EXECUTIVE SUMMARY

The District of Columbia Department of General Services (“Department” or “DGS”), Contracts and Procurement Division, is issuing an Invitation for Bid (“IFB”) to engage a Contractor to provide construction services at East Potomac Pool and Pool House, a Department of Parks and Recreation (“DPR”) facility, located within East Potomac Park, 972 Ohio Drive, SW, Washington, DC 20024. The East Potomac Pool is an Olympic-sized outdoor swimming pool that was initially constructed in the 1930s and replaced with the current aluminum pool shell in approximately 1970. The existing pool house was also constructed at the same time. The Department has commissioned a set of design drawings that have been submitted for permitting, and the scope of services generally includes constructing the work shown in the drawings and specifications no later than May 4, 2018 (the “Project”).

The Project will generally consist of the work related to the pool and pool deck, including water service and perimeter fence. The pool and pool deck, including all of the pool’s systems, will be replaced. The Project will also include the demolition and reconstruction of the pool house as well as site lighting and related site improvements. The new pool house will include locker rooms and administrative areas; family changing rooms; an ADA compliant main entrance and site as well as retail space (i.e. storage space, vending machines). The pool house should also have wireless internet capability. Creation of spectator seating and team aquatic benches is included, as is new perimeter fencing, site lighting and other site improvements. The drawings and specifications for the site are attached hereto as Attachment A (the “Drawings and Specifications”).

The Contractor will have full access to the site until the Substantial Completion Date of May 4, 2018. Coordination will be required with both the Park Police and a golf course that neighbor the site.

A.1 Project Delivery Method

The Department intends to implement the Project through a design-bid-build approach. The Contractor’s scope of work will be divided into two phases: (i) the Preconstruction Phase; and (ii) the Construction Phase.

During the Preconstruction Phase, the Contractor will be required to prepare the necessary submittals in a manner that is consistent with the Department’s schedule, budget, programmatic, and other requirements. The Architect has already produced Drawings & Specifications which are attached as Attachment A.

The Construction Phase will commence upon a notice to proceed for construction.

A.2 Permits

The Department will obtain the building permit for this Project as well as the NPS permit required for construction on NPS land; however, (i) an allowance will be added to the

Contractor's Lump Sum Price for payment of these permits; and (ii) any additional permits beyond the building permit and the NPS permit shall be the responsibility of the Contractor, and the costs of those permits should be included in Offerors' Lump Sum Price bids. Pricing should be premised on the Drawings and Specifications as issued. To the extent that DCRA requires extensive revisions to these drawings that impact the Contractor's cost of performance, such revisions will be addressed and priced during the preconstruction phase.

A.3 Contract Type

The contract awarded pursuant to this IFB will be a fixed price type of contract.

A.4 Form of Contract

The Contract resulting from this IFB will include the following:

SECTION B SCOPE OF WORK

B.1 Contractor's Scope of Work. In general, the selected Contractor shall be required to provide all of the labor, tools, equipment, and materials necessary to perform the work called for in the Drawings and Specifications attached as Attachment A. To the extent there is an inconsistency between the Drawings and the Specifications and the Construction Design Documents, the Contractor shall be required to provide the more expensive requirement. Prior to submitting its proposal, each Offeror shall carefully review the Drawings and Specifications and shall bring any inconsistency or error in the drawings and specifications to the attention of the Department in writing. To the extent that a competent contractor could have identified any such inconsistency or error, such inconsistency or error shall not serve as the basis for a change order and the Contractor shall assume the risk of such inconsistency or error. The Project must be Substantially Completed no later than May 4, 2018, to be ready for the 2018 summer pool season.

B.2 Preconstruction Activities

Prior to mobilizing to the Project site and commencing work, the Contractor shall be required to complete those activities set forth in this Section B.2. Unless a delay in completing the preconstruction activities is the result of a delay by the Department or the Program Manager beyond the timeframes set forth herein or an event of force majeure, delays in completing the preconstruction activities shall not be considered excusable and shall not justify an extension of the substantial completion date.

B.2.1 Baseline Schedule. Within fourteen (14) days after the Preconstruction NTP is issued, the Contractor shall prepare and submit a baseline schedule for the Project (the "Baseline Schedule"). The Baseline Schedule shall be subject to review and approval by the Department and the Contractor shall incorporate such adjustments to the Baseline Schedule as may be reasonably requested by the Department.

B.2.1.1 The Baseline Schedule shall be prepared in a CPM method and be developed in a sufficient level of detail so as to permit the affected parties (i.e. the Department, the Contractor, and the Architect) to properly plan the Project, and shall show: (i) key milestones and bid packages; (ii) release dates for long lead items; (iii) release dates for key subcontractors; and (iv) substantial and final completion dates.

B.2.1.2 The preliminary schedule must also be submitted in Primavera 6 native format or Microsoft Project format and shall be updated by the Contractor, at a minimum, on a bi-weekly basis.

B.2.1.3 Value Engineering Solutions. The Contractor shall meet with the Department and the Architect as necessary to reach agreement on which, if any, of the value engineering options should be pursued. To the extent the Department directs the Contractor to proceed with one or more of the value engineering options, the Contractor shall revise its Lump Sum Price to reflect the inclusion of such items.

B.2.2 Safety Plan. Prior to the start of construction activities, the Contractor shall prepare a safety plan for the construction phase conforming to OSHA 29 CFR 1926 (such plan, the “**Safety Plan**”). The Safety Plan shall be submitted to the Department, and the Contractor shall incorporate such comments as the Department may reasonably request.

B.2.2.1 Safety Barriers/Fences. As part of its responsibility for Project safety, the Contractor shall install such fences and barriers as may be necessary. The Contractor shall develop a plan that describes the proposed separation and the specific nature of the fences and barriers that will be used. This plan will be submitted to the Department and DPR for their review and approval prior to the commencement of construction. Once such plan has been approved, the Contractor shall comply with it at all times during construction. The Contractor shall be required to revise the plan as may be reasonably requested by the Department or DPR. The cost of revising and complying with the plan shall not entitle the Contractor to an increase in the Lump Sum Price.

B.2.2.2 Site Security. The Contractor shall be responsible for site security and shall be required to provide such watchman as are necessary to protect the site from unwanted intrusion.

B.2.2.3 Exculpation. The right of the Department and DPR to comment on the Safety Plan and the nature and location of the required fences and barriers shall in no way absolve the Contractor from the obligation to maintain a safe site.

B.2.3 Site Logistics Plan. Prior to the start of construction activities, the Contractor shall prepare a Site Logistics Plan. The Site Logistics Plan shall address: (i) the manner in which the Contractor intends to organize the site; (ii) the location and description of site fences and other safety barricades intended to prevent the public from entering the site; (iii) the location of construction entrances and wheel washing stations; and (iv) parking restrictions and procedures that will apply to the employees of Contractor and its Subcontractors. Coordination with be required with both the Park Police and a golf course that neighbor the site and will remain in operation throughout construction.

B.2.4 Design Review/Submittals. On or before the dates specified in the approved detailed schedule, the Contractor shall submit the necessary information (i.e. shop drawings, submittals, sketches, etc.) to the Program Manager for his review and approval. Unless a different timeframe is established in the approved detailed schedule, the Program Manager shall have five (5) business days to review such documents. In the event the Program Manager finds such documents to be unacceptable, the Contractor shall be required to revise and resubmit such documents. The Contractor shall not commence construction activities until such documents have been approved by the Program Manager. Any delays that result from design resubmissions shall be considered Non-Excusable.

In addition, the Contractor shall coordinate with the Department’s Program Manager and the Department’s architect/engineer with respect to requests for information (RFIs), architect’s supplemental instructions and other construction administration, as well as the District of Columbia Historic Preservation Review Board (if required).

B.2.5 Permits. The Department shall be responsible for securing and paying for the building permit for the Project and that the Contractor shall be required to secure and pay for any other permits, governmental fees, licenses and inspections necessary for the execution and completion of the Work. The Department shall cooperate with the Contractor in securing such permits, licenses and inspections; provided however, the Department shall not be required to pay the fees for such permits, licenses and inspections unless otherwise noted herein. The costs of any such fees or inspections are included in the Lump Sum Price.

B.3 Construction Phase.

B.3.1 General. The Construction Phase shall commence when the Department issues a written Notice to Proceed for Construction. The Contractor shall construct the work described on the Construction Documents including any work that is not specifically shown thereon but is reasonably inferable therefrom or necessary for a fully functioning Project. The Work shall be carried out in a good and workmanlike, first-class manner, and in timely fashion. All materials and equipment to be incorporated into the Project shall be new and previously unused, unless otherwise specified, and shall be free of manufacturing or other defects.

During the Construction Phase, the selected constructor shall carry out such activities as are necessary to complete the construction described in the approved documents and submittals.

B.3.2 Substantial Completion Date. The construction of the Project shall be Substantially Complete no later than May 4, 2018. For purposes of this requirement, the term "Substantially Complete" shall mean that all of the following have occurred: (1) the construction and installation work have been completed with only minor punch list items remaining to be completed; (2) a temporary certificate of occupancy and all other required permits or approvals have been obtained; (3) draft copies of all operating and maintenance manuals, training videotapes and warranties required by the contract have been delivered to the Department; (4) any supplemental training session required by the contract for operating or maintenance personnel have been scheduled; (5) all clean-up required by the contract has been completed; (6) the Project is ready for the Department to use it for its intended purpose; and (7) all equipment, supplies, materials and items to be installed have been installed in accordance with the manufacturer's specifications and industry standards and have undergone and passed the requisite testing and inspections. "Minor punch list items" are defined for this purpose as items that, in the aggregate, can be completed within thirty (30) days without interfering with the Department's normal use of the Project. A permanent certification of occupancy shall be obtained no later than May 18, 2018.

B.3.3 Hazardous Material Remediation. The Contractor's scope of work includes the abatement and removal of hazardous materials found within the existing building. In performing such work, the Contractor shall comply with all laws, including, without limitation, the requirements of the EPA and all jurisdictional agencies as well as all laws relating to safety, health welfare, and protection of the environment, in removing, treating, encapsulating, passivating, and/or disposing of hazardous materials, including, but not limited to, removal, treatment, encapsulation, passivation, and/or disposal of the hazardous materials. If any notices to governmental authorities are required, the Contractor shall also give those notices at the

appropriate times. The Contractor shall ensure abatement subcontractors and disposal sites are appropriately licensed and qualified. In addition, the Contractor shall ensure that any subcontractors involved in the abatement of hazardous materials maintain a contractor's pollution legal liability insurance policy of at least Two Million Dollars (\$2,000,000) for the duration of the Project and a period of three (3) years after Substantial Completion of the Project, and that any disposal site to which hazardous materials are taken carries environmental impairment liability insurance for the duration of the Project and a period of three (3) years after Substantial Completion of the Project. The Contractor's obligations under this paragraph shall include signing (as the agent for the Department) any manifests required for the disposal of hazardous materials.

B.3.4 Supervision & Coordination. The Contractor will be required to properly supervise and coordinate its work. At a minimum, it is envisioned that the Contractor will be required to undertake the following tasks:

1. Participate and assist in Project/Planning meetings
2. Maintain full-time on-site construction supervision and provide daily inspections, quality control, monitoring, coordination of various trades, record drawings, and daily work log
3. Conduct periodic progress meetings following a Contractor generated agenda with the Program Manager
4. Provide general safety and signage and posting for the project and see that each subcontractor prepares and submits adequate safety program and monitoring throughout the project
5. Prepare payment requests, verify accuracy and forward to the Department for approval and payment
6. Assemble close-out documents required
7. Provide assistance to the Department through any applicable warranty periods

B.3.5 CBE Subcontractors. The Contractor shall not substitute or replace any Subcontractor or supplier certified by the District of Columbia Department of Small and Local Business Development without the Department's prior written consent.

B.3.6 Site Observations. The Contractor will be required to visit the site, become familiar with local conditions under which the work is to be performed and correlate personal observations with requirements of the Drawings and Specifications. The Contractor shall carefully study and compare the Drawings and Specifications with information furnished by the Department. Before commencing activities, the Contractor shall (1) take field measurements and verify field conditions; (2) carefully compare this and other information known to the Contractor with the Drawings and Specifications; and (3) promptly report errors, inconsistencies or omissions discovered to the Department. Once work is started, the Contractor assumes the responsibility and costs for the work and the cost of correcting work previously installed.

B.3.7 Warranty of the Construction Work. The Contractor warrants to the Department that materials and equipment furnished under the Contract will be of good quality and new unless

otherwise expressly permitted in writing, that for the one (1) year period following the Substantial Completion Date the construction work will be free from defects not inherent in the quality required or permitted, and that the Work will conform to the Construction Documents and/or any approved design documents. The Contractor's warranty excludes remedy for damage or defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. The Contractor and a representative of the Department shall walk the Project together eleven (11) months after the Substantial Completion Date to identify any necessary warranty work. In the event the Contractor fails to schedule such a walk, the Warranty period shall be extended until such time as the Contractor schedules such a walk.

B.3.8 Extent of Responsibility and Site Conditions. The Contractor shall be entitled to submit a Change Request for differing site conditions only to the extent that such conditions could not have been discovered by a competent visual inspection of the site and are of unusual nature and differ materially from those ordinarily encountered and generally recognized as inhering to work of the character provided for in the Contract (such circumstances, "**Differing Site Conditions**"). The term Differing Site Conditions shall mean subsurface conditions on or adjacent to the Project site which differ materially from those indicated in the geotechnical reports prepared by the Contractor. The term Differing Site Conditions shall also include unknown physical conditions at the site of an unusual nature which differ materially from those ordinarily encountered and generally recognized as inhering to work of the character provided for in this Contract. Prior to commencing construction, the Contractor shall be required to conduct a thorough review of the Project site and the surrounding area and shall document its findings. In the event the Contractor fails to undertake and document such a thorough review, the Contractor shall be deemed to have known of those conditions which a thorough review would have detected. Any Change Request related to Differing Site Conditions shall be made pursuant to the Standard Contract Provisions.

B.3.9 Progress Meetings. The Contractor shall schedule and conduct at a minimum bi-weekly progress meetings at which the Department, the Program Manager, the Contractor and appropriate Subcontractors can discuss the status of the Work. The Contractor shall prepare and promptly distribute meeting minutes. If required, the Contractor shall also attend and participate in community meeting(s) to update the community regarding the Project.

B.3.10 Written Reports. The Contractor shall provide written reports to the Program Manager on the progress of the entire Work in accordance at least every other week, including, but not limited to, a baseline schedule and schedule updates with narrative demonstrating the critical path of the Project in Primavera format or Microsoft Project format. The Contractor shall also maintain a daily log containing a record of weather, Subcontractors working on the site, number of workers, major equipment on the site, Work accomplished, problems encountered and other similar relevant data as the Department may reasonably require, as well as progress photos. The log shall be available to the Department and the Program Manager and on a weekly basis a copy of the log, including progress photos, shall be submitted to the Department.

B.3.11 Work by Separate Contractors. The Department reserves the right to perform construction or operations related to the Project with the Department's own forces, and to award separate contracts in connection with other portions of the Project or other construction or operations on the site.

B.3.12 Site Safety and Clean-Up. The Contractor will be required to: (i) provide a safe and efficient site, with controlled access, including the installation and provision of such safety barricades, enclosures and overhead protection as may reasonably be required by the Department and as may be necessary to ensure a safe workplace or as may be required by OSHA or other applicable law, and to remove such at the end of the Work and leave the site in broom clean condition; and (ii) be responsible for the security of its tools, equipment and materials that are stored at the site.

B.3.13 Close-out. The Contractor shall be required to prepare and submit at close-out a complete set of product manuals, warranties, as-built drawings, operation manuals, etc. The Contractor shall also provide the Department with any shop drawings prepared by the Contractor or its subcontractors along with any other documentation that may reasonably be requested by the Department or its Program Manager. Closeout must be completed within forty-five (45) calendar days following the Substantial Completion Date. Submission of two (2) bound hard copies and one PDF copy on a USB drive shall be required.

