is determined for any reason that the Architect-Engineer was not in default under the provisions of this Article, or that the delay was excusable under the provisions of this Article, the rights and obligations of the parties shall be in accordance with Article 6 herein. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of Article 7 herein.

5. The rights and remedies of the District provided in this Article are in addition to any other rights and remedies provided by law or under the Contract.

6. The District may, by written notice, terminate the Contract or a portion thereof as a result of an Executive Order of the President of the United States with respect to the prosecution of war or in the interest of national defense. When the Contract is so terminated, no claim for loss of anticipated profits will be permitted.

D. Opportunity to Cure. Notwithstanding the foregoing sections A and C, the Contract will not terminate as a result of the failure to perform if the Architect-Engineer begins, immediately upon receipt of such notice, to correct its failure to perform and proceeds diligently to cure such failure with no more than ten (10) days of receipt thereof. The Contracting Officer in its sole discretion, but is not obligated to, may extend the period to cure if the Department finds a legitimate reason for the extension.

E. Termination for Convenience of the District Government

1. The performance of services under the Contract, or any task order issued thereunder by the Contracting Officer, may be terminated by the District in accordance with this Article, in whole or in part, whenever the Contracting Officer shall determine that such termination is in the best interest of the District. Any such termination shall be effected by delivery to the Architect-Engineer of a Notice of Termination specifying the extent to which performance of services under the Contract (or task order) is terminated, and the date upon which such termination becomes effective.

2. After receipt of a Notice of Termination, and except as otherwise directed by the Contracting Officer, the Architect-Engineer shall:

   a) Stop work under the Contract (or task order) on the date and to the extent specified in the Notice of Termination.

   b) Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the services under the Contract (or task order) as is not terminated.

   c) Terminate all orders and subcontracts to the extent that they relate to the performance of the services terminated by the Notice of Termination.
d) Assign to the District, in the manner, at the times, and to the extent directed by the Contracting Officer, all of the right, title and interest of the Architect-Engineer under the orders and subcontracts so terminated, in which case the District shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.

e) Settle all outstanding liabilities and all claims arising out of such termination of orders or subcontracts, with the approval or ratification of the Contracting Officer to the extent he/she may require, which approval or ratification shall be final for all purposes of this Article.

f) Transfer title to the District and deliver in the manner, at the times, and to the extent, if any, directed by the Contracting Officer completed, or partially completed plans, drawings, information and other property which, if the Contract (or task order) had been completed, would have been required to be furnished to the District.

g) Complete performance of such part of the services as shall not have been terminated by the Notice of Termination.

h) Take such action as may be necessary, or as the Contracting Officer may direct, for the protection and preservation of the property related to the Contract that is in the possession of the Architect-Engineer and in which the District has or may acquire an interest.

i) The Architect-Engineer shall proceed immediately with the performance of the above obligations notwithstanding any delay in determining or adjusting the cost, or any item of reimbursable cost, under this Article.

3. After receipt of a Notice of Termination, the Architect-Engineer shall submit to the Contracting Officer its termination claim, in the form with the certification prescribed by the Contracting Officer. Such claim shall be submitted promptly but in no event later than ninety (90) days from the effective date of termination, unless one or more extensions in writing are granted by the Contracting Officer upon request of the Architect-Engineer made in writing within such ninety (90)-day period or authorized extension thereof. In the event the Architect-Engineer was terminated for default and it asserts that it is entitled to a termination for convenience, its certified request for the conversion of the default termination to one for convenience and its certified termination settlement proposal must be submitted to the Contracting Officer prior to the expiration of ninety (90) days from the date of the default termination. With respect to a termination for convenience, if the Contracting Officer determines that the facts justify such action, he/she may receive and act upon any such termination claim at any time after such ninety (90)-day period or extension thereof. Nothing herein shall be construed to extend the time for the submission of a claim hereunder for a defaulted Architect-Engineer beyond ninety (90) days from the date of the default termination. Upon failure of the Architect-Engineer to submit his termination claim within the time allowed, the Contracting Officer may, subject to any review required by the District’s procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him/her, the amount, if any, due to the Architect-Engineer by reason of the termination and shall thereupon pay to the Architect-Engineer the amount so determined.

4. Subject to the provisions of Section 3 above, and subject to any review required by the District’s procedures in effect as of the date of execution of the Contract, the Architect-Engineer and Contracting Officer may agree upon the whole or any part of the amount or amounts to be paid to the Architect-Engineer by reason of the total or partial termination of services pursuant to this Article, which amount or amounts may include a reasonable allowance for profit on services completed; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract price as reduced by the amount of
payments otherwise made and as further reduced by the Contract price of any services not
terminated. The Contract shall be amended accordingly, and the Architect-Engineer shall be
paid the agreed amount. Nothing in Section 5 below prescribing the amount to be paid to the
Architect-Engineer in the event of failure of the Architect-Engineer and the Contracting Officer
to agree upon the whole amount to be paid to the Architect-Engineer by reason of the
termination of services pursuant to this Article, shall be deemed to limit, restrict or otherwise
determine or effect the amount or amounts which may be agreed upon to be paid to the
Architect-Engineer pursuant to this paragraph.

5. In the event of the failure of the Architect-Engineer and the Contracting Officer to agree as
provided in Section 4 above upon the whole amount to be paid to the Architect-Engineer by
reason of the termination of services pursuant to this Article, the Contracting Officer shall,
subject to any review required by the District's procedures in effect as of the date of
execution of the Contract, determine, on the basis of information available to him/her, the
amount, if any, due the Architect-Engineer by reason of the termination and shall pay to the
Architect-Engineer the amounts determined by the Contracting Officer, as follows, but without
duplication of any amounts agreed upon in accordance with Section 4 above:

a) With respect to all Contract work performed prior to the effective date of the Notice of
Termination, the total (without duplication of any items) of:

i) The cost of such services;

ii) The cost of settling and paying claims arising out of the termination of services
under subcontracts or orders as provided in Section 2(e) above, exclusive of the
amounts paid or payable on account of supplies or materials delivered or services
furnished by the subcontractor prior to the effective date of the Notice of
Termination of work under the Contract, which amounts shall be included in the
cost on account of which payment is made under on Section 5(a)(i) above; and

iii) A sum, as profit on Section 5(a)(i) above, determined by the Contracting Officer to
be fair and reasonable; provided however, that if it appears that the Architect-
Engineer would have sustained a loss on the entire Contract had it been completed,
no profit shall be included or allowed under this subparagraph and an appropriate
adjustment shall be made reducing the amount of the settlement to reflect the
indicated rate of loss; and provided further that profit shall be allowed only on
preparations made and services performed by the Architect-Engineer for the
terminated portion of the Contract (or task order) but may not be allowed on the
Architect-Engineer's settlement expenses. Anticipatory profits and consequential
damages shall not be allowed. Any reasonable method may be used to arrive at a
fair profit, separately or as part of the whole settlement.

b) The reasonable cost of the preservation and protection of property incurred pursuant to
Section 2(l); and any other reasonable cost incidental to termination of services under
the Contract including expense incidental to the determination of amount due to the
Architect-Engineer as the result of the termination of work under the Contract.

