

# Understanding Waste Management for DGS-Managed Facilities

DGS is responsible for the sustainable collection and disposal of waste generated by DC government facilities. We collect and dispose of trash and recyclables, which are processed at regional waste management facilities. In partnership with our sister agencies, we all share a responsibility to manage waste properly.

## DGS IS RESPONSIBLE FOR COLLECTION OF DCPS DUMPSTERS

DCPS Custodians collect trash and recyclables from school grounds and playgrounds for the scheduled removal by DGS.

## DGS IS RESPONSIBLE FOR COLLECTION OF DPR DUMPSTERS

DGS is responsible for picking up loose trash on the grounds of DPR facilities and the scheduled service of the blue recycling cans. DPW is responsible for servicing DPR facility black trash cans.

## DGS IS RESPONSIBLE FOR THE COLLECTION OF MUNICIPAL FACILITY DUMPSTERS

DGS is responsible for the scheduled trash and recycling collection at District-owned government facilities, firehouses, police stations, etc. DPW and various area-focused Business Improvement Districts (BIDs) are responsible for servicing trash and recycling cans in public spaces.
