

Parking Structure supports  
239 parking spaces

Supports both MPD and  
STFH parking needs

Supports MPD impound  
requirements

Community-Integrated  
Architectural Design

**WARD 3 SHORT TERM FAMILY HOUSING (STFH)**  
**PHASE I PARKING STRUCTURE PROJECT**  
**SPECIAL COMMUNITY ADVISORY**  
**April 6<sup>th</sup>, 2018**

**Crane Delivery April 14<sup>th</sup> 2018**

- Crane Delivery will begin after 9:00 am
- There will be multiple deliveries; traffic patterns will not change.
- Smoot will ensure flag personnel are on-site assisting with traffic control and safety.
- All deliveries will approach the site via Wisconsin Avenue turning down Idaho Avenue and making a left into the site, avoiding all residential streets.

**Pre-Cast Delivery**

- The pre-cast deliveries are scheduled to commence April 16<sup>th</sup>, 2018.
- All precast deliveries will commence after rush hour with hourly deliveries.
- We anticipate that there will be eight (8) deliveries per day for the next 8 weeks.
- The pre-cast will arrive to the site on 60' tractor trailers.
- The vehicles will not idle nor park in the street but will mobilize on the construction site.
- Traffic patterns will not change, Smoot will ensure flag personnel are on-site assisting with traffic control and safety.
- All deliveries will approach the site via Wisconsin Avenue turning down Idaho Avenue and making a left into the site, avoiding all residential streets.