6. The total sum to be paid to the Architect-Engineer under Section 5(a) above shall not exceed
the total Contract price as reduced by the amount of payments otherwise made and as
further reduced by the Contract price of services not terminated. Except for normal spoilage,
and except to the extent that the District shall have otherwise expressly assumed the risk of
loss, there shall be excluded from the amounts payable to the Architect-Engineer under
Section 5(a) above, the fair value, as determined by the Contracting Officer, of property which
is destroyed, lost, stolen or damaged so as to become undeliverable to the District.

7. The Architect-Engineer shall have the right of appeal, under Article 9 herein, from any
determination made by the Contracting Officer under Sections 3 or 5, above, except that, if
the Architect-Engineer has failed to submit its claim within the time provided in Section 3 above and has failed to request extension of such time, the Architect-Engineer shall have no such right of appeal. In any case where the Contracting Officer has made a determination of the amount due under Sections 3 or 5, above, the District shall pay to the Architect-Engineer the following:

a) If there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the Contracting Officer, or

b) If an appeal had been taken, the amount finally determined on such appeal,

8. In arriving at the amount due the Architect-Engineer under this Article there shall be deducted:

a) all unliquidated advance or other payments on account theretofore made to the Architect-Engineer, applicable to the terminated portion of the Contract (or task order);

b) any claim which the District may have against the Architect-Engineer in connection with the Contract; and

c) the agreed price for, or the proceeds of sale of, any materials, supplies or other things kept by the Architect-Engineer or sold, pursuant to the provisions of this Article and not otherwise recovered by or credited to the District.

9. If the termination hereunder be partial, prior to the settlement of the terminated portion of the Contract (or task order), the Architect-Engineer may file with the Contracting Officer a request in writing for an equitable adjustment of the price or prices specified in the Contract relating to the continued portion of the Contract (the portion not terminated by the Notice of Termination), and such equitable adjustment as may be agreed upon shall be made at such price or prices; however, nothing contained herein shall limit the right of the District and the Architect-Engineer to agree upon the amount or amounts to be paid to the Architect-Engineer for the completion of the continued portion of the Contract when said Contract does not contain an established Contract price for such continued portion.

10. The District may from time to time, under such terms and conditions as it may prescribe, make partial payments against costs incurred by the Architect-Engineer in connection with the terminated portion of the Contract (or task order) whenever in the opinion of the Contracting Officer the aggregate of such payments shall be within the amount to which the Architect-Engineer will be entitled hereunder. If the total of such payments is in excess of the amount finally agreed or determined to be due under this Article, such excess shall be payable by the Architect-Engineer to the District upon demand, together with interest in accordance with the Quick Payment Act, D.C. Official Code §2-221.01 et seq.

11. Unless otherwise provided in the Contract or by applicable statute, the Architect-Engineer, from the effective date of termination and for a period of three (3) years after final settlement under the Contract, shall preserve and make available to the District at all reasonable times at the office of the Architect-Engineer, but without direct charge to the District, all its books, records, documents and other evidence bearing on the costs and expenses of the Architect-Engineer under the Contract and relating to the services terminated hereunder, or, to the extent approved by the Contracting Officer, photographs and other authentic reproductions thereof.

12. By virtue of a Termination for Convenience, the Architect-Engineer shall not become entitled to payment for defective services, deficient services, rejected services, or services not in accordance with the plans or specifications set forth in the Contract.

ARTICLE 9. DISPUTES
A. Generally. All disputes arising under or relating to the Contract shall be resolved as provided herein.

B. Claims by the Architect-Engineer against the District.

1. Claim, as used in this Section B of Article 9, means a written assertion by the Architect-Engineer seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract terms, or other relief arising under or relating to the Contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.

a) All claims by the Architect-Engineer against the District arising under or relating to the Contract shall be in writing and shall be submitted to the Contracting Officer for a decision.

b) Within 120 days after receipt of a claim, the Contracting Officer shall issue a decision, whenever possible taking into account factors such as the size and complexity of the claim and the adequacy of the information in support of the claim provided by the Architect-Engineer.

c) Any failure by the Contracting Officer to issue a decision on a Contract claim within the required time period shall be deemed to be a denial of the claim and shall authorize the commencement of an appeal on the claim as otherwise provided.

i) If the Architect-Engineer is unable to support any part of its claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Architect-Engineer, the Architect-Engineer shall be liable to the District for an amount equal to the unsupported part of the claim in addition to all costs to the District attributable to the cost of reviewing that part of the Architect-Engineer's claim.

ii) Liability under this section shall be determined within six (6) years of the commission of the misrepresentation of fact or fraud.

d) All cost data, pricing data, and task data of claims hereunder must be certified as accurate, complete, required, and necessary to the best of the Architect-Engineer's knowledge and belief. Further, all task or work data in the claim must be described therein to the smallest unit of work or task. The Contracting Officer may require any additional certifications, descriptions or explanations of the claim.

e) The parties agree that time is of the essence and all claims hereunder must be presented to the Contracting Officer for a final decision within thirty (30) days of the occurrence of the circumstances giving rise to such claim or within thirty (30) days of when the Architect-Engineer knew or should have known of the circumstances giving rise to such claim, otherwise compensation for that claim is waived.

f) The parties agree that there shall be no claims for unabsorbed home office overhead.

2. The Architect-Engineer's claim shall contain at least the following:

a) A description of the claim and the amount in dispute;
b) Any data or other information in support of the claim;

c) A brief description of the Architect-Engineer’s efforts to resolve the dispute prior to filing the claim; and

d) The Architect-Engineer’s request for relief or other action by the Contracting Officer.

e) The certification of the accuracy, completeness, requirement, and necessity of all aspects of the claim.