B.3.14 Salvaged and Stored Items. The Contractor shall be responsible for salvaging and storing all items identified by the Department. The salvage value of any piece of equipment or material found within the buildings to be demolished that has a value in excess of Ten Thousand Dollars (\$10,000) shall accrue to the benefit of the Department. The value of the salvaged materials (i.e. copper pipping, etc.) under the aforementioned threshold shall accrue to the benefit of the Contractor.

B.3.15 Cutting and Patching. The Contractor shall be responsible for cutting, fitting or patching required to complete the Work or to make its parts fit together properly. All areas requiring cutting, fitting and patching shall be restored to the condition existing prior to the cutting, fitting and patching. The Contractor shall not damage or endanger a portion of the Work or fully or partially completed construction of the Department or separate contractors by cutting, patching or otherwise altering such construction, or by excavation.

B.3.16 Correction of Work

B.3.16.1 The Department reserves the right to object and to require the Contractor to remove forthwith from the Project site and the Work and to promptly replace the Superintendent, any foreman, technical assistant, laborer, agent, representative, or other person used by the Contractor in or about the execution or maintenance of the Work, who in the sole opinion of the Department is misconducting himself or herself, or is incompetent or negligent in the proper performance of his or her duties, or whose performance in the Work is otherwise considered by the Department to be undesirable or unsatisfactory, and such person shall not be again employed upon the Project without the written permission of the Department.

B.3.16.2 The Contractor shall promptly correct Work rejected by Department for failing to conform to the requirements of the Construction Documents or any approved design document or applicable law or regulations whether observed before or after the Project's completion and whether or not fabricated, installed or completed, and shall correct any Work found to be not in accordance with the requirements within a period of one (1) year from the date of completion or by terms of an applicable special warranty required by the Contract.

B.3.16.3 If during the guarantee or warranty period, any material, equipment or system requires corrective Work because of defects in materials or workmanship, the Contractor shall commence corrective Work within forty-eight (48) hours after receiving the notice and work diligently until corrective Work is completed; provided, however, if such notice is received on the day before a weekend or a holiday, the Contractor will commence corrective Work on the next business day. If the Contractor does not, in accordance with the terms and provisions of the Contract Documents, commence all corrective Work within forty-eight (48) hours or if the Contractor commences such Work but does not pursue it in an expeditious manner, Department may either notify the bonding company (if any) to have such Work and/or obligations performed at no additional cost to Department or may perform such Work and/or obligations and charge the costs thereof to Contractor.

B.3.17 Manufacturers' Warranties

B.3.17.1 The Contractor warrants that all manufacturers or other warranties on all labor, materials and equipment furnished by the Contractor or a Subcontractor or supplier shall run directly to or will be specifically assigned to Department on demand or upon Project completion without demand. In the event any issue or defect which would be covered by any warranty arises but is not addressed by the grantor of the warranty, the Contractor shall be required to act as the guarantor of the obligations under the warranty and to perform under the terms of the warranty.

B.3.17.2 The Contractor warrants that the installation of all materials and equipment shall be in strict accordance with the manufacturers' requirements or specifications.

B.3.18 Schedule Update. The Contractor shall submit bi-weekly schedule updates which shall reflect actual conditions of Project progress as of the date of the update. The update shall reflect the actual progress of construction, identify developing delays, regardless of their cause, and reflect the Contractor's best projection of the actual date by which Substantial Completion and Final Completion of the Project will be achieved. Via a narrative statement (not merely a critical path method schedule), the Contractor shall identify the causes of any potential delay and state what, in the Contractor's judgment, must be done to avoid or reduce that delay. The Contractor shall point out, in its narrative, changes that have occurred since the last update, including those related to major changes in the scope of work, activities modified since the last update, revised projections of durations, progress and completion, revisions to the schedule logic or assumptions, and other relevant changes. Any significant variance from the previous schedule or update shall also be identified in a narrative, together with the reasons for the variance and its impact on Project completion. All schedule updates shall be in the same format as the accepted baseline schedule. The Department may make reasonable requests during the Project for changes to the format or for further explanation of information provided. Submission of updates showing that

Substantial Completion or Final Completion of the Project will be achieved later than the applicable scheduled completion date shall not constitute requests for extension of time and shall not operate to change the scheduled completion date. The Department's receipt of, and lack of objection to, any schedule update showing Substantial Completion or Final Completion later than the dates agreed upon in the Project Schedule shall not be regarded as the Department's agreement that the Contractor may have an extension of time, or as a waiver of any of the Department's rights, but merely as the Contractor's representation that, as a matter of fact, Substantial Completion or Final Completion of the Project may not be completed by the agreed upon date in the Project Schedule. Changes to the scheduled completion dates may be made only in the circumstances and only by the methods set forth in the Contract.

B.3.19 Acceleration. Subject to the terms of this Section, the Department reserves the right to direct the Contractor to accelerate the Work if, in the reasonable judgment of Department, the Contractor fails to: (i) supply a sufficiency of workers or to deliver the materials or equipment with such promptness as to prevent the delay in the progress of the Work; or (ii) the progress of the Work materially falls behind the projections contained in the then currently approved Project Schedule. In the event that the Department or its Program Manager determine that either of the events specified in the preceding sentence have occurred, the Department shall provide the Contractor with written notice of such event and the Contractor shall be required to provide the Department with a corrective action plan that is reasonably designed to address the concerns raised in such notice within three (3) days after receipt of such notice. If the Department and the Contractor are unable to agree on the terms of such corrective action plan within five (5) days after the issuance of the notice (i.e. with forty eight (48) hours after the receipt of the proposed corrective action plan), the Department shall have the right to direct such acceleration as the Department, in its reasonable judgment, deems necessary. Provided the notice provisions of this Section are complied with, the cost of any acceleration directed under this Section shall not justify an adjustment to the Lump Sum Price or the Substantial Completion Date. The Contractor hereby acknowledges that this provision is a material inducement upon which the Department has relied in entering into the Contract; and represents and warrants that it has included sufficient funding in its Lump Sum Price in order to comply with the requirements of this Section.

B.3.20 Quality Control Plan. A draft of the Quality Control Plan shall be submitted to the Department and shall be subject to the Department's review and approval. The Quality Control Plan shall be tailored to the specific products/type of construction activities contemplated in the design development documents, and in general, shall include a table of contents, quality control team organization, duties/responsibilities of quality control personnel, submittal procedures, inspection procedures, deficiency correction procedures, documentation process, and a list of any other specific actions or procedures that will be required for key elements of the work.

B.4 Administrative Matters

B.4.1 Use of Prolog. The Contractor shall utilize the Department's Prolog system to submit any and all documentation required to be provided by the Contractor for the Project, including, but not limited to, (i) requests for information; (ii) submittals; (iii) meeting minutes; (iv) proposed Changes; and (v) applications for payment.

B.4.2 Liquidated Damages. If the Contractor fails to achieve Substantial Completion by the Substantial Completion Date, the Parties acknowledge and agree that the actual damage to the Department for the delay will be impossible to determine, and in lieu thereof, the Contractor shall pay to the Department, as fixed, agreed and liquidated delay damages in the amount of Two Thousand Five Hundred Dollars (\$2,500) per day for each calendar day of delay for failure to meet the Substantial Completion Date. The Contractor and the Department agree that the liquidated damages do not constitute, and shall not be deemed, a penalty but represent a reasonable approximation of the damages to the Department associated with a delay in the Project. In the event the Contractor fails to meet the Substantial Completion Date for more than fifty (50) days, the Contractor consents to a termination for default

B.4.3 Risks Assumed by Contractor. By submitting a bid, the Bidder shall be deemed to have thoroughly examined the terms of this IFB, the Drawings and Specifications and shall constitute its acknowledgement that it has been provided with an opportunity to visit the Project site and that such Bidder has had the opportunity to become familiar with local conditions under which the work is to be performed. Further, in submitting any such bid, the Bidder shall be deemed to represent that it has satisfied itself that it can undertake the work for the stated cost. Among other things, by submitting a bid, the Bidder assumes the following risks: (1) the nature of the land and subsoil unless such conditions constitute a Differing Site Condition under Article 4.A of the Standard Contract Provisions; (2) the form and nature of the site and surrounding areas; (3) details and levels of existing pipe lines, conduits, sewers, drains, cables or other existing services; (4) the quantities, nature and availability of the materials, tools, equipment and labor necessary for the completion of the work; (5) the means of access to the site and any accommodation that may be required; (6) uncertainties of weather and physical conditions at the site; and in general to have itself obtained all necessary information as to risk contingencies, climatic, hydrological and natural conditions and other circumstances which may influence or affect his performance of the work.

B.4.4 Compensation. The Contractor shall be paid its compensation in a series of progress payments and a final payment. Progress payments shall be based on a Schedule of Values that is agreed upon by the Parties as well as the Program Manager's good faith estimate of the level of completion for each component of the Schedule of Values. Contractor shall prepare the Schedule of Values which breaks down the Lump Sum Price for the various parts of the Work. The Schedule of Values shall be maintained in such a manner to provide a breakdown of the Lump Sum Price in enough detail to facilitate continued evaluation of applications for payment and progress reports. Large subcontracts shall be broken into several line items where, in the opinion of the Program Manager, such detail is necessary to properly track the progress of the Work. The proposed schedule of values shall also include separate line items for each part of the Work if so required by the Program Manager. The Contractor and the Program Manager shall meet as necessary to maintain the schedule of values for the Project in a manner acceptable to the Program Manager. No progress payments shall be made unless the then current Schedule of Values is acceptable to the Program Manager.

B.5 Key Personnel

The Bidder's personnel should have the necessary experience and licenses to perform the required work. Bidders shall include within the bid a description of the staff available to perform this work and their qualifications.

Key personnel shall include, at a minimum, the following individuals: (i) the Project Executive; (ii) the Field Superintendent; and (iii) the Project Manager who will be responsible for the Project. If a Bidder is proposing to be awarded more than one project site, the Department would expect that separate superintendents be proposed for each project since the projects will likely run concurrently. The Contractor will not be permitted to reassign any of the key personnel unless the Department approves the proposed reassignment and the proposed replacement. A list of the key personnel shall be attached to the contract that results from this IFB.

Without limitation, the Contractor shall provide all of the labor, materials, tools, equipment, temporary services, and facilities necessary to complete the construction and installation of the Project. The Work shall be carried out in a good and workmanlike, first-class manner, and in timely fashion. All materials and equipment to be incorporated into the Project shall be new and previously unused, unless otherwise specified, and shall be free of manufacturing or other defects. The Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. If required by the Department, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

C.4.1 It is understood that the Contractor may, subject to the terms of this Contract, including but not limited to Sections C.2. and C.3 of this IFB, subcontract a portion of the work to a Subcontractor pursuant to written contract with the Contractor; provided, however, that the Contractor shall not be permitted to subcontract all or substantially all of the Work to a single Subcontractor.

C.4.2 The Department may at any time direct the Contractor to terminate any Subcontractor or supplier performing services or providing goods on the Project and may require the Contractor to replace such Subcontractor or supplier.

C.4.3 The Department may elect to review the form of any such subcontract or agreement with a material supplier to insure that such contract incorporates the contractual provisions required by this Agreement.

C.4.4 The Contractor shall solidify all services and materials for the Project over \$25,000 (other than Self-Performed Work) via written subcontracts or, for contracts requiring provision of materials or equipment only, and not labor, via written supply agreements. All subcontracts and supply agreements shall include the following provisions:

C.4.5 The Contractor agrees that all of its subcontracts and supply agreements for Work to be performed within the scope of this Agreement shall include the following provisions:

C.4.5.1 that, to the extent of the Work or supply within the Contract's scope, the Subcontractor or supplier is bound to the Contractor for the performance of all obligations which the Contractor owes the Department under the Contract;

C.4.5.2 that the Subcontractor or supplier is not in privity with the Department and shall not seek compensation directly from the Department on any third-party beneficiary, quantum meruit, or unjust enrichment claim, or otherwise, except as may be permitted by any applicable mechanic's lien law;

C.4.5.3 that the Department is a third-party beneficiary of the subcontract or supply agreement, entitled to enforce any rights thereunder for its benefit;

C.4.5.4 that the Subcontractor or supplier consents to assignment of its agreement to the Department, at the Department's sole option, if the Contractor is terminated for default;

- C.4.5.5** that the Subcontractor or supplier shall comply immediately with a written order from the Department to the Contractor to suspend or stop work;
- C.4.5.6** that the Subcontractor or supplier shall maintain records of all Work it is requested or authorized to do on a time and material or cost-plus basis, or with respect to claims that it has asserted on a time and materials or cost-plus basis, during the Project and for a period of time specified in the General Conditions and requiring the Subcontractor or supplier to make those records available for review or audit by the Department during that time;
- C.4.5.7** that the Subcontractor shall obtain and maintain, throughout the Project, workers' compensation insurance in accordance with the laws of the District of Columbia (This provision is not applicable to supply agreements.);
- C.4.5.8** that, if the Department terminates the Contract for convenience, the Contractor may similarly terminate the subcontract or supply agreement for convenience, upon seven (7) days' written notice to the Subcontractor or supplier, and that the Subcontractor or supplier shall, in such a case, be entitled only to the costs set forth in the Standard Contract Provisions;
- C.4.5.9** that the Department shall have the right to enter into a contract with the Subcontractor or supplier for the same price as its subcontract or supply agreement price less amounts already paid, if the Contractor files a voluntary petition in bankruptcy or has an involuntary petition in bankruptcy filed against it;
- C.4.5.10** that the Subcontractor or supplier shall not be entitled to payment for defective or non-conforming work, materials or equipment, and shall be obligated promptly to repair or replace non-conforming work, materials or equipment at its own cost;
- C.4.5.11** that Subcontractors and suppliers promptly pay Subcontractors and suppliers at lower tiers, imposing upon the Subcontractors and suppliers a duty to pay interest on late payments, and barring reimbursement for interest paid to lower tier Subcontractors or suppliers due to a Subcontractor's or supplier's failure to pay them in timely fashion;
- C.4.5.12** that all Subcontractors at all tiers comply with the provisions of Sections C.2 and C.3 (LSDBE Utilization and Residency Hiring Requirements, respectively); provided, however, that the Contractor may, in its reasonable discretion impose a different LSDBE

subcontracting goal on some or all of its Subcontractors; provided, further, however, that nothing in this provision shall be deemed to excuse the Contractor from using its best efforts to achieve the LSDBE subcontracting goal on an aggregate basis for the Project;

- C.4.5.13** that allows the Contractor to withhold payment from the Subcontractor if the Subcontractor does not meet the requirements of the Subcontract;
- C.4.5.14** that requires a lien and claim release as well as waiver provisions substantially identical to those in this Contract.
- C.4.5.15** Within seven (7) days of receiving any payment from the Department including amounts attributable to Work performed, or materials or equipment supplied, by a Subcontractor or supplier, the Contractor shall either pay the Subcontractor or supplier for its proportionate share of the amount paid to the Contractor for the Subcontractor's or supplier's Work or materials or equipment, or notify the Department and the Subcontractor or supplier, in writing, of the Contractor's intention to withhold all or part of the payment and state the reason for the withholding. All monies paid to the Contractor under the Contract shall be used first to pay amounts due to Subcontractors or suppliers supplying labor or materials for the Project and only money remaining after such payments are made may be retained by the Contractor.
- C.4.5.16** Monies paid to the Contractor for work performed or goods provided by a Subcontractor or supplier shall be deemed to have been fully paid to the Subcontractor or supplier. Any interest paid to Subcontractors or suppliers because the Contractor has failed to pay them in timely fashion shall not entitle the Contractor to a Change Order.
- C.4.5.17** The Contractor shall not substitute or replace any Subcontractor or supplier certified by DSBLD without the Department's prior written consent.
- C.4.5.18** The Department has the right to contact Subcontractors or suppliers at all tiers or material or equipment suppliers directly to confirm amounts due and owing to them or amounts paid to them for Work on the Project, and to ascertain from the Subcontractors or suppliers at all tiers their projections of the cost to complete their Work or to supply their material or equipment, or the existence of any claims or disputes. In doing so the Department shall not issue any directions to Subcontractors or suppliers at any tier.

