

CRUMMELL COMMUNITY CENTER

DPR PROJECT UPDATE
SATURDAY, MARCH 23, 2024

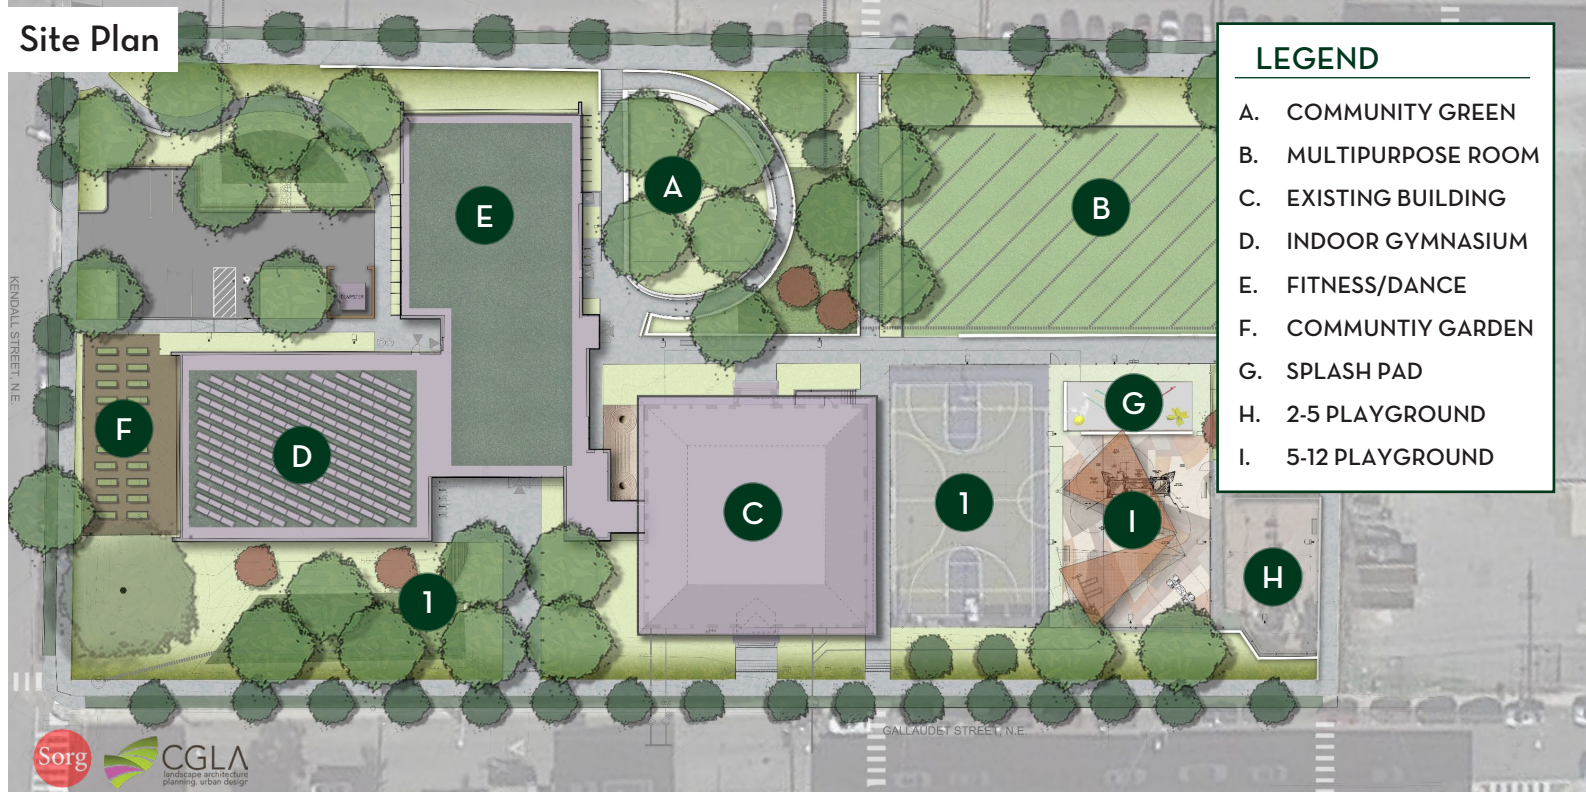

Project Budget	\$35,000,000
Design Team	Sorg (Architect) CGLA (Landscape Architect)
Contractor	TBD (Spring 2024)
Design Start	Summer 2023
Construction Start	TBD
Total Project SF	22,570 SF

The Crummell Community Center is designed to modernize the 2-acre campus of the historic Crummell School, restoring and adapting it for use as a dynamic community facility. The new athletic addition and the renovation of the historic building will help address Ivy City's current lack of accessible, sustainable, and safe facilities for recreation, education, and community services, while also honoring the legacy of the Crummell School and the neighborhood it once served.