3. The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Architect-Engineer.

4. Pending final decision of an appeal, action, or final settlement, the Architect-Engineer shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

C. Claims by the District Against the Architect-Engineer.

1. Claim as used in this Section C of Article 9, means a written demand or written assertion by the District, including the Contracting Officer, seeking, as a matter of right, the payment of money in a sum certain, the adjustment of contract terms, or other relief arising under or relating to the Contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. Nothing herein shall be construed to require the District to notify the Architect-Engineer prior to the issuance of the Contracting Officer’s final decision.

2. 

a) All claims by the District against the Architect-Engineer arising under or relating to a contract shall be decided by the Contracting Officer, who shall issue a decision in writing and furnish a copy of the decision to the Architect-Engineer.

b) The decision shall be supported by reasons and shall inform the Architect-Engineer of its rights. Specific findings of fact shall not be required.

3. This clause shall not authorize the Contracting Officer to settle, compromise, pay, or otherwise adjust any claim involving fraud.

4. The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Architect-Engineer.

5. Pending final decision of an appeal, action, or final settlement, the Architect-Engineer shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

6. The Contracting Officer may enter into a voluntary exclusion agreement with the Architect-Engineer in order to settle any claim or dispute between the parties.

ARTICLE 10. RETENTION AND EXAMINATION OF RECORDS
Unless otherwise provided in the Contract, or by applicable statute, the Architect-Engineer, from the effective date of Contract completion and for a period of three (3) years after final settlement under the Contract, shall preserve and make available to the District at all reasonable times at the office of the Architect-Engineer but without direct charge to the District, all its books, records, documents, and other evidence bearing on the costs and expenses of the Architect-Engineer under the Contract.

ARTICLE 11. COVENANT AGAINST CONTINGENT FEES

The Architect-Engineer warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Architect-Engineer for the purpose of securing business. For breach or violation of this warranty, the District shall have the right to terminate the Contract without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

ARTICLE 12. OFFICIALS NOT TO BENEFIT

A. District Employees Not To Benefit. Unless a determination is made as provided herein, no officer or employee of the District will be admitted to any share or part of the Contract or to any benefit that may arise therefrom, and any contract made by the Contracting Officer or any District employee authorized to execute contracts in which they or an employee of the District will be personally interested shall be void, and no payment shall be made thereon by the District or any officer thereof, but this provision shall not be construed to extend to the Contract if made with a corporation for its general benefit. A District employee shall not be a party to a contract with the District and will not knowingly cause or allow a business concern or other organization owned or substantially owned or controlled by the employee to be a party to such a contract, unless a written determination has been made by the head of the procuring agency that there is a compelling reason for contracting with the employee, such as when the District's needs cannot reasonably otherwise be met in accordance with DC Procurement Practices Act of 1985, D.C. Law 6-85, D.C. Official Code, section 2-310.01, and Chapter 18 of the DC Personnel Regulations. The Architect-Engineer represents and covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. The Architect-Engineer further covenants not to employ any person having such known interests in the performance of the Contract.

1. The Architect-Engineer recognizes the need for markets to operate competitively and shall observe and shall comply with all applicable law, rules, and regulations prohibiting anti-competitive practices. The Architect-Engineer shall not engage, directly or indirectly, in collusion or other anti-competitive practices that reduces or eliminates competition or restrains trade. The District shall report to the appropriate authority any activity that evidences a violation of the antitrust laws, and take such other further action to which it is entitled or obligated under the law.

2. The Architect-Engineer shall observe and comply with all applicable law, rules, and regulations prohibiting kickbacks and, without limiting the foregoing, Architect-Engineer shall not (i) provide or attempt to provide or offer to provide any kickback; (ii) solicit, accept, or attempt to accept any kickback; or (iii) include, directly or indirectly, the amount of any
kickback in the contract price charged by Architect-Engineer or a Subcontractor of the
Architect-Engineer to the District. The Architect-Engineer shall have in place and follow
reasonable procedures designed to prevent and detect possible violations described in this
subparagraph in its own operations and direct business relationships. The District may take
any recourse available to it under the law for violations of this anti-kickback provision.

ARTICLE 13. CONFLICT OF INTEREST AND ETHICS

A. Former Employees Generally. Pursuant to Public Law 95-521, as amended, no former
employee of the United States District or the District of Columbia:

1. Shall knowingly represent the Architect-Engineer before any District agency through
personal appearance or communication in connection with a matter involving specific
parties to the Contract where the former District employee participated personally and
substantially in this matter while employed with the District.

2. Shall within two (2) years after terminating District employment knowingly represent the
Architect-Engineer before any District agency through personal appearance or
communication in connection with a matter involving specific parties to the Contract were
the matter was pending under the official responsibility of the former employee within one
(1) year prior to termination of District service.

B. Former Senior Employees. Pursuant to Public Law 95-591, as amended, no former senior
level officer or former senior level employee of the United States District or the District of
Columbia District named in or designated by the Contracting Officer of the Office of District
Ethics under Section 207(d) of Title 18 USC:

1. Shall, within two (2) years after terminating District employment knowingly represent or aid
counsel, advise, consult or assist in representing any other person by personal presence at
any formal or informal appearance before any District agency in connection with a matter
involving specific parties where the former employee participated personally aid
substantially in that matter while employed with the District.

2. Shall, within one (1) year after terminating District employment knowingly act as an agent or
attorney for or otherwise represent anyone in any formal or informal appearance before or
with the intent to influence make any written or oral communication on behalf of anyone to
his or her former District or agency or any of its officers or employees or (2) in connection
with any particular District matter, whether or not involving a specific party which is pending
before such District or agency or in which it has a direct and substantial interest.

C. Conflict of Interest. The Architect-Engineer represents and warrants that neither it nor any of its
directors, officers, members, partners or employees, has any interest nor shall they acquire any
interest, directly or indirectly, which would or may conflict in any manner or degree with the
performance or rendering of the services herein provided. The Architect-Engineer represents and
warrants that, in the performance of the Contract, no person having such interest or possible
interest shall be employed by it. No elected official or other officer or employee of the District, nor
any person whose salary is payable, in whole or in part, from the District Treasury, shall participate
in any decision relating to the Contract which affects his/her personal interest or the interest of
any corporation, partnership or association in which he/she is, directly or indirectly, interested; nor
shall any such person have any interest, direct or indirect, in the Contract or in the proceeds
D. **No Kick-Backs.** The Architect-Engineer shall not offer or receive any kickbacks or inducements from any other offeror, supplier, manufacturer or subcontractor in connection with the Contract. The Architect-Engineer shall not confer on any public employee having official responsibility for the Contract any payment, loan, subscription, advance, deposit of money, services or anything of more than nominal value.

