

EXPLANATION TO PROSPECTIVE OFFEROR QUESTIONS

Solicitation No. DCAM-20-NC-RFP-0021

Fire Safety Equipment Assessment Inspection, Testing, Maintenance and Repair Services

NO.	QUESTIONS	DGS RESPONSE
01	Due to the present situation and on-going pandemic, access to the sites may not be realistic before the proposal submission. In order to provide a competitive and/or accurate proposal, please provide a lists of equipment and quantities for each building; i.e. # of fire extinguishers per building, # of sprinklet heats, etc.	The District does not have this historical and or statistical data. Per Section [C.5.3.1] the awarded Contractor will perform a assessment to include collecting inventory of all equipment/apparatuses, documenting the count, status, make and model among other information for each facility under the individual aggregate award group. On average every building has at least one (1) sprinkler system, (1) Fire alarm system; and kitchen hoods and fire suppressions systems are only located within DCPS and FEMS locations. With that said, the Department is able to offer information relative to the typical makes and or models of equipment currently installed. Please see Addendum No. 02, Item No. 6
02	Please clarify and confirm if we can use the Past Performance Evalaution Forms we already received for previous relevant solitications.	The Offeor sould submit past performacne evaluations that are current and relevant this RFP based on the Evaluation criteria established in Section [M] .
03	Per the discussion during the pre-proposal meeting, kindly provide a copy of the updated Bidder- Offeror Certification Form in Excel.	See Addendum No. 02, Item No. 2