SECTION D LUMP SUM PRICE

D.4.1 Lump Sum Price

The Contractor shall be paid a lump sum price to Fully Complete the Project.

D.4.2 Certain Work Included in the Lump Sum Price

The Contractor acknowledges and understands that the Lump Sum Price is based on the Scope of Work (**Section B**), including the East Potomac Pool Drawings and Specifications (**Attachment A**), which are incorporated into this Contract. It is understood and agreed that the Lump Sum Price represents the Contractor's offer to Fully Complete the Project. The Parties acknowledge and agree that it is their intent to have the Contractor provide all labor, materials, and equipment to fully complete the project as contemplated in the Contract Documents, for the Lump Sum Price and consistent with the Project Schedule. In furtherance of such intent, the Contractor hereby assumes the risks associated with and shall be responsible for (i) any changes in market conditions that affect the cost of labor or materials; (ii) coordination issues between the drawings; (iii) elements of work not shown on the Contract Documents, but which are reasonably inferable from the Contract Documents; (iv) cost associated with acceleration of the work and expediting of materials necessary to meet the Project Schedule which are the result of anything other than an Excusable Delay; and (v) the risk of subcontractor default or non-performance. It is understood and agreed by the parties that items (i) through (v) listed in the preceding sentence are not intended to be an exclusive list of the risks assumed by the Contractor and that such items represent a partial list of the risks assumed by the Contractor.

D.4.3 Review of Contract Documents

The Department has selected the Contractor because of its special expertise in constructing similar projects. Before agreeing to the Lump Sum Price, the Contractor reviewed the Bid Set for accuracy, constructability, and completeness and was required to bring such deficiencies to the attention of the Department and its Architect/Engineer to address any such deficiencies. The Contractor acknowledges that any additional deficiencies identified after agreement upon the Lump Sum Price shall not be the basis for a change in the Lump Sum Price or delaying the Project Schedule to the extent that any such deficiencies in the Drawings and Specifications could have been identified by such review by a competent Contractor.

D.4.3.1 During the course of the Work, should any errors, omissions, ambiguities or discrepancies be found on the Contract Documents, or should there be found any discrepancies between the Contract Documents to which Contractor has failed to call attention before agreeing to the Lump Sum Price, the Contractor shall bring any such errors, omissions, ambiguities or discrepancies to the attention of Department, and the Department will interpret the intent of the

Contract Documents. Contractor hereby agrees to abide by and to carry out the Work in accordance with the decision of the Department. Wherever the intent of the Contract Documents is not indicated clearly or there is a conflict between the Contract Documents, the Contractor will be held to have included in the Lump Sum Price the more expensive material or method of construction and the quantity of material.

D.4.3.2 If any item or material shown on the Drawings is omitted from the Specifications, or vice versa (except when the Drawings and Specifications clearly exclude such omitted item), and such item or material is required to complete the detail shown or specified, and if additional details or instructions are required to complete the Work, then the Contractor is deemed to have made an allowance in the Lump Sum Price for the completion of the Work, consistent with adjoining or similar details and the best accepted practices of the trade for projects of this type and quality, whichever is more expensive, unless such additional information was not reasonably inferable from the Contract Documents. Without limiting the Contractor's other duties, in the case of a difference among the Contract Documents as to the Contractor's obligations, or an inconsistency in the Contract Documents, the Department will decide which requirement governs; however, the Contractor shall assume that the more expensive material or method of construction and the quantity of material shall be required without a change to the Lump Sum Price.

D.4.3.3 Execution of the Contract by the Contractor is a representation that the Contractor has thoroughly examined all Contract Documents, including all details, plans, elevations, sections, schedules and diagrams, has visited the site, has become familiar with local conditions under which the Work is to be performed, has correlated personal observations with the requirements of the Contract Documents, and has satisfied himself before executing the Contract as to all matters that can affect the Work and its cost, including: (1) the nature of the land and subsoil; (2) the form and nature of the site and surrounding areas; (3) details and levels of existing pipe lines, conduits, sewers, drains, cables or other existing services; (4) the quantities, nature and availability of the materials, tools, equipment and labor necessary for the completion of the Work; (5) the means of access to the site and any accommodation he may require; (6) uncertainties of weather and physical conditions at the site; and in general to have himself obtained all necessary information as to risk contingencies, climatic, hydrological and natural conditions and other circumstances which may influence or affect his performance of the Work. The Contractor waives any and all claims against the Department arising from or relating to such contingencies and

conditions that are reasonably inferable from the Contract Documents, in light of the required preconstruction review and inspection and the Contractor's expertise in the field of construction.

- (d) Notwithstanding any other provisions of this Invitation for Bids to the contrary, a late modification of an otherwise successful bid which makes its terms more favorable to the Department may be considered at any time it is received and may be accepted.

- (e) Bids shall be irrevocable and remain in full force and effect for a period not less than 120 days after receipt of bids.

G.6 No Compensation for Preparation of Bids

The Department will not bear or assume any financial obligations or liabilities regarding the preparation of any Bids submitted in response to this IFB, or prepared in connection therewith, including, but not limited to, any Bids, statements, reports, data, information, materials or other documents or items.

G.7 Rejection of Bids

The Department reserves the right, in its sole discretion:

- (a) To cancel this solicitation or reject all bids;
- (b) To reject Bids that fail to prove the Contractor's responsibility;
- (c) To reject Bids that contain conditions and/or contingencies that in the Department's sole judgment, make the Bid indefinite, incomplete, otherwise non-responsive, or otherwise unacceptable for award;

- (k) To reject submissions that are deemed non-responsive.

G.8 Limitation of Authority

Only a contracting officer with prior written authority from the CCO shall have the express, implied, or apparent authority to alter, amend, modify, or waive any clauses or conditions of the contract. Furthermore, any alteration, amendment, modification, or waiver of any clause or condition of this IFB is not effective or binding unless made in writing and signed by the CCO or its authorized representative.

G.9 Non-Responsive Bids

- (a) **Pricing.** In general, the Department will consider a bid non-responsive if any pricing element of the bidder's price is Thirty Percent (30%) higher than the median price submitted by other bidders. If there are no more than two (2) bidders, the independent government estimate shall be used to establish a median price. The Department reserves

the right to deem a bid non-responsive if any pricing element of the bidder's price is Thirty Percent (30%) higher than the median price.

(b) **Certification.** The Department may consider a bid non-responsive if the bidder fails to properly complete or provides inaccurate information on the Bidder/Offeror Certification Form.

(c) **Exceptions.** The Department may consider a bid non-responsive if the bidder identifies any changes or exceptions to the Standard Contract Provisions, the Contract or attachments hereto.

I.3.2 Retention

The Department shall withhold from each progress payment an amount equal to ten percent (10%) of each progress payment until such time as fifty percent (50%) of the Work has been completed at which point the Department may cease retaining against such item. Once Substantial Completion has occurred, the Department will reduce the retention being withheld to an amount that is equal to Two Hundred percent (200%) of the Project Manager's good faith estimate of the remaining Work.

I.3.3 Documents Required with Application for Payment

Each Application for Payment shall be accompanied by the Contractor's job cost ledgers in a form satisfactory to the Department, the Subcontractors' and Suppliers' Applications for Payment on AIA Documents G702 and G703 or other form acceptable to the Department, and such other supporting documentation as the Department may reasonably request. Each Application for Payment shall include detailed documentation of costs as a condition to approving progress payments, but the Contractor shall nevertheless maintain complete documentation of the costs. The Contracting Officer may require the submission of any documentation necessary to support the Contractor's Application for Payment and the Application for Payment shall not be deemed complete until such documentation is produced and submitted to the Department.

I.3.3.1 Contractor's Certification

Each Application for Payment shall be accompanied by the Contractor's signed certification that all amounts paid to the Contractor on the previous Application for Payment that were attributable to Subcontractor Work or to materials or equipment being supplied by any supplier has been paid over to the appropriate Subcontractors and suppliers; that all amounts currently sought for Subcontractor Work or supply of materials or equipment are currently due and owing to the Subcontractors and material or equipment suppliers; and that all Work, materials or equipment for which payment is sought is, to the best of the Contractor's knowledge, free from defect and meets all of the Contract requirements. The Contractor shall not include in an Application Payment amounts for Work for which the Contractor does not intend to pay.

I.3.3.2 Lien Waivers

Each Application for Payment shall be accompanied by written waivers of the right to file a mechanic's lien and all other claims for the Contractor and all Subcontractors and material suppliers at all tiers who have supplied labor or material or both for which payment is requested, subject only to receipt of payment. If the Department so requests, the Contractor shall also submit unconditional waivers of liens for itself and all Subcontractors and material suppliers at all tiers with respect to Work or materials or equipment for which payment has been previously made, and additional forms of waiver acknowledging receipt of final payment under the Contract, and providing final release of such liens.

I.3.3.3 Warranty of Title

By submitting an Application for Payment, the Contractor warrants to the Department that title to all Work for which payment is sought will pass to the Department, without liens, claims, or other encumbrances, upon the receipt of payment by the Contractor. The Department may require execution of appropriate documents to confirm passage of clear title. Passage of title shall not operate to pass the risk of loss with respect to the Work in question. Risk of loss remains with the Contractor until Substantial Completion, unless otherwise agreed by the Department, in writing.

I.3.3.4 Submission

On the twenty-fifth (25th) day of each month the Contractor shall submit to the Department (with a copy to the Project Manager) an Application for Payment, which Application for Payment shall cover the entire month during which the Application for Payment is submitted. All amounts formally submitted via Application for Payment and not disputed by the Department shall be due and payable on the last day of the month following submission or, if that is not a business day, on the following business day.

I.3.3.5 Right to Withhold Payments

The Department will notify the Contractor within fifteen (15) days after receiving any Application for Payment of any defect in the Application for Payment or the Contractor's performance which may result in the Department's declining to pay all or a part of the requested amount. The Department may withhold payment from the Contractor, in whole or part, as appropriate, if:

I.3.3.5.1 the Work is deficient, defective or otherwise not conforming to the Contract, and such deficiencies, defects or nonconformities have not been remedied; or

I.3.3.5.2 the Department has determined that the Contractor's progress has fallen behind the Project Schedule, and the Contractor fails, within ten (10) calendar days of the Department's written demand, to provide the Department with a realistic and acceptable plan to recover the delays; or

I.3.3.5.3 the Contractor's monthly schedule update reflects that the Contractor has fallen behind the Project Schedule, and the Contractor fails to include, in the same monthly report, a realistic and acceptable plan to recover the delays; or

I.3.3.5.4 the Contractor has failed to provide the monthly report in full compliance with this Section I.3.3.5 of this Agreement; or

I.3.3.5.5 the Contractor has failed to pay Subcontractors or suppliers promptly or has made false or inaccurate certifications that payments to Subcontractors or suppliers are due or have been made; or

I.3.3.5.6 any mechanic's lien has been filed against the Department, the site or any portion thereof or interest therein, or any improvements on the site, even though the Department has paid all undisputed amounts due to the Contractor, and the Contractor, upon notice, has failed to remove the lien, by bonding it off or otherwise, within ten (10) calendar days; or

I.3.3.5.7 the Department has reasonable evidence that the Work will not be completed by the Substantial Completion Dates, as required, that the unpaid balance of the Lump Sum Price would not be adequate to cover actual or liquidated damages arising from the anticipated delay; or

I.3.3.5.8 the Department has reasonable evidence that the Work cannot be completed for the unpaid balance of the Lump Sum Price; or

I.3.3.5.9 the Contractor is otherwise in substantial breach of this Contract (including, without limitation, failures to comply with LSDBE or CBE Utilization requirements in Section C).

I.3.3.5.10 the Application for Payment is incomplete, unsubstantiated and/or does not contain sufficient documentation for evaluation by the Contracting Officer.

I.3.3.6 Payment Not Acceptance

Payment of any progress payment or final payment shall not constitute acceptance of Work that is defective or otherwise fails to conform to the Contract, or a waiver of any rights or remedies the Department may have with respect to defective or nonconforming Work.

I.3.3.7 Department Not Obligated to Others

The Department shall have no obligation to pay or be responsible in any way for payments to a consultant or subcontractor performing portions of the Work.

I.3.3.8 Final Payment

Final payment shall be made by the Department to the Contractor when (i) Final Completion has been achieved; (ii) certification by the Contractor that except for requested final payment, all subcontractors and suppliers have been paid in full and that appropriate partial lien releases have been obtained from such subcontractors and suppliers documenting such payments; and (iii) the Contractor submits a complete and final Application for Payment, acceptable to the Department. The Department may, if it so elects, require that copies of all such lien releases be provided as a condition to making final payment.

I.3.3.9 No Diversion of Funds

Contractor agrees that the funds it receives for the performance of this Agreement shall be held in trust by Contractor for the benefit of all its Subcontractors, Suppliers, laborers and materialmen, and Contractor shall not itself have any interest in such funds until all these obligations have been satisfied in full. Contractor further agrees that any funds received shall be used exclusively for the prosecution of the Work, and none will be diverted to satisfy other obligations of Contractor. The Department has the right to request written evidence from the Contractor that the Contractor has properly paid Subcontractors and material and equipment suppliers' amounts paid by the Department to the Contractor for subcontracted Work. If the Contractor fails to furnish such evidence within seven days, the Department shall have the right to contact Subcontractors to ascertain whether they have been properly paid.

I.3.3.10 Interest on Payments

Payments are due and payable in accordance with Section I.3 of this Agreement and not more than thirty (30) days after the Department receives documents set forth in Section I.3.3.8 and verifies the information contained therein. Amounts unpaid after the date of which payments due shall bear interest in accordance with the Quick Payment Act.

SECTION J CONTRACT CHANGES

J.1 Changes Authorized

The Department may, without invalidating the contract, and without notice to or approval of any surety, order changes in the Work, including additions, deletions or modifications. Any such change must be conveyed by the Department to the Contractor via written Change Directive, Modification or Change Order. *The CO is the only person authorized to approve changes in any of the requirements of this Contract.* The Contractor shall not comply with any order, directive or request that changes or modifies the requirements of this Contract, unless issued in writing and signed by the Contracting Officer. Notwithstanding the foregoing, nothing herein shall be construed to limit the Department's ability to unilaterally modify the Contract.

J.2 Changes to the Lump Sum Price

Subject to the condition precedent that the Contractor has complied with the notice and documentation provisions set forth in the Standard Contract Provisions, and subject to the limitations stated in this Agreement, the Contractor may be entitled to an equitable adjustment to the Lump Sum Price in the following cases:

J.2.1 If the Department issues a Change Directive or Change Order that directs the Contractor to proceed with work which is beyond the scope of Work included within the Lump Sum; or

J.2.2 The Contractor encounters Differing Soil Conditions or Hazardous Materials not identified in the Preconstruction Phase.

J.2.3 For Changes to the Lump Sum Price, the following conditions shall apply:

J.2.3.1 For increases in the Work which the Contractor is permitted to perform by Contractor's own forces, the Lump Sum Price shall be increased by the sum of: (i) the Direct Cost of the Work; and (ii) a fee (covering home office overhead, field supervision, general conditions and profit) of fifteen percent (15%) of the sum due under (i);

J.2.3.2 For increases in the Work performed by Subcontractors, the Lump Sum Price shall be increased by the sum of: (i) the Direct Cost of the Work incurred by the Subcontractor for the changed Work; (ii) a fee (covering home office overhead and profit) equal to fifteen percent (15%) of the sum due under (i) above for the Subcontractor performing such Work; and (iii) a fee (covering the Contractor's home office overhead, field supervision, general conditions and profit) of five percent (5%) of the sum of items (i) and (ii). Intervening tier Subcontractors shall be entitled to a mark-up of five percent (5%) (covering home office overhead, field supervision, general conditions and profit); provided, however, that in all situations and regardless of

the number of tier Subcontractors involved, the maximum mark-up on the Direct Cost of the Work shall be twenty five percent (25%) and provided, further, that the Contractor shall not be entitled to the markup referred to in item (iii) on changes unless such changes exceed, either individually or in the aggregate, five percent (5%) of the Lump Sum Price.