E. **No Contractor Employment.** No official or employee of the District of Columbia whose duties as such official or employee include matters relating to or affecting the subject matter of the Contract shall, during the pendency and term of the Contract and while serving as an official or employee of the District of Columbia, become or be an employee of the Architect-Engineer or any entity that is a subcontractor on the Contract.

**ARTICLE 14. DISMISSALS AND REPLACEMENT OF KEY PERSONNEL**

A. **Dismissals by the District.** Should the continued employment of any person or persons in the Architect-Engineer's organization under the Contract be deemed by the Contracting Officer to be prejudicial to the interests of the District, such person or persona shall be immediately removed from the work hereunder. The Architect-Engineer shall make every effort in the selection of its employees and in the prosecution of the work under the Contract to safeguard all drawings and specifications and to prevent the theft conversion or unauthorized use of the same.

B. **Replacement of Key Personnel.** No substitutions for Key Personnel shall be permitted unless approved by the Contracting Officer. Any proposed replacement for Key Personnel must possess qualifications substantially similar to those of the Key Personnel being replaced and are subject to the prior written approval of the Contracting Officer. In addition, at the Contracting Officer's request at any time, the Architect-Engineer shall remove any Key Personnel or other personnel and substitute another employee of the Architect-Engineer or its subcontractors reasonably satisfactory to the Contracting Officer. The Contracting Officer may request such substitution at any time, in his/her sole discretion.

C. **Liquidated Damages.** In order to maintain project continuity the District expects that the Architect-Engineer will assign the same project managers to all phases of the Project and that such personnel will be available to oversee and coordinate the services throughout the Project. Accordingly, the Architect-Engineer's designated Key Personnel shall be subject to liquidated damages for their removal or reassignment by the Architect-Engineer. In each instance where the Architect-Engineer removes or reassigns one of its Key Personnel (but excluding instances where such personnel become unavailable due to death, disability, or separation from the employment of the Architect-Engineer or any affiliate of the Architect-Engineer) without the prior written consent of the Contracting Officer, the Architect-Engineer shall pay to the District an amount set forth in the Contract as liquidated damages and not as a penalty, to reimburse the District for its administrative costs arising from the Architect-Engineer's failure to provide the Key Personnel. The foregoing liquidated damage amount shall not bar recovery of any other damages, costs or expenses other than the District's internal administrative costs. In addition, the District shall have the right, to be exercised in its sole discretion, to remove, replace or to reduce the Scope of Services of the Architect-Engineer in the event that a member of the Key Personnel has been removed or replaced by the Architect-Engineer without the consent of the District. In the event the District exercises the right to remove, replace or to reduce the Scope of Services of the Architect-Engineer, the District shall have the right to enforce the terms of the Contract and to keep-in-place those members of the Architect-Engineer's team not removed or replaced and the remaining members
shall complete the services required under the Contract in conjunction with the new members of the Architect-Engineer’s team approved by the District.

ARTICLE 15. COMPLIANCE WITH FEDERAL AND DISTRICT OF COLUMBIA LAWS AND REGULATIONS

A. Generally. The Architect-Engineer shall at all times exercise the professional skill and care required by Section 2.2 of these Standard Contract Provisions in observing and complying with all laws, codes, regulations, orders and decree set forth by any department, agency or branch of the United States District, and the District of Columbia applicable to the services.

C. Buy American Act.

1. Agreement—In accordance with the Buy American Act (41 USC 10a-l0d), and Executive Order 10582, December 17, 1954 (3 CFR, 1954-58 Comp., p. 230), as amended by Executive Order 11051, September 27, 1962 (3 CFR, 1959-63 Comp., p. 635), the Architect-Engineer agrees that only domestic construction material will be used by the Architect-Engineer, subcontractors, material men and suppliers in the performance of the Contract, except for non-domestic material listed in the Contract.

2. Domestic Construction Material—"Construction material" means any article, material or supply brought to the construction site for incorporation in the building or work. An unmanufactured construction material is a "domestic construction material" if it has been mined or produced in the United States. A manufactured construction material is a "domestic construction material" if it has been manufactured in the United States and if the cost of its components which have been mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. “Component” means any article, material, or supply directly incorporated in a construction material.

3. Domestic Component—A component shall be considered to have been "mined, produced, or manufactured in the United States" regardless of its source, in fact, if the article, material or supply in which it is incorporated was manufactured in the United States and the component is of a class or kind determined by the District to be not mined, produced or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

4. Foreign Material—When steel materials are used in a project a minimal use of foreign steel is permitted. The cost of such materials cannot exceed on-tenth of one percent of the total project cost, or $2,500,000, whichever is greater.

D. Service Contract Act. The Architect-Engineer agrees that the work performed under this Contract shall be subject to the Service Contract Act (41 U.S.C. 351 et seq.). The wage rates applicable to this Project shall be attached as an exhibit to the Contract. The Architect-Engineer further agrees that it and all of its subcontractors shall comply with the regulations implementing the Service Contract Act and such regulations are hereby incorporated by reference.
E. False Claims Act. The Architect-Engineer shall be governed by all laws and regulations prohibiting false or fraudulent statements and claims made to the government, including the prescriptions set forth in District of Columbia Code §22-2405 and §§2-381.01 et seq.

ARTICLE 16. APPOINTMENT OF ATTORNEY

The Architect-Engineer does hereby irrevocably designate and appoint the Clerk of the Superior Court of the District and his successors in office as the true and lawful attorney of the Architect-Engineer for the purpose of receiving service of all notices and processes issued by any court in the District, as well as service of all pleadings and other papers, in relation to any action or legal proceeding arising out of or pertaining to the Contract or the work required or performed hereunder.

The Architect-Engineer expressly agrees that the validity of any service upon the said Clerk as herein authorized shall not be affected either by the fact that the Architect-Engineer was personally within the District of Columbia and otherwise subject to personal service at the time of such service upon the said Clerk or by the fact that the Architect-Engineer failed to receive a copy of such process, notice, pleading or other paper so served upon the said Clerk, provided that said Clerk shall have deposited in the United States mail, certified and postage prepaid, a copy of such process, notice, pleading or other papers addressed to the Architect-Engineer at the address stated in the Contract.

