Pre-Kindergarten Area Features:

- OmniSpin Spinner
- Rollerslide
- Thunderhead Climber
- Sensory and Imaginative Play Panels

OmniSpin Spinner

The high-backed OmniSpin® Spinner offers children of all abilities valuable **vestibular sensory stimulation** and encourages **interactive play**.

RollerSlide

Exclusive to Landscape Structures, our PlayBooster® Rollerside brings a cool, sensory experience to the playground, and an inclusive play experience to kids of all abilities.

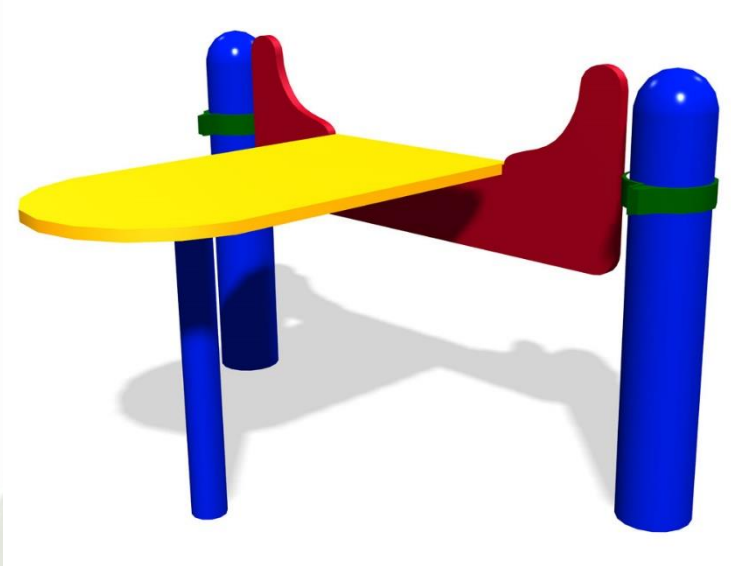

Thunderhead Climber

The PlayBooster® Thunderhead Climber® is the perfect climber for kids of all abilities on the playground. It is an accessible climber that offers three climbing experiences in one.

Sensory and Imaginative Play Panels

The Table Panel just adds options to what you can create with your playground. It can easily be put under a deck to create a fort or out in the open for all that your imagination can think of.

This unique Marble Panel® offers a **sensory-rich** visual, auditory and tactile experience with its brilliant wall of marbles.

Double Swoosh Slide

The PlayBooster® Double Swoosh™ Slide is our **steepest double racer slide!** This allows kids to race each other for great fun.

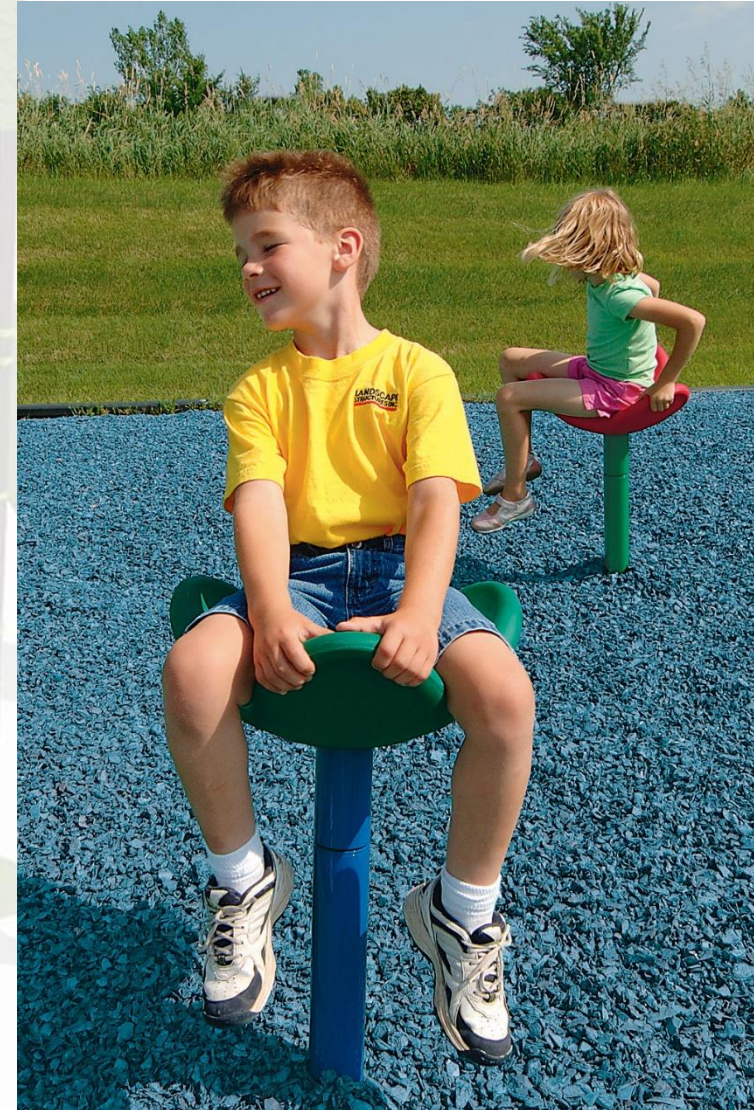

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of L&L order acceptance.

