

# Save and Restore the Kalorama Park Plaza

We, as neighbors and friends of Kalorama Park, strongly oppose the unnecessary and inappropriate demolition of Kalorama Park's plaza and its replacement with a new and redesigned plaza. Further, we ask that all funds currently allocated to demolishing the existing plaza and constructing a new plaza in its place be redirected to restoring the plaza to its full glory as envisioned in the 1947 National Park Service design, remediating erosion in the area of the plaza, and implementing environmentally sound and effective stormwater management practices throughout Kalorama Park.