ARTICLE 17. INDEMNIFICATION

A. Violation of Laws, Regulations, Specifications, and Breach of Contract. If the Architect-Engineer violates any laws, regulations, codes or industry standards relating to the Project, the Architect-Engineer shall take prompt action to correct or abate such violation and shall indemnify and hold the District of Columbia and its officials, officers, agents, and employees, the Department and its consultants, representatives, agents, servants and employees harmless against any and all claims or liability, damages, fines, penalties, third party claims, suits, awards, actions, causes of action or judgments, including but not limited to reasonable attorney's fees and costs incurred thereunder, arising from or based on the violation of any such law, code, regulation, codes or industry standards, order or decree in performance of the Contract services whether by the Architect-Engineer, an employee or agent of the Architect-Engineer, any person, firm or corporation engaged by the Architect-Engineer or contractually associated with the Architect-Engineer in the performance of or in connection with the Services contemplated or performed under the Contract. If the Architect-Engineer breaches the terms of this Contract, including the solicitation, letter contract, standard contract provisions, directives, specifications, manufacturer's specifications, and the RFP, the Architect-Engineer shall indemnify and hold the Department and its consultants, representatives, agents, servants and employees harmless against any damages, fines, penalties, claims, suits, awards, actions, causes of action or judgments, including but not limited to reasonable attorney's fees and costs incurred thereunder, that result from such breach.

B. Professional Services. To the fullest extent permitted by law, the Architect-Engineer shall defend, indemnify and hold harmless the Department and the Department's consultants and agents and employees from and against claims, damages, losses and expenses, including but not limited to reasonable attorneys' fees, arising out of or resulting from performance of the services, provided that such claim, damage, loss or expense is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself), but only to the extent caused by the negligent acts or omissions of the Architect-Engineer, a consultant or subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party
indemnified hereunder.

C. **Non-Professional Services.** In addition, other than claims arising out of the performance of professional services, the Architect-Engineer shall defend, indemnify and hold harmless the Department, its representatives, consultants, officers, agents, servants and employees, from and against claims, liabilities, demands, losses, damages, judgments, costs, or expenses, including reasonable attorneys' fees and expenses recoverable under applicable law, to the extent such claims are caused by acts or omissions of the Architect-Engineer, a consultant or subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, regardless of whether or not such claim, damage, loss or expense is caused in part by a party indemnified hereunder or arising out of the Contract services, provided that, such claims arise out of non-professional services required under the Contract.

D. **Third Party Disputes.** Disputes between the Architect-Engineer and any subcontractors, material suppliers, or any other third parties over payments allegedly owed by the Architect-Engineer to a third party shall be resolved exclusively between the Architect-Engineer and the third party; the Architect-Engineer shall permit no pass-through suits to be brought against the District by a third party in the Architect-Engineer's name. However, nothing herein shall be construed to prevent the Architect-Engineer from paying a subcontractor's claim and seeking a timely equitable adjustment hereunder.

**ARTICLE 18. SUBCONTRACTORS AND/OR OUTSIDE ASSOCIATES AND CONSULTANTS**

A. **Prior Consent Required.** Except as otherwise provided in this Section 18 (A), the Architect-Engineer shall not delegate or enter into any Subcontracts for the performance of its obligations under the Contract, in whole or in part, without on each occasion obtaining the prior written consent of the Contracting Officer. Any subcontractors and/or outside associates or consultants required by the Architect-Engineer in connection with the Services covered by the Contract shall be limited to such individuals or firms as were specifically identified in the Architect-Engineer's written proposal and approved by the District during negotiations. Any proposed changes in such subcontractors, associates, or consultants shall be subject to the prior written approval of the Contracting Officer.

B. **Requests.** The Architect-Engineer shall submit to the Contracting Officer copies of all proposed subcontract(s) to be entered into by the Architect-Engineer, along with the Architect-Engineer's written request for the District's consent. All such subcontracts must specify that:

1. work performed by the subcontractor shall be in accordance with the terms of the Contract;

2. nothing contained in such subcontract shall be construed to impair the rights of the District under the Contract;

3. the District's consent to or approval of any subcontract shall not create any obligation of the District to any subcontractor;

4. nothing contained in such subcontract, or under the Contract, shall create any obligation of the District to any subcontractor;

5. the District shall be expressly designated a third party beneficiary of the subcontract;

6. upon request by the District (at the District's sole option) and upon receipt of written notice from the District stating that the Contract between the District and the Architect-Engineer has been
terminated, the subcontractor agrees that it will continue to perform its obligations under the subcontract for the benefit of the District in accordance with the terms and conditions of the Contract, provided the District pays the subcontractor for the services rendered and materials provided by the subcontractor from and after the date of the termination of the Contract between the District and the Architect-Engineer at the same rate or in the same amount as set forth in the subcontract for services and materials after such date of termination;

7. the subcontractor shall be bound by the same requirements as the Architect-Engineer including confidentiality, maintenance and preservation of records, and audit by government representatives, under the Contract; and

8. the subcontractor agrees (i) to assign and transfer to the District all of its rights to sales and use tax which may be refunded as a result of a claim for refund for any materials purchased in connection with the subcontract or the Contract, (ii) that, other than as directed by the District, it will not file a claim for refund for any sales or use tax which is the subject of this assignment; and (iii) that the District, in its own name or in the name of subcontractor, may file a claim for a refund of any sales or use tax covered by the assignment.

C. No Relief of Obligations. No permitted subcontract shall relieve the Architect-Engineer of any obligation under the Contract. The Architect-Engineer shall be as fully responsible for the acts and omissions of its subcontractors or persons either directly or indirectly employed by them, as it is for the acts and omissions of the Architect-Engineer or persons directly or indirectly employed by the Architect-Engineer.

D. No Effect. Any purported subcontract in violation of this Section or of any other section in the Contract shall be of no force and effect.

E. Right to Reject. The District may, in its sole discretion, reject any or all bids and proposals received by the Architect-Engineer from any subcontractor for any portion of the services, and may require the Architect-Engineer to obtain new or revised bids or proposals or subcontractors.

