PROJECT OVERVIEW

The Lafayette Recreation Center project includes the construction of a new recreation center and stormwater management improvements to the park. The new recreation center will include a multi-purpose room, office space for staff, a pantry and kitchen area, additional storage space, a small classroom for student learning, and restrooms.

WHAT HAPPENED IN AUGUST:

- Installation of structural steel columns and metal framing around the perimeter.
- Installation of metal decking on the roof.
- Installation of plumbing rough-ins.
- Installation of domestic water tie-in at 33rd Street.
- Landscaping installed along 33rd Street.

WHAT TO EXPECT IN SEPTEMBER:

- Trellis and canopy welding continues.
- Framing activities continue.
- Installation of electrical rough-ins.
- Installation of exterior parapet.
- Installation of exterior zip system.

Roof frame and metal decking

Structural columns and metal framing
