Executive Summary

The Department of General Services (“Department” or “DGS”) is issuing this Request for Proposals to engage a firm to provide design-build services for the modernization of the Southeast Tennis and Learning Center located at 701 Mississippi Avenue, SE, Washington, DC (the “Project”). The scope of work is more fully described below, but generally includes progressing DGS’ design for, and implementing the renovation of, the existing tennis center structure, including indoor tennis courts, as well as the construction of new outdoor tennis courts and related site work no later than July 2, 2015 (the “Project”).

The existing facility was constructed in 2001 and is approximately 43,000 square feet. The facility currently consists of a single-story steel and masonry-framed recreational building, two steel-framed tennis court enclosures, and exterior facilities including six tennis courts, children’s play area, and an asphalt-paved parking area. The site, consisting of nearly 20 acres, is bounded by Mississippi Avenue, SE at the front elevation and Wheeler Road, SE at the east elevation. The rear of the site is bounded by a watercourse which divides the property from the adjacent Oxon Run Park. An aerial image of the site is included as **Attachment A-1**. The proposed modernization includes indoor and outdoor upgrades of the existing facility, including (6) six new covered indoor courts; (6) new outdoor courts; (1) new outdoor synthetic clay court; and sports lighting for these courts. Existing facility renovations include expanding the warming kitchen; creating a new conditioning room and a new pavilion; recovering underused space for added storage; and creating a new conference/classroom. The building will require LEED silver certification.

The Department intends to complete the modernization in accordance with the schematic design attached hereto as **Attachment A-2**. The estimated construction budget for the Project is \$12.8 million. The facility will be required to remain open and functional throughout the construction phase (additional details to be provided by addendum).

A.1. Project Delivery Method

The Department intends to implement the Project through a modified design-build approach. The Design-Builder’s scope of work will be divided into two phases: (i) the Preconstruction Phase; and (ii) the Construction Phase. The Department has already engaged the Moody Nolan – Washington DC to act as the architect/engineer of record (the “Architect”) for the Project. At the time the Design-Builder is selected, it is envisioned that design development documents will be nearing completion, and the selected builder will work with the Architect to advance the design in a collaborative manner. It is envisioned that the selected builder will provide a GMP shortly after the design development phase is complete. The GMP will be based on these documents, which are referred to in the Form of Contract as the “GMP Basis Documents”, and the builder will be required to obtain quotes from trade subcontractors based on such documents. Once the Department and the Design-Builder have negotiated an acceptable GMP, the Department will assign the Architect’s contract to the selected Design-Builder. From and after that point, the

selected Design-Builder will be required to complete the design and construct the Project. The process by which the GMP will be formed is more fully described in the Form of Contract.

The Department anticipates that the GMP will be finalized in late 2013 and approved by the Council in early 2014. The Department anticipates that construction will begin in March 2014 which will leave approximately 16 months to complete the Project (the "Construction Phase").

A.2 Compensation

As is more fully described in the Form of Contract, this will be a cost plus a fixed fee with a guaranteed maximum price type contract. Offerors will be required to submit with their proposals the following: (i) a Preconstruction Fee; (ii) a Design-Build Fee; a Design Fee; and (iv) a General Conditions Budget. The Preconstruction Fee and the Design-Build Fee will be fixed fees; design costs and general conditions shall be reimbursable subject to a cap equal to the Design Fee and General Conditions Budget bid by the Offeror. **The Design Fee should cover all design costs the Offeror believe necessary to advance the design documents beyond design development, including the cost of construction administration, in order to successfully complete the Project.** All of these price components should be submitted in an Offer Letter in substantially the form of **Attachment B** on the Offeror's letterhead.