- J.2.3.3** When both additions and credits are involved in any one change in the Work, the Contractor's Change Order and markup shall be figured on the basis of the net increase, if any.
- J.2.3.4** Fee will not be paid by Department for overtime or weekend work unless overtime is requested in writing and approved in writing by Department.
- J.2.3.5** The amount of credit to be allowed by Contractor to Department for a deletion or change which results in a net decrease in the Lump Sum Price shall be the Cost avoided as confirmed by Department plus fifteen percent (15%) for profit on the deleted work.
- J.2.3.6** Direct Cost of the Work shall mean labor, material and other costs reasonably and necessarily incurred in the proper performance of the Work as approved by the Department, and shall include, but is not limited to:

 - (a) **Labor.** Payment will be made for direct labor cost plus indirect labor cost such as insurance, taxes, fringe benefits and welfare provided such costs are considered reasonable. Indirect costs shall be itemized and verified by receipted invoices. If verification is not possible, up to eighteen percent (18%) of direct labor costs may be allowed.
 - (b) **Rented Equipment.** Payment for required equipment rented from an outside company that is neither an affiliate of, nor a subsidiary of, the Contractor will be based on receipted invoices which shall not exceed rates given in the current edition of the Rental Rate Blue Book for Construction Equipment published by Data Quest. If actual rental rates exceed manual rates, written justification shall be furnished to the Contracting Officer for consideration. No additional allowance will be made for overhead and profit. The Contractor shall submit written certification to the Contracting Officer that any required rented equipment is neither owned by nor rented from the Contractor or an affiliate of or subsidiary of the Contractor.
 - (c) **Contractor's Equipment.** Payment for required equipment owned by the Contractor or an affiliate of the Contractor will be based solely on an hourly rate derived by dividing the current appropriate monthly rate by

176 hours. No payment will be made under any circumstances for repair costs, freight and transportation charges, fuel, lubricants, insurance, any other costs and expenses, or overhead and profit. Payment for such equipment made idle by delays attributable to the Government will be based on one-half the derived hourly rate under this subsection.

Such costs, however, do not include home office overhead, field supervision, general conditions or profit of either the Subcontractor or the Contractor. No personnel above the level of a working foreman shall be considered a Direct Cost of the Work.

J.2.4 If the cost to Department of changed Work is determined by the lump sum method, Contractor warrants that the charge to Department shall not exceed the sum of: (a) any Subcontractor's charge to Contractor for such work; and (b) Contractor's best estimate of the actual cost of Contractor's work plus the permitted markup. If the cost to Department of changed Work is determined on a time and materials basis, Contractor warrants that the cost of any addition represents the true and actual cost, including Contractor's permitted markup, of such addition to Contractor, Subcontractor or Sub-subcontractor or other entity involved in such addition. If the changed Work will result in a reduction in the cost to Department, Contractor warrants that the amount of any deduction shall represent the amount of deduction to Contractor by the appropriate Subcontractor or the amount of Contractor's best estimate where the deduction involves Work, which Contractor will perform.

J.3 Executed Change Directive/Order Required

Changes to the Contract may be made only by a written Change Directive, Modification or Change Order executed by the Department.

J.4 Prompt Notice

In the event the Contractor encounters a situation which the Contractor believes to be a change to this Contract, the Contractor shall provide the Department with prompt written notice of such event and the possible impact such event could have on cost and schedule. All such notices shall be given promptly, considering the then applicable situations, but in no event more than ten (10) calendar days after encountering the situation. The Contractor acknowledges that the failure to provide such notice in a timely manner could limit or eliminate the Department's ability to mitigate such events, and thus, the Contractor shall not be entitled to an adjustment in the event it fails to provide prompt notice. The Contractor shall include provisions similar to this provision in all of its subcontracts.

J.5 Deductive Change Orders

The Department is likewise entitled to issue deduct Change Orders (reducing the Lump Sum Price) when changes are effected, by Change Directive or otherwise, which will decrease the cost of completing the Work or the time within which it can be completed.

J.6 Executed Change Orders Final

The Contractor agrees that any Change Order executed by the Department and the Contractor constitutes its full and final adjustment for all costs, delays, disruptions, inefficiencies, cumulative impact, accelerations, schedule impacts, or other consequences arising from the change in question, whether a Change Directive, or a Change Event, or from any claimed cumulative effect of changes made to the date of the Change Order, and that no further adjustments in compensation or time shall be sought or made with respect to the Change Directive or the Change Event giving rise to the Change Order.

J.7 Failure to Agree

If the Contractor claims entitlement to a change in the Contract, and the Department does not agree that any action or event has occurred to justify any change in time or compensation, or if the parties fail to agree upon the appropriate amount of the adjustment in time or compensation, the Department will unilaterally make such changes, if any, to the Agreement, as it determines are appropriate pursuant to the terms of this Agreement. The Contractor shall proceed with the Work and the Department's directives, without interruption or delay, and may make a claim pursuant to the terms set forth in the Standard Contract Provisions. Failure to proceed due to a dispute over a change request shall constitute a material breach of the Contract and entitle the Department to all available remedies for such breach, including, without limitation, termination for default.

**SECTION K
MISCELLANEOUS PROVISIONS**

K.2 Extent of Contract

The Contract, which includes the terms set forth in this IFB, the Attachments hereto, and other documents incorporated herein by reference, represents the entire and integrated agreement between the Department and Contractor and supersedes all prior negotiations representations or agreements, either written or oral. If inspections and tests are performed at the place of business of the Contractor or any Subcontractor, the inspections and tests shall be performed in a manner so as to not unduly delay the Work. Inspections and tests by the Department shall not relieve the Contractor or any Subcontractor of responsibility for defects or other failures to meet Contract requirements, and shall not constitute or imply acceptance.

K.6.2 Notwithstanding the Department's acceptance of or payment for any product or service delivered by Contractor, the Contractor shall remain liable for deficient work, defective work, latent defects, fraud, gross mistakes amounting to fraud and the Department's rights under any warranty or guarantee and work otherwise not in compliance with the Contract.

K.6.3 The Department shall have the right to enter the place of business of the Contractor or the place of business of any Subcontractor in order to investigate any contractor or Bidder with respect to a debarment or suspension of the Contractor or any such Subcontractor.

and the Department. It shall be the responsibility of the Contractor to perform the Contract in conformance with the Department's procurement regulations and all statutes, laws, codes, ordinances, regulations, rules, requirements, and orders of governmental bodies, including, without limitation, the U.S. Government and the District of Columbia government; and it is the sole responsibility of the Contractor to determine the procurement regulations, statutes, laws, codes, ordinances, regulations, rules, requirements, and orders that apply and their effect on the Contractor's obligations thereunder. However, if the application of a future law or regulation requires the Contractor to undertake additional work that is materially different in scope than that presently contemplated or required, the Contractor shall be entitled to an equitable adjustment for such additional work.

K.11 Ethical Standards for Department's Employees and Former Employees

The Department expects the Contractor to observe the highest ethical standards and to comply with all applicable law, rules, and regulations governing ethical conduct or conflicts of interest. Neither the Contractor, nor any person associated with the Contractor, shall provide (or seek reimbursement for) any gift, gratuity, favor, entertainment, loan or other thing of value to any employee of the District or the Department not in conformity with applicable law, rules or regulations. The Contractor shall not engage the services of any person or persons in the employment of the Department or the District for any Work required, contemplated or performed under the Contract. The Contractor may not assign to any former Department or District employee or agent who has joined the Contractor's firm any matter on which the former employee, while in the employ of the Department, had material or substantial involvement in the matter. The Contractor may request a waiver to permit the assignment of such matters to former Department personnel on a case-by-case basis. The Contractor shall include in every subcontract a provision substantially similar to this section so that such provisions shall be binding upon each Subcontractor or vendor.

K.12 Gratuities and Officers Not to Benefit Provisions

K.12.1 If it is found, after notice and hearing, by the Department that gratuities (in the form of entertainment, gifts, payment, offers of employment or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any official, employee or agent of the Department or the District with a view toward securing the Contract or any other contract or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performance of the Contract, the Department may, by written notice to the Contractor, terminate the right of the Contractor to proceed under the Contract and may pursue such other rights and remedies provided by law and under the Contract.

K.13 Covenant Against Contingent Fees Provisions

The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a Commission, percentage, brokerage, or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. K.14.1.3 Demotion, layoff, or termination;

K.14.1.4 Rates of pay, or other forms of compensation; and

K.14.1.5 Selection for training and apprenticeship.

K.14.3 The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment pursuant to the non-discrimination requirements set forth in this Section.

K.14.4 The Contractor agrees to send to each labor union or representative of workers with which it has a collective bargaining agreement, or other contract or understanding, a notice to be provided by the Department, advising each labor union or workers' representative of the Contractor's commitments under this Section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

K.14.5 The Contractor agrees to permit access by the Department to all books, records and accounts pertaining to its employment practices for purposes of investigation to ascertain compliance with this Section, and shall post copies of the notices in conspicuous places available to employees and applicants for employment.

K.14.6 The Contractor shall include in every subcontract the equal opportunity clauses of this Section so that such provisions shall be binding upon each Subcontractor or vendor.

K.14.7 The Contractor shall take such action with respect to any Subcontractor as the Contracting Officer may direct as a means of enforcing these provisions, including sanctions for non-compliance.

K.15 Buy American Act Provision

The Contractor shall comply with the provisions of the Buy American Act (41 U.S.C. §§ 10a – 10d), including, but not limited to, the purchase of steel.

K.15.1 In accordance with the Buy American Act (41 U.S.C. § 10a-10d), and Executive Order 10582. December 17, 1954 (3 CFR, 1954-58 Comp., p. 230), as amended by Executive Order 11051, September 27, 1962 (3 CFR, 1059—63 Comp., p. 635), the Contractor agrees that only domestic construction material will be used by the Contractor, subcontractors, material men and suppliers in the performance of the Contract, except for non-domestic material listed in the Contract.

K.15.2 Domestic Construction Material. “Construction material” means any article, material or supply brought to the construction site for incorporation in the building or work. An unmanufactured construction material is a “domestic construction material” if it has been mined or produced in the United States. A manufactured construction material is a “domestic construction material” if it has

been manufactured in the United States and if the cost of its components which have been mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. "Component" means any article, material, or supply directly incorporated in a construction material.

K.15.3 Domestic Component. A component shall be considered to have been "mined, produced, or manufactured in the United States" regardless of its source, in fact, if the article, material or supply in which it is incorporated was manufactured in the United States and the component is of a class or kind determined by the Government to be not mined, produced or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.

K.15.4 Foreign Material. When steel materials are used in a project a minimal use of foreign steel is permitted. The cost of such materials cannot exceed one-tenth of one percent of the total project cost, or \$2,500,000, whichever is greater.

K.18 Interpretation of Contract

All of the documents comprising the Contract should be read as complementary, so that what is called for by one is called for by all. Ambiguities should be construed in favor of a broader scope of work for the Contractor, as the intent of the Contract is, with specific identified exceptions, to require the Contractor to assume entire responsibility for the construction and installations of the Project(s). If there is any inconsistency among the documents comprising the Contract, the order of precedence among them is as follows, with the first listed document having the highest priority: this IFB, its Attachments, then the Construction Documents released by the Department. Any Change Order issued and executed by the Department shall supersede those portions of earlier dated Contract Documents to which it pertains.

K.19 Independent Contractor

In carrying out all its obligations under the Contract, the Contractor shall be acting as an independent Contractor, and not as an employee or agent of the Department, or joint venture or partner with the Department. The Contractor shall have exclusive authority to manage, direct, and control the Work, and shall be responsible for all methods, techniques, sequences, and procedures, as well as for Project safety.

K.20 Confidential Information

In the course of the Contractor's performance of the Work, the Department may make available to the Contractor information that the Department designates as trade secrets or other confidential engineering, technical and business information. As long as, and to the extent that, such information remains confidential and available to others only with the consent of the Department, or is not generally available to the public from other sources, the Contractor shall maintain such information in strict confidence and shall not disclose any such information to others (including its employees or Subcontractors), except to the extent necessary to enable the Contractor to carry out the Project. The Contractor shall similarly obligate any and all persons to whom such information is necessarily disclosed to maintain the information in strict confidence. The Contractor agrees that, in the event of any breach of this confidentiality obligation, the Department shall be entitled to equitable relief, including injunctive relief or specific performance, in addition to all other rights or remedies otherwise available.

K.21 No Third-Party Beneficiary Rights

Nothing in this Contract shall be construed as creating third-party beneficiary rights in any person or entity, except as otherwise expressly provided in this Contract.

K.22 Media Releases

Neither the Contractor, its employees, agents or Subcontractors or material suppliers shall make any press release or similar media release related to the Project unless such press release have been discussed with the Department prior to its issuance.

K.23 Construction

This Contract shall be construed fairly as to all parties and not in favor of or against any party, regardless of which party prepared the Contract.

K.24 Notices

All notices or communications required or permitted under the Contract shall be in writing and shall be hand delivered or sent by telecopier or by recognized overnight carrier to the intended recipient at the address stated below, or to such other address as the recipient may have designated in writing. Any such notice or communication shall be deemed delivered as follows: if hand delivered, on the day so delivered, if sent by telecopier, on confirmation of successful transmission, and if sent by recognized overnight carrier, the next business day.

This Paragraph shall be read as imposing minimum requirements for distribution of required contractual notices, and not as displacing distribution requirements with respect to periodic reports and other documents.

K.25 Limitations

The Contractor agrees that any statute of limitations applicable to any claim or suit by the Department arising from this Contract or its breach shall be controlled by applicable District of Columbia law.

K.26 Binding Effect; Assignment

The Contract shall inure to the benefit of, and be binding upon and enforceable by, the parties and their respective successors and permitted assigns. The Contractor acknowledges that, in entering into the Contract, the Department is relying on the particular qualifications of the Contractor, and the Contractor therefore shall not delegate or assign any of its duties or obligations under the Contract, except in accordance with the Contract's provisions relating to subcontracting, or pursuant to the Department's prior written consent. The Contractor shall not assign its rights under the Contract, including the right to all or a portion of its compensation, without the Department's prior written consent. Any delegation or assignment made contrary to the provisions of this Paragraph shall be null and void.

K.27 Survival

All agreements warranties, and representations of the Contractor contained in the Contract or in any certificate or document furnished pursuant to the Contract shall survive termination or expiration of the Contract.

K.28 No Waiver

If the Department waives any power, right, or remedy arising from the Contract or any applicable law, the waiver shall not be deemed to be a waiver of the power, right, or remedy on the later recurrence of any similar events. No act, delay, or course of conduct by the Department shall be deemed to constitute the Department's waiver, which may be affected only by an express written waiver signed by the Department.

K.29 Remedies Cumulative

Unless specifically provided to the contrary in the Contract, all remedies set forth in the Contract are cumulative and not exclusive of any other remedy the Department may have, including, without limitation, at law or in equity. The Department's rights and remedies will be exercised at its sole discretion, and shall not be regarded as conferring any obligation on the Department's to exercise those rights or remedies for the benefit of the Contractor or any other person or entity.

K.30 Headings/Captions

The headings or captions used in this Agreement or its table of contents are for convenience only and shall not be deemed to constitute a part of the Contract, nor shall they be used in interpreting the Contract.

K.31 Entire Agreement; Modification

The Contract supersedes all contemporaneous or prior negotiations, representations, course of dealing, or agreements, either written or oral. No modifications to the Contract shall be effective against the Department unless made in writing signed by both the Department and the Contractor, unless otherwise expressly provided to the contrary in the Contract. Notwithstanding the foregoing, nothing herein shall be construed to limit the Department's ability to unilaterally modify the Contract.

K.32 Severability

In the event any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision of this Agreement, and in lieu of each such invalid, illegal or unenforceable provision, there shall be added automatically as a part of this Agreement a provision as similar in terms to such invalid, illegal or unenforceable provision as may be possible and be valid, legal and enforceable; each part of this Agreement is intended to be severable.

