

GOVERNMENT OF THE DISTRICT OF COLUMBIA
DEPARTMENT OF GENERAL SERVICES

Contracts & Procurement

**DETERMINATION AND FINDINGS
FOR AN
EMERGENCY PROCUREMENT**

CAPTION: Citywide Integrated Pest Management (IPM) Services
AGENCY: Department of General Services (DGS)
CONTRACTOR: Pest Services Company

FINDINGS

1. AUTHORIZATION:

D.C. Official Code §2-354.05 and 27 DCMR 4719

2. MINIMUM NEED:

The District of Columbia, Department of General Services (“**Department**” or “**DGS**”), Facilities Management Division has an immediate need for Pest Services Company (“**Contractor**”) to provide Citywide Integrated Pest Management (IPM) Services to various District locations including District of Columbia Public Schools (DCPS), Fire and EMS Department (FEMS), municipal buildings and recreation centers, shelters, etc. for a temporary emergency period of up to 72 days.

3. ESTIMATED FAIR AND REASONABLE PRICE:

The estimated fair and reasonable price for 72 days is Forty-three Thousand Four Hundred Eight Dollars and thirty cents (\$43,408.30), plus a not-to-exceed amount of Sixty Thousand Dollars (\$60,000.00) for cost reimbursement.

4. FACTS WHICH JUSTIFY AN EMERGENCY PROCUREMENT:

In accordance with the D.C. Official Code §2-354.05 and 27 DCMR 4719, the purpose of this emergency procurement is to ensure the control of pest populations with the least amount of risk to District residents (including children), District employees, the general public, and their environment. These services are needed while a new solicitation for Citywide Integrated Pest Management Services is procured. To prevent serious disruption in agency operations, a temporary emergency period of up to 72 days with the current Contractor is required due to the following:

- Major change in scope for new solicitation
- Current FY17 budget restraints

An emergency contract with Pest Services Company is needed to prevent the serious and imminent threat to the health and safety of the staff and the general public at District locations, including shelters, recreation centers, DC public schools, municipal buildings, and Fire and EMS. Because of the large volume of district sites and due to the safety of children, district residents and personnel, these services require uninterrupted service. The Contractor referenced above is the only vendor who can meet the District's minimum need without disruption of services at this time. The estimated cost to the District for this temporary emergency period of 72 days is fair and reasonable based on DGS' historical data on similar services.

5. CERTIFICATION BY THE FACILITIES INTERIM DEPUTY DIRECTOR:

I hereby certify that the above findings are true, correct and complete.

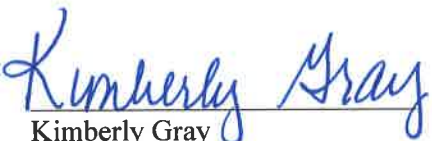

8-16-17
Date

Donny Gonzalez
Interim Deputy Director | Facilities Management

6. CERTIFICATION BY THE SUPERVISOR | CONTRACTING OFFICER OF GOODS AND SERVICES:

I have reviewed the above findings and certify that they are sufficient to justify the use of the emergency procurement method to award the captioned contract award to Pest Services Company. In addition, please be advised that the Department's notice of the captioned emergency contract must be posted on the Department's website no more than seven (7) days after the contract is awarded. Given the foregoing, I recommend that the Department of General Services' Chief Contracting Officer approve the use of the emergency procurement method for this proposed procurement action.

Date

Kimberly Gray
Contracting Officer | Goods & Services

7. CERTIFICATION BY THE CONTRACTS AND PROCUREMENT ASSOCIATE DIRECTOR | CHIEF CONTRACTING OFFICER:

I have reviewed the above findings and certify that they are sufficient to justify the use of the emergency procurement method under the cited authority. I certify that the emergency procurement notice of contract award will be published in accordance with Section 405(f) of the District of Columbia Procurement Practices Reform Act of 2010 (D.C. Official Code §2-354.05). In conclusion, as the Department of General Services (DGS) Chief Contracting Officer, I approve the use of the Emergency Procurement method as the only viable method of procurement to prevent serious disruption in the Department's Citywide Integrated Pest Management (IPM) services performed at various District locations.