It is the Department's intent to engage the Design-Builder to work with the Architect to complete the Department's design for the Project and to put into place work of approximately \$12.8 million between March 2014 and July 2, 2015. The Design-Builder shall not be entitled to any additional fees or general conditions unless (i) the Department makes additions to the scope provided for in the GMP Amendment which cause the GMP to increase by more than ten percent (10%); or (ii) the Department makes additions to the scope provided for in the GMP Amendment which will require the Design-Builder's services to extend beyond July 31, 2015. Please note, however, that punchlist activities may extend beyond the Substantial Completion Date and that such activities will not entitle the Design-Builder to additional fees or general conditions.

A.3 Form of Contract

The Form of Contract will be issued by Addendum. Offerors should carefully review the Form of Contract when submitting their proposal. To the extent there are any inconsistencies between this RFP and the Form of Contract, the Form of Contract shall prevail. Offerors are further advised that they are required to submit their proposal premised upon entering into a contract that is substantially similar to the Form of Contract and that any proposed changes to the Form of Contract must be clearly identified and described in their proposal. A proposal that fails to specifically identify and describe the requested changes shall be deemed non-responsive.

A.4 Incentives for On-time; On-Budget Completion & Meeting Workforce Goals

In the event the Project is both (i) Substantially Complete no later than July 2, 2015; and (ii) delivered for an amount that does not exceed the GMP, the Design-Builder will be entitled to incentive fee in the amount of Ten Percent (10%) of the Design-Build Fee bid. If both of these goals (i.e. if the Project is late or over budget) are not, for any reason, met, the Design-Builder will only be entitled to Ninety Percent (90%) of the construction fee bid. In determining entitlement to these fees, the decision shall be made irrespective of fault and regardless of which party was responsible for the objectives not being met. The Form of Contract will provide more details on these provisions. This Project will be included in the Workforce Incentive Program, and the Design-Build Fee will be increased by 5% if the Workforce Utilization Requirement established with the GMP submission is met.

A.5 Economic Inclusion

The Department requires that Local, Small and Disadvantaged Business Enterprises (“LSDBEs”) participate in this project to the greatest extent possible and desires that such businesses perform at least fifty percent (50%) of the work under this procurement. At least thirty five percent (35%) must be awarded to entities that are certified as Small Business Enterprises by the District of Columbia Department of Small and Local Business Development, and twenty percent (20%) to entities that are certified as Disadvantaged Business Enterprises. The Department will also require that the selected Design-Builder and all of its subconsultants, subcontractors, and suppliers, enter into a First Source Employment Agreement with the Department of Employment Services and hire fifty-one percent (51%) District residents for all new jobs created on the project. Please see **Part C** of this RFP for additional information.

In addition to LSDBE participation as described above, the Department requires that District residents participate in the Project to the greatest extent possible. Prior to the Design-Builder obtaining trade bids for the work, the Department will establish a minimum requirement for the percentage of labor hours worked by District residents on the project (such requirement, the “Workforce Utilization Requirement”). Offerors shall submit with their proposals a Workforce Utilization Plan outlining how they intend to increase participation by DC residents in the performance of the work on this Project.

Without limiting the generality of the foregoing, the selected Design-Builder shall be required to provide all of the construction services, hazardous material abatement, supervision, labor, materials and other services necessary to accomplish this task. In general, the Design-Builder's scope of work will be divided into two phases, (i) a Preconstruction Phase; and (ii) a Construction Phase. Each of these phases is described below.

B.2 Preconstruction Phase

The Preconstruction Phase will run from NTP through the execution of the GMP Amendment. During this phase, the Design-Builder will be required to: (i) work with the Architect to advance the design; (ii) obtain bids from trade subcontractors to perform the work described in the bid set and provide bid tabulations to the Department; (iii) engage in any value engineering and scoping exercises necessary to return the cost of the work to the Project Budget; (iv) engage in preconstruction activities, including identifying any long-lead items; (v) develop a GMP proposal for the Project; and (vi) enter into a GMP Amendment for the Project.

Note that the Department will award a short form letter contract for preconstruction services concurrently with the notice of award. A copy of that form will be issued with the Form of Contract by addendum.