K.33 Anti-Deficiency Act

The Department's obligations and responsibilities under the terms of the Contract and the Contract Documents are and shall remain subject to the provisions of (i) the federal Anti-Deficiency Act, 31 U.S.C. §§1341, 1342, 1349, 1350, 1351, (ii) the D.C. Code 47-105, (iii) the District of Columbia Anti-Deficiency Act, D.C. Code §§ 47-355.01 - 355.08, as the foregoing statutes may be amended from time to time, and (iv) Section 446 of the District of Columbia Home Rule Act. Neither the Contract nor any of the Contract Documents shall constitute an indebtedness of the Department, nor shall it constitute an obligation for which the Department is obligated to levy or pledge any form of taxation, or for which the Department has levied or pledged any form of taxation. IN ACCORDANCE WITH § 446 OF THE HOME RULE ACT, D.C. CODE § 1-204.46, NO DISTRICT OF COLUMBIA OFFICIAL IS AUTHORIZED TO OBLIGATE OR EXPEND ANY AMOUNT UNDER THE CONTRACT OR CONTRACT DOCUMENTS UNLESS SUCH AMOUNT HAS BEEN APPROVED, IS LAWFULLY AVAILABLE AND APPROPRIATED BY ACT OF CONGRESS.

K.34 Indemnification

To the fullest extent permitted by law, the Contractor shall indemnify and hold harmless the Department and Department's consultants, agents, and employees from and against claims, damages, losses and expenses, including, but not limited to, attorneys' fees arising out of or resulting from its performance of the Work.

K.35 Claims and Dispute Resolution.

All claims arising out of this Contract shall be governed by the terms of the Standard Contract Provisions, as amended.

K.36 Claims for Additional Time.

K.36.1 Time is of the essence for this Contract.

K.36.2 The Contractor shall perform the Work so that it achieves Full Completion no later than Eight (8) months from the Notice To Proceed (NTP) by the Department. Unless the failure to achieve Full Completion by the Full Completion Dates is a result of an Excusable Delay, as defined in Section K.39, the delay shall be deemed Non-Excusable and the Contractor shall not be entitled to an extension of time. Without limiting the generality of the foregoing, delays for the following reasons shall be regarded as Non-Excusable and shall not entitle the Contractor to an extension of time:

K.36.2.1 Delays due to job site labor disputes, work stoppages, or suspensions of work;

K.36.2.2 Delays due to adverse weather, unless the Contractor establishes that the adverse weather was of a nature and duration in excess of averages established by data from the U.S. Department of Commerce, National Oceanic and Atmospheric Administration for the Project locale for the ten (10) years preceding the effective date of the Contract;

K.36.3.3 Delays due to the failure of the Contractor or Subcontractors or material suppliers at any tier to perform in timely or proper fashion, without regard to concepts of negligence or fault; or

K.36.3.4 Delays due to Site conditions whether known or unknown as of the effective date of the Contract, foreseeable or unforeseeable at that time, naturally occurring or man-made; provided, however, that delays due to Differing Site Conditions, as defined in the Standard Contract Provisions, or Hazardous Materials Remediation shall be deemed an Excusable Delay.

K.37 Excusable Delay

The Contractor shall be entitled to request an adjustment in the Substantial Completion Dates due to an Excusable Delay. The term "Excusable Delay" shall mean:

K.37.1 Delays due to adverse weather other than those that are classified as a Non-Excusable delay;

K.37.2 Delays due to acts of God, war, unavoidable casualties, civil unrest, and other similar causes of delay that are beyond the control of the Contractor; provided, however, that in no event shall a Non-Excusable delay or the action of the Contractor, or any of its employees, agents, Subcontractors or material suppliers be deemed an Excusable Delay; or

K.37.3 Delays caused by Differing Site Conditions, as defined in the Standard Contract Provisions, or Hazardous Materials Remediation.

K.37.4 In addition to the forgoing, a delay shall be deemed to be an Excusable Delay only to the extent that such delay (i) warrants an extension in the Substantial or Final Completion Dates; (ii) has not been caused by the Contractor or any of its employees, agents, Subcontractors or material suppliers; (iii) is on Project's critical path; (iv) is in addition to a time contingency of twenty-one (21) calendar days that is built into the critical path; and (v) is of a duration of not less than three (3) days.

K.37.5 If the Contractor wishes to make a request for an increase in the Contract time, written notice as provided herein shall be given. The Contractor's written notice and request shall include an estimate of the cost and of the probable effect of delay on the progress of the Work. In the case of continuing delay, only one request is necessary. The information set forth in the Contractor's request, including, but not limited to any additional costs, shall be for the Department's consideration in determining whether to grant the Contractor's request for an increase in the Contract time and shall not be construed to entitle the Contractor to additional compensation or reimbursement of additional costs.

K.37.6 In no event shall the Contractor be entitled to an increase in the Lump Sum Price a result of either an Excusable or Non-Excusable Delay.

=====
Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors applies to all contracts subject to the Davis-Bacon Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is a victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

Unlisted classifications needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses (29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification

and wage rates that have been found to be prevailing for the cited type(s) of construction in the area covered by the wage determination. The classifications are listed in alphabetical order of "identifiers" that indicate whether the particular rate is a union rate (current union negotiated rate for local), a survey rate (weighted average rate) or a union average rate (weighted union average rate).

Union Rate Identifiers

A four letter classification abbreviation identifier enclosed in dotted lines beginning with characters other than "SU" or "UAVG" denotes that the union classification and rate were prevailing for that classification in the survey. Example: PLUM0198-005 07/01/2014. PLUM is an abbreviation identifier of the union which prevailed in the survey for this classification, which in this example would be Plumbers. 0198 indicates the local union number or district council number where applicable, i.e., Plumbers Local 0198. The next number, 005 in the example, is an internal number used in processing the wage determination. 07/01/2014 is the effective date of the most current negotiated rate, which in this example is July 1, 2014.

Union prevailing wage rates are updated to reflect all rate changes in the collective bargaining agreement (CBA) governing this classification and rate.

Survey Rate Identifiers

Classifications listed under the "SU" identifier indicate that no one rate prevailed for this classification in the survey and the published rate is derived by computing a weighted average rate based on all the rates reported in the survey for that classification. As this weighted average rate includes all rates reported in the survey, it may include both union and non-union rates. Example: SULA2012-007 5/13/2014. SU indicates the rates are survey rates based on a weighted average calculation of rates and are not majority rates. LA indicates the State of Louisiana. 2012 is the year of survey on which these classifications and rates are based. The next number, 007 in the example, is an internal number used in producing the wage determination. 5/13/2014 indicates the survey completion date for the classifications and rates under that identifier.

Survey wage rates are not updated and remain in effect until a new survey is conducted.

Union Average Rate Identifiers

Classification(s) listed under the UAVG identifier indicate that no single majority rate prevailed for those classifications; however, 100% of the data reported for the classifications was union data. EXAMPLE: UAVG-OH-0010 08/29/2014. UAVG indicates that the rate is a weighted union average rate. OH indicates the state. The next number, 0010 in the example, is an internal number used in producing the wage determination. 08/29/2014 indicates the survey completion date for the classifications and rates under that identifier.

A UAVG rate will be updated once a year, usually in January of each year, to reflect a weighted average of the current negotiated/CBA rate of the union locals from which the rate is based.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material, etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

District of Columbia Department of General Services Standard Contract Provisions

GENERAL PROVISIONS (Construction Contract)

ARTICLE 1. DEFINITIONS

- A. "Government" as used herein means the District of Columbia Department of General Services, (DGS) that is a party to a contract.
- B. "Executive" as used herein means the elected head of the Government as set forth in [Public Law 93-198 dated December 24, 1973, Title 4, Part B, Section 422(1)] (Or relevant local law).
- C. "Contracting Officer" as used herein means the Government official authorized to execute and administrate the Contract on behalf of the Government. Within DGS, the Director is the Chief Contracting Officer. The Director may make delegations of procurement authority to additional contracting officers within DGS.
- D. "Contract Documents" or "Contract" as used herein means Addenda, Contract Form, Standard Contract Provisions, Instructions to Bidders, General Provisions, Labor Provisions, Performance and Payment Bonds, Specifications, Special Provisions, Contract Drawings, approved written Change Orders and Agreements required to acceptably complete the Contract, including authorized extensions thereof.

ARTICLE 2. SPECIFICATIONS AND DRAWINGS—The Contractor shall keep on the work site a copy of Contract drawings and specifications and shall at all times give the Contracting Officer access thereto. Anything mentioned in the specifications and not shown on the Contract drawings, or shown on the Contract drawings and not mentioned in the specifications, shall be of like effect as if shown or mentioned in both.

There shall be no change orders or equitable adjustments for work related to items appearing in either the Contract drawing or specifications.

All Contract requirements are equally binding. Each Contract requirement, whether or not omitted elsewhere in the Contract, is binding as though occurring in any or all parts of the Contract. In case of discrepancy:

1. The Contracting Officer shall be promptly notified in writing of any error, discrepancy or omission, apparent or otherwise.
2. Applicable Federal, State, and Municipal Code requirements have priority over: the Contract form, General Provisions, Change Orders, Addenda, Contract drawings, Special Provisions and Specifications.
3. The Contract form, Standard Contract Provisions, General Provisions and Labor Provisions have priority over: Change Orders, Addenda, Contract drawings, Special Provisions and Specifications.
4. Change Orders have priority over: Addenda, Contract drawings and Specifications.
5. Addenda have priority over: Contract drawings, Special Provisions and Specifications. A later dated Addendum has priority over earlier dated Addenda.
6. Special Provisions have priority over: Contract drawings and other specifications.

7. Shown and indicated dimensions have priority over scaled dimensions.
8. Original scale drawings and details have priority over any other different scale drawings and details.
9. Large scale drawings and details have priority over small scale drawings and details.
10. Any adjustment by the Contractor without a prior determination by the Contracting Officer shall be at his own risk and expense. The Contracting Officer will furnish from time to time such detail drawings and other information as he may consider necessary, unless otherwise provided.

ARTICLE 3. CHANGES

- A. DESIGNATED CHANGE ORDERS**—The Contracting Officer may, at any time, without notice to the sureties, by written order designated or indicated to be a change order, make any change in the work within the general scope of the Contract, including but not limited to changes
1. In the Contract drawings and specifications;
 2. In the method or manner of performance of the work;
 3. In the Government furnished facilities, equipment, materials or services; or
 4. Directing acceleration in the performance of the work.

Nothing provided in this Article shall excuse the Contractor from proceeding with the prosecution of the work so changed.

- B. OTHER CHANGE ORDERS**—Any other written order or an oral order (which term as used in this Section (B) shall include direction, instruction, interpretation, or determination) from the Contracting Officer which causes any such change, shall be treated as a Change Order under this Article, provided that the Contractor gives the Contracting Officer written notice stating the date, circumstances and sources of the order and that the Contractor regards the order as a Change Order.
- C. GENERAL REQUIREMENTS**—Except as herein provided, no order, statement or conduct of the Contracting Officer shall be treated as a change under this Article or entitle the Contractor to an equitable adjustment hereunder. If any change under this Article causes an increase or decrease in the Contractor's cost of, or the time required for, the performance of any part of the work under this Contract whether or not changed by any order, an equitable adjustment shall be made and the Contract modified in writing accordingly; provided, however, that except for claims based on defective specifications, no claim for any change under (B) above shall be allowed for any cost incurred more than 20 days before the Contractor gives written notice as therein required unless this 20 days is extended by the Contracting Officer and provided further, that in case of defective drawings and specifications, the equitable adjustment shall include any increased cost reasonably incurred by the Contractor in attempting to comply with such defective drawings and specifications.

If the Contractor intends to assert a claim for an equitable adjustment under this Article, he must, within 30 days after receipt of a written Change Order under (A) above or the furnishing of a written notice under (B) above, submit to the Contracting Officer a written statement setting forth the general nature and monetary extent of such claim, unless this period is extended by the Contracting Officer. The statement of claim hereunder may be included in the notice under (B) above.

With respect to the notification requirements hereunder, time is of the essence. A failure to provide timely notice constitutes waiver of the claim. No claim by the Contractor for an equitable adjustment hereunder shall be allowed if asserted after final payment under the Contract.

D. CHANGE ORDER BREAKDOWN—Contract prices shall be used for Change Order work where work is of similar nature; no other costs, overhead or profit will be allowed.

Where Contract prices are not appropriate and the nature of the change is known in advance of construction, the parties shall attempt to agree on a fully justifiable price adjustment and/or adjustment of completion time.

When Contract prices are not appropriate, or the parties fail to agree on equitable adjustment, or in processing claims, equitable adjustment for Change Order work shall be per this Article and Article 4 and shall be based upon the breakdown shown in following subsections 1. through 7. The Contractor shall assemble a complete cost breakdown that lists and substantiates each item of work and each item of cost.

1. **Labor**—Payment will be made for direct labor cost plus indirect labor cost such as insurance, taxes, fringe benefits and welfare provided such costs are considered reasonable. Indirect costs shall be itemized and verified by receipted invoices. If verification is not possible, up to 18 percent of direct labor costs may be allowed. In addition, up to 20 percent of direct plus indirect labor costs may be allowed for overhead and profit.
2. **Bond**—Payment for additional bond cost will be made per bond rate schedule submitted to the Office of Contracting and Procurement with the executed Contract.
3. **Materials**—Payment for cost of required materials will be F.O.B. destination (the job site) with an allowance for overhead and profit.
4. **Rented Equipment**—Payment for required equipment rented from an outside company that is neither an affiliate of, nor a subsidiary of, the Contractor will be based on receipted invoices which shall not exceed rates given in the current edition of the Rental Rate Blue Book for Construction Equipment published by Data Quest. If actual rental rates exceed manual rates, written justification shall be furnished to the Contracting Officer for consideration. No additional allowance will be made for overhead and profit. The Contractor shall submit written certification to the Contracting Officer that any required rented equipment is neither owned by nor rented from the Contractor or an affiliate of or subsidiary of the Contractor.
5. **Contractor's Equipment**— Payment for required equipment owned by the Contractor or an affiliate of the Contractor will be based solely on an hourly rate derived by dividing the current appropriate monthly rate by 176 hours. No payment will be made under any circumstances for repair costs, freight and transportation charges, fuel, lubricants, insurance, any other costs and expenses, or overhead and profit. Payment for such equipment made idle by delays attributable to the Government will be based on one-half the derived hourly rate under this subsection.
6. **Miscellaneous**—No additional allowance will be made for general superintendence, use of small tools and other costs for which no specific allowance is herein provided.

7. **Subcontract Work**—Payment for additional necessary subcontract work will be based on applicable procedures in 1. through 6., to which total additional subcontract work up to an additional 10 percent may be allowed for the Contractor's overhead and profit.

E. CHANGES BEYOND THE ORIGINAL SCOPE OF WORK

1. The Government or a prime contractor shall be prohibited from requiring a prime contractor or a subcontractor to undertake any work that is determined to be beyond the original scope of the prime contractor's or a subcontractor's Contract or subcontract, including work under a Government-issued change order, when the additional work increases the contract price beyond the not-to-exceed price or negotiated maximum price of the underlying contract, unless the contracting officer:

- (a) Agrees with the prime contractor and, if applicable, the subcontractor on a price for the additional work;
- (b) Obtains a certification from the Chief Financial Officer that there are sufficient funds to compensate the prime contractor and, if applicable, the subcontractor for the additional work;
- (c) Has made a written, binding commitment with the prime contractor to pay for the additional work within 30 days after the prime contractor submits a proper invoice for the additional work to the contracting officer; and
- (d) Gives written notice of the funding certification from the Chief Financial Officer to the prime contractor;

2. A prime contractor shall include in all its subcontracts a clause that requires the prime contractor to:

- (a) Within 5 business days of receipt of the notice required under subparagraph (1)(d) of this paragraph, provide the subcontractor with notice of the approved amount to be paid to the subcontractor based on the portion of the additional work to be completed by the subcontractor;
- (b) Pay the subcontractor any undisputed amount to which the subcontractor is entitled for any additional work within 10 days of receipt of payment for the additional work from the Government; and
- (c) If the prime contractor withholds payment from a subcontractor, notify the subcontractor in writing and state the reason why payment is being withheld and provide a copy of the notice to the contracting officer; and

3. The Government, a prime contractor, or a subcontractor shall be prohibited from declaring another party to the contract to be in default or assessing, claiming, or pursuing damages for delays in the completion of the construction due to the inability of the parties to agree on a price for the additional work.