Saddle Spinner

The Saddle Spinner helps kids learn about cause-and-effect as they use their body weight to spin. Allows kids to **spin the day away** as their body weight shifts and they develop better depth perception and balance.

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of LSI order acceptance.

We-Saw

The We-saw™ is a new take on our traditional seesaw. Its unique design and gentle rocking motion invites kids and families of all ages and abilities to participate in the fun. The We-saw is wheelchair accessible. Like all our seesaws, the We-saw provides opportunities for collaborative play and teamwork.

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of LBI order acceptance.

7 Post Netplex with Disc Net Climber

The Disc Net™ Climber is one of two core climbers designed exclusively for Netplex™. Kids will love climbing through four levels of flexible climbing discs set at opposing angles for added challenge.

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of L&L order acceptance.

© 2016 Landscape Structures. All Rights Reserved.

SwiggleKnots

Multiple suspended ball knots and discs make it interesting for kids to climb up, step over, and stretch across the SwiggleKnots™ Bridge. There's no right way, so kids' imaginations can soar.

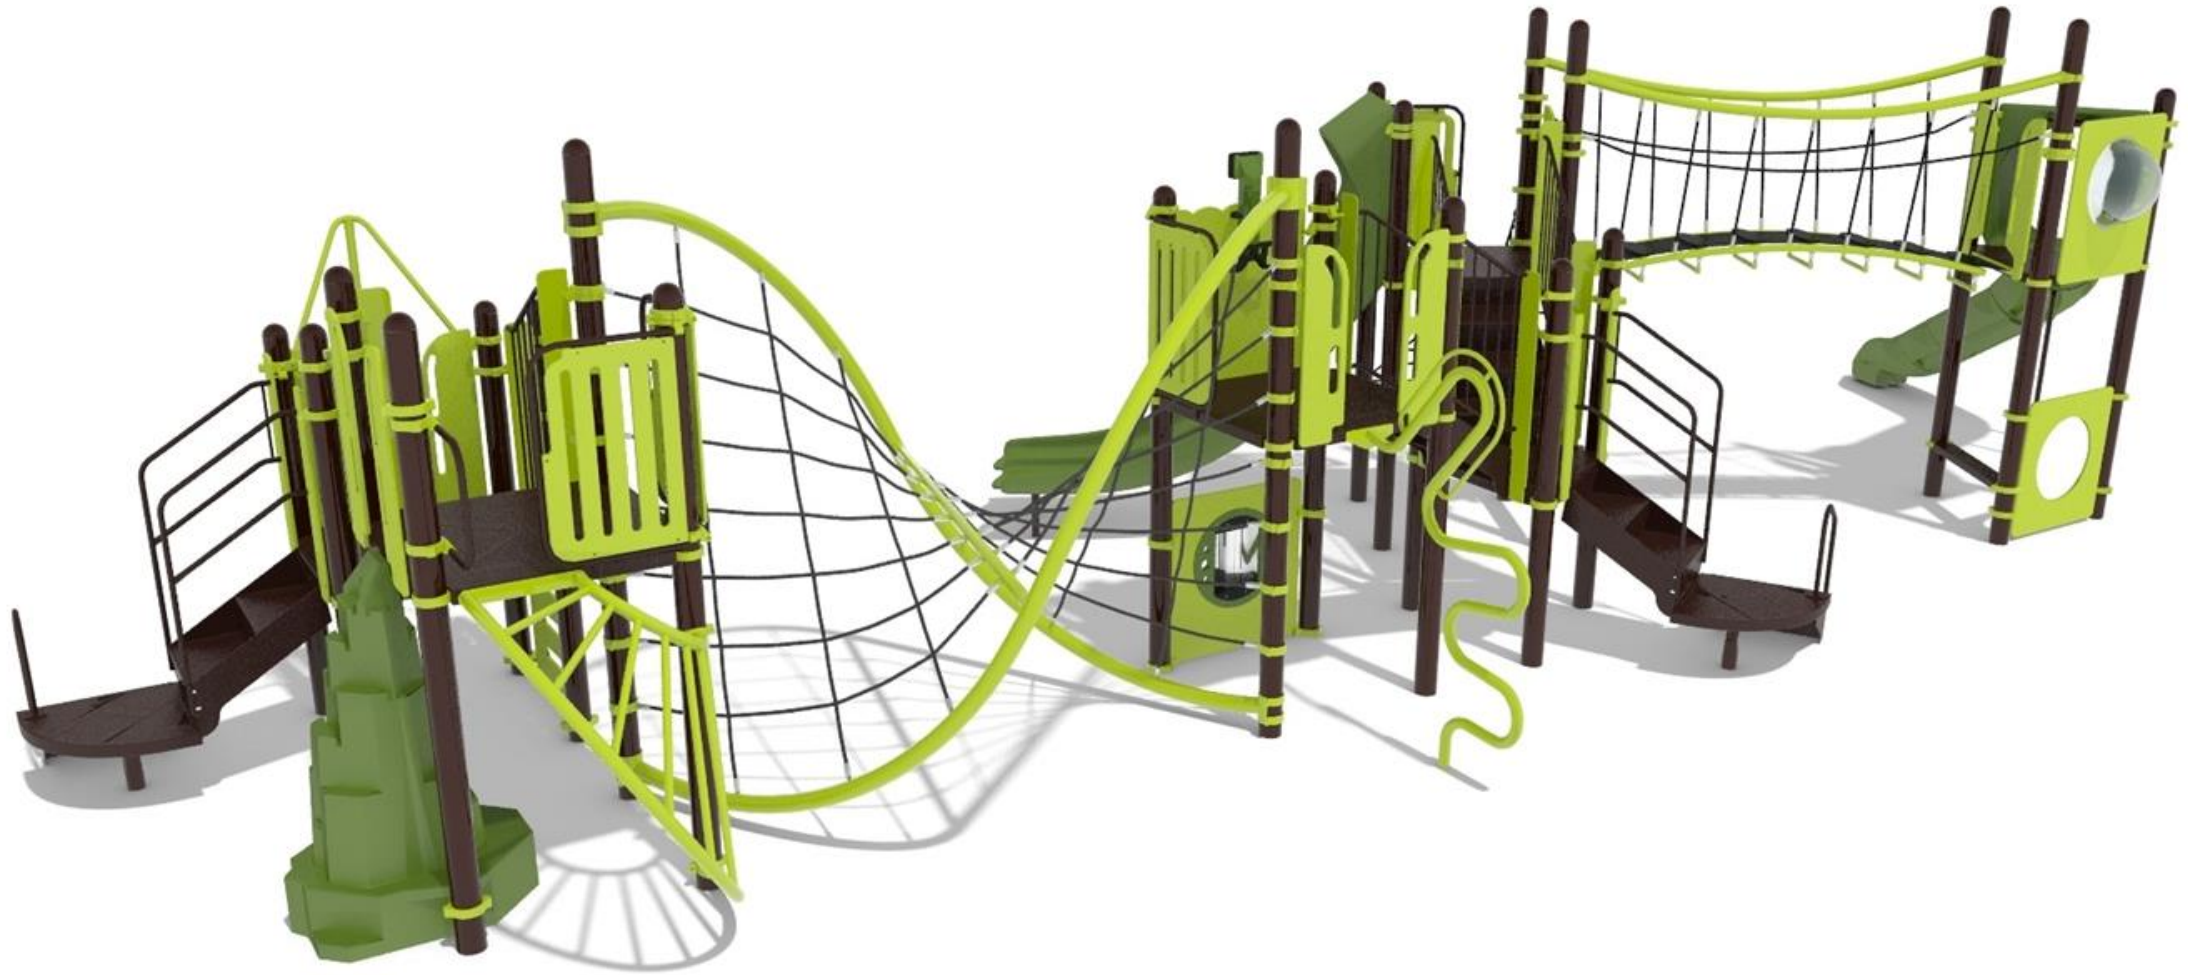

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of LSI order acceptance.

Flex Climber

Go on top or underneath or try a new twist of your own on this wavy, twisty net climber. The Flex Climber with traditional Permalene® handholds offers a challenging climb for any fitness level.

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of LSI order acceptance.

Landscape Structures, All Rights Reserved.

Slidewinder

The PlayBooster®
SlideWinder2 is
our **most popular** and
versatile slide.

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of LSI order acceptance.

©2016 Landscape Structures. All Rights Reserved.

Star Seeker

The PlayBooster® Star Seeker Climber brings a **nautical feel to the playground** as kids climb.

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of LSI order acceptance.

©2016 Landscape Structures. All Rights Reserved.

Traveler Climber

So many ways to cross this imaginative climber. Kids can balance their way across the rickety bridge on top, or swing from rung to rung underneath. With over-under playability, the Traveler is a high-value add to any PlayBooster® play structure.

*Custom products are shown as conceptual only. *Custom product manufacturing time for this project will be approximately 6 weeks from the time of LSI order acceptance.
