Executive Summary

The District of Columbia (“District”) Department of General Services (“DGS” or “Department”) is issuing this Request for Proposals (“RFP”) to engage a design firm to serve as the Architect/Engineer (the “A/E”) to provide a full range of architectural and engineering services for the construction of a new outdoor fitness center at Oxon Run Park located between 4100 block of Livingston Road SE (the “Project”).

A.1 Project Delivery Method

The Department intends to implement the Project through a design-bid-build delivery method. The A/E shall complete a permit set of construction documents that will be used as the basis for an Invitation for Bids (IFB) to engage a general contractor to construct the Project.

A.2 Form of Contract

The Agreement for Architectural / Engineering Services (“Form of Contract” or “Contract”) and DGS Standard Contract Provisions for Architectural Engineering Contracts are attached to this RFP as **Attachment F** (will be issued via addendum) and **Attachment H**. Offerors (“Offerors” or “Offeror”) should carefully review the Form of Contract and the Standard Contract Provisions (“SCPs”) before submitting their proposals (“Proposals”). To the extent there are any inconsistencies between this RFP, the Form of Contract and the SCPs, the Form of Contract and SCPs shall prevail. Offerors are further advised that they are required to submit their Proposals premised upon entering into a contract that is substantially similar to the Form of Contract and that any proposed changes to the Form of Contract must be clearly identified and described in the Offeror’s Proposal. A Proposal that fails to specifically identify and describe requested changes shall be deemed non-responsive.

Therefore, Offerors responding to this RFP should carefully review the Form of Contract, **Attachment F** (to be issued via addendum to this RFP), before submitting their Proposals and entering into an initial Letter Contract, as defined in Section B.2 of this RFP, and the Form of Contract.

A.3 Design Fees

As will be more fully described in the Form of Contract, the selected A/E will be paid a fixed price for all design phase services through construction administration services. Offerors will be required to bid a Design Fee that covers all of the Offeror’s costs associated with the preparation of the (i) concept design; (ii) schematic design; (iii) a set of design development documents; (iv) a permit set of construction documents (the “Permit Set”); (v) complete construction documents; and (vi) construction administration services. Offerors will also be required to submit a schedule of hourly rates for any additional work that is required.

The design approval and the GMP package will be based on the Permit Set. A schedule of values should be provided that allocates the Design Fee among the various design phases (i.e. concept,

schematic, design development, Permit Set, construction documents and construction administration).

Offerors shall submit, on the Offeror's letterhead, an Offer Letter in substantially the form of **Attachment C** of this RFP that includes the proposed Design Fee, and hourly rates.

The Department desires to have the A/E develop a phasing plan to accommodate the Project as necessary. The cost of developing phasing plan shall be included in the Offeror's Design Fee.

The Form of Contract **Attachment F** will provide for the retention of 5% of the firm fixed price, which will be held by the Department until the Project's completion.