ARTICLE 4. EQUITABLE ADJUSTMENT OF CONTRACT TERMS

The Contractor is entitled to an equitable adjustment of the contract terms whenever the following situations develop:

A. DIFFERING SITE CONDITIONS:

1. During the progress of the work, if subsurface or latent physical conditions are encountered at the site differing materially from those indicated in the contract or if unknown physical conditions of an unusual nature, differing materially from those ordinarily encountered and generally recognized as inherent in the work provided for in the contract, are encountered at the site, the Contractor, upon discovering such conditions, shall promptly notify the Contracting Officer in writing of the specific differing conditions before they are disturbed and before the affected work is performed.

2. Upon written notification, the Contracting Officer will investigate the conditions, and if he/she determines that the conditions materially differ and cause an increase or decrease in the cost or time required for the performance of any work under the contract, an adjustment, excluding loss of anticipated profits, will be made and the contract modified in writing accordingly. The Contracting Officer will notify the Contractor of his/her determination whether or not an adjustment of the contract is warranted.
3. No contract adjustment which results in a benefit to the Contractor will be allowed unless the Contractor has provided the required written notice; a failure to notify the Contracting Officer of the changed conditions prior to work being disturbed by said conditions shall constitute a permanent waiver of all right to compensation related to the changed conditions by the Contractor.
4. No contract adjustment will be allowed under this clause for any effects caused on unchanged work.

B. SUSPENSION OF WORK ORDERED BY THE CONTRACTING OFFICER:

1. If the performance of all or any portion of the work is suspended or delayed by the Contracting Officer in writing for an unreasonable period of time (not originally anticipated, customary, or inherent to the construction industry) and the Contractor believes that additional compensation and/or contract time is due as a result of such suspension or delay, the Contractor shall submit to the Contracting Officer in writing a request for equitable adjustment within seven (7) calendar days of receipt of the notice to resume work. The request shall set forth the reasons and support for such adjustment.
2. Upon receipt, the Contracting Officer will evaluate the Contractor's request. If the Contracting Officer agrees that the cost and/or time required for the performance of the contract has increased as a result of such suspension and the suspension was caused by conditions beyond the control or and not the fault of the contractor, its suppliers, or subcontractors at any approved tier, and not caused by weather, the Contracting Officer will make an adjustment (excluding profit) and modify the contract in writing accordingly. The Contracting Officer will notify the Contract of his/her determination whether or not an adjustment of the contract is warranted.
3. No contract adjustment will be allowed unless the Contractor has submitted the request for adjustment within the time prescribed; a failure to submit a request for adjustment in the time prescribed shall constitute waiver of all right to compensation related to the suspension of work by the Contractor.
4. No contract adjustment will be allowed under this clause to the extent that performance would have been suspended or delayed by any other cause, or for which an adjustment is provided for or excluded under any other term of condition of this contract.

C. SIGNIFICANT CHANGES IN THE CHARACTER OF WORK:

1. The Contracting Officer reserves the right to make, in writing, at any time during the work, such changes in quantities and such alterations in the work as are necessary to satisfactorily complete the project. Such changes in quantities and alterations shall not invalidate the contract nor release the surety, and the Contractor agrees to perform the work as altered.
2. If the alterations or changes in quantities significantly change the character of the work under the contract, whether or not changed by any such different quantities or alterations, an adjustment, excluding loss of anticipated profits, will be made to the contract. The basis for the adjustment shall be agreed upon prior to the performance of the work. If a basis cannot

be agreed upon, then an adjustment will be made either for or against the Contractor in such amount as the Contracting Officer may determine to be fair and reasonable.

3. If the alterations or changes in quantities significantly change the character of the work to be performed under the contract, the altered work will be paid for as provided elsewhere in the contract.
4. The term "significant change" shall be construed to apply only to the following circumstances:
 - a. When the character of the work as altered differs materially in kind or nature from that involved or included in the original proposed construction; or
 - b. When an item of work is increased in excess of 125 percent or decreased below 75 percent of the original contract quantity. Any allowance for an increase in quantity shall apply only to that portion in excess of 125 percent of original contract item quantity, or in the case of a decrease below 75 percent, to the actual amount of work performed.

ARTICLE 5. TERMINATION

TERMINATION GENERALLY-Termination, whether for default or convenience, is not a Government claim. The Contracting Officer may terminate a contract for default, in whole or in part, if the termination is in the best interests of the Government, and the Contractor does any of the following:

- (a) Fails to deliver the goods or complete the work or services within the time specified in the contract or any modification;
- (b) Fails to make sufficient progress on contract performance so as to endanger performance of the contract within the time specified or in the manner specified in the contract;
- (c) Fails or refuses to go forward with the work in accordance with the direction of the Contracting Officer;
- (d) Expresses through word or conduct an intention not to complete the work in accordance with the directions of the Contracting Officer;
- (e) Fails to perform any of the other provisions of the contract;
- (f) Materially deviates from the representations and capabilities set forth in the Contractor's response to the solicitation.

A termination for default is a final decision of a Contracting Officer. In order to contest a termination for default, the Contractor must submit a certified request to convert the termination for default to a termination for convenience with all documents supporting such conversion and comply with all contract provisions and laws relating to terminations for convenience, including the submission of a certified termination for convenience settlement proposal. The submission of the certified request for conversion to a termination for convenience and certified termination settlement proposal to the Contracting Officer must occur prior to 90 days from the date of the Contracting Officer's final decision.

DELAYS—If the Contractor refuses or fails to prosecute the work, or any separable part thereof, with such diligence as will insure its completion within the time specified in the Contract, or any extension thereof, or fails to complete said work within specified time, the Government may, by written notice to the Contractor, terminate his right to proceed with the work or such part of the work involving the delay. In such event the Government may take over the work and prosecute the same to completion, by contract or otherwise, and may take possession of and utilize in completing the work such materials, appliances, and plant as may have been paid for by the Government or may be on the site of the work and necessary therefore. Whether or not the Contractor's right to proceed with the work is terminated, he and his sureties shall be liable for any liability to the Government resulting from his refusal or failure to complete the work within the specified time.

If fixed and agreed liquidated damages are provided in the Contract and if the Government does not so terminate the Contractor's right to proceed, the resulting damage will consist of such liquidated damages until the work is completed and accepted.

The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:

1. The delay in the completion the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to acts of God, acts of the public enemy, acts of the Government in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the Government, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, climatic conditions beyond the normal which could be anticipated, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers (the term subcontractors or suppliers shall mean subcontractors or suppliers at any tier); and
2. The Contractor, within 72 hours from the beginning of any such delay, (unless the Contracting Officer grants a further period of time before the date of final payment under the Contract) notifies the Contracting Officer in writing of the causes of delay.

The Contracting Officer shall ascertain the facts and the extent of the delay and extend the time for completing the work when, in his judgment, the findings of fact justify such an extension, and his findings of fact shall be final and conclusive on the parties, subject only to appeal as provided in Article 7 herein.

If, after notice of termination of the Contractor's right to proceed under the provisions of this Article, it is determined for any reason that the Contractor was not in default under the provisions of this Article, or that the delay was excusable under the provisions of this Article, the rights and obligations of the parties shall be in accordance with Article 6 herein. Failure to agree to any such adjustment shall be a dispute concerning a question of fact within the meaning of Article 7 herein.

The rights and remedies of the Government provided in this Article are in addition to any other rights and remedies provided by law or under the Contract.

The Government may, by written notice, terminate the Contract or a portion thereof as a result of an Executive Order of the President of the United States with respect to the prosecution of war or in the interest of national defense. When the Contract is so terminated, no claim for loss of anticipated profits will be permitted.

ARTICLE 6. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT

- A. The performance of work under the Contract may be terminated by the Government in accordance with this Article in whole, or in part, whenever the Contracting Officer shall determine that such termination is in the best interest of the Government. Any such termination shall be effected by delivery to the Contractor of a Notice of Termination specifying the extent to which performance of work under the Contract is terminated, and the date upon which such termination becomes effective.
- B. After receipt of a Notice of Termination, and except as otherwise directed by the Contracting Officer, the Contractor shall:
 1. Stop work under the Contract on the date and to the extent specified in the Notice of Termination.

2. Place no further orders or subcontracts for materials, services, or facilities except as may be necessary for completion of such portion of the work under the Contract as is not terminated.
3. Terminate all orders and subcontracts to the extent that they relate to the performance of work terminated by the Notice of Termination.
4. Assign to the Government, in the manner, at the times, and to the extent directed by the Contracting Officer, all of the right, title and interest of the Contractor under the orders and subcontracts so terminated, in which case the Government shall have the right, in its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts.
5. Settle all outstanding liabilities and all claims arising out of such termination of orders or subcontracts, with the approval or ratification of the Contracting Officer to the extent he may require, which approval or ratification shall be final for all purposes of this Article.
6. Transfer title to the Government and deliver in the manner, at the times, and to the extent, if any, directed by the Contracting Officer
 - a. The fabricated or unfabricated parts, work in progress, completed work, supplies, and other material procured as a part of, or acquired in connection with, the performance of the work terminated by the Notice of Termination, and
 - b. The completed, or partially completed plans, drawings information and other property which, if the Contract had been completed, would have been required to be furnished to the Government.
7. Use his best efforts to sell, in the manner, at the terms, to the extent, and at the price or prices directed or authorized by the Contracting Officer, any property of the types referred to in 6 above provided, however, that the Contractor:
 - a. Shall not be required to extend credit to any purchaser, and
 - b. May acquire any property under the conditions prescribed and at a price or prices approved by the Contracting Officer, and
 - c. Provided further, that the proceeds of any such transfer or disposition shall be applied in reduction of any payments to be made by the Government to the Contractor under the Contract or shall otherwise be credited to the price or cost of the work covered by the Contract or paid in such other manner as the Contracting Officer may direct.
8. Complete performance of such part of the work as shall not have been terminated by the Notice of Termination.
9. Take such action as may be necessary, or as the Contracting Officer may direct, for the protection and preservation of the property related to the Contract which is in the possession of the Contractor and in which the Government has or may acquire an interest.
10. The Contractor shall proceed immediately with the performance of the above obligations notwithstanding any delay in determining or adjusting the cost, or any item of reimbursable cost, under this Article.
11. "Plant clearance period" means, for each particular property classification (such as

raw materials, purchased parts and work in progress) at any one plant or location, a period beginning with the effective date of the termination for convenience and ending 90 days after receipt by the Contracting Officer of acceptable inventory schedules covering all items of that particular property classification in the termination inventory at that plant or location, or ending on such later date as may be agreed to by the Contracting Officer and the Contractor. Final phase of a plant clearance period means that part of a plant clearance period which occurs after the receipt of acceptable inventory schedules covering all items of the particular property classification at the plant or location.

At any time after expiration of the plant clearance period, as defined above, the Contractor may submit to the Contracting Officer a list, certified as to quantity and quality, of any or all items of termination inventory not previously disposed of, exclusive of items the disposition of which has been directed or authorized by the Contracting Officer, and may request the Government to remove such items or enter into a storage agreement covering them. Not later than 15 days thereafter, the Government will accept title to such items and remove them or enter into a storage agreement covering the same; provided, that the list submitted shall be subject to verification by the Contracting Officer upon removal of the items or, if the items are stored, within 45 days from the date of submission of the list, and any necessary adjustments to correct the list as submitted, shall be made prior to final settlement.

- C. After receipt of a Notice of Termination, the Contractor shall submit to the Contracting Officer his termination claim, in the form with the certification prescribed by the Contracting Officer. Such claim shall be submitted promptly but in no event later than 90 days from the effective date of termination, unless one or more extensions in writing are granted by the Contracting Officer upon request of the Contractor made in writing within such 90 day period or authorized extension thereof. In the event the Contractor was terminated for default and it asserts that it is entitled to a termination for convenience, its certified request for the conversion of the default termination to one for convenience and its certified termination settlement proposal must be submitted to the Contracting Officer prior to the expiration of 90 days from the date of the default termination. With respect to a termination for convenience, if the Contracting Officer determines that the facts justify such action, he may receive and act upon any such termination claim at any time after such 90 day period or extension thereof. Nothing herein shall be construed to extend the time for the submission of a claim hereunder for a defaulted Contractor beyond 90 days from the date of the default termination. Upon failure of the Contractor to submit his termination claim within the time allowed, the Contracting Officer may, subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him, the amount, if any, due to the Contractor by reason of the termination and shall thereupon pay to the Contractor the amount so determined.
- D. Subject to the provisions of C above, and subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, the Contractor and Contracting Officer may agree upon the whole or any part of the amount or amounts to be paid to the Contractor by reason of the total or partial termination of work pursuant to this Article, which amount or amounts may include a reasonable allowance for profit on work done; provided, that such agreed amount or amounts, exclusive of settlement costs, shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further reduced by the Contract price of work not terminated. The Contract shall be amended accordingly, and the Contractor shall be paid the agreed amount. Nothing in E below prescribing the amount to be paid to the Contractor in the event of failure of the Contractor and the Contracting Officer to agree upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this Article, shall be deemed to limit, restrict or otherwise determine or effect the amount or amounts which may be agreed upon to be paid to the Contractor pursuant to this paragraph.

- E.** In the event of the failure of the Contractor and the Contracting Officer to agree as provided in D above upon the whole amount to be paid to the Contractor by reason of the termination of work pursuant to this Article, the Contracting Officer shall, subject to any review required by the Government's procedures in effect as of the date of execution of the Contract, determine, on the basis of information available to him, the amount, if any, due the Contractor by reason of the termination and shall pay to the Contractor the amounts determined by the Contracting Officer, as follows, but without duplication of any amounts agreed upon in accordance with D above:
1. With respect to all Contract work performed prior to the effective date of the Notice of Termination, the total (without duplication of any items) of:
 - a. The cost of such work;
 - b. The cost of settling and paying claims arising out of the termination of work under subcontracts or orders as provided in B 5. above, exclusive of the amounts paid or payable on account of supplies or materials delivered or services furnished by the subcontractor prior to the effective date of the Notice of Termination of work under the Contract, which amounts shall be included in the cost on account of which payment is made under E1.a. above; and
 - c. A sum, as profit on E.1.a. above, determined by the Contracting Officer to be fair and reasonable; provided however, that if it appears that the Contractor would have sustained a loss on the entire Contract had it been completed, no profit shall be included or allowed under this subparagraph and an appropriate adjustment shall be made reducing the amount of the settlement to reflect the indicated rate of loss; and provided further that profit shall be allowed only on preparations made and work done by the Contractor for the terminated portion of the Contract but may not be allowed on the Contractor's settlement expenses. Anticipatory profits and consequential damages will not be allowed. Any reasonable method may be used to arrive at a fair profit, separately or as part of the whole settlement.
 2. The reasonable cost of the preservation and protection of property incurred pursuant to B.9; and any other reasonable cost incidental to termination of work under the Contract including expense incidental to the determination of the amount due to the Contractor as the result of the termination of work under the Contract.
- F.** The total sum to be paid to me Contractor under E.1. above shall not exceed the total Contract price as reduced by the amount of payments otherwise made and as further reduced by the Contract price of work not terminated. Except for normal spoilage, and except to the extent that the Government shall have otherwise expressly assumed the risk of loss, there shall be excluded from the amounts payable to the Contractor under E.1. above, the fair value, as determined by the Contracting Officer, of property which is destroyed, lost, stolen or damaged so as to become undeliverable to the Government, or to a buyer pursuant to B.7 above.
- G.** The Contractor shall have the right of appeal, under Article 7 herein, from any determination made by the Contracting Officer under C. or E. above, except that, if the Contractor has failed to submit his claim within the time provided in C above and has failed to request extension of such time, he shall have no such right of appeal. In any case where the Contracting Officer has made a determination of the amount due under C. or E. above, the Government shall pay to the Contractor the following:

1. If there is no right of appeal hereunder or if no timely appeal has been taken, the amount so determined by the Contracting Officer, or
 2. If an appeal had been taken, the amount finally determined on such appeal.
- H. In arriving at the amount due the Contractor under this Article there shall be deducted:
1. all unliquidated advance or other payments on account theretofore made to the Contractor, applicable to the terminated portion of the Contract;
 2. any claim which the Government may have against the Contractor in connection with the Contract; and
 3. the agreed price for, or the proceeds of sale of, any materials, supplies or other things kept by the Contractor or sold, pursuant to the provisions of this Article and not otherwise recovered by or credited to the Government.
- I. If the termination hereunder be partial, prior to the settlement of the terminated portion of the Contract, the Contractor may file with the Contracting Officer a request in writing for an equitable adjustment of the price or prices specified in the Contract relating to the continued portion of the Contract (the portion not terminated by the Notice of Termination), and such equitable adjustment as may be agreed upon shall be made at such price or prices; however, nothing contained herein shall limit the right of the Government and the Contractor to agree upon the amount or amounts to be paid to the Contractor for the completion of the continued portion of the Contract when said Contract does not contain an established Contract price for such continued portion.
- J. The Government may from time to time, under such terms and conditions as it may prescribe, make partial payments against costs incurred by the Contractor in connection with the terminated portion of the Contract whenever in the opinion of the Contracting Officer the aggregate of such payments shall be within the amount to which the Contractor will be entitled hereunder. If the total of such payments is in excess of the amount finally agreed or determined to be due under this Article, such excess shall be payable by the Contractor to the Government upon demand, together with interest computed at the rate of 6 percent per annum for the period from the date such excess is received by the Contractor to the date on which such excess is repaid to the Government; provided however, that no interest shall be charged with respect to any such excess payment attributable to a reduction in the Contractor's claim by reason of retention or other disposition of termination inventory until ten days after the date of such retention or disposition, or such later date as determined by the Contracting Officer by reason of the circumstances.
- K. Unless otherwise provided in the Contract or by applicable statute, the Contractor, from the effective date of termination and for a period of three years after final settlement under the Contract, shall preserve and make available to the Government at all reasonable times at the office of the Contractor, but without direct charge to the Government, all his books, records, documents and other evidence bearing on the costs and expenses of the Contractor under the Contract and relating to the work terminated hereunder, or, to the extent approved by the Contracting Officer, photographs and other authentic reproductions thereof.

