Dec 2015 - July 2017

DRAWING COMPLETION / HIRING OF CONTRACTOR

July 2017 - Dec 2018

CONSTRUCTION BEGINS

June 2018

ESTIMATED PROJECT COMPLETION

Summer 2019

PROJECT OVERVIEW

The Edgewood project includes replacement of the existing facility with a new, state-of-the-art recreation center containing an indoor gymnasium, fitness room, multipurpose rooms, computer, youth and senior lounges and rooftop farm. Exterior improvements include new sport courts, new playground, walking track, splash pad and athletic field improvements.

WHAT HAPPENED IN JULY...

- Installation of erosion and sediment control measures (silt-fencing) to help protect your community and streets from construction activity
- Installation of the construction entrance off of Lincoln Road
- Installation of gravel based temporary roads and parking on the field (to help prevent any street parking that could possibly impact the community)
- Demolition and removal of the playground, dugouts, handrails and any other remaining equipment on the field
- Demolition of the existing recreation center
- Excavation for the new Edgewood Recreation Center

WHAT TO EXPECT IN AUGUST...

- Surveyor will install stakes on site to mark footer of future building and provide layout for building activities
- The sheeting and shoring process will begin and continue for 6-8 weeks as we excavate for the new Edgewood Recreation Center
- Site trees will continue to come down and be removed, making room for new additions to the site
- Contractor will use the gravel road for hauling off of unusable spoils and concrete
- Additional stone will be laid for truck/machine parking and sediment control.

DID YOU KNOW?

Over 100 new trees are slated to be planted as part of the Edgewood renovation project. Native plantings will be used to help increase local pollinator habitat for the District's native birds, bees and butterflies.

Demolition of existing Edgewood Recreation Center

Removal of building materials and spoils from the site

Installation of temporary road for truck access.
