Item No. 4

Section [L.20]

Add/Incorporate

Section [L.20] SPECIAL STANDARDS OF RESPONSIBILITY

L.20.1 In addition to the general standards of responsibility set forth above, the prospective contractor must demonstrate to the satisfaction of the District [Insert a description of the specific special responsibility requirement(s) that a bidder must satisfy in order to be eligible for the award]. The bidder must submit with its bid convincing evidence that demonstrates that the bidder meets the Special Standard(s) of Responsibility. At a minimum, a bidder must provide the following evidence:

- (a) In order to provide proprietary equipment and manufacturer-supported installation and warranty services issued under a Task Order for the Districts Metropolitan Police Department (MPD) facilities, the Contractor must be an RS2 Level 3 partner and Milestone Systems partner.
 - (i) Factory Training: Installation and service technicians must be factory trained and all personnel responsible for system deployment must be certified by applicable manufacturer. A current copy for each of these certifications must be provided with the bid response.
 - Contractor must provide current certifications for sales, engineering and installation for RS2 Access IT!® (ACS).
 - Contractor must provide current certifications for sales, engineering and installation of Milestone Systems (CCTV).
- (b) Proof that a Contractor is duly licensed with the D.C. Department of Consumer and Regulatory Affairs to perform the Services contemplated by this CONTRACT.
- (c) Proof that the technicians who a Contractor intends to utilize, if awarded a contract hereunder, to perform the Services carry the necessary certification to provide maintenance, repairs and installation services, with respect

to the equipment, from any three (3) or more of the following Equipment manufacturers: Cisco; Crestron; Valcom; Bogen; and Biamp. It being understood that the District reserves the right (in its sole discretion) to not engage any Contractor to perform services with respect to any equipment if such Contractor does not have any technicians who (or subcontractors that) are certified to service such equipment by its applicable manufacturer;

- (d) Proof that Contractor has had at least five (5) years of experience with performing for customers various services comparable in nature to the Maintenance, Repairs, Replacement and Technical Advisory Services for commercial or industrial buildings. Contractor must complete and deliver with its proposal, which contains (i) a list of customers for which a Contractor has performed services similar to these Services, and (ii) the names, telephone numbers of individuals associated with such customers, who the District may contact to verify the Contractor's performance, and (iii) a description of services that were provided by such Contractor.
- (e) Proof of Registered Cable Distribution Designer Certifications and BICSI Certified Technician(s).

Item No. 5 Vendor Questions and the District's Response ("Q&A")

Add/Incorporate Q&A incorporated by Addendum No. 02 as Exhibit B