ARTICLE 7. DISPUTES

A. All disputes arising under or relating to this contract shall be resolved as provided herein.

B. Claims by a Contractor against the Government.

(1) Claim, as used in Section B of this clause, means a written assertion by the Contractor seeking, as a matter of right, the payment of money in a sum certain, the adjustment or interpretation of contract

terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant.

- (a) All claims by a Contractor against the Government arising under or relating to a contract shall be in writing and shall be submitted to the Contracting Officer for a decision.
- (b) Within 120 days after receipt of a claim, the Contracting Officer shall issue a decision, whenever possible taking into account factors such as the size and complexity of the claim and the adequacy of the information in support of the claim provided by the Contractor.
- (c) Any failure by the Contracting Officer to issue a decision on a contract claim within the required time period shall be deemed to be a denial of the claim and shall authorize the commencement of an appeal on the claim as otherwise provided.
- (d) (1) If a Contractor is unable to support any part of his or her claim and it is determined that the inability is attributable to a material misrepresentation of fact or fraud on the part of the Contractor, the Contractor shall be liable to the Government for an amount equal to the unsupported part of the claim in addition to all costs to the Government attributable to the cost of reviewing that part of the Contractor's claim.
(2) Liability under this section shall be determined within 6 years of the commission of the misrepresentation of fact or fraud.
- (e) All cost data, pricing data, and task data of claims hereunder must be certified as accurate, complete, required, and necessary to the best of the Contractor's knowledge and belief. Further, all task or work data in the claim must be described therein to the smallest unit of work or task. The Contracting Officer may require any additional certifications, descriptions or explanations of the claim.
- (f) The parties agree that time is of the essence and all claims hereunder must be presented to the Contracting Officer for a final decision within thirty (30) days of the occurrence of the circumstances giving rise to such claim or within thirty (30) days of when the Contractor knew or should have known of the circumstances giving rise to such claim, otherwise compensation for that claim is waived.
- (g) The parties agree that there shall be no claims for unabsorbed home office overhead.

(2) The Contractor's claim shall contain at least the following:

- (a) A description of the claim and the amount in dispute;
- (b) Any data or other information in support of the claim;
- (c) A brief description of the Contractor's efforts to resolve the dispute prior to filing the claim; and
- (d) The Contractor's request for relief or other action by the Contracting Officer.
- (e) The certification of the accuracy, completeness, requirement, and necessity of all aspects of the claim.

(3) The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor.

(4) Pending final decision of an appeal, action, or final settlement, a Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

C. Claims by the Government against a Contractor

(a) Claim as used in Section C of this clause, means a written demand or written assertion by the Government, including the Contracting Officer, seeking, as a matter of right, the payment of money in a sum certain, the adjustment of contract terms, or other relief arising under or relating to this contract. A claim arising under a contract, unlike a claim relating to that contract, is a claim that can be resolved under a contract clause that provides for the relief sought by the claimant. Nothing herein shall be construed to require the Government to notify the Contractor prior to the issuance of the Contracting Officer's final decision.

(b) (1) All claims by the Government against a Contractor arising under or relating to a contract shall be decided by the Contracting Officer, who shall issue a decision in writing and furnish a copy of the decision to the Contractor.

(2) The decision shall be supported by reasons and shall inform the Contractor of his or her rights. Specific findings of fact shall not be required.

(3) This clause shall not authorize the Contracting Officer to settle, compromise, pay, or otherwise adjust any claim involving fraud.

(4) The decision of the Contracting Officer shall be final and not subject to review unless an administrative appeal or action for judicial review is timely commenced by the Contractor.

(5) Pending final decision of an appeal, action, or final settlement, the Contractor shall proceed diligently with performance of the contract in accordance with the decision of the Contracting Officer.

ARTICLE 8. PAYMENTS TO CONTRACTOR—Unless otherwise provided in the Contract, the Government will pay the contract price or prices as hereinafter provided in accordance with Government regulations.

The Government will make progress payments monthly as the work proceeds, or at more frequent intervals as determined by the Contracting Officer, on estimates approved by the Contracting Officer. The Contractor shall furnish a breakdown of the total Contract price showing the amount included therein for each principal category of the work, in such detail as requested, to provide a basis for determining progress payments. In the preparation of estimates the Contracting Officer, at his discretion, may authorize material delivered on the site and preparatory work done to be taken into consideration. Material delivered to the Contractor at locations other than the site may also be taken into consideration:

1. If such consideration is specifically authorized by the Contract;
2. If the Contractor furnishes satisfactory evidence that he has acquired title to such material, that it meets Contract requirements and that it will be utilized on the work covered by the Contract; and
3. If the Contractor furnishes to the Contracting Officer an itemized list.

The Contracting Officer at his/her discretion shall cause to be withheld retention in an amount sufficient to protect the interest of the Government. Unless otherwise agreed, the amount shall not exceed ten percent (10%) of the partial payment. However, if the Contracting Officer, at any time after 50 percent of the work has been completed, finds that satisfactory progress is being made, he may authorize any of the remaining progress payments to be made in full or may retain from such remaining partial payments less than 10 percent thereof. Also, whenever work is substantially complete, the Contracting Officer, if he considers the amount retained to be in excess of the amount adequate for the protection of the Government, at his discretion, may release to the Contractor all or a portion of such excess amount. Furthermore, on completion and acceptance of each separate building, public work, or other division of the Contract, on which the price is stated separately in the Contract, payment may be made therefore without retention of a percentage, less authorized deductions.

All material and work covered by progress payments made shall thereupon become the sole property of the Government, but this provision shall not be construed as relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work, or as waiving the right of the Government to require the fulfillment of all of the terms of the Contract.

Upon completion and acceptance of all work, the amount due the Contractor under the Contract shall be paid upon presentation at a properly executed voucher and after the Contractor shall have furnished the Government with a release, if required, of all claims against the Government arising by virtue of the Contract, other than claims in stated amounts as may be specifically excepted by the Contractor from the operation of the release.

ARTICLE 9. TRANSFER OR ASSIGNMENT—Unless otherwise provided by law, neither the Contract nor any interest therein may be transferred or assigned by the Contractor to any other party without the written consent of the Contracting Officer nor without the written acceptance by the surety on the performance and payment bond securing the Contract of the assignee as the Contractor and the principal on such bond; and any attempted transfer or assignment not authorized by this Article shall constitute a breach of the Contract and the Government may for such cause terminate the right of the Contractor to proceed in the same manner as provided in Article 5 herein, and the Contractor and his sureties shall be liable to the Government for any excess cost occasioned the Government thereby.

ARTICLE 10. MATERIAL AND WORKMANSHIP

- A. GENERAL**—Unless otherwise specifically provided in the Contract, all equipment, material and articles incorporated in the work covered by the Contract shall be new and of the most suitable grade for the purpose intended. Unless otherwise specifically provided in the Contract, reference to any equipment, material, article or patented process, by trade name, make or catalog number, shall be regarded as establishing a standard of quality and shall not be construed as limiting competition., and the Contractor may use any equipment, material, article or process which, in the judgment of the Contracting Officer, is equivalent to that named unless otherwise specified. The Contractor shall furnish to the Contracting Officer for his approval the name of the manufacturer, the model number, and other identifying data and information respecting the performance, capacity, nature and rating of the mechanical and other equipment which the Contractor contemplates incorporating in the work. Machinery and equipment shall be in proper condition. When required by the Contract or when called for by the Contracting Officer, the Contractor shall furnish to the Contracting Officer for approval full information concerning the material or articles which he contemplates incorporating in the work. When so directed, samples shall be submitted for approval at the Contractor's expense, with all shipping charges prepaid. Machinery, equipment, material, and articles installed or used without required approval shall be at the risk of subsequent rejection and subject to satisfactory replacement at Contractor's expense.
- B. SURPLUS MATERIALS USE**—Whenever specified in the Contract or authorized by the Contracting Officer that materials become the property of the Contractor, which by reference or otherwise shall include disposal of materials, it is understood that the Contractor accepts such materials "as is" with no further expense or liability to the Government. If such material specified in the Contract will have a potential or real interest of value, the Contractor shall make allowance in the Contract to show such value.
- C. GOVERNMENT MATERIAL**—No materials furnished by the Government shall be applied to any other use, public or private, than that for which they are issued to the Contractor. The full amount of the cost to the Government of all materials furnished by the Government to the Contractor and for which no charge is made, which are not accounted for by the Contractor to the satisfaction of the Contracting Officer, will be charged against the Contractor and his sureties and may be deducted from any monies due the Contractor, and this charge shall be in addition to and not in lieu of any other liabilities of the Contractor whether civil or criminal. Materials furnished by the Government for which a charge is made at a rate mentioned in the specifications will be delivered to the Contractor upon proper requisitions therefore and will be charged to his account.
- D. Plant** —The Contractor shall at all times employ sufficient tools and equipment for prosecuting the various classes of work to full completion in the manner and time required. The Contractor shall at all times perform work in sufficient light and shall provide proper illumination, including lighting required for night work as directed, as a Contract requirement. All equipment, tools, formwork and staging used on the project shall be of sufficient size and in proper mechanical and safe condition to meet work requirements, to produce satisfactory work quality and to prevent injury to persons, the project or adjacent property. When methods and equipment are not prescribed in the Contract, the Contractor is free to use tools, methods and equipment that he satisfactorily demonstrates will accomplish the work in conformity with Contract requirements.

If the Contractor desires to use a method or type of tool or equipment other than specified in the Contract, he shall request approval to do so; the request shall be in writing and shall include a full description of proposed methods, tools and equipment and reason for the change or substitution. Approval of substitutions and changed methods will be on condition that the Contractor will be fully responsible for producing work meeting Contract requirements. If after trial use of the substituted methods, tools and equipment, the Contracting Officer determines that work produced

does not meet Contract requirements, the Contractor shall complete remaining work with specified methods, tools and equipment.

- E. CAPABILITY OF WORKERS-** All work under the Contract shall be performed in a skillful and workmanlike manner. The Contracting Officer may require the Contractor to remove from the work any such employees as the Contracting Officer deems incompetent, careless, insubordinate, or otherwise objectionable, or whose continued employment on the work is deemed by the Contracting Officer to be contrary to the public interest. Such request will be in writing:
- F. CONFORMITY OF WORK AND MATERIALS**—All work performed and materials and products furnished shall be in conformity, within indicated tolerances, with lines, grades, cross sections, details, dimensions, material and construction requirements shown or intended by the drawings and specifications.

When materials, products or work cannot be corrected, written notice of rejection will be issued. Rejected materials, products and work shall be eliminated from the project and acceptably replaced at Contractor's expense. The Contracting Officer's failure to reject any portion of the project shall not constitute implied acceptance nor in any way release the Contractor from Contract requirements.

- G. UNAUTHORIZED WORK AND MATERIALS**—Work performed or materials ordered or furnished for the project deviating from requirements and specifications without written authority, will be considered unauthorized and at Contractor's expense. The Government is not obligated to pay for unauthorized work. Unauthorized work and materials may be ordered removed and replaced at Contractor's expense.

ARTICLE 11. INSPECTION AND ACCEPTANCE—Except as otherwise provided in the Contract, inspection and test by the Government of material and workmanship required by the Contract shall be made at reasonable times and at the site of the work, unless the Contracting Officer determines that such inspection or test of material which is to be incorporated in the work shall be made at the place of production, manufacture or shipment of such material. To the extent specified by the Contracting Officer at the time of determining to make off-site inspection or test, such inspection or test shall be conclusive as to whether the material involved conforms to Contract requirements. Such off-site inspection or test shall not relieve the Contractor of responsibility for damage to or loss of the material prior to acceptance, nor in any way affect the continuing rights of the Government after acceptance of the completed work under the terms of the last paragraph of this Article, except as herein above provided.

The Contractor shall, without charge, replace any material and correct any workmanship found by the Government not to conform to Contract requirements and specifications, unless in the public interest the Government consents to accept such material or workmanship with an appropriate adjustment in Contract price. The Contractor shall promptly segregate and remove rejected material from the premises at Contractor's expense.

If the Contractor does not promptly replace rejected material or correct rejected workmanship, the Government:

1. May, by contract or otherwise, replace such material and correct such workmanship and charge the cost thereof to the Contractor, or
2. May terminate the Contractor's right to proceed in accordance with Article 5 herein.

The Contractor shall furnish promptly, without additional cost to the Government, all facilities, labor and material reasonably needed for performing such safe and convenient inspection and test as may be required by the Contracting Officer. All inspections and tests by the Government shall be performed in such manner as not unnecessarily to delay the work. Special, full size, and

performance tests shall be performed as described in the Contract. The Contractor shall be charged with any additional cost of inspection when material and workmanship are not ready for inspection at the time specified by the Contractor.

Should it be considered necessary or advisable by the Contracting Officer at any time before acceptance of the work, either in part or in its entirety, to make an examination of work completed, by removing or tearing out same, the Contractor shall, on request, promptly furnish all necessary facilities, labor and material to do same. If such work is found to be defective or nonconforming in any material respect, due to the fault of the Contractor or his subcontractors, he shall defray all the expenses of such examination and of satisfactory reconstruction. If, however, such work is found to meet the requirements of the Contract, an equitable adjustment shall be made in the Contract price to compensate the Contractor for the additional services involved in such examination and reconstruction and, if completion of the work has been delayed thereby, he shall, in addition, be granted an equitable extension of time.

Unless otherwise provided in the Contract, acceptance by the Government will be made as promptly as practicable after completion and inspection of all work required by the Contract. Acceptance shall be final and conclusive except as regards to latent defects, deficiencies, non-conforming work, fraud, or such gross mistakes as may amount to fraud, or as regards the Government's rights under any warranty or guaranty, or as otherwise provided herein.

ARTICLE 12. SUPERINTENDENCE BY CONTRACTOR—The Contractor shall give his personal superintendence to the performance of the work or have a competent foreman or superintendent, satisfactory to the Contracting Officer, on the work site at all times during progress, with authority to act for him.

