

Public Facilities Environmental Safety Act Community Meeting

Chellese Grove, DGS External Affairs

May 30, 2024

DGS Environmental Safety Community Meeting Agenda

1. Who we are: Introduction to DGS

2. Why we're meeting: The Public Facilities Environmental Safety Amendment Act of 2020

- Legislation overview
- Environmental risks tested
- Risk testing summary by location

3. Details of recent actionable results and remediation

4. Webpage and environmental testing database overview

5. Q&A

Who we are: By the numbers

Facilities Management

26,424

Completed Work Orders

Sustainability + Energy

61 Total solar sites installed

Capital Construction

331 Active Projects

Portfolio Management

Manages approximately:

688 Buildings

42 Million Square Feet

of District-owned and leased property

Protective Services

63 Special Police Officers

550 Contracted Security Officers

Contracts + Procurement

361 Procurement actions awarded to SBE Vendors

Overview: Public Facilities Environmental Safety Amendment Act of 2020

What the law does

It amends two existing laws:

1. The Healthy Public Buildings Assessment Act of 2016
2. The Safe Fields and Playgrounds Act of 2018

It establishes new requirements for:

- ✓ Testing frequency
- ✓ Testing scope
- ✓ ANC outreach
- ✓ Community engagement
- ✓ Record sharing

Updated requirements for buildings

- ✓ Adds five environmental risks to be tested: groundwater quality, dust, gas and diesel emissions, polychlorinated biphenyls, and volatile organic compounds for a total of 17 (see next slide)
- ✓ Mandates an ongoing, 10-year cycle for building tests. Each building owned and/or maintained by DGS will be tested no less than every 10 years

The full legislation is available here: <https://code.dccouncil.gov/us/dc/council/laws/23-233>

Buildings are tested for 17 environmental risks:

1. Asbestos
2. Carbon monoxide (CO)
3. Dust
4. Gas and diesel emissions (G&DE)
5. Groundwater quality
6. Indoor air quality (IAQ)
7. Lead-based paint (LBP)
8. Lead in drinking water (LiDW)
9. Mold or Mildew
10. Outdoor air quality (OAQ)
11. Pests
12. Polychlorinated biphenyls (PCBs)
13. Radon
14. Toxic chemicals and hazardous waste (TC&HW)
15. Use of pesticides
16. Ventilation and temperature control
17. Volatile organic compounds (VOCs)

Public buildings with actionable results (1/2)

#	Name	Address	Risk(s) found	Remediation status	Work order number
1	Ballou High School	3401 4 th St SE	Pest Intrusion	No ECD: Approved	782576
			Water Intrusion	No ECD: Approved	782574
2	Brightwood Education Campus	1300 Nicholson St NW	Pest Intrusion	ECD 5/29: Issued and in process	781511
			Water Intrusion	No ECD: Approved	781510
3	Fort Greble Spray Park	Martin Luther King Jr. Avenue SW	Lead	Complete	N/A
4	Garrison Elementary School	1200 S St NW	Pest Intrusion	ECD 5/7: Issued and in process	778791
5	Hart Middle School	601 Mississippi Ave SE	Lead-based paint	ECD 6/28: Issued and in process	782586
			Pest Intrusion	No ECD: Approved	782579
			Water Intrusion	No ECD: Approved	782572

Public buildings with actionable results (2/2)

#	Name	Address	Risk(s) found	Remediation status	Work order number
6	Kenilworth-Parkside Recreation Center	1300 44 th St NE	Pest intrusion	ECD 5/16: Issued and in process	780098
			Water Intrusion	No ECD: Approved	780095
7	Transportation Bus Lot	2115 5 th St NE	Lead-based paint	Complete 3/26	775189
			Pest Intrusion	Complete 4/29	775186
			VOCs	No ECD: Approved	778790
			Water Intrusion	No ECD: Approved	775193

Ballou High School – Ward 8

Environmental risk(s) found	Location(s) of finding	Acceptable threshold	Next steps
Pest intrusion	Throughout building	None	Install bait, catch and release stations
Water Intrusion	1 st , 2 nd , 3 rd floor	Less than exterior	