B.2.1 Initial Design Review

The Design-Builder shall conduct an independent assessment of the then current state of the documents prepared by the Architect. This review should include a detailed preliminary estimate and a constructability review. This review shall also identify any potential long-lead items that could adversely impact the schedule. Finally, the Design-Builder shall prepare and submit a preliminary project schedule. All of these items shall be completed within 15 days after the notice to proceed is issued.

B.2.2 GMP Basis Document Scope Review

Within 21 days after the notice to proceed is issued, the Builder shall meet with the Architect and develop a detailed description of the information that will be required in the GMP Basis Documents. Among other things, this description shall include the level of detail that will be required in the MEP drawings.

B.2.3 Design Development Review

The Design/Builder shall conduct a detailed, line item cost estimate of the design development documents. To the extent that the estimate indicates a scope that is inconsistent with the Department's budget for this Project, the Design/Builder shall work with the Department and the Architect to develop a set of recommendations that will return the Project to budget.

B.2.4 Construction Document Design Reviews

Based on the design development estimate as well as the agreed upon scope revision, if any, that were developed at the end of the design development phase, the Design/Builder shall conduct at least one "over the shoulder" review session for each major trade package with the Architect. These "over the shoulder" review sessions shall be scheduled at appropriate times for such review and further information will be included in the Form of Contract.

B.2.5 Trade Bidding Process

No later than November 8, 2013, the Design-Builder shall provide to the Department a written submission on the proposed bidding procedures. Such procedures shall include: (i) a list of proposed trades packages; (ii) a list of trade subcontractors that will be invited to bid on each such package; and (iii) a narrative description of the process. In addition to the information normally required in such bids, the Design-Builder shall also require subcontractors to provide an estimate of the percentage of labor hours performed in completing the subcontracted work which will be performed by District residents.

B.2.6 Bidding

The Design-Builder shall obtain bids from trade subcontractors for the key elements of the work. At least three (3) proposals shall be solicited for each key element of the work. To the extent that elements of the work are not sufficiently advanced at the time the GMP is to be formed for effective bidding with the trade subcontract markets, those elements of the work will be bid at a later date. The Design-Builder shall provide to the Department a bid tabulation, including the workforce participation estimates, of the trade bids obtained.

B.2.7 Value Engineering & Scope Assessment

Based on the trade bids, the Design-Builder shall prepare a written report of suggested value engineering strategies necessary to reconcile the costs of constructing the Project with the Department's budget for the Project. The Design-Builder shall meet with the Department's representatives to discuss any value engineering and changes in scope.

B.2.8 GMP Formation

Based on any value engineering, scope modifications and approved changes in the Project Budget, the Design-Builder shall prepare and submit to the Department a GMP proposal. The Design-Builder's GMP proposal shall represent the Design-Builder's offer to Fully Complete the Project. The GMP proposal shall include: (i) a line item construction budget; (ii) a detailed CPM schedule; (iii) a listing of the drawings upon which the GMP is based; (iv) an LSDBE utilization plan; and (v) a workforce utilization plan. The GMP Proposal will include an agreed upon protocol with the Architect for the manner in which construction administration services will be provided and any necessary adjustments to the Architect's contract. In the event that the Department and the Design-Builder are unable to agree upon a GMP or schedule for the Project, the Department shall have the right to terminate the contract and assume any trade subcontracts held by the Design-Builder. In such an event, the Design-Builder shall only be entitled to 50% of the preconstruction fee.

B.2.9 Preconstruction. In addition to those items enumerated above, the Design-Builder shall provide such preconstruction services as are necessary to properly advance the Project. These services shall include, but are not necessarily limited to, scheduling, estimating, shop-drawings, and the ordering of long-lead materials.