ARTICLE 13. PERMITS AND RESPONSIBILITIES—The Contractor shall, without expense to the Government, be responsible for obtaining any necessary licenses, certificates and permits, and for complying with any applicable Federal, State, and Municipal laws, codes and regulations, in connection with the prosecution of the work. He shall be similarly responsible for all damages to persons or property that occurs as a result of his fault or negligence. He shall take proper safety, health and environmental precautions to protect the work, the workers, the public, and the property of others. He shall also be responsible for all materials delivered and work performed until completion and acceptance of the entire construction work, except for any completed unit of construction thereof which theretofore may have been accepted.

ARTICLE 14. INDEMNIFICATION—

- A. The Contractor shall indemnify and save harmless the Government and all of its officers, agents and servants against any and all claims or liability arising from or based on, or as a consequence or result of, any act, omission or default of the Contractor, his employees, or his subcontractors, in the performance of, or in connection with, any work required, contemplated or performed under the Contract.
- B. Disputes between the Contractor and any subcontractors, material suppliers, or any other third parties over payments allegedly owed by the Contractor to a third party shall be resolved exclusively between the Contractor and the third party; the Contractor shall permit no pass-through suits to be brought against the Government by a third party in the Contractor's name. However, nothing herein shall be construed to prevent the Contractor from paying a subcontractor's claim and seeking a timely equitable adjustment hereunder.

ARTICLE 15. PROTECTION AGAINST TRESPASS—Except as otherwise expressly provided in the Contract, the Contractor is authorized to refuse admission either to the premises or to the working space covered by the Contract to any person whose admission is not specifically authorized in writing by the Contracting Officer.

ARTICLE 16. CONDITIONS AFFECTING THE WORK

- A. GENERAL**—The Contractor shall be responsible for having taken steps reasonably necessary to ascertain the nature and location of the work, and the general and local conditions which can affect the work and the cost thereof. Any failure by the Contractor to do so will not relieve him from responsibility for successfully performing the work as specified without additional expense to the Government. The Government assumes no responsibility for any understanding or representation concerning conditions made by any of its officers or agents prior to the execution of the Contract, unless such understanding or representation by the Government is expressly stated in the Contract.
- B. WORK AND STORAGE SPACE**—Available work and storage space designated by the Government shall be developed as required by the Contract or restored at completion of the project by the Contractor to a condition equivalent to that existing prior to construction. No payment will be made for furnishing or restoration of any work and storage space. If no area is designated or the area designated is not sufficient for the Contractor's operations, he shall obtain necessary space elsewhere at no expense or liability to the Government.
- C. WORK ON SUNDAYS, LEGAL HOLIDAYS AND AT NIGHT**—No work shall be done at any time on Sundays or legal holidays or on any other day before 7 a.m. or after 7 p.m., except with the written permission of the Contracting Officer and pursuant to the requirements of the Police Requirements of the Government.
- D. EXISTING FEATURES**—Subsurface and topographic information including borings data, utilities data and other physical data contained in the Contract or otherwise available, are not intended as representations or warranties but are furnished as available information. The Government assumes no expense or liability for the accuracy of, or interpretations made from, existing features. The Contractor shall be responsible for reasonable consideration of existing features above and below ground which may affect the project.
- E. UTILITIES AND VAULTS**—The Contractor shall take necessary measures to prevent interruption of service or damage to existing utilities within or adjacent to the project. It shall be the Contractor's responsibility to determine exact locations of all utilities in the field.

For any underground utility or vault encountered, the Contractor shall immediately notify the Contracting Officer and take necessary measures to protect the utility or vault and maintain the service until relocation by owner is accomplished. No additional payment will be made for the encountering of these obstructions.

In case of damage to utilities by the Contractor, either above or below ground, the Contractor shall restore such utilities to a condition equivalent to that which existed prior to the damage by repairing, rebuilding or otherwise restoring as may be directed, at the Contractor's sole expense. Damaged utilities shall be repaired by the Contractor or, when directed by the Contracting Officer, the utility owner will make needed repairs at the Contractor's expense.

No compensation, other than authorized time extensions, will be allowed the Contractor for protective measures, work interruptions, changes in construction sequence, changes in methods of handling excavation and drainage or changes in types of equipment used, made necessary by existing utilities, imprecise utility or vault information or by others performing work within or adjacent to the project.

- F. SITE MAINTENANCE**—The Contractor shall maintain the project site in a neat and presentable manner throughout the course of all operations, and shall be responsible for such maintenance until final acceptance by the Government. Trash containers shall be furnished, maintained and emptied by the Contractor to the satisfaction of the Contracting Officer. Excavated earthwork,

stripped forms and all other materials and debris not scheduled for reuse in the project shall be promptly removed from the site.

The Contracting Officer may order the Contractor to clean up the project site at any stage of work at no added expense to the Government. If the Contractor fails to comply with this order, the Contracting Officer may require the work to be done by others and the costs will be charged to the Contractor.

Upon completion of all work and prior to final inspection, the Contractor shall clean up and remove from the project area and adjacent areas all excess materials, equipment, temporary structures, and refuse, and restore said areas to an acceptable condition.

G. PRIVATE WORK—Except as specifically authorized by the Contracting Officer, the Contractor shall not perform any private work abutting Government projects with any labor, materials, tools, equipment, supplies or supervision scheduled for the Contract until all work under the Contract has been completed. Contract materials used for any unauthorized purpose shall be subtracted from Contract amount.

H. GOVERNMENT NOISE CONTROL ACT OF 1977—The contractor shall be in strict compliance with [D.C. Law 2-53, Government of Columbia Noise Control Act of 1977 and all provisions thereof. Effective March 16, 1978. 24 D.C.Register 5293.] (Or relevant local law)

ARTICLE 17. OTHER CONTRACTS—The Government may undertake or award other contracts for additional work and the Contractor shall fully cooperate with such other contractors and Government employees and carefully coordinate his own work with such additional work as may be directed by the Contracting Officer. It is the duty of the Contractor to coordinate its activities with all third parties, including, but not limited to utilities, who may affect the Contract work hereunder. The Contractor shall not commit or permit any act which will interfere with the performance of work by any other contractor or by Government employees. The Government assumes no liability, other than authorized time extensions, for Contract delays and damages resulting from delays and lack of progress by others. The Contractor shall make no claim against the Government for delay or damages resulting from the actions of third parties, including, but limited to utilities.

ARTICLE 18. PATENT INDEMNITY—Except as otherwise provided, the Contractor agrees to indemnify the Government and its officers, agents, and employees against liability, including costs and expenses, for infringement upon any Letters Patent of the United States (except Letters Patent issued upon an application which is now or may hereafter be, for reasons of national security, ordered by the Federal Government to be kept classified or otherwise withheld from issue) arising out of the performance of the Contract or out of the use or disposal, by or for the account of the Government, of supplies furnished or construction work performed hereunder.

ARTICLE 19. ADDITIONAL BOND SECURITY—If any surety upon any bond furnished in connection with the Contract becomes unacceptable to the Government, or if any such surety fails to furnish reports as to his financial condition from time to time as requested by the Government, the Contractor shall promptly furnish such additional security as may be required from time to time to protect the interests of the Government and of persons supplying labor or materials in the prosecution of the work contemplated by the Contract. Provided that upon the failure of the Contractor to furnish such additional security within ten (10) days after written notice so to do, all payments under the Contract will be withheld until such additional security is furnished.

ARTICLE 20. COVENANT AGAINST CONTINGENT FEES—The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the Government shall have the right to terminate the Contract without liability or in its discretion to deduct from the Contract price or

consideration, or otherwise recover, the full amount of such commission, percentage, brokerage or contingent fee.

ARTICLE 21. APPOINTMENT OF ATTORNEY—The Contractor does hereby irrevocably designate and appoint the Clerk of the Superior Court of the Government and his successors in office as the true and lawful attorney of the Contractor for the purpose of receiving service of all notices and processes issued by any court in the Government, as well as service of all pleadings and other papers, in relation to any action or legal proceeding arising out of or pertaining to the Contract or the work required or performed hereunder.

The Contractor expressly agrees that the validity of any service upon the said Clerk as herein authorized shall not be affected either by the fact that the Contractor was personally within the District of Columbia and otherwise subject to personal service at the time of such service upon the said Clerk or by the fact that the Contractor failed to receive a copy of such process, notice, pleading or other paper so served upon the said Clerk, provided that said Clerk shall have deposited in the United States mail, certified and postage prepaid, a copy of such process, notice, pleading or other papers addressed to the Contractor at the address stated in the Contract.

ARTICLE 22. GRATUITIES AND GOVERNMENT EMPLOYEES NOT TO BENEFIT

- A. If it is found by the Department that gratuities (in the form of entertainment, gifts, payment, offers of employment or otherwise) were offered or given by the Contractor, or any agent or representative of the Contractor, to any official, employee or agent of the District with a view toward securing the Contract or any other contract or securing favorable treatment with respect to the awarding or amending, or the making of any determinations with respect to the performance of the Contract, the Department may, by written notice to the Contractor, terminate the right of the Contractor to proceed under the Contract without liability and may pursue such other rights and remedies provided by law and under the Contract.
- B. In the event the Contract is terminated as provided above, the Department shall be entitled:
 - 1. to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the Contract by the Contractor; and
 - 2. as a penalty in addition to any other damages to which it may be entitled by law, to exemplary damages in an amount (as determined by the Department) which shall be not less than ten times the costs incurred by the Contractor in providing any such gratuities to any such officer or employee.
- C. Unless a determination is made as provided herein, no officer or employee of the Government will be admitted to any share or part of this contract or to any benefit that may arise therefrom, and any contract made by the Contracting Officer or any Government employee authorized to execute contracts in which they or an employee of the Government will be personally interested shall be void, and no payment shall be made thereon by the Government or any officer thereof, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit. A Government employee shall not be a party to a contract with the Government and will not knowingly cause or allow a business concern or other organization owned or substantially owned or controlled by the employee to be a party to such a contract, unless a written determination has been made by the head of the procuring agency that there is a compelling reason for contracting with the employee, such as when the Government's needs cannot reasonably otherwise be met. [DC Procurement Practices Act of 1985, D.C. Law 6-85, D.C. Official Code, section 2-310.01, and Chapter 18 of the DC Personnel Regulations] (Or relevant local law). The Contractor represents and covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of its services hereunder. The Contractor further covenants not to employ any person having such known interests in the performance of the contract.

ARTICLE 23. WAIVER—No Governmental waiver of any breach of any provision of the Contract shall operate as a waiver of such provision or of the Contract or as a waiver of subsequent or other breaches of the same or any other provision of the Contract; nor shall any action or non-action by the Contracting Officer or by the Government be construed as a waiver of any provision of the Contract or of any breach thereof unless the same has been expressly declared or recognized as a waiver by the Contracting Officer or the Government in writing.

ARTICLE 24. BUY AMERICAN.

The Contractor shall comply with the provisions of the Buy American Act (41 U.S.C. § 10a), including, but not limited to, the purchase of steel.

- A. AGREEMENT**—In accordance with the Buy American Act (41 USC 10a-10d), and Executive Order 10582. December 17, 1954 (3 CFR, 1954-58 Comp., p. 230), as amended by Executive Order 11051, September 27, 1962 (3 CFR, 1059—63 Comp., p. 635), the Contractor agrees that only domestic construction material will be used by the Contractor, subcontractors, material men and suppliers in the performance of the Contract, except for non-domestic material listed in the Contract.
- B. DOMESTIC CONSTRUCTION MATERIAL**—“Construction material” means any article, material or supply brought to the construction site for incorporation in the building or work. An unmanufactured construction material is a “domestic construction material” if it has been mined or produced in the United States. A manufactured construction material is a “domestic construction material” if it has been manufactured in the United States and if the cost of its components which have been mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. “Component” means any article, material, or supply directly incorporated in a construction material. -
- C. DOMESTIC COMPONENT**—A component shall be considered to have been “mined, produced, or manufactured in the United States” regardless of its source, in fact, if the article, material or supply in which it is incorporated was manufactured in the United States and the component is of a class or kind determined by the Government to be not mined, produced or manufactured in the United States in sufficient and reasonably available commercial quantities and of a satisfactory quality.
- D. FOREIGN MATERIAL** – When steel materials are used in a project a minimal use of foreign steel is permitted. The cost of such materials cannot exceed one-tenth of one percent of the total project cost, or \$2,500,000, whichever is greater.

ARTICLE 25. TAXES

- A. FEDERAL EXCISE**—Materials, supplies and equipment are not subject to the Federal Manufacturer’s Excise Tax, if they are furnished or used in connection with the Contract provided that title to such materials, supplies and equipment passes to the Government under the Contract. The Contractor shall in such cases furnish his subcontractors and suppliers with a purchaser’s certificate in the form prescribed by the U.S. Internal Revenue Service.
- B. SALES AND USE TAXES**—Materials which are physically incorporated as a permanent part of real property are not subject to Government Sales and Use Tax. The Contractor shall, when purchasing such materials, furnish his suppliers with a Contractor’s Exempt Purchase Certificate in the form prescribed in the Sales and Use Tax Regulations of the Government. Where the Contractor, subcontractor or material man has already paid the Sales and Use Tax on material, as prescribed above, the Sales and Use Tax Regulations of the Government permit the Contractor, subcontractor or material man to deduct the sales or use tax on the purchase price of

the same on his next monthly return as an adjustment. However, the Contractor, subcontractor or material man must satisfy the Chief Financial Officer for the Government that no sum in reimbursement of such tax was included in the Contract or else that the Government has received a credit under the Contract in an amount equal to such tax.

Government Sales and Use Tax shall be paid on any material and supplies, including equipment rentals, which do not become a physical part of the finished project. [See Government of Columbia Sales and Use Tax Administration Ruling No. 6] (Or relevant local law).

The Contractor, subcontractor, or material supplier shall provide proof of compliance with the provisions of [D.C. Law 9-260] (Or relevant local law), as amended, codified in [D.C. Code 46-103] (Or relevant local law), Employer Contributions, prior to award.

The Contractor, subcontractor, or material supplier shall provide proof of compliance with the applicable tax filing and licensing requirements set forth in [D.C. Code, Title 47, Taxation and Fiscal Affairs] (Or relevant local law), prior to contract award.

ARTICLE 26. SUSPENSION OF WORK—The Contracting Officer may order the Contractor in writing to suspend, delay or interrupt all or any part of the work for such period of time as he may determine to be appropriate for the convenience of the Government.

If the performance of all or any part of the work is, for an unreasonable period of time, suspended, delayed or interrupted by an act of the Contracting Officer in the administration of the Contract, or by his failure to act within the time specified in the Contract (or if no time is specified, within a reasonable time), an adjustment will be made for an increase in the cost of performance of the Contract (excluding profit) necessarily caused by such unreasonable suspension, delay or interruption and the Contract modified in writing accordingly. However, no adjustment will be made under this Article for any suspension, delay or interruption to the extent:

1. That performance would have been so suspended, delayed or interrupted by any other cause, including the fault or negligence of the contractor, or
2. For which an equitable adjustment is provided or excluded under any other provision of the Contract.

No claim under this Article shall be allowed:

1. For any costs incurred more than 20 days before the Contractor shall have notified the Contracting Officer in writing of the act or failure to act involved (but this requirement shall no apply as to a claim resulting from a suspension order), and
2. Unless the claim, in an amount stated, is asserted in writing as soon as practicable after the termination of such suspension, delay, or interruption, but not later than the date of final payment under the Contract.

ARTICLE 27. SAFETY PROGRAM

- A. GENERAL**—In order to provide safety controls for the protection of the life and health of Government and Contract employees and the general public; prevention of damage to property, materials, supplies, and equipment; and for avoidance of work interruptions in the performance of the Contract, the Contractor shall comply with all applicable Federal and local laws governing safety, health and sanitation including the Safety Standards, Rules and Regulations issued by the American National Standards, U. S. Department of Labor, U. S. Department of Health and Human Services, [D.C. Minimum Wage and Industrial Safety Board] (Or relevant local law) and