Brightwood Education Campus – Ward 4

Environmental risk(s) found	Location(s) of finding	Acceptable threshold	Next steps
Pest intrusion	Exterior of the building	None	Install bait, catch and release stations
Water Intrusion	First floor, second floor and cafeteria	Less than exterior	Remove from affected areas

Fort Greble Spray Park (Currently Closed for Modernization) – Ward 8

Environmental risk(s) found	Location(s) of finding	Acceptable threshold	Next steps
Lead	Southeast corner of the synthetic turf	None	Execute remediation from affected areas

Garrison Elementary School – Ward 2

Environmental risk(s) found	Location(s) of finding	Acceptable threshold	Next steps
Pest intrusion	First floor of the building	None	Treated and closed burrows; installed bait, catch and release stations

Hart Middle School – Ward 8

Environmental risk(s) found	Location(s) of finding	Acceptable threshold	Next steps
Lead-based paint	Eastside double doors of exterior storage	None	Execute removal from affected areas
Pest Intrusion	Within the building and basement	None	Treated and closed burrows; installed bait, catch and release stations
Water Intrusion	2 nd and 3 rd Floor of building	Less than exterior	Identify and seal source of water intrusion

Kenilworth-Parkside Recreation Center – Ward 7

Environmental risk(s) found	Location(s) of finding	Acceptable threshold	Next steps
Pest Intrusion	Weight room	None	Treated and closed burrows; installed bait, catch and release stations
Water intrusion	Activity room along the ceiling	Less than exterior	Identify and repair the source of water intrusion

Transportation Bus Lot– Ward 5

Environmental risk(s) found	Location(s) of finding	Acceptable threshold	Next steps
Lead-based paint	Concrete walls within facility and exterior areas	None	Remediation to remove the paint
Pest Intrusion	Ramp door corners and crevice areas	None	Treated and closed burrows; installed bait, catch and release stations
VOCs	Manager areas	<500 µg/m3	Dusting and air scrubbing in affected areas
Water Intrusion	Stairwells, boiler room, bathroom and crawl space	Less than exterior	Fix the source of water intrusion and dehumidify the area

Overview of the new environmental safety testing database

Step 1: Navigate to <https://dcdgs.my.site.com/BEA/>

Step 2: Register by entering your name, email address, and a password

Step 3: Review detailed information about each building inspection reviewed today

Above the list of inspections, you will find links to definitions of environmental risks, website acronyms, and testing results

If this is your initial login, please give the database upto five minutes to provision your user account. You can refresh the screen to confirm data visibility.

Overview of the new environmental testing & safety landing page

We recently updated the environmental webpages on the DGS facilities page! Check out our new landing page here: <https://dgs.dc.gov/page/environmental-testing-and-safety>

- Step 1: dgs.dc.gov
- Step 2: Click “Facilities Mgmt”
- Step 3: Click “Environmental Testing and Safety”

			
<p>Public Facilities Environmental Safety Amendment Act of 2020: This legislation expands the frequency and scope of testing for environmental risks across the DGS portfolio, including public buildings and recreation spaces with synthetic surfaces. Actionable results are available here.</p>	<p>Recreation Surface Hardness Testing: Starting in 2019, DGS began using new protocols for annual GMAX surface hardness testing at the District’s synthetic fields. The testing results are available here.</p>	<p>Recreation Space Warranties and Certificates of Compliance: When a new or replaced synthetic field is installed in the District, the associated warranty and certificate of compliance with surface hardness standards is published here.</p>	<p>Water Sample Results DPR and DCPS: Water from each water fountain in each school building and recreation center is tested annually. The testing results are available here.</p>

Highlights include:

- ✓ Public Facilities Environmental Safety Amendment Act of 2020 summary, with link to new publicly available database of published test results
- ✓ Recreation Surface Hardness Testing, formerly called the “Interagency Working Group on Artificial Turf and Playgrounds”
- ✓ Water sample results for DPR
- ✓ Water sample results for DCPS
- ✓ New subpage called “Recreation Space Warranties and Certificates of Compliance” for synthetic surfaces