SECTION D EVALUATION AND AWARD CRITERIA

D.1 Evaluation Process

The Department shall evaluate submissions and any best and final offers in accordance with the provisions of this **Section D** and the Department's Procurement Regulations.

D.2 Evaluation Committee

Each submission shall be evaluated in accordance with this **Section D** by an Evaluation Committee. The Evaluation Committee shall prepare a written report summarizing its findings and submit the same to the source selection official. Based on the information submitted by the Offerors in response to this RFP and the report prepared by the Evaluation Committee, the source selection official shall select the Offeror(s) whose submissions are determined by the source selection official to be the most advantageous to the Department.

D.3 Oral Presentation

The Department does not intend to interview Offerors; however, it reserves the right to award without such interviews. If the Department conducts such interviews, each Offeror within the competitive range shall make an oral presentation to the Department's Evaluation Committee, and participate in a question and answer session. The purpose of the oral presentation and the question and answer session is to permit the Evaluation Committee to fully understand and assess the qualifications of each Offeror and the Offeror's key personnel. The submission will be re-scored at the conclusion of the oral presentation.

D.3.1 Length of Oral Presentation

Each Offeror will be given up to 60 minutes to make the presentation. At the end of the initial presentation, there will be a break for approximately 45 minutes for the Evaluation Committee to assess the presentation and prepare questions. The Offeror will then respond to questions from the Department's Evaluation Committee for no more than 90 minutes.

D.3.2 Schedule

The order of presentation will be selected randomly and the Offerors will be informed of their presentation date before the beginning of oral presentations. The Department reserves the right to reschedule any Offeror's presentation at the discretion of the contracting officer.

D.3.3 Offeror Attendees

The oral presentation will be made by the Offeror's personnel who will be assigned the key jobs for this project. Each Offeror will be limited to 7 persons. The job functions of the persons attending the presentation will be considered to be an indication of the Offeror's assessment of

the key areas of responsibility that are deemed essential to the successful completion of the project.

D.3.4 Topics

The Offeror may present information about its capabilities and special qualifications to serve as a contractor for this Project, including the qualifications of key personnel.

D.4 Proposal Evaluation

Each proposal will be scored on a scale of 1 to 100 points. In addition, Offerors will be eligible to receive up to 12 preference points as described in **Section C.1** of this RFP for participation by Local, Small or Disadvantaged Business Enterprises. Thus, the maximum number of points possible is 112. The contract will be awarded to the contractor with the highest evaluated score.

D.4.1 Experience & References (15 points)

The Department desires to engage a Design-Builder with the experience necessary to realize the objectives set forth in the RFP. This component will be evaluated based on their demonstrated experience in: (i) construction and renovation projects in an urban setting; (ii) constructing and renovating park and recreation facilities, including tennis facilities; (iii) knowledge of, and access to, the local subcontracting market; and (iv) knowledge of the local regulatory agencies and Code Officials. In evaluating these subfactors, the Department will consider, among other things, the Offeror's track record in delivering projects on-time and on-budget. If the Offeror is a team or joint venture of multiple companies, the Evaluation Panel will consider the experience of each member of the team or joint venture in light of their role in the proposed team or joint venture. This element of the evaluation will be worth up to fifteen (15) points.

D.4.2 Key Personnel (15 points)

The Department desires that the Design-Builder assign the appropriate number of personnel having the necessary seniority to implement a project of this type. The personnel should have experience working together and each such individual should have the necessary level of experience and education for his or her proposed role. =====
Unlisted classifications needed for work not included within
the scope of the classifications listed may be added after
award only as provided in the labor standards contract clauses
(29CFR 5.5 (a) (1) (ii)).

The body of each wage determination lists the classification
and wage rates that have been found to be prevailing for the
cited type(s) of construction in the area covered by the wage
determination. The classifications are listed in alphabetical
order of "identifiers" that indicate whether the particular
rate is union or non-union.

