FOR
EMERGENCY PROCUREMENT**

Agency: Department of General Services (the “Department” or “DGS”)

Caption: Plumbing Maintenance and Repair Services

Contractor: American Construct, LLC

FINDINGS

1. AUTHORIZATION:

Chapter 47 of title 27 of the DCMR Section 4719 and PPRA Sec. 405 (d); *Emergency Procurements*.

2. MINIMUM NEED:

The Department of General Services (DGS) has an immediate need for American Construct, LLC to provide Plumbing Maintenance and Repair Services at facilities located in the District of Columbia in accordance with Chapter 47 of title 27 of the DCMR Section 4719 and PPRA Sec. 405 (d); *Emergency Procurements*.

3. ESTIMATED FAIR AND REASONABLE PRICE:

The estimated fair and reasonable price is up to \$950,000.00

4. FACTS WHICH JUSTIFY AN EMERGENCY PROCUREMENT:

The purpose of this emergency contract is to ensure plumbing maintenance and repair services at facilities located in the District of Columbia are completed and addressed in a timely manner. It is the mission and the responsibility of the Department of General Services to provide plumbing maintenance repair services to facilities owned and occupied by the District Government. (D.C. Code § 10-551.01(b) (4), *The Department of General Services Establishment Act of 2011*.)

A competitive procurement process was not practical under these circumstances and a new contract could not be competitively bid and awarded in time to have plumbing maintenance and repair services in place. Failure to have plumbing maintenance repair services may result in potentially extensive damage to facilities and unhealthy environments for District employees and visitors.

5. CERTIFICATION BY THE FACILITIES SERVICES MANAGER :

I hereby certify that the above findings are correct and complete.
