QUESTIONS & ANSWERS

NO.	QUESTIONS	ANSWERS
1	What fields coincide with services to be provided as part of Group One? What fields coincide with services to be provided in Group Two?	Please see Attachment J.16 Facility Locations - Group 1 and Group 2.
2	In Section C.3.1 of the solicitation, the description of restorative maintenance is stated as per "field" however in the price sheets that were provided the description of restorative maintenance is stated as per "acre". Please confirm which is the correct unit of measure for pricing purposes. Is pricing to be submitted per field as listed in the solicitation or as per acre as listed on the price sheets?	The Department requires pricing to be submitted per acre as stated in the Bid Form.
3	CLIN Line 0000 on the price sheets for Group One and for Group Two both have "Restorative Maintenance Premier Fields". Do both groups (One and Two) have Premier Fields associated with them? Can DGS identify which Premier Fields are included in Group One and which Premier Fields are included in Group Two?	CLIN Line 0000 is applicable to both Group 1 and Group 2; please see Attachment J.16 Facility Locations - Group 1 and Group 2.
4	On the price sheet for Group One, the words Bermuda and Warm Season are used interchangeably. For example, CLIN line 0002 says Warm Season Mowing, CLIN line 0004 says Warm Season Grasses Slow Release Fertilization, but CLIN 0021 says Bermuda Grass Sod Installation. Can DGS please uniformly identify warm season as warm season on all applicable CLIN lines, or uniformly identify Bermuda as Bermuda on all applicable CLIN lines.	The terms "Warm Season" and "Premier" refer to Bermuda field types only. The term "Cool Season" refers to all other field species types .
5	Is warm season grass inclusive of Bermuda only?	Yes.

QUESTIONS & ANSWERS

NO.	QUESTIONS	ANSWERS
6	With regard to Premier Fields, the Palisades location is the only Premier Location listed as having Cool Season grass. Can DGS please confirm if that is correct? All other Premier Locations are listed as having Bermuda Grass so we'd like to confirm that Palisades is the sole Premier Location that has cool season grass. Which price group (Price Group One or Price Group Two) is Palisades included with?	No. Please see Attachment J.16 Facilities Locations Group 1 and Group 2.
7	The price sheet for Group Two does not have CLIN lines for warm season or Bermuda grass services. For example, the price sheet for Group One has a CLIN line number 0002 for warm season mowing, and a CLIN line 0004 for warm season grasses slow release fertilization, and a CLIN line 0021 for Bermuda grass sod installation. But the price sheet for Group Two does not have the same CLIN line numbers 0002, or 0004, or 0021 for warm season and Bermuda grass services. Does this mean that Group Two does not have any warm season or Bermuda grass locations? And if there are no warm season or Bermuda grass locations associated with Group Two, should the price sheet for Group Two include a CLIN line 0000 Restorative Maintenance for Premier Fields considering that most Premier Fields identified in attachment J.9 are listed has having Bermuda grass.	Please see Attachment J. 16 Facilities Locations Group 1 and Group 2 and REVISED 12/07/17 Attachment J. 14 Bid Form Group 1 and Group 2.
8	The price sheets identify many areas by "cool season" or "warm season". For all CLIN lines identified as "cool season" is that inclusive of Bluegrass and Fescue only? And for all CLIN lines identified as "warm season" is that inclusive or Bermuda grass only?	The terms "Warm Season" and "Premier" refer to Bermuda field types only. The term "Cool Season" refers to all other field species types .

QUESTIONS & ANSWERS

NO.	QUESTIONS	ANSWERS
9	On CLIN line 0009 for Group One, the service is listed as Topdressing Services (Bermuda Fields Only). But in section C.3.4.5 of the RFP it says Topdressing is applicable to Bermuda Grass and Cool Season Fields. Please confirm which is correct and if this should be priced for Bermuda grass only or for both Bermuda grass and cool season grass.	Please see REVISED 12/07/17 Attachment J.14 Bid Form Group 1 and Group 2.
10	Is “cool season” indicative of the time of year during which services for cool season grass are to be provided? If so, what time of year are those services required?	No, "Cool Season"refers to grass species such as Bluegrass and Fescue and all other non Bermuda grass species.
11	Can DGS please identify on the price sheets if services are to be inclusive of warm fields, cool fields, premier fields, or other for CLIN lines 0003, 0007, 0011, 0012, 0013, 0019, and 0024? On other CLIN lines (using CLIN lines 8 and 9 for example) the service is identified on the price sheet as “Bermuda” or “Cool Season” or “Warm Season” however on the CLIN lines listed in this question, there is not a designation as to “Bermuda”, “Cool”, Warm”, “Premier” or other. Can DGS please add the applicable field type to each CLIN line?	Please see Attachment J.16 Facility Locations - Group 1 and Group 2.