Union Identifiers

An identifier enclosed in dotted lines beginning with
characters other than "SU" denotes that the union
classification and rate have found to be prevailing for that
classification. Example: PLUM0198-005 07/01/2011. The first
four letters , PLUM, indicate the international union and the
four-digit number, 0198, that follows indicates the local union
number or district council number where applicable , i.e.,
Plumbers Local 0198. The next number, 005 in the example, is
an internal number used in processing the wage determination.
The date, 07/01/2011, following these characters is the
effective date of the most current negotiated rate/collective
bargaining agreement which would be July 1, 2011 in the above
example.

Union prevailing wage rates will be updated to reflect any
changes in the collective bargaining agreements governing the
rates.

0000/9999: weighted union wage rates will be published annually

each January.

Non-Union Identifiers

Classifications listed under an "SU" identifier were derived from survey data by computing average rates and are not union rates; however, the data used in computing these rates may include both union and non-union data. Example: SULA2004-007 5/13/2010. SU indicates the rates are not union majority rates, LA indicates the State of Louisiana; 2004 is the year of the survey; and 007 is an internal number used in producing the wage determination. A 1993 or later date, 5/13/2010, indicates the classifications and rates under that identifier were issued as a General Wage Determination on that date.

Survey wage rates will remain in effect and will not change until a new survey is conducted.

WAGE DETERMINATION APPEALS PROCESS

1.) Has there been an initial decision in the matter? This can be:

- * an existing published wage determination
- * a survey underlying a wage determination
- * a Wage and Hour Division letter setting forth a position on a wage determination matter
- * a conformance (additional classification and rate) ruling

On survey related matters, initial contact, including requests for summaries of surveys, should be with the Wage and Hour Regional Office for the area in which the survey was conducted because those Regional Offices have responsibility for the Davis-Bacon survey program. If the response from this initial contact is not satisfactory, then the process described in 2.) and 3.) should be followed.

With regard to any other matter not yet ripe for the formal process described here, initial contact should be with the Branch of Construction Wage Determinations. Write to:

Branch of Construction Wage Determinations
Wage and Hour Division
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

2.) If the answer to the question in 1.) is yes, then an interested party (those affected by the action) can request review and reconsideration from the Wage and Hour Administrator (See 29 CFR Part 1.8 and 29 CFR Part 7). Write to:

Wage and Hour Administrator
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

The request should be accompanied by a full statement of the interested party's position and by any information (wage payment data, project description, area practice material,

etc.) that the requestor considers relevant to the issue.

3.) If the decision of the Administrator is not favorable, an interested party may appeal directly to the Administrative Review Board (formerly the Wage Appeals Board). Write to:

Administrative Review Board
U.S. Department of Labor
200 Constitution Avenue, N.W.
Washington, DC 20210

4.) All decisions by the Administrative Review Board are final.

END OF GENERAL DECISION

Attachment F

Bid Guarantee Certification

Attachment F

Certification Letter for Cashier's Check or Irrevocable Letter of Credit

Offerors who submit a cashier's check or an irrevocable letter of credit ("Alternate Bid Security") in lieu of a bid bond must also submit this certification, properly notarized, with their proposal. By executing this document, Offeror acknowledges that, if awarded this contract, Offeror shall be required to post promptly a payment and performance bond equal to the full value of the contract. In the event Offeror fails to post such payment and performance bond, the Offeror understands and agrees that: (i) the Department shall draw upon the Alternate Bid Security as liquidated damages; (ii) the award and/or contract shall be terminated; (iii) for a period of two (2) years thereafter, the Department will not accept from such Offeror Alternate Bid Security in lieu of a bid bond; and (iv) the Offeror hereby waives the right to protest the termination of any such award or contract. The Offeror further acknowledges and agrees that the damages the Department would experience in the event such award or contract are terminated due to the Offeror's failure to post a payment and performance bond are difficult to determine and that the value of the Alternate Bid Security represents a reasonable estimate of the damages the Department would incur.