F. Incorporation by Reference. Any agreement the Architect-Engineer makes with a subcontractor, outside associate or consultant shall incorporate specifically or by reference thereto, each and every provision of the Contract, these Standard Contract Provisions, the Attachment(s) and Appendices hereto, and if applicable, the District's Standard Contract Provisions for Construction Contracts.

ARTICLE 19. WAIVER

No waiver by the District or the Architect-Engineer of any breach of any provision of the Contract shall operate as a waiver of such provision or of the Contract or as a waiver of subsequent or other breaches of the same or any other provision of the Contract; nor shall any action or non-action by the Contracting Officer or by the District or the Architect-Engineer be construed as a waiver of any provision of the Contract or of any breach thereof unless the same has been expressly declared or recognized as a waiver by the Contracting Officer or the District or the Architect-Engineer, as applicable, in writing.

ARTICLE 20. PATENTED AND PROPRIETARY ITEMS

A. Prior Approval Required. The Architect-Engineer shall not, without the prior written approval of the Contracting Officer, specify for the Project, or necessarily imply the required use of any article, product, material, fixture or form of construction, the use of which is covered by a patent, or which
is otherwise exclusively controlled by a particular firm or group of firms.

B. **Indemnity.** The Architect-Engineer shall be liable to and hereby agrees to defend, indemnify and hold harmless the District against any claim, action cost or judgment against the District for patent infringement, trademark violation, copyright violation or infringement of rights in technical data, in any systems, graphs, charts, designs, drawings or specifications furnished by the Architect-Engineer in the performance of the Contract.

**ARTICLE 21. TRANSFER OR ASSIGNMENT OF CONTRACT**

A. **Prior Consent Required.** Unless otherwise provided by law, neither the Contract nor any interest therein may be transferred or assigned by the Architect-Engineer to any other party without the written consent of the Contracting Officer; and any attempted transfer or assignment not authorized by this Article shall constitute a breach of the Contract and the District may for such cause terminate the Contract for default and terminate the right of the Architect-Engineer to proceed in the same manner as provided in Article 8.B. herein, and the Architect-Engineer shall be liable to the District for any excess cost occasioned the District thereby.

B. **Monies.** The Architect-Engineer shall not assign any right to any monies to be paid under the Contract, without on each occasion obtaining the prior written consent of the Contracting Officer. In no case shall approval by the District of the assignment of any monies to be paid under the Contract relieve the Architect-Engineer from its obligations hereunder or change the remaining terms of the Contract. Any purported assignment in violation of this Article shall be of no effect.

C. **Applicability in Case of Bankruptcy or Insolvency.** A receiver or trustee in any federal or state bankruptcy, insolvency or other proceedings shall comply with the requirements set forth in the Standard Contract Provisions.

D. **Obligation of Architect-Engineer.** The Architect-Engineer acknowledges that the Services are the obligation of the Architect-Engineer and the District shall have no obligation to accept performance by a third party without the Contracting Officer’s prior and express written consent.

E. **Failure to Obtain Consent.** Failure to obtain the previous written consent of the Contracting Officer to such an assignment, transfer or conveyance, shall justify, at the option of the Contracting Officer, the revocation and annulment of the Contract. The District shall thereupon be relieved and discharged from any further liability and obligation to the Architect-Engineer, his assignees or transferees, and the Architect-Engineer and his assignees shall forfeit and lose all monies theretofore earned under the Contract, except so much as may be required to pay the Architect-Engineer’s employees.

F. **Assignment by the District.** This Contract may be assigned by the District to any corporation, agency or instrumentality of the District having authority to accept such assignment.

**ARTICLE 22. QUALIFICATIONS**

A. **Signatory Authority and Qualifications.** The Architect-Engineer hereby warrants that the signature or signatures herein before affixed are duly authorized further the Architect-Engineer warrants a true statement any and all statements of qualification with respect to but not limited to professional status premises, employees experience and financial standing such as may be set forth in documents furnished by the Architect-Engineer or required by the District for the purpose of securing the District’s consent to enter into the Contract. Misrepresentation shall be
cause for termination for default of the Contract and such other action as may be appropriate including with limitation suspension and debarment and civil or criminal penalties.

B. **Good Standing.** If the Architect-Engineer is an entity, the Architect-Engineer is either: (1) a not-for-profit corporation or other entity determined to be tax exempt pursuant to section 501(c) of the Internal Revenue Code by the Internal Revenue Service; or (2) a business corporation, partnership or other business entity duly organized, validly existing and in good standing under the laws of the state of its incorporation or organization. The Architect-Engineer shall also be duly licensed, qualified and in good standing in the District of Columbia. The Architect-Engineer’s loss of good standing is grounds for Termination for Default without liability upon the Department.

C. **Authority to Act.** The Architect-Engineer has full legal power and authority to enter and perform the Contract and provide the Services without resulting in a default under or a breach or violation of (1) the Architect-Engineer’s certificate or articles of incorporation or bylaws or other organizational documents, if applicable; (2) any applicable law, or any license, permit or other instrument or obligation to which the Architect-Engineer is now a party or by which the Architect-Engineer may be bound or affected; and (3) the Architect-Engineer’s tax exempt status, if applicable.

D. **Legal Obligation.** The Contract has been duly authorized, executed and delivered by the District and the Architect-Engineer, by and through persons authorized to execute the Contract on their respective behalf, and constitutes the legal, valid and binding obligation of the District and the Architect-Engineer, enforceable against the District and the Architect-Engineer in accordance with its terms.

E. **No Litigation Preventing Performance.** There is no litigation, claim, consent order, settlement agreement, investigation, challenge or other proceeding pending or threatened against the Architect-Engineer, its properties or business, or any individuals acting on the Architect-Engineer’s behalf, including, without limitation, subcontractors, which seek to enjoin or prohibit the Architect-Engineer from entering into or performing its obligations under the Contract.

F. **Requisite Licensure and Qualifications.** The Architect-Engineer and all of the entities and individuals acting on the Architect-Engineer’s behalf, including, without limitation, consultants and subcontractors, in connection with the Services under the Contract, possess and, at all times during the term of the Contract, shall possess all licenses, certifications, qualifications, or other credentials as required in accordance with all applicable laws, regulations and the terms of the Contract, to perform the Services. The Architect-Engineer shall provide the District with copies of all licenses, credentials, and/or certifications specified in this Section within five (5) days of request by the District.

