

Attachment A-3 – Community Concerns (from past community meetings).

- o Maintain & improve multi-modality transportation
- o Improve orientation and make a functioning portal
- o Would like to see an interactive space
- o Better/safer pedestrian ways
- o Design for evening use of the space
- o Balance residential concerns with noise & traffic
- o Should become a destination
- o Create a place for relaxation, taking in the view, socializing, & gathering
- o Design to be environmentally sustainable
- o Utilitarian “people’s park” not a corporate park
- o Needs dedicated maintenance budget fund & crew
- o Must be maintainable
- o Take into account the needs of the merchants on d St.
- o Make multi-use & flexible
- o Create multigenerational spaces
- o Should be usable by people in all seasons
- o How will success of this project be measured?
- o Creation of a gathering space that people respect
