The Department of General Services (“Department”) is issuing this request for Proposals (RFP) to engage a contractor to provide all but not limited to labor, materials, supervision and other services necessary to complete the renovation and modernization of 1899 9<sup>th</sup> Street, NE, Washington, DC to serve as the new headquarters for the Office of Cable Television (OCT). The existing structure is approximately 29,234 square feet, 36 feet in height and was once used as a studio for Black Entertainment Television (BET). As part of the effort of the District government to move agencies from lease facilities to owned facilities, this structure was purchased for the Office of Cable Television. Prior to purchase, the structure vacant for approximately ten years. This facility will serve as launch pad for OCT’s conversion from an analog system to a completely digital system. This project has been designed to meet, and must achieve a minimum of LEED-Silver certification.

### **A.1 Form of Contract:**

The Form of Contract will be issued by addendum. Offerors should carefully review the Form of Contract when submitting their proposal. To the extent there are any inconsistencies between this RFP and the Form of Contract, the Form of Contract shall prevail. Offerors are further advised that they are required to submit their proposals premised upon entering into a contract that is substantially similar to the Form of Contract and that any proposed changes to the Form of Contract must be clearly identified and described in their proposal. A proposal that fails to specifically identify and describe the requested changes shall be deemed non-responsive.

### **A.2 Contractor’s Compensation:**

The Department intends to obtain lump sum bids for this work. The lump sum bid by the Offeror should include sufficient funding to cover all of the costs necessary to fully complete the Project, including, but not limited to: permits, labor, materials, trade subcontractor costs, general conditions, insurance and bonding, home office overhead and profit.
