NO.	QUESTIONS	DGS RESPONSE
1	What is the current cost for this contract?	For information on pricing on current contracts, Bidders shall make a Freedom of Information Act (FOIA) request by submitting an email to foia.dgs@dc.gov.
2	General pest control covers the general pest such as roaches, rats, mice, fleas etc. The bid has bed-bugs included under general pest control and this service is a health issues which is very expensive. Bed-bug eradication must be done under bed-bug costs; it is not general pest control problem; it is a health issue which can be expensive. Most companies do an assessment of the problem first then give the customer a quote separate from the general pest control statements. Bed-bugs work may include treating the beds, carpets, picture frame, table tops, behind mirrors etc. Use of a K-9 dog may be used in detecting bed-bugs. This cost is to be on an as needed quote if this service is needed. To be fair and transparent these services should be quoted when the needs arise during the contract period. This is the way to address these very expensive services.	See Addendum No. 1, Item No. 3 and Item No. 4
3	Is there any prior pricing for this account?	For information on pricing on current contracts, Bidders shall make a Freedom of Information Act (FOIA) request by submitting an email to foia.dgs@dc.gov.
