DRAWING COMPLETION / HIRING OF CONTRACTOR

July 2017 - Dec 2018

CONSTRUCTION BEGINS

June 2018

ESTIMATED PROJECT COMPLETION

Late Summer 2019

PROJECT OVERVIEW

The Edgewood project includes replacement of the existing facility with a new, state-of-the-art recreation center containing an indoor gymnasium, fitness room, multipurpose rooms, computer, youth and senior lounges and rooftop farm. Exterior improvements include new sport courts, new playground, walking track, splash pad and athletic field improvements.

WHAT HAPPENED IN DECEMBER:

- Completed slab on grade concrete pours in the entire facility.
- Removed rakers on the north wall and began to back-fill that area with soil.
- Completed masonry wall installation on the south side of the gymnasium (top right photo).
- Began installation of the remaining structural steel support beams in the administrative section of the new facility (bottom right photo).
- Completed installation of telecommunications ductbank to the new facility.

WHAT TO EXPECT IN JANUARY:

- Completion of structural steel support beam placement in the administrative section of the new facility.
- Removal of the rakers on the eastern wall and back-fill of that area with soil.
- Begin construction of the site retaining walls within the new playground area.
- Completion of the installation of masonry walls in the gymnasium.
- Begin installation of the concrete masonry units (CMU) at the elevator.
- Begin pouring the concrete for the urban farm and mezzanine levels of the administrative areas in the new facility.

DID YOU KNOW?

Washington, DC received 66.28 inches of rain last year, making 2018 the District's wettest calendar year on record and breaking the previous record of 61.33 inches set in 1889.
