AGENDA

- Staff and Project Team Introductions
- OSSE DOT Bus Terminal Project Overview
- Phase 1 Overview
- Phase 2 Overview
- Traffic Analysis
- Questions
- Contact Information

Project Overview

The Office of the State Superintendent of Education (OSSE) - Division of Student Transportation (DOT) provides safe, reliable, and efficient transportation services that positively support learning opportunities for eligible students from the District of Columbia.

Project Overview

OSSE DOT Operations:

- The OSSE Division of Student Transportation will be merging two existing school bus terminals located in Ward 5 to 1601 W Street, NE, also located in Ward 5. The two terminals are located on New York Avenue, NE and Adams Place, NE.
 - The New York Avenue Bus Terminal has approximately 430 employees and 233 buses onsite. However, the space is leased and leaves the agency vulnerable because the owner may terminate the lease at any point.
 - The Adams Place Bus Terminal has approximately 200 employees and 95 buses onsite.
 - Upon completion all staff and equipment will be located at 1601 W. Street, NE.

Project Overview

- The terminal hours of operation are 4:00am – 7:00pm and there will be two 24 hour security guards onsite.
- The school buses are primarily fueled by gasoline.
- OSSE DOT enforces the “No Idling” law and will post signs within the property.
- There will be onsite parking provided for our management and administrative staff.
- OSSE DOT works diligently to adhere to the Stormwater Pollution Prevention guidelines outlined by the Environmental Protection Agency and the DC Department of Energy & Environment (DOEE). Our agency is currently in good standing.

Project Overview

Community Information:

- OSSE DOT provides transportation services to over 3,347 students attending over 244 schools in the District of Columbia, Maryland and Virginia.
- Currently, OSSE DOT serves 479 students and 40 schools in Ward 5. However, we provide transportations services to all eligible students who are residents of the District of Columbia.
- OSSE DOT provides field trips services for students in DC public and charter schools. OSSE DOT supports Special Olympics by providing transportation for participants to and from scheduled events.
- OSSE DOT supports many citywide emergencies and initiatives including the cold-weather initiative designed to provide shelter to persons experiencing homelessness during inclement weather.

Site Vicinity Map

Existing Site Photographs

Phase 1 Overview

5th Street Swing Space (1601 W Street Phase 1)
