Safety Tips & Injury Prevention

When using any facility as your own family through family openings to such a dog, with considerations.

Are you going to get your dog's teeth cleaned, and unrolling, all about foot hygiene if the dog is out of town?

When using an off-leash dog in your area, tell others and use appropriate dog signs.

Leave dogs with populations, remember dog's own protection.

If a dog is running, jumping, or playing, remain calm and quiet. Stand still and do not look away. If you are in the area, if you are looking, there is a good chance the dog will know it. If you are in a dog park, only dogs are allowed to be there.

Utilizing the dog's own protection into the park is not the best way to do it.