**ARTICLE 23. ARCHITECT-ENGINEER’S WARRANTY AGAINST DEBARMENT**

The Architect-Engineer certifies that it is not currently (i) debarred, suspended or excluded, (ii) a party to a voluntary exclusion agreement, or (iii) otherwise enjoined from submitting bids or proposals on contracts for the type of services covered by the Contract, nor is the Architect-Engineer an agent of any person or entity that is currently so debarred, suspended, excluded or otherwise enjoined.

**ARTICLE 24. RECOVERY OF DEBTS OWED THE GOVERNMENT**

The Architect-Engineer hereby agrees that the Department may use all or any portion of any payment, consideration or refund due the Architect-Engineer under the Contract to satisfy, in whole or part, any debt due the District.
ARTICLE 25. ADMINISTRATIVE LIQUIDATED DAMAGES

In addition to any other liquidated damages provided for in the Contract, the Architect-Engineer hereby agrees that the Government may assess administrative liquidated damages for the Architect-Engineer's failure to submit when due any deliverable required by the Contract. Unless otherwise prescribed by the Contracting Officer, the rate of the administrative liquidated damages shall be $250 per day until the required deliverable is received and accepted by the Department. The Department's remedies for failure to comply with the Contract terms and conditions are cumulative and not exclusive. Nothing herein shall be construed to limit the Department's ability to terminate the Architect-Engineer for the failure to submit Contract deliverables when due.

ARTICLE 26. FORCE MAJEURE

If the Architect-Engineer, because of Force Majeure, is rendered wholly or partly unable to perform its obligations when due under this Contract, the Architect-Engineer may be excused from whatever performance is affected by the Force Majeure to the extent so affected. In order to be excused from its performance obligations under this Contract by reason of Force Majeure, within 72 hours of the occurrence or event, the Architect-Engineer must provide the Contracting Officer written notice of its inability to perform as well as a description of the Force Majeure and its effect on Contract performance. The Contracting Officer will have the right to cause the inspection of the work site to determine the validity of the Architect-Engineer's assertion of its inability to perform. If the Contracting Officer agrees that the Architect-Engineer is wholly or partly unable to perform its obligations under the Contract a decision will be issued indicating the extent to which the Architect-Engineer is excused from its performance obligations. In no event will the Contractor be entitled to money damages from the Department due to Force Majeure.

2019 LIVING WAGE ACT NOTICE
AND
LIVING WAGE FACT SHEET
THE LIVING WAGE ACT OF 2006
D.C. Official Code §§ 2-220.01 – 2-220.11

Recipients of new contracts or government assistance shall pay affiliated employees and subcontractors who perform services under the contracts no less than the current living wage.

Effective January 1, 2019, the living wage rate is $14.50 per hour.

The requirement to pay a living wage applies to:
- All recipients of contracts in the amount of $100,000 or more, and all subcontractors that receive $15,000 or more from the funds received by the recipient from the District of Columbia, and
- All recipients of government assistance in the amount of $100,000 or more, and all subcontractors of these recipients that receive $50,000 or more from the government assistance received by the recipient from the District of Columbia.

"Contract" means a written agreement between a recipient and the District government.
"Government assistance" means a grant, loan, or tax increment financing that result in a financial benefit from an agency, commission, instrumentality, or other entity of the District government.
"Affiliated employee" means any individual employed by a recipient who received compensation directly from government assistance or a contract with the District of Columbia government, including employees of the District of Columbia, any employee of a contractor or subcontractor of a recipient who performs services pursuant to government assistance or contract. The term "affiliated employee" does not include those individuals who perform only intermittent or incidental services with respect to the contract or government assistance or who are otherwise employed by the contractor, recipient, or subcontractor.

Certain exemptions apply: 1) contracts or agreements subject to wage determinations required by federal law which are higher than the wage required by this Act; 2) Existing and future collecting bargaining agreements, provided that the future agreements results in employees being paid no less than the current living wage; 3) contracts performed by regulated utilities; 4) contracts for services needed immediately to prevent or respond to a disaster or imminent threat declared by the Mayor; 5) contracts awarded to recipients that provide trainees with services, including but not limited to case management and job readiness services, provided the trainee does not replace employees; 6) employees under 22 years of age employed during a school vacation period, or enrolled as a full-time student who works less than 25 hours per week; 7) tenants or retail establishments that occupy property constructed or improved by government assistance, provided there is no receipt of direct District government assistance; 8) employees of nonprofit organizations that employ not more than 50 individuals and qualify for 501(c)(3) status; 9) Medicaid provider agreements for direct care services to Medicaid recipients, provided, that the direct care service is not provided through a home care agency, a community residence facility, or a group home for persons with intellectual disabilities as those terms are defined in section 2 of the Health-Care and Community Residence Facility, Hospice, and Home Care Licensure Act of 1983; D.C. Official Code § 44-501; and 10) contracts or agreements between managed care organizations and the Health Care Safety Net Administration or the Medicaid Assistance Administration to provide health services.

**Home Care Final Rule:** The Department of Labor extended overtime protections to home care workers and workers who provide companionship services. Employers within this industry are now subject to recordkeeping provisions.

Each recipient and subcontractor of a recipient shall provide this notice to each affiliated employee covered by this notice, and shall also post this notice in a conspicuous site in its place of business.

All recipients and subcontractors shall retain payroll records created and maintained in the regular course of business under District of Columbia law for a period of at least 3 years.

To file a claim, visit: Department of Employment Services, Office of Wage-Hour, 4058 Minnesota Avenue, NE, Suite 3600, Washington, D.C. 20019; call: (202) 671-1880; or file your claim on-line: does.dc.gov. Go to "File a Claim" tab.
LIVING WAGE ACT FACT SHEET

The Living Wage Act of 2006, D.C. Official Code §§ 2-220.01 – 2-220.11, provides that District of Columbia government contractors and recipients of government assistance (grants, loans, tax increment financing) in the amount of $100,000 or more shall pay affiliated employee wages at no less than the current living wage rate.

Effective January 1, 2019, the living wage rate is $14.50 per hour.

Subcontractors of D.C. government contractors who receive $15,000 or more from the contract and subcontractors of the recipients of government assistance who receive $50,000 or more from the assistance are also required to pay their affiliated employees no less than the current living wage rate.

“Affiliated employee” means any individual employed by a recipient who receives compensation directly from government assistance or a contract with the District of Columbia government, including any employee of a contractor or subcontractor of a recipient who performs services pursuant to government assistance or a contract. The term “affiliated employee” does not include those individuals who perform only intermittent or incidental services with respect to the government assistance or contract, or who are otherwise employed by the contractor, recipient or subcontractor.

