FOR
Sole Source Procurement

Agency: Department of General Services
Caption: GPS Tracking Units and Monitoring System
Contractor: Assured Telematics Inc.

FINDINGS

1. AUTHORIZATION:

D.C. Code Section 2-354.04 and 27 DCMR Chapter 47, Section 4710.6

2. MINIMUM NEED:

The District of Columbia, Department of General Services (“DGS/Department”), requires Vehicle and Equipment tracking and monitoring services for Fiscal Year 17. Inventory tracking and monitoring is required in several Divisions within DGS.

3. ESTIMATED FAIR AND REASONABLE PRICE:

The estimated fair and reasonable price is \$90,209.40.

4. FACTS WHICH JUSTIFY A THE ADVERTISING PERIOD:

In order to maintain the Mayor’s order 2009-210, DGS needs uninterrupted vehicle and equipment tracking. DGS has been using a Geotab product that is integrated with Chevin software for real time vehicle and equipment tracking.

Assured Telematics Inc. is providing DGS with Geotab/Chevin devices that not only track inventory but report history and movement. Disruption of this service would be costly to DGS. Assured Telematics is the only Contractor capable of providing Geotab devices that are integrated with Chevin.
