NO.	QUESTIONS	DGS RESPONSE
01	Would the District of Columbia Government consider accepting 5 million umbrella coverage?	Yes, please reference Addendum No. 02, Item No. 2 for revision of insurance coverage for the Commercial Umbrella or Excess Liability only.
02	Should we contact our insurance broker regarding insurance coverages prior to submitting a bid? Are all these coverages necessary?	Yes, it is the responsibility of each bidder to contact their firm's insurance broker/agent regarding the required coverages (indicated in section I.8) prior to the bid due date, to ensure that if awarded, the contractor will be able to provide a certificate of insurance (COI) within 10 business days. Yes, all insurance coverages indicated in the IFB are required and necessary; these coverages were set by the DC Office of Risk Management (ORM). No contract will be executed until the COI is approved by ORM; therefore, it is important for bidders to reach out to insurance brokers/agents to obtain quotes on insurance coverages.