Exemptions – The following contracts and agreements are exempt from the Living Wage Act:

1. Contracts or other agreements that are subject to higher wage level determinations required by federal law (i.e., if a contract is subject to the Service Contract Act and certain wage rates are lower than the District’s current living wage, the contractor must pay the higher of the two rates);

2. Existing and future collective bargaining agreements, provided that the future collective bargaining agreement results in the employee being paid no less than the current living wage;

3. Contracts for electricity, telephone, water, sewer or other services provided by a regulated utility;

4. Contracts for services needed immediately to prevent or respond to a disaster or imminent threat to public health or safety declared by the Mayor;

5. Contracts or other agreements that provide trainees with additional services including, but not limited to, case management and job readiness services, provided that the trainees do not replace employees subject to the Living Wage Act;

6. An employee, under 22 years of age, employed during a school vacation period, or enrolled as full-time student, as defined by the respective institution, who is in high school or at an accredited institution of higher education and who works less than 25 hours per week; provided that he or she does not replace employees subject to the Living Wage Act;
7. Tenants or retail establishments that occupy property constructed or improved by receipt of government assistance from the District of Columbia; provided, that the tenant or retail establishment did not receive direct government assistance from the District of Columbia;

8. Employees of nonprofit organizations that employ not more than 50 individuals and qualify for taxation exemption pursuant to Section 501 (c) (3) of the Internal Revenue Code of 1954, approved August 16, 1954 (68 A Stat. 163; 26. U.S.C. §501(c)(3));

9. Medicaid provider agreements for direct care services to Medicaid recipients, provided, that the direct care service is not provided through a home care agency, a community residence facility, or a group home for persons with intellectual disabilities as those terms are defined in section 2 of the Health-Care and Community Residence Facility, Hospice, and Home Care Licensure Act of 1983; D.C. Official Code § 44-501; and

10. Contracts or other agreements between managed care organizations and the Health Care Safety Net Administration or the Medicaid Assistance Administration to provide health services.

**Enforcement**

The Department of Employment Services (DOES) Office of Wage-Hour and the D.C. Office of Contracting and Procurement share monitoring responsibilities.

Furthermore, as of November 12, 2015, the US Court of Appeals upheld "The Home Care Final Rule", issued on October 1, 2013, which had an effective date of January 1, 2015. The Department of Labor issued the Home Care Final Rule to extend overtime protections to home care workers and workers who provide companionship services. Employers within this industry are now subject to recordkeeping provisions.

If you learn that a contractor subject to this law is not paying at least the current living wage, you should report it to the contracting officer. If you believe that your employer is subject to this law and is not paying at least the current living wage, you may file a complaint with the DOES Office of Wage - Hour, located at 4058 Minnesota Avenue, N.E. Suite 3600, Washington, D.C. 20019, call (202) 671-1880, or file your claim on-line: www.does.dc.gov. Go to “File a Claim” tab.

For questions and additional information, contact the Office of Contracting and Procurement at (202) 727-0252 or the Department of Employment Services on (202) 671-1880.

**Please note:** This fact sheet is for informational purposes only as required by Section 106 of the Living Wage Act. It should not be relied on as a definitive statement of the Living Wage Act or any regulations adopted pursuant to the law.

**KNOW ALL MEN BY THESE PRESENTS.** That we, the Principal and Surety(ies) hereto are firmly bound to the District of Columbia Government, a municipal corporation, hereinafter called the District, in the above penal sum for the payment of which we bind ourselves, our heirs, executors, and successors, bind ourselves in such sum “jointly” and “severally” only for the purpose of allowing a joint action or actions against any or all of us, and for all other purposes each Surety binds itself, jointly and severally with the Principal, for the payment of such sum only as is set forth opposite the name of such Surety, but if no limit of liability is indicated, the limit of liability shall be the full amount of the penal sum.

**THE CONDITION OF THIS OBLIGATION IS SUCH,** that whereas the Principal entered into the Contract identified above.

NOW THEREFORE, if the Principal shall well and truly perform and fulfill all undertakings, covenants, terms and condition, and agreements of the Contract during the original term of the Contract and any extension thereof that may be granted by the District with or without notice to the Surety, and during the life of guaranty required under the Contract, and shall also well and truly perform and fulfill all the undertakings, covenants, terms, conditions and agreements of any duly authorized modifications of the Contract that may hereafter be made, notice of which modifications to the Surety being hereby waived, and shall save harmless and indemnify the District from any and all claims, delays, suits, costs, charges, damages, counsel fees, judgments and decrees to which the District may be subjected at any time on account of any infringement by the Principal of letters, patents, or copyrights, unless otherwise specifically stipulated in the Contract or on account of any injury to persons or damage to property or premises that occur as a result of any act or omission of Principal in connection with the prosecution of the work under the Contract and shall pay the same, then the above obligation shall be void; otherwise to remain in full force and virtue.

IN WITNESS WHEREOF, the Principal and Surety(ies) have executed this performance bond and have affixed their seals on the date set forth above.

INSTRUCTIONS

1. The full legal name and business address of the Principal shall be inserted in the space designated “Principal” on the face of this form. The bond shall be signed by the authorized person signing the Contract. When such person signing is other than the President or Vice-President of a corporation, evidence of authority shall be furnished. Such evidence shall be in the form of either an Extract of Minutes of a meeting of the Board of Directors, or Extract of Bylaws, certified by the Corporate Secretary, or Assistant Secretary and with Corporate Seal affixed thereto.

2. Corporations executing the bond as sureties shall be among those appearing on the U.S. Treasury Department’s list of approved sureties and shall be acting within the limitations set forth therein, and shall also be licensed by the Insurance Administration, Department of Consumer and Regulatory Affairs, to do business in the District of Columbia. The surety shall (1) insert on the bond form the name and addresses of the agency receiving the commission; and (2) attach an adequate Power-of-Attorney for each representative signing the bond.

3. Corporations executing the bond shall affix their Corporate Seals. Individuals shall sign full first name, middle initial and last name opposite the word “seal”; two witnesses shall sign and include their addresses, under the word “witness”. If executed in Maine or New Hampshire, an adhesive seal shall be affixed.

4. The name of each person signing this performance bond shall be typed in the space provided.
